Chairman Erwin called the meeting to order.

APPROVAL OF MINUTES OF DECEMBER 4, 1970. --Upon motion of Regent Ikard, seconded by Regent Williams, the Minutes of the Board of Regents of The University of Texas System held in Dallas on December 4, 1970, were approved without objection in the form distributed by the Secretary and recorded in Volume XVIII, beginning with Page 778.

[Pursuant to authorization at the Regents' meeting on December 4, 1970, Associate Deputy Chancellor Shelton explored the possibility of proceeding with the sale of additional bonds for The University of Texas System. He employed the firm of Vinson, Elkins, Searls, and Connally as Bond Counsel and Mr. Sam Maclin as Bond Consultant. He recommended that \$20,000,000 Combined Fee Revenue Bonds for The University of Texas at Austin be issued immediately. Chairman Erwin discussed this matter informally with the members of the Board, and informed Associate Deputy Chancellor Shelton to proceed to call for bids on the bonds. Below is a resolution resulting therefrom:]

U. T. AUSTIN: (1) RESOLUTION AUTHORIZING ISSUANCE OF BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS SYSTEM, THE UNIVERSITY OF TEXAS AT AUSTIN, COMBINED FEE REVENUE BONDS, SERIES 1971, \$20,000,000, AND AWARDING SALE THEREOF TO HALSEY, STUART & CO. INC. AND ASSOCIATES; (2) DESIGNATION OF TEXAS COMMERCE BANK NATIONAL ASSOCIATION, HOUSTON, TEXAS, AND BANKERS TRUST COMPANY, NEW YORK, NEW YORK, AS PAYING AGENTS; AND (3) AWARD OF PRINTING CONTRACT TO STECK-WARLICK COMPANY, THE STECK DIVISION, AUSTIN, TEXAS. -- Associate Deputy Chancellor Shelton called to the attention of the Regents the bid of White, Weld & Co. He stated that in the opinion of the Bond Counsel and the Bond Consultant this bid "was not responsive to the terms of the Notice of Sale, in that the difference between the lowest and highest interest rates exceeded 1-1/2%, the maximum variation permitted in the Notice of Sale, which in the judgment of both constituted a material variance from the bidding conditions." Thereafter, the resolution as set out on Pages 3 - 26 was duly introduced for the consideration of said Board and read in full. It was then duly moved and seconded that said resolution be adopted; and, after due discussion, said motion, carrying with it the adoption of said resolution, prevailed and carried by the following vote:

AYES: All members of said Board shown present on Page 1 voted "Aye."

NOES: None.

The adoption of this resolution authorized issuance of Board of Regents of The University of Texas System, The University of Texas at Austin, Combined Fee Revenue Bonds, Series 1971, in the amount of \$20,000,000, and awarded the sale of the bonds to Halsey, Stuart & Co. Inc. and Associates (Page 26) at a price equal to the principal amount thereof plus accrued interest thereon from the date thereof to the date of actual delivery plus a cash premium of \$10,000 at interest rates as reflected on Page 6.

Upon motion duly made and seconded, the Texas Commerce Bank National Association, Houston, Texas, and Bankers Trust Company, New York, New York, were designated as Paying Agent and Co-paying Agent, respectively (Page 7). The bank will charge 8-1/2¢ per coupon and \$1.00 per bond paid.

Without objection, the contract for printing the Board of Regents of The University of Texas System, The University of Texas at Austin, Combined Fee Revenue Bonds, Series 1971, \$20,000,000, with lithographed borders was awarded to the Steck-Warlick Company, The Steck Division, Austin, Texas, for the sum of \$1,317, there being six interest rates.

6.02 - SPECIAL OBLIGATIONS That the Bonds and interest thereon shall constitute special obligations of the Board, payable solely from the Pledged Revenues, that such obligations shall not constitute an indebtedness of the University, the Board or of the State of Texas, and the owners or holders of the Bonds and the interest coupons shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation.

SECTION 7:

7.01 - DEPOSITS OF GROSS COLLECTIONS OF THE GENERAL FEE AND BUILDING USE FEE INTO REVENUE FUND AND INTEREST AND SINKING FUND, RESPECTIVELY, AND DEPOSIT OF ANNUAL INTEREST GRANT: That the gross collections of the General Fee and the Building Use Fee shall, as provided in the Series 1970 Resolution, be deposited as received to the credit of the Revenue Fund and the Interest and Sinking Fund, respectively, created by said Series 1970 Resolution. - (1) pay the interest and principal requirements on the Bonds as will accrue on each June 1 and December 1;

JAN 29 1971

1212

(2) accumulate within five years from the date of the Bonds, an amount equal to one year's average annual principal and interest requirements for the Bonds and Outstanding Bonds as a debt service reserve in the Interest and Sinking Fund, provided that no less than one-fifth (1/5) of said reserves shall be accumulated prior to or during each fiscal year hereafter, beginning with the fiscal year ending August 31, 1972, and

(3) if moneys to the credit of the debt service reserve are used at any time to pay the principal of and interest due on the Outstanding Bonds and/or the Bonds (other than the final principal and interest payments on the Outstanding Bonds and the Bonds), replace such moneys so used in the following fiscal year, and in each year thereafter, if and to the extent necessary and at the rate of not less than one-fifth (1/5) in each year of the amount equal to one year's average annual principal and interest requirements for the Outstanding Bonds and the Bonds (which aggregate amount constitutes the debt service reserve).

