SECTION 1

INTRODUCTION

1.1 Description of University

The University of Texas System (“UT System”) is currently made up of system administration offices located in Austin, Texas (“UT System Administration”), eight academic institutions, and six health institutions, collectively referred to as the “UT Institutions.”

UT System is one of the nation’s largest providers of higher education with more than 213,000 students and an FY2015 operating budget of \$15.6 billion. UT System Administration has seven executive offices, each of which is charged with overseeing policies and operations while supporting UT System’s Board of Regents and Chancellor. Within the UT System structure is an independent System Audit Office that reports to two audit committees: one located within the Board of Regents and one with oversight for UT System Administration operations. Each institution has a resident internal audit office. The internal auditors at seven (7) of the eight (8) UT academic institutions report directly to the System Audit Office and the internal auditors at the health institutions and UT Austin report directly to the Institution President and Audit Committee Chair and indirectly to the System Audit Office. Overall there are more than 130 professional auditors across UT System (including its Institutions). **Note:** Throughout this document System Audit performs all types of internal audit work not just IT types of audits, i.e., operational, financial, process, etc.

1.2 Program Requirements

UT System Administration (collectively with the 14 University and Academic Medical Centers) is seeking to enter into non-exclusive System-wide Master Agreements (**Agreements**) with established, qualified and experienced internal audit sourcing firms knowledgeable in providing quality internal audit resources in the areas of public higher education and/or healthcare administration and delivery along with emerging internal audit issues. The services sought by UT System are in the performance of a number of roles including; supplementing audit resources through staff augmentation, sourcing specific internal audit engagements, interim roles for positions when vacancies exist, sourcing specific technical experience in higher education, research, information technology, and health care including hospital and physician practice and other healthcare delivery models. The services will include one or more of the following:

- Providing staff augmentation through co-sourcing when the need arises.
- Providing specific technical expertise in health care, higher education, information technology, oil and gas, and regulatory areas and assisting in audits in those areas.
- Providing for interim staff while recruiting to fill positions.
- Conducting specific system-wide or institutional audits with the oversight of the institutional or System Internal audit group.
- Bringing thought leadership along with internal audit practices and tools that enhance internal audit within UT System.
- Performing internal audit quality assurance reviews.

- Providing in the broadest sense specialized services that may be required by an internal audit group.

Selection of a respondent as one of the successful proposers will pre-qualify such proposer to provide such services, *upon request by UT System Administration or any UT institution*, with respect to future, specific position(s). Selection as a successful proposer and execution of an Agreement between the System and the successful proposer does not guarantee that the successful proposer will be requested to provide such services. Each successful Proposer is referred to as the “**Contractor**.”

Each non-exclusive contract will be for a three year term, with the possibility of one renewal term of three years each by mutual agreement of UT System and the Contractor.

UT SYSTEM OR OTHER UT INSTITUTIONS DOES NOT REPRESENT OR WARRANT THAT THEY WILL SEEK SUCH SERVICES FROM A SUCCESSFUL PROPOSER AND THE SYSTEM SPECIFICALLY DISCLAIMS ANY SUCH REPRESENTATIONS AND WARRANTIES.

Approval by the Board of Regents: No Agreement resulting from this RFP will be effective for amounts exceeding one million dollars (\$1,000,000) until approved by the Board of Regents of The University of Texas System.

1.3 ***Intentionally Left Blank***

1.4 **Group Purchase Authority**

Texas law authorizes institutions of higher education (defined by Section 61.003, Education Code) to use the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System, and System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.

SECTION 2

2.5 Historically Underutilized Businesses

- 2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a "**HUB**") in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. **The HUB goal is 26%, other services.** Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor

subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by the Proposer is subject to review by University to ensure compliance with the HUB program.

- 2.5.2 University has reviewed this RFP in accordance with Title 34, *Texas Administrative Code*, Section 20.13 (a), and has determined that subcontracting opportunities are probable under this RFP.
- 2.5.3 A HUB Subcontracting Plan (“**HSP**”) is required as part of Proposer’s proposal. The HSP will be developed and administered in accordance with University’s Policy on Utilization of Historically Underutilized Businesses attached as **APPENDIX THREE** and incorporated for all purposes.

*Each Proposer must complete and return the HSP in accordance with the terms and conditions of this RFP, including **APPENDIX THREE**. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with Section 2161.252, Government Code.*

Questions regarding the HSP may be directed to:

Contact: Amy Nemetz
HUB Coordinator
Phone: 512-499-4485
Email: anemetz@utsystem.edu

Please Note: Amy Nemetz, or the HUB Coordinator assigned to this RFP in case of Amy’s absence, is the only person at UT System the proposer may contact via phone leading up to and following the Pre-Proposal conference (**Section 2.6**). Amy will assist the proposer in ensuring the HSP is filled out properly and completely. The proposer may email the HSP to Amy for review and feedback up to three (3) business days before Proposal Submission date.

Contractor will not be permitted to change its HSP unless: (1) Contractor completes a newly modified version of the HSP in accordance with the terms of **APPENDIX THREE** that sets forth all changes requested by Contractor, (2) Contractor provides University with such a modified version of the HSP, (3) University approves the modified HSP in writing, and (4) all agreements or contractual arrangements resulting from this RFP are amended in writing by University and Contractor to conform to the modified HSP.

- 2.5.4 *In addition to the materials identified in **Section 3** of this RFP, Proposer must submit the following HUB materials (“**HUB Materials**”):*

- (a) one (1) complete original signed paper copy(ies) of Proposer's HSP, and
- (b) one (1) complete electronic copy(ies) of Proposer's *entire proposal* in a single .pdf file on a flash drive,

to University *at the same time Proposer submits the other copies of its proposal to University* and *no later than the Submittal Deadline* (ref. **Section 2.1** of the RFP).

Proposer's HUB Materials must be submitted to University (as instructed in **Section 3.2** of this RFP) under separate cover and in a separate envelope (the "HSP Envelope"). Proposer must ensure that the top outside surface of its HSP Envelope clearly shows and makes visible:

- 2.5.4.1 the RFP No. (ref. **Section 1.3** of this RFP) and the Submittal Deadline (ref. **Section 2.1** of this RFP), both located in the lower left hand corner of the top surface of the envelope,
- 2.5.4.2 the name and the return address of the Proposer, and
- 2.5.4.3 the phrase "HUB Subcontracting Plan".

Any proposal submitted in response to this RFP *that is not accompanied by a **separate** HSP Envelope meeting the above requirements will be rejected by University* and returned to the Proposer unopened as that proposal will be considered non-responsive due to material failure to comply with advertised specifications. Furthermore, University will open a Proposer's HSP Envelope prior to opening the proposal submitted by the Proposer, in order to ensure that the Proposer has submitted the number of completed and signed originals of the Proposer's HUB Subcontracting Plan ("HSP") that are required by this RFP. A Proposer's failure to submit the number of completed and signed originals of the HSP that are required by this RFP will result in University's rejection of the proposal submitted by that Proposer as non-responsive due to material failure to comply with advertised specifications; such a proposal will be returned to the Proposer unopened (ref. **Section 1.5** of **APPENDIX ONE** to this RFP). **Note:** The requirement that Proposer provide three originals of the HSP under this **Section 2.5.4** is separate from and does not affect Proposer's obligation to provide University with the number of copies of its proposal as specified in **Section 3.1** of this RFP.

2.6 Pre-Proposal Conference

University will hold a pre-proposal conference at **9 a.m.**, Central Prevailing Time on April 19, 2016, in Room 206 of Ashbel Smith Hall Building (ref. **APPENDIX FOUR Campus Map**). A conference bridge number will also be available at – 800-307-6441 with PIN 770122#. The pre-proposal conference will allow all Proposers an opportunity to ask University's representatives relevant questions and clarify provisions of this RFP.

The copy of the Proposer's proposal bearing an original signature should contain the mark "original" on the front cover of the proposal.

3.3 Proposal Validity Period

Each proposal must state that it will remain valid for University's acceptance for a minimum of one hundred and twenty (180) days after the Submittal Deadline, to allow time for evaluation, selection, and any unforeseen delays.

SECTION 4**GENERAL TERMS AND CONDITIONS**

The terms and conditions contained in the attached Agreement (ref. **APPENDIX TWO**) or, in the sole discretion of University, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit a list of the exceptions as part of its proposal in accordance with **Section 5.2.1** of this RFP. Proposer's exceptions will be reviewed by University and may result in disqualification of Proposer's proposal as non-responsive to this RFP. If Proposer's exceptions do not result in disqualification of Proposer's proposal, then University may consider Proposer's exceptions when University evaluates the Proposer's proposal.

Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4 of APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone number and FAX number to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to such party.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (*Government Code*, Chapter 552.001, et seq.). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under Sections 552.101, 552.110, 552.113, and 552.131, *Government Code*.

