RE: Chief Executive Officer Reporting Requirements Under Tex. Educ. Code § 51.253(c) for The University of Texas System Administration (“CEO Report”)

DATE: October 14, 2020

As U.T. System Administration’s Chief Executive Officer (CEO), Section 51.253(c) of the Texas Education Code (TEC) requires that I submit a “CEO Report” to the U.T. System Board of Regents by October of each year, and post the report on the system’s website.

For the purposes of complying with these CEO’s TEC reporting requirements, the attached summary data report (Appendix A) includes all of the required reporting to the U. T. System Board of Regents for the 2019-2020 academic year, as of October 1, 2020. (Note that information is included starting January 1, 2020, per the effective date of the state statute.) The summary data in Appendix A is categorized based on the reporting requirements under TEC, Section 51.253(c).

While the attached report and the detail contained therein are required by statute, we have received zero reports of misconduct at U.T. System Administration reportable under this law for the 2019-2020 academic year.

This CEO Report is also publicly reported and posted on the U. T. System Administration’s CEO Report [webpage](#), as required by TEC, Section 51.253(c).

¹ January 1, 2020 is the effective date of the state statute for the purposes of complying with the Title IX Coordinator reporting requirements under TEC, Section 51.253(a).

² For example, reports made by non-employees (including incidents under 19 Tex. Admin. Code Section 3.5(d)(3)) are excluded from Appendix A, if a Title IX Coordinator or Deputy Coordinator determines that the type of incident described in a report, as alleged, does not constitute "sexual harassment," "sexual assault," "dating violence," or "stalking" as defined in the TEC, Section 51.251, the report is excluded from Appendix A. It is the responsibility of the Title IX Coordinator or Deputy Title IX Coordinator to assess each report received and determine whether it is properly included in this report, and if so, to correctly identify the type of incident.

³ "Number of confidential reports" is a sub-set of the total number of reports that were received under TEC, Section 51.252, by a confidential employee or office (e.g., Counseling Center, Student Health Center, Victim Advocate for Students, or Student Ombuds).

⁴ "Disposition" means "final result under the institution's disciplinary process" as defined in the Texas Higher Education Coordinating Board's (THECB) rules for TEC, Section 51.259 (See 19 Tex. Admin. Code Section 3.6(e) (2019)); therefore, pending disciplinary processes will not be listed until the final result is rendered.

⁵ "No Finding of a Policy Violation" in this section refers to instances where there is no finding of responsibility after a hearing or an appeal process; investigations completed with a preponderance of evidence not met are excluded, because it would not have moved forward into a disciplinary process.

⁶ The institution may have determined "not to initiate a disciplinary process." The reasons for not initiating a discipline process can include, but are not limited to: case dismissal; insufficient information to investigate; confidential employee reporting (no identifiable information); the respondent's identity was unknown or not reported; the respondent was not university-affiliated; the complainant requested the institution not investigate the report; informal resolution was completed; investigation is ongoing; or investigation was completed with a preponderance of evidence not met.