(b) That on or before May 31, 1971, and on or before each November 30 and May 31 thereafter while any of the Outstanding Bonds and the Bonds remain Outstanding, there shall be made available to the Banks of Payment, out of the Interest and Sinking Fund, moneys sufficient to pay the interest on the principal of the Outstanding Bonds and the Bonds as will accrue or mature on the first day of the

In determining the amount of Outstanding Bonds, Bonds or Additional Bonds Outstanding, there shall be subtracted the amount of any Outstanding Bonds, Bonds or Additional Bonds which shall have been duly called for redemption and for which funds shall have been deposited with the Banks of Payment sufficient for such redemption.

JAN 29 1971

be in all respects of equal dignity and on a parity with the Bonds, Outstanding Bonds and any other then Outstanding Additional Bonds, if any. Each resolution authorizing such Additional Bonds shall prescribe appropriate additional or larger payments to be made into the Interest and Sinking Fund as will permit the accumulation in the Fund within five fiscal years after the fiscal year in which the Additional Bonds are issued, as a debt service reserve an amount not less than the average annual principal and interest requirements on all parity revenue bonds outstanding after the proposed parity revenue bonds are issued. It is specifically provided, however, that the Additional Bonds permitted by this Section shall not be authorized or issued unless:

(1) The Board is not in default as to any covenant, condition or obligation set forth herein, and the Senior Financial Officer of the University signs a written certificate to such effect.

(2) The Interest and Sinking Fund contains the amounts of money then required by the terms hereof to be deposited therein.

(3) The Pledged Revenues either for the fiscal year or the 12-month period next preceding the issuance of additional parity bonds are certified by the State Auditor or a Certified Public Accountant to have been equal to at least 1.25 times the average annual principal and interest requirements on all Bonds then outstanding, Outstanding Bonds and Additional Bonds then outstanding and payable from the Pledged Revenues.

(4) The Senior Financial Officer of the University signs a written certificate to the effect that during each of the fiscal years following that in which the Additional Bonds are issued, the

estimated Pledged Revenues are equal to at least 1.25 times the requirements for each such year for the payment of the principal and interest on all Outstanding Bonds, then Outstanding Additional Bonds and the Additional Bonds being issued.

(5) The resolution authorizing such Additional Bonds shall provide for an identical flow of funds as heretofore prescribed, with payments of principal of the Additional Bonds on June 1 of the appropriate years and interest payments thereon on June 1 and December 1 of each year.

SECTION 9:

COVENANTS OF BOARD: That the Board hereby agrees and covenants:

(a) That it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Resolution and the Bonds executed and delivered hereunder, that it will promptly pay or cause to be paid from the Pledged Revenues the principal of and interest on the Bonds issued hereunder on the dates and at the places and manner prescribed in such Bonds, and that it will, at the times and in the manner prescribed herein, deposit or cause to be deposited in the Interest and Sinking Fund, from the revenues pledged, the amounts of money specified herein. The Banks of Payment shall totally destroy all paid Bonds and coupons and furnish the Board with an appropriate certificate of destruction covering the Bonds and coupons thus destroyed.

(b) That it is duly authorized under the laws of the State of Texas to create and issue the Bonds; that all action on its part for the creation and issuance of the Bonds has been duly, lawfully and effectively taken; and that the Bonds in the hands of the holders

thereof will be a valid and enforceable special obligation of the Board in accordance with their terms and the terms of this Resolution.

(c) That it lawfully owns and is lawfully possessed of the land upon which the existing buildings of the University are located and has good and indefeasible estate in such land in fee simple; that it warrants that it has, and will defend, the title to the said land and every part thereof and improvements thereon, for the benefit of the holders and owners of the Bonds against the claims and demands of all persons whomsoever; and that it is lawfully qualified to pledge the revenues herein pledged in the manner prescribed herein, and has lawfully exercised such right.

(d) That it will from time to time, and before the same become delinquent, pay and discharge all taxes, assessments and governmental charges, if any, which shall be lawfully imposed upon it, or upon the buildings of the University; that it will pay all lawful claims for rents, royalties, labor, materials and supplies which if unpaid might by law become a lien which would be prior to or interfere with the lien hereof, so that the priority of the lien granted hereunder shall be fully preserved in the manner provided herein, and that it will not create or suffer to be created any mechanic's, laborer's, materialmen's or other lien or charge which might or could become prior to the lien hereof, or do or suffer any matter or thing whereby the lien hereof might or could be impaired; provided, however, that no such tax, assessment or charge, and that no such claim which might be used as the basis of a mechanic's, laborer's, materialmen's or other lien or charge, shall be required to be paid

so long as the validity of the same shall be contested in good faith by the Board.