1.4 Type of Agreement

Contractor, if any, will be required to enter into a contract with University in a form substantially similar to the Agreement between University and Contractor (the “**Agreement**”) attached to this RFP as **APPENDIX TWO** and incorporated for all purposes.

1.5 Proposal Evaluation Process

University will select Contractor by using the competitive sealed proposal process described in this Section. University will open the HSP Envelope submitted by a Proposer prior to opening the Proposer’s proposal in order to ensure that the Proposer has submitted the number of completed and signed originals of the Proposer’s HUB Subcontracting Plan (also called the HSP) that are required by this RFP (ref. **Section 2.5.4** of the RFP.) All proposals submitted by the Submittal Deadline accompanied by the number of completed and signed originals of the HSP that are required by this RFP will be opened publicly to identify the name of each Proposer submitting a proposal. Any proposals that are not submitted by the Submittal Date or that are not accompanied by the number of completed and signed originals of the HSP that are required by this RFP will be rejected by University as non-responsive due to material failure to comply with advertised specifications. After the opening of the proposals and upon completion of the initial review and evaluation of the proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting such negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

At University’s sole option and discretion, University may discuss and negotiate all elements of the proposals submitted by selected Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University will defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interests of University.

After submission of a proposal but before final selection of Contractor is made, University may permit a Proposer to revise its proposal in order to obtain the Proposer’s best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

1.6 Proposer’s Acceptance of Evaluation Methodology

By submitting a proposal, Proposer acknowledges (1) Proposer’s acceptance of [a] the Proposal Evaluation Process (ref. **Section 1.5** of **APPENDIX ONE**), [b] the Criteria for Selection (ref. **2.3** of this RFP), [c] the Specifications and Additional Questions (ref. **Section 5** of this RFP), [d] the terms and conditions of the Agreement (ref. **APPENDIX TWO**), and [e] all other requirements and specifications set forth in this RFP; and (2) Proposer’s recognition that some subjective judgments must be made by University during this RFP process.

1.7 Solicitation for Proposal and Proposal Preparation Costs

Proposer understands and agrees that (1) this RFP is a solicitation for proposals and University has made no representation written or oral that one or more agreements with University will be awarded under this RFP; (2) University issues this RFP predicated on University’s anticipated requirements for the Services, and University has made no representation, written or oral, that any particular scope of services will actually be required by University; and (3) Proposer will bear, as its sole risk and responsibility, any cost that arises from Proposer’s preparation of a proposal in response to this RFP.

1.8 Proposal Requirements and General Instructions

1.8.1 Proposer should carefully read the information contained herein and submit a complete proposal in response to all requirements and questions as directed.

- 1.8.2 Proposals and any other information submitted by Proposer in response to this RFP will become the property of University.
- 1.8.3 University will not provide compensation to Proposer for any expenses incurred by the Proposer for proposal preparation or for demonstrations or oral presentations that may be made by Proposer. Proposer submits its proposal at its own risk and expense.
- 1.8.4 Proposals that (i) are qualified with conditional clauses; (ii) alter, modify, or revise this RFP in any way; or (iii) contain irregularities of any kind, are subject to disqualification by University, at University's sole discretion.
- 1.8.5 Proposals should be prepared simply and economically, providing a straightforward, concise description of Proposer's ability to meet the requirements and specifications of this RFP. Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.
- 1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University's sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.
- 1.8.7 Any proposal that fails to comply with the requirements contained in this RFP may be rejected by University, in University's sole discretion.

1.9 Preparation and Submittal Instructions

1.9.1 Specifications and Additional Questions

Proposals must include responses to the questions in Specifications and Additional Questions (ref. **Section 5** of this RFP). Proposer should reference the item number and repeat the question in its response. In cases where a question does not apply or if unable to respond, Proposer should refer to the item number, repeat the question, and indicate N/A (Not Applicable) or N/R (No Response), as appropriate. Proposer should explain the reason when responding N/A or N/R.

1.9.2 Execution of Offer

Proposer must complete, sign and return the attached Execution of Offer (ref. **Section 2** of **APPENDIX ONE**) as part of its proposal. The Execution of Offer must be signed by a representative of Proposer duly authorized to bind the Proposer to its proposal. Any proposal received without a completed and signed Execution of Offer may be rejected by University, in its sole discretion.

1.9.3 Pricing and Delivery Schedule

Proposer must complete and return the Pricing and Delivery Schedule (ref. **Section 6** of this RFP), as part of its proposal. In the Pricing and Delivery Schedule, the Proposer should describe in detail (a) the total fees for the entire scope of the Services; and (b) the method by which the fees are calculated. The fees must be inclusive of all associated costs for delivery, labor, insurance, taxes, overhead, and profit.

University will not recognize or accept any charges or fees to perform the Services that are not specifically stated in the Pricing and Delivery Schedule.

In the Pricing and Delivery Schedule, Proposer should describe each significant phase in the process of providing the Services to University, and the time period within which Proposer proposes to be able to complete each such phase.

1.9.4 Proposer's General Questionnaire

Proposals must include responses to the questions in Proposer's General Questionnaire (ref. **Section 3** of **APPENDIX ONE**). Proposer should reference the item number and repeat the question in its response. In cases where a question does not apply or if unable to respond, Proposer should refer to the item number, repeat the question, and indicate N/A (Not Applicable) or N/R (No Response), as appropriate. Proposer should explain the reason when responding N/A or N/R.

1.9.5 Addenda Checklist

Proposer should acknowledge all Addenda to this RFP (if any) by completing, signing and returning the Addenda Checklist (ref. **Section 4** of **APPENDIX ONE**) as part of its proposal. Any proposal received without a completed and signed Addenda Checklist may be rejected by University, in its sole discretion.

1.9.6 Submission

Proposer should submit all proposal materials enclosed in a sealed envelope, box, or container. The RFP No. (ref. **Section 1.3** of this RFP) and the Submittal Deadline (ref. **Section 2.1** of this RFP) should be clearly shown in the lower left-hand corner on the top surface of the container. In addition, the name and the return address of the Proposer should be clearly visible.

Proposer must also submit the number of originals of the HUB Subcontracting Plan (also called the HSP) as required by this RFP (ref. **Section 2.5** of the RFP.)

Upon Proposer's request and at Proposer's expense, University will return to a Proposer its proposal received after the Submittal Deadline if the proposal is properly identified. University will not under any circumstances consider a proposal that is received after the Submittal Deadline or which is not accompanied by the number of completed and signed originals of the HSP that are required by this RFP.

University will not accept proposals submitted by telephone, proposals submitted by Facsimile ("FAX") transmission, or proposals submitted by electronic transmission (i.e., e-mail) in response to this RFP.

Except as otherwise provided in this RFP, no proposal may be changed, amended, or modified after it has been submitted to University. However, a proposal may be withdrawn and resubmitted at any time prior to the Submittal Deadline. No proposal may be withdrawn after the Submittal Deadline without University's consent, which will be based on Proposer's submittal of a written explanation and documentation evidencing a reason acceptable to University, in University's sole discretion.

By signing the Execution of Offer (ref. **Section 2** of **APPENDIX ONE**) and submitting a proposal, Proposer certifies that any terms, conditions, or documents attached to or referenced in its proposal are applicable to this procurement only to the extent that they (a) do not conflict with the laws of the State of Texas or this RFP and (b) do not place any requirements on University that are not set forth in this RFP or in the Appendices to this RFP. Proposer further certifies that the submission of a proposal is Proposer's good faith intent to enter into the Agreement with University as specified herein and that such intent is not contingent upon University's acceptance or execution of any terms, conditions, or other documents attached to or referenced in Proposer's proposal.

NON-EXCLUSIVE SERVICES AGREEMENT BETWEEN UNIVERSITY AND CONTRACTOR

This Agreement between University and Contractor ("Agreement") is made and entered into effective as of _____(the "Effective Date"), by and between The University of Texas System, an agency and institution of higher education established under the laws of the State of Texas ("University"), and _____("Contractor"), Federal Tax Identification Number _____. University and Contractor hereby agree as follows:

1. TERM

The term of this Agreement shall commence on the Effective Date and terminate on the third anniversary of the Effective Date unless extended by mutual agreement of the parties as provided herein. Upon the written agreement of both parties, this Agreement may be extended for up to one additional three year term.

2. CONTRACTOR SERVICES

2.1 The scope of the work ("Work") to be performed under this Agreement, only at the University's request, is set forth in **Exhibit A** attached and incorporated for all purposes.

This Agreement is a non-exclusive contract between the University and Contractor. Pursuant to this Agreement, any one of the University's academic institutions, health institutions or System Administration ("Requesting Institution") may request the services of Contractor for a specific executive search ("Project"). As used herein, the term "University" includes any Requesting Institution, unless the context clearly requires a different meaning. Prior to Contractor's commencement of any work, the Contractor and the Requesting Institution must complete and enter into the Project Addendum attached hereto as **Exhibit B**, which shall contain a description of the Project, and a schedule for performance of all work to be provided for the Project. All of the terms and conditions of the Agreement are incorporated into the Addendum for all purposes.

2.2 To enable the University to make a determination whether to request the services of Contractor for work, Contractor, at the request of the University, and at a mutually convenient time and place, agrees to make an oral presentation of no more than two hours to the University. The presentation shall summarize Contractor's proposal for and approach to the specific project that the University has identified.

2.3 CONTRACTOR UNDERSTANDS AND AGREES THAT THE UNIVERSITY HAS MADE NO REPRESENTATION, ASSURANCE, WARRANTY OR GUARANTY THAT THE UNIVERSITY WILL REQUEST CONTRACTOR TO PERFORM ANY SERVICE AND THAT THE UNIVERSITY HAS AND DOES SPECIFICALLY DISCLAIM ANY SUCH REPRESENTATIONS, WARRANTIES, ASSURANCES OR GUARANTIES.

2.4 The University and Contractor agree and acknowledge that the University is entering into this Agreement in reliance on Contractor's special and unique knowledge and abilities with respect to performing the Work. Contractor accepts the relationship of trust and confidence established between it and the University

by this Agreement. Contractor covenants with the University to use its best efforts, skill, judgment, and abilities to perform the Work and to further the interests of the University in accordance with the University's requirements and procedures, in accordance with the highest standards of Contractor's profession or business and in compliance with all applicable national, federal, state and municipal, laws, regulations, codes, ordinances and orders and with those of any other body or authority having jurisdiction. Contractor warrants, represents, covenants, and agrees that there are no obligations, commitments, or impediments of any kind that will limit or prevent performance of the work.

- 2.5 Contractor warrants, represents, covenants, and agrees to maintain a staff of properly trained, credentialed, and experienced personnel to ensure satisfactory performance under this Agreement. Contractor shall not replace or substitute other staff for those Contractor has identified to the University without the University's prior written consent.

Contractor represents and warrants that neither Contractor nor any firm, corporation or institution represented by Contractor, or anyone acting for the firm, corporation or institution, (1) has violated the antitrust laws of the State of Texas, Chapter 15, *Texas Business and Commerce Code*, or federal antitrust laws, or (2) has communicated directly or indirectly the content of Contractor's response to University's procurement solicitation to any competitor or any other person engaged in a similar line of business during the procurement process for this Agreement.
- 3.2 Contractor represents, warrants and agrees that (a) it will use its best efforts to perform the Work in a good and workmanlike manner and in accordance with the highest standards of Contractor's profession or business, and (b) all of the Work to be performed will be of the quality that prevails among similar businesses of superior knowledge and skill engaged in providing similar services in major United States urban areas under the same or similar circumstances.
- 3.3 Contractor will call to University's attention in writing all information in any materials supplied to Contractor (by University or any other party) that Contractor regards as unsuitable, improper or inaccurate in connection with the purposes for which the material is furnished.
- 3.4 Contractor warrants and agrees that the Work will be accurate and free from any material defects. Contractor's duties and obligations under this Agreement will at no time be in any way diminished by reason of any approval by University nor will Contractor be released from any liability by reason of any approval by University, it being agreed that University at all times is relying upon Contractor's skill and knowledge in performing the Work.

11.19.1.1 Contractor's claims for breach of this Agreement that the parties cannot resolve pursuant to other provisions of this Agreement or in the ordinary course of business will be submitted to the negotiation process provided in subchapter B of Chapter 2260. To initiate the process, Contractor will submit written notice, as required by subchapter B of Chapter 2260, to University in accordance with the notice provisions in this Agreement. Contractor's notice will specifically state that the provisions of subchapter B of Chapter 2260 are being invoked, the date and nature of the event giving rise to the claim, the specific contract provision that University allegedly breached, the amount of damages Contractor seeks, and the method used to calculate the damages. Compliance by Contractor with subchapter B of Chapter 2260 is a required prerequisite to Contractor's filing of a contested case proceeding under subchapter C of Chapter 2260. The chief business officer of University, or another officer of University as may be designated from time to time by University by written notice to Contractor in accordance with the notice provisions in this Agreement, will examine Contractor's claim and any counterclaim and negotiate with Contractor in an effort to resolve the claims.

11.19.1.2 If the parties are unable to resolve their disputes under **Section 11.19.1.1**, the contested case process provided in

subchapter C of Chapter 2260 is Contractor's sole and exclusive process for seeking a remedy for any and all of Contractor's claims for breach of this Agreement by University.

11.19.1.3 Compliance with the contested case process provided in subchapter C of Chapter 2260 is a required prerequisite to seeking consent to sue from the Legislature under Chapter 107, *Texas Civil Practices and Remedies Code*. The parties hereto specifically agree that (i) neither the execution of this Agreement by University nor any other conduct, action or inaction of any representative of University relating to this Agreement constitutes or is intended to constitute a waiver of University's or the state's sovereign immunity to suit and (ii) University has not waived its right to seek redress in the courts.

11.19.2 The submission, processing and resolution of Contractor's claim is governed by the published rules adopted by the Texas Attorney General pursuant to Chapter 2260, as currently effective, thereafter enacted or subsequently amended.

11.19.3 University and Contractor agree that any periods set forth in this Agreement for notice and cure of defaults are not waived.

11.20 Undocumented Workers. The *Immigration and Nationality Act (8 United States Code 1324a)* ("**Immigration Act**") makes it unlawful for an employer to hire or continue employment of undocumented workers. The United States Immigration and Customs Enforcement Service has established the Form I-9 Employment Eligibility Verification Form ("**I-9 Form**") as the document to be used for employment eligibility verification (*8 Code of Federal Regulations 274a*). Among other things, Contractor is required to: (1) have all employees complete and sign the I-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the I-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the I-9 Form, and complete the certification portion of the I-9 Form; and (4) retain the I-9 Form as required by law. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by law, University may terminate this Agreement in accordance with **Section 8**. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

11.21 Limitations. THE PARTIES ARE AWARE THAT THERE ARE CONSTITUTIONAL AND STATUTORY LIMITATIONS ON THE AUTHORITY OF UNIVERSITY (A STATE AGENCY) TO ENTER INTO CERTAIN TERMS AND CONDITIONS THAT MAY BE A PART OF THIS AGREEMENT, INCLUDING THOSE TERMS AND CONDITIONS RELATING TO LIENS ON UNIVERSITY'S PROPERTY; DISCLAIMERS AND LIMITATIONS OF WARRANTIES; DISCLAIMERS AND LIMITATIONS OF LIABILITY FOR DAMAGES; WAIVERS, DISCLAIMERS AND LIMITATIONS OF LEGAL RIGHTS, REMEDIES, REQUIREMENTS AND PROCESSES;

LIMITATIONS OF PERIODS TO BRING LEGAL ACTION; GRANTING CONTROL OF LITIGATION OR SETTLEMENT TO ANOTHER PARTY; LIABILITY FOR ACTS OR OMISSIONS OF THIRD PARTIES; PAYMENT OF ATTORNEYS' FEES; DISPUTE RESOLUTION; INDEMNITIES; AND CONFIDENTIALITY (COLLECTIVELY, THE "LIMITATIONS"), AND TERMS AND CONDITIONS RELATED TO THE LIMITATIONS WILL NOT BE BINDING ON UNIVERSITY EXCEPT TO THE EXTENT AUTHORIZED BY THE LAWS AND CONSTITUTION OF THE STATE OF TEXAS.

11.22 Ethics Matters; No Financial Interest. Contractor and its employees, agents, representatives and subcontractors have read and understand University's Conflicts of Interest Policy available at: <http://www.utsystem.edu/policy/policies/int160.html>, University's Standards of Conduct Guide available at : <http://www.utsystem.edu/systemcompliance/SOCcombined.pdf>, and applicable state ethics laws and rules available at www.utsystem.edu/ogc/ethics. Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University employees to violate University's Conflicts of Interest Policy, provisions described by University's Standards of Conduct Guide, or applicable state ethics laws or rules. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this Agreement.

11.23 Responsibility for Individuals Performing Work; Criminal Background Checks. Each individual who is assigned to perform the Work under this Agreement will be an employee of Contractor or an employee of a subcontractor engaged by Contractor. Contractor is responsible for the performance of all individuals performing the Work under this Agreement. Prior to commencing the Work, Contractor will (1) provide University with a list ("List") of all individuals who may be assigned to perform the Work on University's premises and (2) have an appropriate criminal background screening performed on all the individuals on the List. Contractor will determine on a case-by-case basis whether each individual assigned to perform the Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University's premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform the Work on University's premises.

Prior to commencing performance of the Work under this Agreement, Contractor will provide University a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University an updated certification letter each time there is a change in the individuals on the List.