(e) That it will continuously and efficiently operate and maintain in good condition and at a reasonable cost the University and the facilities and services offered by same.

(f) That it will continuously maintain the Building Use Fee at the maximum rate permitted by law, and the General Fee at the rate which, together with the Building Use Fee, will provide funds at least sufficient to pay the principal of and interest on the Bonds, Outstanding Bonds and any Additional Bonds and accumulate as herein provided the debt service reserve in the Interest and Sinking Fund which shall be equal to one year's average annual principal and interest requirements on the Bonds, Outstanding Bonds and any Additional Bonds, as such principal and interest mature. The General Fee shall be revised from time to time in order that the proceeds thereof, together with the proceeds of the Building Use Fee, will be fully sufficient to furnish funds for said purposes.

(g) That it shall cause to be kept proper books, records and accounts (separate and apart from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the Pledged Revenues; and that the Board shall furnish to the holder of the Bonds, at the written request of such holder, as soon as practicable after the close of each fiscal year, complete operating and income statements of the University in reasonable detail covering such period.

JAN 29 1971 1218

(h) That any Bondholder shall have the right at all times to inspect all records, accounts and data of the Board relating to the Pledged Revenues, including the Building Use Fee and the General Fee.

SECTION 10:

COVENANTS AS TO ARBITRAGE AND DEBT SERVICE GRANTS: The Board hereby specially covenants and agrees with the original purchasers of said Bonds and with the owners or holders from time to time of said Bonds as follows:

(1) That the Board will promptly proceed to utilize the proceeds of the sale of said Bonds (other than accrued interest to date of delivery and any premium) for the purposes set forth in Section 1 of the Resolution; and

(2) That no portion of said Bonds is issued as a part of an issue, all or a major portion of the proceeds of which are reasonably expected to be used directly or indirectly

(a) to acquire securities (within the meaning of Section 165 (g)(2)(A) or (B) of the Internal Revenue Code) or obligations (other than obligations described in Section 103 (a)(1) of the Internal Revenue Code) which may be reasonably expected at the time of the issuance of such issue to produce a yield over the term of the issue which is materially higher (taking into account any discount or premium) than the yield on obligations of said Bonds, or

(b) to replace funds which were used directly or indirectly to acquire securities or obligations described in subparagraph (a).

The Board further specifically covenants and agrees with the original purchasers of said Bonds and with the owners or holders from time to time of said Bonds that it will take such action in accordance with regulations prescribed from time to time by the Secretary of the Treasury or his delegate to carry out the purposes of Section 103 (d) of the Internal Revenue Code so that no portion of said Bonds shall be classified as an "arbitrage bond" within the meaning of Section 103 (d) of the Internal Revenue Code.

(3) The Board covenants that it will not permit to be deposited to the credit of any of the Funds herein established or applied to the payment of the principal of or interest on the Outstanding Bonds, Bonds or Additional Bonds, any proceeds from any grant, donation or income received from the United States Government, whether pursuant to agreement or otherwise, if such deposit or application would result in interest payable on the Outstanding Bonds, Bonds or Additional Bonds being includable in whole or in part in Gross Income, under Section 103 of the Internal Revenue Code, for Federal income taxes.

SECTION 11:

REMEDIES IN THE EVENT OF DEFAULT: That, in addition to all the rights and remedies provided by the laws of the State of Texas, the Board further covenants and agrees that in the event of default in the payment of principal of or interest on any of the Bonds

when due, or failure to make the payments required into the Revenue Fund and the Interest and Sinking Fund, or defaults in the observance or performance of any of the covenants, conditions or obligations set forth in this Resolution, the owner or holder of any of the Bonds shall be entitled to apply for a writ of mandamus to a court of proper jurisdiction for the purpose of compelling and requiring the Board and the officials thereof to observe and perform any covenants, obligations or conditions prescribed in this Resolution. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein, and every such right and power may be exercised from time to time as often as may be deemed expedient. The specific remedies provided herein shall be cumulative of all other existing remedies, and the specification of such remedies shall not be deemed to be exclusive.

SECTION 12:

APPROVAL AND REGISTRATION OF BONDS: That after said Bonds shall have been executed, it shall be the duty of the Chairman of the Board, or someone acting under authority of said Chairman, to deliver said Bonds to the Attorney General of the State of Texas for examination and approval. After the Bonds shall have been approved by the Attorney General, they shall be delivered to the Comptroller of Public Accounts of the State of Texas for registration. Upon registration of said Bonds, the Comptroller of Public Accounts (or a deputy designated in writing to act for the Comptroller) shall manually sign the Comptroller's certificate of registration prescribed herein to be printed

on the back of each Bond, and the seal of the Comptroller shall be impressed, or placed in facsimile, on each of said Bonds.