11.24 Historically Underutilized Business Subcontracting Plan. Contractor agrees to use good faith efforts to subcontract the Work in accordance with the Historically Underutilized Business Subcontracting Plan (“HSP”) (ref. **Exhibit E**). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University in the format required by Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, “TPSS”). Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the TPSS in accordance with 34 TAC Sections 20.101 through 20.108. University may also revoke this Agreement for breach and make a claim against Contractor.

11.24.1 Changes to the HSP. If at any time during the term of this Agreement, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with 34 TAC Section 20.14; (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with **Section 12.6** to replace the HSP with the revised subcontracting plan.

11.24.2 Expansion of the Work. If University expands the scope of the Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities *not* identified in the initial solicitation for the Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of 34 TAC Section 20.14 before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with 34 TAC Section 20.14, Contractor will be deemed to be in breach of this Agreement under **Section 8** and will be subject to any remedial actions provided by Texas law including Chapter 2161, *Texas Government Code* and 34 TAC Section 20.14. University may report nonperformance under this Agreement to the TPSS in accordance with 34 TAC Sections 20.101 through 20.108.

11.25 [Option: (If University is a HIPAA covered entity, use in all contracts under which Contractor will access University Records subject to HIPAA): HIPAA Compliance. University is a HIPAA Covered Entity and some of the information Contractor receives, maintains or creates for or on behalf of University may constitute Protected Health Information (“PHI”) that is subject to HIPAA. Before Contractor may receive, maintain or create any University

Records subject to HIPAA, Contractor will execute the HIPAA Business Associate Agreement (“**BAA**”) set forth in **EXHIBIT E**, HIPAA Business Associate Agreement, attached and incorporated for all purposes. To the extent that the BAA conflicts with any term contained in this Agreement, the terms of the BAA will control .

- 11.26 Project Notification and Reports:** Contractor will, upon execution of any project addendum (Exhibit B) under this Agreement, send a fully executed copy to the address for the University of Texas System Internal Audit University in which the contractor is performing services:

Contractor Reports

In addition to the reports and deliverables required under the agreement between the contractor and the institution who contracts for specific services, contractor shall, on a quarterly basis, submit a report detailing all projects performed for any Requesting Institution, which will include the project name, project status (open/closed) total fees billed, total expenses billed, and completion date.

**POLICY ON UTILIZATION OF
HISTORICALLY UNDERUTILIZED BUSINESSES (HUBs)**

Introduction

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Section 20.13 of the Texas Administrative Code (TAC), The Board of Regents of the University of Texas System, acting through the Office of HUB Development shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction services, including professional and consulting services; and commodities contracts. The HUB Rules promulgated by the Texas Comptroller of Public Accounts (the “Texas Comptroller”), set forth in 34 TAC Sections 20.10-20.28, encourage the use of HUBs by implementing these policies through race-, ethnic- and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting in accordance with the following goals as specified in the State of Texas Disparity Study:

- **11.2% for heavy construction other than building contracts;**
- **21.1% for all building construction, including general contractors and operative builders contracts;**
- **32.7% for all special trade construction contracts;**
- **23.6% for professional services contracts**
- **24.6% for all other services contracts, and**
- **21% for commodities contracts.**

The University of Texas System shall make a good faith effort to meet or exceed these goals to assist HUBs in receiving a portion of the total contract value of all contracts that U. T. System expects to award in a fiscal year. The University of Texas System may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F.

NOTE:

In accordance with 34 TAC §20.13 (d) (1)(D)(iii), the goals above are the State of Texas HUB goals. For purposes of this procurement, the University of Texas System goals listed in the Special Instructions on page 10 will apply.

SUMMARY OF REQUIREMENTS
Historically Underutilized Business (HUBs) Subcontracting Plan

It is the policy of The University of Texas System and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUBs) in all contracts. Accordingly, The University of Texas System has adopted “**EXHIBIT H, Policy on Utilization of Historically Underutilized Businesses**”. The Policy applies to all contracts with an expected value of \$100,000 or more. The Board of Regents of The University of Texas System is the contracting authority.

1. In all contracts for professional services, contracting services, and/or commodities with an expected value of \$100,000 or more, The University of Texas System (“U. T. System” or the “University”) will indicate in the purchase solicitation (e.g. RFQ, RFP, or CSP) whether or not U. T. System has determined that subcontracting opportunities are probable in connection with the contract. A HUB Subcontracting Plan is a required element of the architect, contractor or vendor Response to the purchase solicitation. The HUB Subcontracting Plan shall be developed and administered in accordance with the Policy. **Failure to submit a required HUB Subcontracting Plan will result in rejection of the Response.**
2. If subcontracting opportunities are probable, U. T. System will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents, and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are probable, and the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller** identifying subcontractors **[[34 TAC §20.14 (d) (1)(A)(B)(C)(D) (i)(ii)(iii)(2)(3)(A)(B)(C)(D)(E)(F)(4)(A)(B)].**
 - b. When subcontracting opportunities are probable, but the Respondent can perform such opportunities with its employees and resources, the Respondent’s HUB Subcontracting Plan shall include **the Self Performance HUB Subcontracting Plan, Section 3 – Self Performing Justification as the HUB Subcontracting Plan (HSP).** **[34 TAC §20.14 (d)(5)(A)(B)(C)(D)].**
3. If subcontracting opportunities are not probable, U. T. System will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are not probable, and the Respondent proposes to perform all of the work with its employees and resources, the Respondent shall submit a HUB Subcontracting Plan that includes **the Self Performance HUB Subcontracting Plan, Section 3 – Self Performance Justification as the HUB Subcontracting Plan (HSP).**
 - b. When subcontracting opportunities are not probable, but the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller** identifying subcontractors.
4. Respondents shall follow, but are not limited to, procedures listed in the Policy when developing a HUB Subcontracting Plan.
5. In making a determination whether a good faith effort has been made in the development of the required HUB Subcontracting Plan, U. T. System shall follow the procedures listed in the Policy. If accepted by the University, the HUB Subcontracting Plan shall become a provision of the Respondent's contract with the University of Texas System. **Revisions necessary to clarify and enhance information submitted in the original HUB subcontracting plan may be made in an effort to determine good faith effort.** Any revisions after the submission of the HUB Subcontracting Plan shall be approved by the HUB Coordinator.
6. The University of Texas System shall reject any Response that does not include a fully completed HUB Subcontracting Plan, as required. **An incomplete HUB Subcontracting Plan is considered a material failure to comply with the solicitation for proposals.**

7. Changes to the HUB Subcontracting Plan. Once a Respondent's HUB Subcontracting Plan is accepted by U. T. System and becomes a provision of the contract between Respondent and U. T. System, the Respondent can only change that HUB Subcontracting Plan if (a) the Respondent complies with 34 TAC Section 20.14; (b) the Respondent provides its proposed changes to U. T. System for review; (c) U. T. System (including U. T. System's HUB Coordinator) approves Respondent's proposed changes to its HUB Subcontracting Plan; and (d) U. T. System and the Respondent amend their contract (via a writing signed by authorized officials of both parties) in order to replace the contract's existing HUB Subcontracting Plan with a revised HUB Subcontracting Plan containing the changes approved by U. T. System.
8. Expansion of Work. If, after entering into a contract with a Respondent as a result of a purchase solicitation subject to the Policy, U. T. System wishes to expand the scope of work that the Respondent will perform under that contract through a change order or any other contract amendment (the "Additional Work"), U. T. System will determine if the Additional Work contains probable subcontracting opportunities not identified in the initial purchase solicitation for that contract. If U. T. System determines that probable subcontracting opportunities exist for the Additional Work, then the Respondent must submit to U. T. System an amended HUB Subcontracting Plan covering those opportunities that complies with the provisions of 34 TAC Section 20.14. Such an amended HUB Subcontracting Plan must be approved by U. T. System (including U. T. System's HUB Coordinator) before (a) the contract may be amended by U. T. System and the Respondent to include the Additional Work and the amended HUB Subcontracting Plan and (b) the Respondent performs the Additional Work. If a Respondent subcontracts any of the additional subcontracting opportunities identified by U. T. System for any Additional Work (i) without complying with 34 TAC Section 20.14 or (ii) before U. T. System and that Respondent amend their contract to include a revised HUB Subcontracting Plan that authorizes such subcontracting, then the Respondent will be deemed to be in breach of its contract with U. T. System. As a result of such breach, U. T. System will be entitled to terminate its contract with the Respondent, and the Respondent will be subject to any remedial actions provided by Texas law, including those set forth in Chapter 2161, Texas Government Code, and 34 TAC Section 20.14. University may report a Respondent's nonperformance under a contract between that Respondent and U. T. System to the Texas Comptroller in accordance with 34 TAC Sections 20.101 through 20.108.
9. A Response may state that the Respondent intends to perform all the subcontracting opportunities with its own employees and resources in accordance with the Policy. However, if such a Respondent enters into a contract with U. T. System as a result of such a Response but later desires to subcontract any part of the work set forth in that contract, before the Respondent subcontracts such work it must first change its HUB Subcontracting Plan in accordance with the provisions of Section 7 above .
10. The University shall require a vendor to whom a contract has been awarded to report the identity and the amount paid to its subcontractors on a monthly basis using a **HUB Subcontracting Plan (HSP) Prime Contractor Progress Assessment Report (PAR)** as a condition for payment.
11. If the University determines that the successful Respondent failed to implement an approved HUB Subcontracting Plan in good faith, the University, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with 34 TAC, Section 20.14, (g)(1) related remedies of nonperformance to professional services firms, contractor, and vender implementation of the HUB Subcontracting Plan.
12. In the event of any conflict between this "Summary of Requirements" and the remainder of the HUB Policy, the remainder of the HUB Policy will control.
13. These requirements, including the attachments referred to above, may be downloaded over the Internet from <http://www.utsystem.edu/offices/historically-underutilized-business/hub-forms>. For additional information contact Office of HUB Development, The University of Texas System Administration, 512/499-4530.

For each of the listed HUB firms, I have attached a Texas Comptroller certification document, or, if the HUB is certified by another Texas Comptroller approved certifying agency, a copy of their approved certification document.

Should we discover additional subcontractors claiming Historically Underutilized Business status during the course of this contract we will notify you of the same. In addition, if for some reason a HUB is unable to fulfill its contract with us, we will notify you immediately in order to take the appropriate steps to amend this contractual obligation.

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB SUBCONTRACTING PLAN (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

- 23.6 percent for professional services contracts,
- 24.6 percent for all other services contracts, and
- 21 percent for commodities contracts.

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.13(d)(1)(D)(iii), the goals below are the applicable goals for the University of Texas System Administration only.

 2. Submit a revised HSP prior to execution of each contract process as described in Option Four of Quick Check List.
- Respondents shall submit a completed HUB Subcontracting Plan (HSP) to be considered responsive. Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest to be considered Non-responsive.
- Respondents who intend to Self-Perform all of their work shall submit an HSP for Self Performance HUB Subcontracting Plan (HSP).
- Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment as a condition of payment.

- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <http://www.window.state.tx.us/procurement/prog/hub/hub-forms/progressassessmentrpt.xls>).

SECTION B-3 NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and minority or women trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at <http://www.window.state.tx.us/procurement/prog/hub/hub-subcontracting-plan/>

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and minority or women trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the minority or women trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

- a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to your submitting your bid response to the contracting agency. When searching for Texas certified HUBs, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) and Historically Underutilized Business (HUB) Search directory located at <http://www.window.state.tx.us/procurement/cmb/cmbhub.html>. HUB Status code "A" signifies that the company is a Texas certified HUB.
- b. List the three (3) Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Vendor ID (VID) number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

- c. Provide written notification of the subcontracting opportunity you listed in SECTION B-1 to two (2) or more minority or women trade organizations or development centers in Texas to assist in identifying potential HUBs by disseminating the subcontracting opportunity to their members/participants. Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to minority or women trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program's webpage at <http://www.window.state.tx.us/procurement/prog/hub/mwb-links-1/>
- d. List two (2) minority or women trade organizations or development centers you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the date when you sent notice to it and indicate if it accepted or rejected your notice.

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.14 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more minority or women trade organizations or development centers at least seven (7) working days prior to submitting its bid response to the contracting agency.

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.

Business Associate agrees to maintain documentation of the information required to provide an accounting of disclosures of PHI, whether PHI is paper or electronic format, in accordance with 45 C.F.R. §164.528 and HITECH Sub Title D Title VI Section 13405 (c), and to make this information available to Covered Entity upon Covered Entity's request, in order to allow Covered Entity to respond to an Individual's request for accounting of disclosures. Under the Privacy Rule, Covered Entity is required to take action on such requests as soon as possible but not later than 60 days following receipt of the request. Business Associate agrees to use its best efforts to assist Covered Entity in meeting this deadline but not later than 45 days following receipt of the request. Such accounting must be provided without cost to the individual or Covered Entity if it is the first accounting requested by an individual within any 12 month period; however, a reasonable, cost-based fee may be charged for subsequent accountings if Business Associate informs the individual in advance of the fee and is afforded an opportunity to withdraw or modify the request. Such accounting is limited to disclosures that were made in the six (6) years prior to the request (not including disclosures prior to the compliance date of the Privacy Rule) and shall be provided for as long as Business Associate maintains the PHI. [If Business Associate will not maintain a Designated Record Set, replace language in this section with:] The Parties agree that Business Associate will not maintain a Designated Record Set on behalf of Covered Entity.

8. Internal Practices, Policies and Procedures.

- a. Except as otherwise specified herein, Business Associate shall make available its internal practices, policies and procedures relating to the use and disclosure of PHI, received from or on behalf of Covered Entity to the Secretary or his or her agents for the purpose of determining Covered Entity's compliance with the HIPAA Rules, or any other health oversight agency, or to Covered Entity. Records requested that are not protected by an applicable legal privilege will be made available in the time and manner specified by Covered Entity or the Secretary.

b. Upon reasonable notice Covered Entity shall have the right to audit and inspect Business Associate's internal practices, policies and procedures and compliance with this Agreement. Business Associate shall cooperate in such audits and shall provide copies of any documents reasonably requested by Covered Entity related to this Agreement, the Underlying Agreement, or any of Covered Entity's PHI, at no charge to Covered Entity. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect Business Associate's policies and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (1) failure to detect or (2) detection, but failure to require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement or rights under this Agreement. This Section shall survive the termination or expiration of this Agreement.

9. Notice of Privacy Practices. Business Associate shall abide by the limitations of Covered Entity's Notice of which it has knowledge. Any use or disclosure permitted by this Agreement may be amended by changes to Covered Entity's Notice; provided, however, that the amended Notice shall not affect permitted uses and disclosures on which Business Associate relied prior to receiving notice of such amended Notice.
10. Withdrawal of Authorization. If the use or disclosure of PHI in this Agreement is based upon an Individual's specific authorization for the use or disclosure of his or her PHI, and the Individual revokes such authorization, the effective date of such authorization has expired, or such authorization is found to be defective in any manner that renders it invalid, Business Associate shall, if it has notice of such revocation, expiration, or invalidity, cease the use and disclosure of the Individual's PHI except to the extent it has relied on such use or disclosure, or if an exception under the Privacy Rule expressly applies.
11. Knowledge of HIPAA Rules. Business Associate agrees to review and understand the HIPAA Rules as it applies to Business Associate, and to comply with the applicable requirements of the HIPAA Rule, as well as any applicable amendments.
12. Information Breach Notification for PHI. Business Associate expressly recognizes that Covered Entity has certain reporting and disclosure obligations to the Secretary and the Individual in case of a security breach of unsecured PHI. Where Business Associate accesses, maintains, retains, modifies, records, stores, destroys, or otherwise holds, uses or discloses unsecured paper or electronic PHI, Business Associate immediately following the "discovery" (within the meaning of 45 C.F.R. §164.410(a)) of a breach of such information, shall notify Covered Entity of such breach. Initial notification of the breach does not need to be in compliance with 45 C.F.R. §164.404(c); however, Business Associate must provide Covered Entity with all information necessary for Covered Entity to comply with 45 C.F.R. §164.404(c) without reasonable delay, and in no case later than 30 days following the discovery of the breach. Business Associate shall be liable for the costs associated with such breach if caused by the Business

Associate's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Business Associate's agents, officers, employees or subcontractors.

13. Breach Notification to Individuals. Business Associate's duty to notify Covered Entity of any breach does not permit Business Associate to notify those individuals whose PHI has been breached by Business Associate without the express written permission of Covered Entity to do so. Any and all notification to those individuals whose PHI has been breached shall be made under the direction, review and control of Covered Entity. The Business Associate will notify the Privacy Officer via telephone with follow-up in writing to include; name of individuals whose PHI was breached, information breached, date of breach, form of breach, etc. The cost of the notification will be paid by the Business Associate. **[Include language if Covered Entity will provide notifications.]**
14. Information Breach Notification for Other Sensitive Personal Information. In addition to any other required reporting under this Section D, Business Associate shall notify Covered Entity of any breach of computerized Sensitive Personal Information (as determined pursuant to Title 11, subtitle B, chapter 521, Subchapter A, Section 521.053, Texas Business & Commerce Code) to assure Covered Entity's compliance with the notification requirements of Title 11, Subtitle B, Chapter 521, Subchapter A, Section 521.053, Texas Business & Commerce Code. Accordingly, Business Associate shall be liable for all costs associated with any breach caused by Business Associate's negligent or willful acts or omissions, or those negligent or willful acts or omissions of Business Associate's agents, officers, employees or subcontractors.
15. Training. Business Associate shall provide information and training to members of its "workforce", as defined by 45 CFR §160.103, regarding using or disclosing PHI and the confidentiality requirements of the HIPAA Rules, the MRPA and this Agreement.
16. No Offshore Work. In performing Services on or behalf of Covered Entity, Business Associate shall not, and shall not permit any of its agents or subcontractors who receive Covered Entity's PHI to transmit or make available any PHI to any entity or individual outside the United States without prior written consent of Covered Entity.