SECTION 13:

SALE OF BONDS: That the sale of said Bonds to Halsey, Stuart & Co. Inc.  
and Associates,

at a price equal to the principal amount thereof plus accrued interest thereon from the date thereof to the date of actual delivery, plus a cash premium of \$10,000.00, subject to the unqualified approving opinion, as to the legality of said Bonds, of the Attorney General of the State of Texas and Vinson, Elkins, Searls & Connally, Houston, Texas, market attorneys, is hereby authorized, approved, ratified and confirmed. When said Bonds have been approved by the said Attorney General and registered by the Comptroller of Public Accounts of the State of Texas they shall be delivered to the named purchaser upon receipt of the full purchase price.

 COUNTY OF DALLAS    X

This agreement is executed on \_\_\_\_\_, 1971,  
 by and between the BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS  
 SYSTEM, for and on behalf of The University of Texas at Dallas,  
 Dallas, Texas, sometimes referred to as "University" in this  
 agreement, and the BOARD OF DIRECTORS OF THE GEOLOGICAL INFOR-  
 MATION LIBRARY OF DALLAS, sometimes referred to as "GILD" in  
 this agreement, WITNESSETH:

WHEREAS, The University of Texas at Dallas needs to have  
 available for its students and faculty an excellent library  
 and

WHEREAS, the Board of Directors of the Geological Infor-  
 mation Library of Dallas, a nonprofit corporation, has offered  
 to give and convey to the University all its right, title, and  
 interest to certain assets of a library owned by it, including  
 all personal property and other assets in its present premises  
 as identified by inventory attached to deeds of gifts signed  
 by donors, including GILD, in its present premises; and

WHEREAS, the University and GILD agree that the best  
 interests of both the University and GILD would be served by  
 an arrangement whereby the University would own the afore-  
 mentioned assets of the library, but GILD members would have  
 unrestricted access to and use of the library:

NOW, THEREFORE, for and in consideration of the foregoing,  
 and in further consideration of the mutual benefits, the parties  
 to this agreement agree as follows:

1. RESPONSIBILITIES OF GILD

The Board of Directors of GILD agrees:

- (1) to give and convey to the University all its right,

title, and interest to all personal property owned or possessed by GILD at its present address of Eighth Floor, 1416 Commerce Building, Dallas, Texas, as further identified by inventory attached to deeds of gift signed by donors, including GILD, by way of description but not limitation, all furniture, office equipment, shelving, file cabinets, card catalogues, bound and unbound volumes, publications, maps, scout reports, oil well logs, bulletins, and all other documents and items of personal property listed on said inventories;

(2) to give and convey to the University in like manner all its right, title, and interest to any items of personal property described in Subdivision (1) of this section that are acquired by GILD after the effective date of this agreement;

(3) to maintain a suitable location for the library facilities, and further, to assume all expenses incidental to the operation of the library, including rent, personnel, telephone, reproduction or copying, binding, repairs, and maintenance;

(4) to make available without cost the library facilities to members of the faculty, staff, and student body of the University, as well as to any member of the faculty, staff, or student body of any secondary school, college, or university in the greater Dallas-Fort Worth area; and

(5) in consultation with and in cooperation with the President of the University, to operate and administer the day-to-day operations of the library.

## 2. ADMINISTRATION

(a) The Board of Directors of GILD agrees that the University is to incur no expense in the operation, administration, or maintenance of the library facility.

(b) For the purpose of assuring the University that GILD is capable of being self-supporting and will be able to fulfill the obligation of Subsection (a) of this section, GILD shall prepare each year for review by the President of the University an annual budget for the operation of the library facility.

(c) The Board of Directors of GILD and the President of the University shall agree on an appropriate location for the library facility. That location is subject to change by mutual agreement of the President of the University and the Board of Directors of GILD. In determining a suitable location, consideration shall be given to the convenience of dues-paying members of GILD, as well as to the convenience of and accessibility by members of the faculty, staff, or student body of the University, as well as any secondary school, college, or university in the greater Dallas-Fort Worth area. It is further stipulated that the present location of GILD at its present address of Eighth Floor, 1416 Commerce Building, Dallas, Texas, meets the requirements of this section until further notice.

(d) GILD agrees to provide a qualified librarian and staff that shall administer the library under the direction of a managing director appointed by the Board of Directors of GILD. It is further stipulated that the present librarian and staff of GILD is satisfactory to comply with the requirement of this section until further notice.

(e) All fund raising activities conducted by GILD in connection with the library shall be conducted in accordance with the Regents' Rules and Regulations, and such activities shall be conducted in cooperation and coordination with The University of Texas System Development Board and development activities of the University. It is further stipulated that, in order to comply with Subsections (a) and (b) of this section, such fund raising as may be conducted for the sole purpose of maintaining

the library and enlarging its assets will be permitted as covered by the provisions of Subdivision 1.21 of Section 1 of Chapter VII of Part I of the Regents' Rules and Regulations, which states: "Provided, however, that with the approval of the Chancellor and the Board of Regents any component institution may have a fund development group dedicated to its own unique interests."

(f) Rules with respect to library hours, membership, borrowing policies, library use, mutilation of documents, reproductions, work space, telephones, delivery service, translations, librarians, delinquent accounts, charges and fees, and all other rules governing the operation and administration of the library, including reciprocity agreements with other libraries, shall be made available to the President of the University for his review and approval.

### 3. TRADE OF VOLUMES

The University or GILD may at any time trade or sell duplicate bound or unbound volumes, publications, maps, scout reports, oil well logs, bulletins, or any other documents, for the exclusive purpose of obtaining with the proceeds of such trade or sale similar material not among the assets of the GILD. It is stipulated that in complying with the intent of this section and with the prior approval of the Vice President for Business Affairs of the University, any item that has been given to the University under the terms of this agreement may be so traded or sold and new material obtained by sale or trade may be substituted for the item listed in inventory previously deeded to the University; but it is further stipulated that GILD understands and agrees that all such sales, trades, and transfers are subject to appropriate state laws and regulations concerning the sale, trade, and transfer of state property.

4. AMENDMENT OR DISSOLUTION OF AGREEMENT

(a) This agreement may be amended in writing at any time by mutual agreement of the parties.

(b) Either party, upon giving sixty days' written notice to the other party, may terminate this agreement.

(c) In the event GILD determines that it no longer desires or is capable of maintaining and operating the library, it may terminate this agreement as provided in Subsection (b) of this section and cease to operate the library. Under this condition, those assets of GILD or other donors that have been deeded to the University may be disposed of at the sole discretion of the University. Those assets remaining the property of GILD may be disposed of at the sole discretion of the Board of Directors of GILD.

(d) Upon termination of this agreement by the University as provided in Subsection (b) of this section, the University may relocate, sell, give, trade, or otherwise dispose of any item of personal property that has been conveyed to it by GILD or other donors. However, with respect to bound or unbound volumes, publications, maps, scout reports, oil well logs, bulletins, or any other documents, the University agrees that, as long as such items remain in the possession of the University, such items may be used by members of GILD, on the same basis as the University allows such items to be used by the students, faculty members, and staff members of the University.

(e) This agreement is for a term of one year, and thereafter from year to year, unless terminated sooner in accordance with Subsection (b) of this section.

EXECUTED by the parties on the day and year first above written.

U. T. AUSTIN, U. T. EL PASO, AND U. T. ARLINGTON: STATEMENT BY REGENT GARRETT AND AUTHORIZATION OF A COMMITTEE TO STUDY CAMPUS NEWSPAPERS. --With respect to the campus newspapers of The University of Texas at Austin, The University of Texas at El Paso, and The University of Texas at Arlington, Regent Garrett presented the following statement:

Campus newspapers have always been one of the most visible parts of the academic community.

Currently, there are two undeniable characteristics of campus newspapers -- diversity and change.

- (1) Their diversity was recently underlined in a study by members of the faculty of West Virginia University when they stated, "Anyone who has worked very long with campus newspapers knows that no other group of enterprises or operations under the sun has more diversity. Like snowflakes, no two student papers are alike."
- (2) Change is equally apparent, particularly within the last 18 months; universities and colleges all over America, both large and small, are examining and studying this vital part of the campus. Changes and revamping of both format and guidelines have been at such a fast rate that surveys printed in 1970 are in many instances out of date.

I believe that it is most important that the Board at this time seek the aid of those intimately connected with newspapers.

These are some of the things that concern me and render the motion that I intend to make timely:

- (1) On July 6, 1971, the Board will be faced with the fact that the charter of the Texas Student Publications will terminate. Therefore, very soon we must pass on the format of a new entity to be responsible for such publications.
- (2) The Board today has demonstrated in a most positive way its support of the Communications complex in Austin by accepting the construction bids involving \$9,000,000 for buildings and facilities, unparalleled in this area, if not the United States. The journalism activities necessitate a large part of this expenditure. It is evident that the Board and the administration believe both the Journalism Department and the campus paper important.

Couple the above action to the fact that the enrollment of the Journalism Department at Austin is the largest in the nation, this makes it imperative that we study the relationship between the Journalism School and the campus newspaper. As one has

pointed out, a journalism department without a working relationship with a newspaper is like a drama school without an auditorium or a chemistry department without a laboratory.

At this point, I have no recommendations as to the format of such relationship, but I feel an exact and firm definition of this relationship is vital.

- (3) The journalism activities at El Paso and Arlington are much newer and probably need more emphasis. The campus newspaper can play an important role in their growth and development.

I therefore move that the Chancellor of The University of Texas System after consultation with the Presidents of the Texas Daily Newspaper Association and the Texas Press Association name three members of each association to a 6-member committee to study the present campus publication at the Austin, El Paso, and Arlington campuses and to submit to the Board a written report containing its recommendations as to the role of the various campus publications, their organization and governance, their relationship to the journalism department and such other matters such committee shall deem pertinent.

I further move that the Chancellor provide said committee with such assistance and staff services as the committee may reasonably request and that the Chancellor through the proper administrative channels provide consultation between the committee and appropriate faculty and students, including the Journalism faculty and the student publication boards of each institution.