Permitted Uses and Disclosures by Business Associates. Except as otherwise limited in this Agreement, Business Associate may use or disclose Protected Health Information to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in this Business Associates Agreement or in a Master Services Agreement, provided that such use or disclosure would not violate the HIPAA Rules if done by Covered Entity or the minimum necessary policies and procedures of the Covered Entity. Also, Business Associate may use PHI to report violations of law to appropriate Federal and State authorities, consistent with the HIPAA Rules.

1. Use. Business Associate will not, and will ensure that its directors, officers, employees, contractors and other agents do not, use PHI other than as permitted or required by Business Associate to perform the Services or as required by law, but in no event in any manner that would constitute a violation of the Privacy Standards or Security standards if used by Covered Entity.
2. Disclosure. Business Associate will not, and will ensure that its directors, officers, employees, contractors, and other agents do not, disclose PHI other than as permitted pursuant to this arrangement or as required by law, but in no event disclose PHI in any manner that would constitute a violation of the Privacy Standards or Security Standards if disclosed by Covered Entity.
3. Business Associate acknowledges and agrees that Covered Entity owns all right, title, and interest in and to all PHI, and that such right, title, and interest will be vested in Covered Entity. Neither Business Associate nor any of its employees, agents, consultants or assigns will have any rights in any of the PHI, except as expressly set forth above. Business Associate represents, warrants, and covenants that it will not compile and/or distribute analyses to third parties using any PHI without Covered Entity's express written consent.

F. Application of Security and Privacy Provisions to Business Associate.

1. Security Measures. Sections 164.308, 164.310, 164.312 and 164.316 of Title 45 of the Code of Federal Regulations dealing with the administrative, physical and technical safeguards as well as policies, procedures and documentation requirements that apply to Covered Entity shall in the same manner apply to Business Associate. Any additional security requirements contained in Sub Title D of Title IV of the HITECH Act that apply to Covered Entity shall also apply to Business Associate. Pursuant to the foregoing requirements in this section, the Business Associate will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the paper or electronic PHI that it creates, has access to, or transmits. Business Associate will also ensure that any agent, including a subcontractor, to whom it provides such information, agrees to implement reasonable and appropriate safeguards to protect such information. Business Associate will ensure that PHI contained in portable devices or removable media is encrypted.
2. Annual Guidance. For the first year beginning after the date of the enactment of the HITECH Act and annually thereafter, the secretary shall annually issue guidance on the most effective and appropriate technical safeguards for use in carrying out the sections referred to in subsection (a) and the security standards in subpart C of part 164 of title 45, Code of Federal Regulations. Business Associate shall, at their own cost and effort, monitor the issuance of such guidance and comply accordingly.
3. Privacy Provisions. The enhanced HIPAA privacy requirements including but not necessarily limited to accounting for certain PHI disclosures for treatment, restrictions on the sale of PHI, restrictions on marketing and fundraising communications, payment and health care operations contained Subtitle D of the HITECH Act that apply to the Covered entity shall equally apply to the Business Associate.

4. Application of Civil and Criminal Penalties. If Business Associate violates any security or privacy provision specified in subparagraphs (1) and (2) above, sections 1176 and 1177 of the Social Security Act (42 U.S.C. 1320d-5, 1320d-6) shall apply to Business Associate with respect to such violation in the same manner that such sections apply to Covered Entity if it violates such provisions.

G. Term and Termination.

1. Term. This Agreement shall be effective as of the Effective Date and shall be terminated when all PHI provided to Business Associate by Covered Entity, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity.
2. Termination for Cause. Upon Covered entity's knowledge of a material breach by Business Associate, Covered Entity shall either:
 - a. Provide an opportunity for Business associate to cure the breach or end the violation and terminate this Agreement, whether it is in the form of a stand alone agreement or an addendum to a Master Services Agreement, if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity; or
 - b. Immediately terminate this Agreement whether it is in the form of a stand alone agreement or an addendum to a Master Services Agreement if Business associate has breached a material term of this Agreement and cure is not possible.
3. Effect of Termination. Upon termination of this Agreement for any reason, Business Associate agrees to return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity, maintained by Business Associate in any form. If Business Associate determines that the return or destruction of PHI is not feasible, Business Associate shall inform Covered Entity in writing of the reason thereof, and shall agree to extend the protections of this Agreement to such PHI and limit further uses and disclosures of the PHI to those purposes that make the return or destruction of the PHI not feasible for so long as Business Associate retains the PHI. This provision shall also apply to any PHI that is in the possession of any subcontractors and/or agents of Business Associate.

H. Miscellaneous.

1. Indemnification. To the extent permitted by law, Business Associate agrees to indemnify and hold harmless Covered Entity from and against all claims, demands, liabilities, judgments or causes of action of any nature for any relief, elements of recovery or damages recognized by law (including, without limitation, attorney's fees, defense costs, and equitable relief), for any damage or loss incurred by Covered Entity arising out of, resulting from, or attributable to any acts or omissions or other conduct of Business Associate or its agents in connection with the performance of Business Associate's or its agents' duties under this Agreement. This indemnity shall apply even if Covered Entity is alleged to be solely or jointly negligent or otherwise solely or jointly at fault; provided, however, that a trier of fact finds Covered Entity

not to be solely or jointly negligent or otherwise solely or jointly at fault. This indemnity shall not be construed to limit Covered Entity’s rights, if any, to common law indemnity.

Covered Entity shall have the option, at its sole discretion, to employ attorneys selected by it to defend any such action, the costs and expenses of which shall be the responsibility of Business Associate. Covered Entity shall provide Business Associate with timely notice of the existence of such proceedings and such information, documents and other cooperation as reasonably necessary to assist Business Associate in establishing a defense to such action.

These indemnities shall survive termination of this Agreement, and Covered Entity reserves the right, at its option and expense, to participate in the defense of any suit or proceeding through counsel of its own choosing.

2. Mitigation. If Business Associate violates this Agreement or either of the HIPAA Rules, Business Associate agrees to mitigate any damage caused by such breach.
3. Rights of Proprietary Information. Covered Entity retains any and all rights to the proprietary information, confidential information, and PHI it releases to Business Associate.
4. Survival. The respective rights and obligations of Business Associate under this Agreement shall survive the termination of this Agreement.
5. Notices. Any notices pertaining to this Agreement shall be given in writing and shall be deemed duly given when personally delivered to a Party or a Party's authorized representative as listed below or sent by means of a reputable overnight carrier, or sent by means of certified mail, return receipt requested, postage prepaid. A notice sent by certified mail shall be deemed given on the date of receipt or refusal of receipt. All notices shall be addressed to the appropriate Party as follows:

If to Covered Entity:

Attn: _____

Phone Number: _____

If to Business Associate:

Attn: _____

Phone Number: _____

6. Amendments. This Agreement may not be changed or modified in any manner except by an instrument in writing signed by a duly authorized officer of each of the Parties hereto. The Parties, however, agree to amend this Agreement from time to time as necessary, in order to allow Covered Entity's to comply with the requirements of the HIPAA Rules.
7. Choice of Law. This Agreement and the rights and the obligations of the Parties hereunder shall be governed by and construed under the laws of the State of Texas, without regard to applicable conflict of laws principles.
8. Assignment of Rights and Delegation of Duties. This Agreement is binding upon and inures to the benefit of the Parties hereto and their respective successors and permitted assigns. However, neither Party may assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. Notwithstanding any provisions to the contrary, however, Covered Entity retains the right to assign or delegate any of its rights or obligations hereunder to any of its wholly owned subsidiaries, affiliates or successor companies. Assignments made in violation of this provision are null and void.
9. Nature of Agreement. Nothing in this Agreement shall be construed to create (i) a partnership, joint venture or other joint business relationship between the Parties or any of their affiliates, (ii) any fiduciary duty owed by one Party to another Party or any of its affiliates, or (iii) a relationship of employer and employee between the Parties.
10. No Waiver. Failure or delay on the part of either Party to exercise any right, power, privilege or remedy hereunder shall not constitute a waiver thereof. No provision of this Agreement may be waived by either Party except by a writing signed by an authorized representative of the Party making the waiver.
11. Equitable Relief. Any disclosure of misappropriation of PHI by Business Associate in violation of this Agreement will cause Covered Entity irreparable harm, the amount of which may be difficult to ascertain. Business Associate therefore agrees that Covered Entity shall have the right to apply to a court of competent jurisdiction for specific performance and/or an order restraining and enjoining Business Associate from any such further disclosure or breach, and for such other relief as Covered Entity shall deem appropriate. Such rights are in addition to any other remedies available to Covered Entity at law or in equity. Business Associate expressly waives the defense that a remedy in damages will be adequate, and further waives any requirement in an action for specific performance or injunction for the posting of a bond by Covered Entity.
12. Severability. The provisions of this Agreement shall be severable, and if any provision of this Agreement shall be held or declared to be illegal, invalid or unenforceable, the remainder of this Agreement shall continue in full force and effect as though such illegal, invalid or unenforceable provision had not been contained herein.