4. U. T. Austin: Report on Use of Athletic Facilities by Persons Other Than Students, Faculty, and Staff. --In response to an inquiry at the December meeting of the Board of Regents, a report was received from President ad interim Jordan as to the use of athletic facilities by persons other than students, faculty, and staff at The University of Texas at Austin. As a result of President Jordan's study of this matter, he reported that he had implemented the following changes in the use of these facilities:
  - a. Use of the squash and handball courts in Gregory Gymnasium between 4:00 and 7:00 P. M. will be restricted to students, faculty, and staff.
  - b. A plan for the more equitable allocation of gymnasium lockers will be implemented.
  - c. With the availability of the new tennis courts at an intramural field, policies will be established to give priority treatment to students, faculty, and staff.
5. U. T. Austin: Endorsement of Program Submitted by Walter Prescott Webb Symposium Committee. --The Walter Prescott Webb Symposium Committee appointed by Doctor Ellison during his tenure as Dean of the College of Arts and Sciences submitted a program providing for a Walter Prescott Webb Symposium to be held in 1972. This proposed program, based on \$50,000 already appropriated by the College of Arts and Sciences Foundation, was endorsed by the Academic and Developmental Affairs Committee. It was understood, however, that if additional funds are needed for this program it will require prior approval of the Board of Regents.

6. U. T. Austin: Oral Reports by President Jordan on (1) Teaching Load Formulas and (2) Preregistration Procedures. -- Brief oral reports were presented by President ad interim Jordan on the Teaching Load Formulas and the Preregistration Procedures at The University of Texas at Austin.

In this report, President Jordan outlined the recommendations of the Gage-Kozmetsky report. This report contained combined recommendations of a report by the Dean's Council subcommittee headed by Dr. George Kozmetsky and a special faculty committee on the Teaching Load Formula system that had worked under the direction of Dr. Stephen Gage. The purpose of the formula is to be able to provide an exact record of assignments and faculty responsibilities. No action on the report was taken by the Academic and Developmental Affairs Committee.

With respect to the Preregistration Procedures, President Jordan briefly reviewed a report that had been prepared by Dr. Gerhard Fonken on the Preregistration Procedures that were used for the 1971 spring semester. He expressed the hope that the flaws in the present Preregistration Procedures may be eliminated and that by this new process more desirable combinations of classes may be had by the students in addition to a more efficient and economic use of the space available. President Jordan believes that the Preregistration Procedures are workable and he is employing Dr. Gerhard Fonken as an assistant to the President for the period of time necessary to work out their imperfections.

 Regent Williams

U. T. C., when the instrument has been approved by Deputy Chancellor Walker as to content and by a University attorney as to form. The lease covers rental of Suite 1002, consisting of approximately 1,680 square feet in the building located at 1101 Seventeenth Street, N. W., Washington, D. C., for the period beginning March 1, 1971 and ending February 28, 1975 at a total rental of \$45,360 payable in monthly installments of \$945. The lease carries a clause providing for an apportionment of any increase in real estate taxes.

U. T. SYSTEM: 1971-72 BUDGET POLICIES AND LIMITATIONS FOR PREPARATION OF GENERAL OPERATING BUDGETS, AUXILIARY ENTERPRISES, CONTRACT AREAS, CURRENT RESTRICTED FUNDS AND SERVICE AND REVOLVING FUND ACTIVITIES.--The following budget policies and limitations for the General Operating Budgets, Auxiliary Enterprises, Contract Areas, Current Restricted Funds and Service and Revolving Fund Activities for the fiscal year 1971-72 were approved. The institutional heads were instructed to write the "first" draft of their operating budgets conservatively in accordance with these policies and to follow the 1971-72 budget calendar set out on Page 83 for the preparation of the 1971-72 budgets:

1. Over-all budget totals, including reasonable reserves, must be limited to the funds available for the year from General Revenue Appropriations (based on estimates relating to current bill drafts), revised estimates of local income, and limited use of institutional Unappropriated Balances.
2. Selective merit salary advances may be provided for the faculty and professional staff. In the case of faculty, merit advances should be on the basis of teaching effectiveness.
3. Few, if any, new faculty positions are to be requested, and these are to be based on conservative estimates of enrollment increases. Total faculty staffing should be reviewed in terms of planned increases in work-load.
4. Merit salary advances for classified personnel in accordance with the Personnel Pay Plan policies approved by the Board may be given only to individuals who will have been employed by the institution for at least 6 months as of August 31, 1971. The number of individuals recommended for merit increases may not exceed one-fourth of the total institutional classified personnel staff as of March 1, 1971.
5. Few, if any, new classified positions are to be requested, and these only where increased work-load justifies.

6. Maintenance, Operation, and Equipment items should be based only on such amounts as are needed, but increases are not to exceed 10% in total over amounts budgeted in 1970-71.

Justify all increases in Maintenance and Operation and Travel with performance-type data. Prior year expenditures are not to be considered as adequate justification.

7. Travel funds are to be shown as separate line items.
8. All requests for Special Equipment must be supported with detailed description and justification.

Chairman Erwin stated that at the March 12th meeting he would move that in the preparation of all future budgets no person be granted an increase in salary while he is on leave of absence (leave of absence without pay, research leave, or leave for an assignment outside the U. T. System institutions). Regent Kilgore requested that the Institutional Heads and System Administration submit recommendations with respect to the suggestion of the Chairman at the March 1971 meeting.

U. T. SYSTEM: 1971-72 PERSONNEL PAY PLAN. --Approval was given to the proposed amendments to the 1970-71 Personnel Pay Plan for each of the component units of The University of Texas System, effective September 1, 1971, as recommended by the Administration. The 1970-71 Personnel Pay Plan with these amendments incorporated becomes the 1971-72 Personnel Pay Plan for The University of Texas System. This plan is set out on Pages 85-159 and in contrast to former years it has been combined into one plan rather than a plan for each component institution.

In connection with the adoption of the 1971-72 Pay Plan, the following permissive policies which are to be implemented only within funds available were adopted:

1. All new appointees to positions within the Personnel Pay Plan may be considered for a salary adjustment on the basis of meritorious service after the completion of six months' service.
2. All appointees to positions within the Personnel Pay Plan may be considered for a salary adjustment on the yearly anniversary date of their appointment, or at September 1, but not both, and in either case action taken must be in accordance with the Budget policies and limitations for "Merit salary advances" approved by the Board of Regents.
3. When adjustments are made in the salary ranges of positions in the Personnel Pay Plan, consideration may be given for salary adjustments to maintain the same relative positions within a range on an individual basis to recognize experience and service with the Institution.

In the Personnel Pay Plan for 71-72 that is set out on the following pages, the plans for the Lutcher Center at San Antonio, Institute of Texan Cultures at San Antonio, U. T. San Antonio, U. T. Permian Basin and System Nursing School are the same as The University of Texas System and are so referred to. The plan for all the institutions of The University of Texas System in Houston (Houston Dental Branch, M. D. Anderson, G. S. B. S., Public Health School and Houston Medical School) are the same and are referred to as U. T. Houston.

U. T. ARLINGTON: INCREASE IN STUDENT SERVICE FEE EFFECTIVE WITH THE FALL SEMESTER 1971. --At the meeting on July 31, 1970, the Regents asked the Administration to conduct a survey of their student fee situation and study the possibility of making student activities fees optional with a request that the institutional head report to the Board any approved changes that should be implemented in 1971-72.

President Harrison briefly reviewed the study that he had made of the Student Service Fee at The University of Texas at Arlington concerning the possibility of making some portions of the fee optional to students. He reported that a Student Service Fee Advisory Committee composed of faculty and staff members representing the six departments and activities funded from the Student Service Fee plus seven student members including the president, vice-president, and assistant to the president of Student Congress, the president of Student Activities Board, the editor of the Shorthorn, and two students elected at large by the student body had been studying the situation and had arrived at the conclusion that making a segment of these service fees optional would not be practical. After having heard Hugh Moore, President of the Student Congress, speak in opposition to increasing the student fees at this time and after due consideration by the Board, the recommendation of President Harrison that the Student Service Fee at The University of Texas at Arlington remain mandatory and be increased effective with the beginning of the 1971 fall semester as indicated below was adopted:

<u>Regular Sessions</u>	<u>Required Fee</u>
Students enrolled for 10 Semester Credit Hours or more	\$24.00

 <u>Summer Sessions</u>	
Day Students	\$ 4.00
Night Students	8.00

- a. That the appointment of John Richard Symank Head Football Coach at The University of Texas at Arlington for the period January 1, 1971 through December 31, 1972, was ratified.
- b. That 32 spaces in the new portion of the athletic dormitory at The University of Texas at Arlington be remodeled and renovated, that the dining area be repaired and renovated, and that the kitchen area be renovated, including new equipment, at a cost not to exceed \$80,000. This work is to be performed by the Physical Plant Staff of U. T. Arlington and the project is to be funded from interest earned on local plant funds.

With respect to the theme of The University of Texas at Arlington, the committee heard arguments both for and against the rebel theme. After all who wished to be heard had completed their presentations, Chairman Erwin called for a vote. The recommendation of President Harrison set out below was approved. Chairman Erwin and Regent McNeese voted "No."

- c. That the rebel theme of The University of Texas at Arlington be abolished effective June 1, 1971, and that President Harrison be directed to hold, as soon as possible, such consultations and/or elections as he deems necessary to permit the students to select and recommend a new theme other than the rebel theme for use after June 1, 1971.