13. No Third Party Beneficiaries. Nothing in this Agreement shall be considered or construed as conferring any right or benefit on a person not party to this Agreement nor imposing any obligations on either Party hereto to persons not a party to this Agreement.
14. Headings. The descriptive headings of the articles, sections, subsections, exhibits and schedules of this Agreement are inserted for convenience only, do not constitute a part of this Agreement and shall not affect in any way the meaning or interpretation of this Agreement.
15. Entire Agreement. This Agreement, together with all Exhibits, Riders and amendments, if applicable, which are fully completed and signed by authorized persons on behalf of both Parties from time to time while this Agreement is in effect, constitutes the entire Agreement between the Parties hereto with respect to the subject matter hereof and supersedes all previous written or oral understandings, agreements, negotiations, commitments, and any other writing and communication by or between the Parties with respect to the subject matter hereof. In the event of any inconsistencies between any provisions of this Agreement in any provisions of the Exhibits, Riders, or amendments, the provisions of this Agreement shall control.
16. Interpretation. Any ambiguity in this Agreement shall be resolved in favor of a meaning that permits Covered Entity to comply with the HIPAA Rules and any applicable state confidentiality laws. The provisions of this Agreement shall prevail over the provisions of any other agreement that exists between the Parties that may conflict with, or appear inconsistent with, any provision of this Agreement or the HIPAA Rules.
17. Regulatory References. A citation in this Agreement to the Code of Federal Regulations shall mean the cited section as that section may be amended from time to time.

Questions in response to RFP No. AUD05172016

1. When will answers to questions be provided?

The final update/version will be posted May 3rd

2. May we receive a complete set of answers to all questions asked as part of the RFP process?

This document is the complete set of questions and answers.

3. It is our understanding that while agencies are required to make a good faith effort to meet the HUB goal, subcontracting with a HUB is not required. Please detail the overall scoring impact if an agency does not subcontract with an approved HUB. What are the key decision criteria you see as most important to you in the selected co-sourced services provider(s)?

As specifically stated in the RFP and included below is the Scoring Criteria in section 2.3.

The criteria to be considered by University in evaluating proposals and selecting Contractor, will be those factors listed below:

Threshold Criteria Not Scored

- 2.3.1.1 Ability of University to comply with laws regarding Historically Underutilized Businesses; and
- 2.3.1.2 Ability of University to comply with laws regarding purchases from persons with disabilities.

2.3.2 Scored Criteria

- 2.3.2.1 the cost of services including staffing level rates and rates for specialty services;
- 2.3.2.2 the reputation of the Proposer and of the services as determined by industry (healthcare and academic) and professional service (internal audit, healthcare consulting, specialty such as construction, revenue cycle, research) this would be based on references and other statistics available;
- 2.3.2.3 the Proposer's past experiences with services provided to UT institutions and UT System Administration;
- 2.3.2.4 the total long-term cost to the University of acquiring the Proposer's goods or services;
- 2.3.2.5 the specialized expertise that the Proposer firm brings in the areas of healthcare, athletics, endowments, research, higher education, hospital operations, hospital finance, construction, supply chain management, pharmacy, physician practice operations, financial and revenue cycle,
- 2.3.2.6 the number of locations and staffing at various levels with the proximity to the UT institutions where work would be performed;
- 2.3.2.7 the Proposer's exceptions to the terms and conditions set forth in Section 4 of this RFP.

4. It is our understanding that the scope of potential projects resulting from the RFP have not yet been determined. Please describe how the University would like agencies to present fees for projects for which the scope has not yet been decided. (For example, would the University like agencies to present a theoretical scope of services for each project and corresponding fees for the project scope described?)

As requested in the proposal, an hourly rate structure should be given for co-source projects. It is important to include the specialized skills of your firm. If you would like to add some examples of projects and scopes that would be fine, but not necessary. Specific projects will be established later in which we will get financial proposals for those engagements from the firm(s) selected through this RFP process.

5. From Section 5.3 of the RFP – Scope of Services: The solicitation lists a number of examples of the types of services that may be procured under this contract. Please advise as to how individual requests for assistance are awarded to approved vendors? Will UT issue the individual requests for assistance under

this contact to all successfully contracted firms or a subset of such firms awarded the contract by some set of criteria? Will UT use a mini-bid type process approach for work assignments under the contract? Will you release formal RFPs for each subsequent project? If so, will the RFPs be of a similar size and scope to the current RFP for obtaining approved vendor status?

The CAE from the institutions will submit scope of work statements to request bids for specific projects. Individual requests for bids will be sent to all successfully-contracted firms who provide the needed services for each project. The scope of each project will vary. An evaluation and selection process will be established that follows all requirements for the award to be made on the basis of Best Value procurement as defined by Texas Education Code Section 51.9335 being provided to the UT System. The CAE from System or the respective institution will be responsible for defining the scope and working with the firm(s) in establishing the project.

6. Is there a minimum amount of projects/ hours, etc. that a participating firm will receive during the life of the contract?

As stated in section 2.3 there is not a minimum or any guaranty that the University will request contractor to perform any service and that the University has and does specifically disclaim any such representations, warranties, assurance and guaranties. As stated in Section 2.3:

CONTRACTOR UNDERSTANDS AND AGREES THAT THE UNIVERSITY HAS MADE NO REPRESENTATION, ASSURANCE, WARRANTY OR GUARANTY THAT THE UNIVERSITY WILL REQUEST CONTRACTOR TO PERFORM ANY SERVICE AND THAT THE UNIVERSITY HAS AND DOES SPECIFICALLY DISCLAIM ANY SUCH REPRESENTATIONS, WARRANTIES, ASSURANCES OR GUARANTIES.

7. Please expand on the type of subject matter expertise in the oil & gas industry segment that may be requested as part of this scope of work? On page 8, section 5.3.1 you indicate that technical expertise in oil and gas is required – can you say more about what specific energy related audits you anticipate requiring this type of expertise to fulfill?

UT System currently performs audits to ensure the accuracy and completeness of oil and gas royalty payments received, in accordance with lease agreements. At this time, that would be the primary expected use of skills in this area.

8. Is there an existing or previous contract for this work? If applicable, we also request copies of, or access to, the proposal documents submitted by the organizations responding to the RFP for the previous contract. What were the total actual fees paid to all the firms delivering services under the previous contract for the duration of the period of service? Are there copies of the most recent reports for the requested services that can be made available for review? How many projects did each contracted vendor perform during the preceding service period? Have any of the present service providers declined to provide any of the services in the RFP for certain University campuses/functions during the course of the legacy contract due to conflicts of interest? If such circumstances arose, how did UT address such situations? Has the UT System received any internal audit support from an outside firm in the past?

This RFP is for a master service agreement structure that has not been utilized before across the internal auditing activities of the UT System. As such, there are no existing or previous contracts in place that are directly comparable. There have been only isolated instances of institutions individually contracting for specific services in the past.

9. We note that the RFP calls for hourly rates by level of staff professional. Are all services expected to be delivered under an hourly rate structure or would the University entertain fixed fee arrangements (based on those rates) on a project-by-project basis?

There is no expectation that all services be delivered under an hourly rate structure. When appropriate, a fixed-fee arrangement would be considered. The nature and scope of a given project will determine the most appropriate approach.

10. Please provide a listing of the technology platforms and tools in use by the University for key functions such as financial management, grants management, gift processing etc.

While there are no major System-wide application systems in use at all of our institutions, many of our institutions use a version of PeopleSoft for their human resources and financial systems and a few for their student systems. Other institutions use Banner or other student systems. Many of our medical institutions have their own installations of Epic. As you would expect with an organization of this size and diversity, many different technologies are used throughout. No standardization is expected on a System-wide basis.

11. Could you provide specific examples of staff augmentation that has been requested in the past and for what duration? Please describe UT proposed oversight / management arrangements for such resources.

See response to question 8 above.

12. When was the UT IA Department's last Quality Assurance Review? What type of QAR was performed and by whom? If applicable, can the report be made available for review?

Full-scope external quality assessment reviews were conducted in 2014 for all UT System internal audit activities by PwC. Each institution received a separate report. All activities generally conformed with IIA Standards, GAGAS, and the requirements of the Texas Internal Auditing Act. The transmittal letter is included at the end of this document.