WHEREAS, The Johnson Ranch in the State of Florida, now owned by the University Cancer Foundation, consists of 51,700 acres, and

WHEREAS, The original agreement for an access road has terminated and there is need for a road to the ranch headquarters:

BE IT RESOLVED, That the request of President R. Lee Clark, concurred in by System Administration, for permission to acquire approximately 70 acres of land from the Bright Hour Ranch, the adjoining landowner, be granted. The land is to cost not to exceed \$135 per acre and is described as a 100 foot strip of land in Sections 1, 12, 13, 24, 25, and 36 in Township 38 South, Range 27 East, in DeSoto County, Florida. HOUSTON MEDICAL SCHOOL, M. D. ANDERSON, AND PUBLIC HEALTH SCHOOL: ACCEPTANCE OF 100 ACRES OF LAND FROM TRUSTEES OF THE HERMANN HOSPITAL ESTATE. --At the Executive Session of the Committee of the Whole on March 6, 1970, the following report was received and action relating thereto taken:

"Pursuant to the terms of an option agreement and a memorandum of option agreement dated March 18, 1969, between the Board of Trustees of the Hermann Hospital Estate and Shell Oil Company of Houston, Texas, relating to the purchase of certain lands in Harris County, Texas, there was reserved a 100 acre tract of land which was designated for use by The University of Texas Medical School at Houston. Shell Oil Company has now proposed a new location for the 100 acre medical school tract, which is more advantageous to the medical school because of the frontage on the Fannin-Knight Road and the proposed new 125 foot boulevard to be developed by Shell Oil Company. This new location will give additional access to the medical school on Cambridge Street to Holcombe Boulevard and also to the Veterans Hospital area. Moreover, it will allow for an improved street system development and a better utilization of surrounding property. The 100 acre tract is in the P. W. Rose Survey in Harris County, Texas, adjacent to the Harris County Dome Stadium.

"Approval was given to the administration's recommendations (1) that the new designation of the 100 acre tract for the use of The University of Texas Medical School at Houston be accepted, (2) that the Board, as Trustees of The University Cancer Foundation, be authorized to acquire from the Board of Trustees of the Hermann Hospital Estate the 100 acre tract of land in the P. W. Rose Survey adjacent to the Harris County Dome Stadium, and (3) that the Chairman of the Board be authorized to execute all instruments necessary to acquire the said land, including an approval of the amendment to the option agreement redesignating the 100 acre tract for the Medical School, and to do any and all things necessary to consummate the transaction."

Pursuant to that action the Administration reported that on December 29, 1970, an executed general warranty deed from the Trustees of the Hermann Hospital Estate to The University of Texas Foundation, Inc., covering approximately 100 acres of land in the P. W. Rose Survey, Abstract No. 645, Harris County, Texas, was received by Deputy Chancellor Walker. This deed was dated December 23, 1970, and subsequently recorded in Volume 8259, Page 439 of the Deed Records of Harris County, Texas. The University of Texas Foundation, Inc., paid \$2,000,000 for the approximately 100 acres of land which is evidenced by a note dated December 23, 1970, due and payable on or before January 1, 1981, same being secured by vendor's lien and deed of trust lien.

The University of Texas Foundation, Inc., transferred the 100 acres of land to the Board of Regents of The University of Texas System by an executed general warranty deed from The University of Texas Foundation, Inc., to the Board of Regents of The University of Texas System, dated December 29, 1970, and recorded in Volume 8259, Page 447, of the Deed Records of Harris County, Texas, conveying the same land as described above. At the time of the transfer to the Board of Regents of The University of Texas System, it is specifically stipulated that no indebtedness was credited against the State of Texas or the Board of Regents. It was further understood that the consideration is to be paid by the rendition of professional services and that the holder of the note shall look only to the land as security.

The Committee of the Whole under the conditions set out in the foregoing paragraph accepted the 100 acres of land from the Hermann Hospital Estate for the use and benefit of The University of Texas Medical School at Houston and in all things approved, ratified, and confirmed all acts performed in the consummation of this action.

ITEMS FOR THE RECORD: U. T. SYSTEM, U. T. AUSTIN, AND HOUSTON MEDICAL SCHOOL. --The following items were reported for the record and were ratified by unanimous vote:

BOARD OF REGENTS: RESIGNATION OF CHAIRMAN ERWIN  
EFFECTIVE AT CLOSE OF BUSINESS ON MARCH 12, 1971. --  
Chairman Erwin read the following statement:

January 29, 1971

TO THE MEMBERS OF THE BOARD OF REGENTS:

Dear Mrs. Johnson and Gentlemen:

During the past six years while I have served first as vice chairman and more recently as chairman of the Board of Regents, I have been required to devote more and more of my time and energy to the affairs of The University of Texas System as it has grown to its present eminence as one of the largest, as well as one of the finest, systems of higher education in the nation. My work for the University has been a labor of love, and I take great pride in the truly impressive things that have been accomplished.

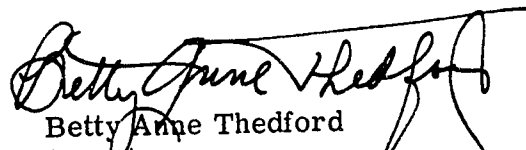

However, it is now imperative that I relinquish the chairmanship to my successor in order that I may devote more of my time to my law practice and to my personal affairs.

Accordingly, I hereby submit my resignation as chairman effective at the adjournment of the Board of Regents' next meeting on March 12. A new chairman and a vice chairman will be elected at that meeting.

Notwithstanding my resignation as chairman I intend to serve the remaining four years of my term as of the Board of Regents.

FRANK C. ERWIN, JR.

ADJOURNMENT. --There being no further business, the Board was duly adjourned at 5:15 p. m.