13. To the extent that information requested in the RFP "Specifications and Additional Questions" is duplicative with the information requested in the RFP "Proposer's General Questionnaire", would you like Bidders to address these items more than once?

Please follow the instructions as given in the RFP.

14. How would you define success for the internal audit relationship?

Internal audit should as a whole add value which can be accomplished in a number of ways. This can be providing support to management in both assurance and consulting work. We currently have a blend of assignments and would expect to utilize firms in a similar fashion. Firms that work with us should integrate into our culture and assist internal audit in adding value. Overall the support by management at the System and Institution level is very high and internal audit is well respected throughout the organization.

13. What types, if any, internal audit have been performed in the last three years?

Since we are a large system with 14 institutions we have performed audits in most high risk areas during the past three years. We go through an extensive risk assessment and planning process each year to determine the internal audits to be performed each year. Internal audit reports can be viewed on-line at <http://www.utsystem.edu/documents/audit-reports> .

14. Does the System have an annual budget for the internal audit services? Are you able to estimate the number and size of anticipated projects that will be undertaken by UT System institutions over the next three years?

Budgeting for these services will depend on the need for additional staffing and specific projects that may develop. We do not have multi-year estimate of services that may be required.

15. On average, how many internal audits are performed in an annual basis? How many of those are IT related? How many audits does UT System expect to perform each year?

Over 200 audits are typically performed per year. Approximately 15% of audit effort is related to IT audits.

16. How many staff does the internal audit department currently employ?

Within UT System and the institutions, we have approximately 130 auditors.

17. Are there preapproved or authorized projects awaiting identification of successful contractors through this process? Can you provide a brief listing of preapproved or authorized projects?

There will be a number of possible projects that may be undertaken shortly after the agreement(s) are in place.

18. What does the decision making process look like for each subsequent project? Who is involved (e.g., UT System, school administration) and what are their respective roles and responsibilities? Will the UT System be open to having introductory meetings with approved vendors?

See response to question 5 above.

19. Can you provide additional guidance as to the level of detail you want provided in RFP Appendix 6 and 7? An overview of systems and services that are available and included or a listing of the entire range of additional resources that may be appropriate depending on work scope and can be estimated at additional cost?

At this point it is too variable based on the project requirements to give any additional information in this area.

20. With respect to the 2016 / 2017 calendar year, are there specific areas in the upcoming Internal Audit plan where 3rd party assistance is known to be desired / required at this time? If so, please describe the nature of potential needs / skills desired in these areas.

We have just started the audit planning process for the 2016/2017 and specific projects or possible co-source needs have not yet been identified.

21. In addition to higher education, healthcare industry, and oil & gas industry capabilities mentioned in your RFP, are there any other key industry skills and/or process areas within these industries you would like highlighted in the proposal response in addition to these areas?

Any areas of specialization would be helpful to know, e.g., IT, construction, forensics, healthcare revenue cycle.

22. In addition to the IIA standards, are there certain preferred frameworks used by the Internal Audit team (e.g. COSO, CobiT, VALiT, etc.)?

The IIA Standards and GAGAS are imperative and other frameworks are helpful, but not specifically identified as preferred, e.g. COSO, ISO, NIST, COBIT. The UT System is subject to Texas Administrative Code Chapter 202, which is aligned with NIST information security standards, though NIST is not specifically used as a framework at this time.

23. What extent are auditing/data analysis tools (e.g. ACL, MS-Access, Tableau, Idea, etc.) being used at this time? From a licensing perspective, should these skills be desired as part of the co-sourcing arrangement,

would UT provide the applicable licenses or is the expectation that these would be supplied by the chosen partner?

We use IDEA and those skills would be valuable. If you have other tools, scripts and products that might be valuable you are welcome to mention them. If you have licenses to specific products that might be helpful, please include in your response. We do have a concurrent license agreement with IDEA.

24. With respect to the UT System IT environment, are there any particular technologies, applications, compliance (e.g. PCI, HIPAA, etc.), where you see a higher likelihood of potential co-sourcing support or that you would like particular focus placed on as part of the RFP responses?

While we cannot respond with certainty, PeopleSoft and Epic are common among many of the institutions.

25. Specific to Appendix Seven (7), given the potential areas of co-sourcing support UT might desire have not yet been specified, many of the answers to these questions could vary depending on the type and nature of support desired. For example, in many cases our teams would be working primarily from either their laptops OR UT provided laptops should that be preferred for security purposes. In other cases, should UT for example desire external vulnerability scans where one of our labs might be leveraged, the approach and requirements may differ from the more traditional internal audit support efforts. Is there a preferred method of responding to these types of variables and these questions as part of the RFP responses given the potential variability based on needs?

Given that we do not have a specific scope of work at this time, I would respond to questions in Appendix Seven as though you would have access to and would possibly store confidential University Records. The use of equipment and tools would vary among the institutions and depending on the scope of work and the systems involved in performing the work as well as the firm's tools. We do not have a specific requirement for that type of answer. Also, there may be cases where we would want you to use our computers or you may have to for certain information and other cases where you would use you own machines.

26. Is there a preferred Internal Audit portal / repository currently in use at UT (e.g. TeamMate, etc.)?

All of our internal auditors use TeamMate for audit workpapers. If you already have licenses to TeamMate and use it within your firm and have licenses it would be good to note that in your proposal.

27. From a teaming / project level execution perspective, what do you envision a successful co-sourcing partnership to involve?

We would expect the quality of the service to be high in that the team assigned is very well versed in internal audit practices, industry standards, regulation and they would work closely with our team and there would be the appropriate level of knowledge transfer as part of the project. Also, the relationship with the client is very important for our staff to maintain and your team would be viewed as an extension of the UT internal audit team.

28. Has a risk assessment been performed in the past? If so, is a copy available?

Our risk assessment is performed annually and is currently in process of being prepared for the FY 2016/2017.

29. Does UT System provide a prequalified list of underutilized businesses?

No, however contact Amy Nemetz for guidance.

30. Is the HUB goal 26%? Multiple percentages listed in RFP.

Yes, 26%. RFP needs to reflect that throughout.

31. Can vendors qualify for the entire proposal or part?

Yes, vendors can qualify for a specific part. You will need to clearly state in your proposal if you are qualifying for a specific skill – for example, health care specifically– anticipate multiple agreements to be put in place.

32. Target # of firms?

No specific number of firms in mind for approving

33. Will services be needed in FY2015/2016?

Yes

34. Electronic/information resources, hardware/software needs?

No

35. Is it required to identify and name specific subcontractors for the HSP that will be used on every work plan or project?

Since there are a lot of unknowns for this contract, and things may change based on project, the HUB office advises proposers to submit their HSP under the “self-perform” option, with the understanding that when a project is executed, a revised HSP will be requested as per the HUB rules. Proposers should take advantage of the opportunity to contact Amy Nemetz (512-499-4485) directly to review their HUB plan before the submittal date.

36. Can a HUB participate in a proposal for more than one contractor? Or must a HUB be exclusive to a single submitted proposal?

A HUB can be listed on multiple proposals. This is a fairly common occurrence.

37. Regarding Appendix 3, are both of the sample letters on p.7 and p.8 required for the HUB submission? If so, should the 23.6% for Professional Services be corrected to 26%? The forms included indicate a revision date of 02/12. Are there more current forms we are to use?

Use these forms, turn in the letter on page 7. The 26% for Other Services is the correct goal.

38. Section 3.1 implies that two (2) of the three (3) copies of the submitted proposal should contain originals signatures and be marked as original; however, when this question was asked at the pre-proposal conference, we were instructed that only one (1) of the three (3) copies should contain originals and be marked as original. Could you please clarify the number of copies of the proposal we are to submit?

Only one (1) of the three (3) copies should contain originals and be marked as original.

39. Section 2.5.4 (a) and (b) states we are to submit one (1) original and one (1) flash drive of the HUB Subcontracting Plan (HSP); however Section 2.5.4.3 states we are to provide three (3) originals of the HSP. Could you please clarify the number of copies of HSP we are to submit?

One (1) original and one (1) flash drive of the HUB Subcontracting Plan (HSP)

40. Please clarify how UT System envisions proposers will utilize the 26% HUB goal. Should we anticipate utilizing 26% on each SOW or can the 26% be spread out across multiple SOWs?

In this scenario, the 26% HUB goal will apply on each scope of work (SOW).

Since there is no specifically defined scope of work addressed in this RFP, complete the HSP as self-performing. Section 1, 2, marking "no", 3 and 4 should be completed. In your Self-Performance justification (Section 3), stipulate that the good faith effort will be performed and a revised HSP will be submitted.

As an example, "Since there is no scope defined at this time, _____ will be fulfilling the entire contract with our own resources, including employees, goods, services, transportation and delivery. When a scope is defined, we will immediately contact the project manager and HUB Coordinator and commit to performance of a Good Faith Effort through solicitation of HUB firms and submit an amended HUB Subcontracting Plan".
