He also expressed thanks to the University representatives who accompanied the band on this trip. Mr. Miller closed his expression of thanks by praising the band's director, Vincent R. ## REPORTS OF STANDING COMMITTEES

The meetings of the Standing Committees were conducted in open session, and the reports thereof are set out below:

REPORT OF EXECUTIVE COMMITTEE (Pages 3 - 8). --Committee Chairman Ikard moved that the following recommendations of the Administration that had been submitted to the members of the Executive Committee since its last report on December 3, 1971, and that were considered in open session be approved. This motion was adopted by unanimous vote:

1. U. T. Austin: Budgetary Items of Student Publications (1-M-71). -- It is recommended by Chancellor LeMaistre and President Spurr that approval be given to the actions taken on November 3, 1971, by the Board of Operating Trustees of Texas Student Publications at The University of Texas at Austin regarding budgetary matters in Motions Nos. 4, 5, and 6 as set out below:

"Motion No. 4: Bonjean moved, and it was seconded, that a new position of clerk-typist (Code 9054) be created, effective from December 1, 1971 through August 31, 1972, at a rate of \$350 per month, and that the name of Ann Arthur be inserted as filling that position on the Salary Roster for the General Overhead Budget included in the 1971-72 TSP budgets. This motion passed unanimously."

"Motion No. 5: Bonjean moved, seconded by Fox, that the Riata Expense budget be increased by \$466 to allow for printing a bigger magazine. This motion passed by a vote of seven for and one against."

"Motion No. 6: Davis moved, seconded by Bonjean, that the price of the one issue of Riata for the school year 1971-72 be set at \$.95 and \$.05 tax, and amend the budget to show \$570 from sales. This motion passed with six voting for and one against."

Attention is directed to the change in the advertising rate for student organizations from \$1.74 to \$1.47 per column inch (Motion No. 1).

It is also noted that Motion No. 12 includes the payroll list of student publications but that such payroll is in the budgets previously approved by the Board of Regents.

2. U. T. Austin: Authorization to Physical Plant Staff for Renovation Work of Brackenridge, Roberts and Prather Halls (Men's Dormitories) (1-B&G-71). --Bids received on July 20, 1971, for the renovation of Brackenridge, Roberts and Prather Halls (Men's Dormitories) at The University of Texas at Austin were rejected because they did not come within the \$200,000 available for the project. This renovation work was postponed until the summer of 1972. It was reported that since that time studies have been made to find economies that will permit the renovating within the funds available.

It is recommended by President Spurr and Vice-President Colvin, concurred in by System Administration, that authorization be

given to proceed with the renovation work of Brackenridge, Roberts and Prather Halls at The University of Texas at Austin utilizing the staffs of U. T. Austin Physical Plant and U. T. Austin Housing and Food Services to accomplish this work.

It is further recommended that the remaining funds for construction in the amount of \$189,203.88, available from the initial appropriation of \$200,000 made from U. T. Austin Reserve - Major Repairs, Remodeling and Replacement, and Operating Reserve for Housing and Food Service be transferred to an appropriate account under the supervision of Vice-President Colvin.

3. System Administration, U. T. Austin, U. T. El Paso, U. T. Arlington, Dallas Medical School, San Antonio Medical School, Galveston Medical Branch and System Nursing School: Amendments to the 1970-71 and 1971-72 Budgets (3-B and 4-B-71). -- It is recommended by the appropriate institutional head, concurred in by System Administration, that the following amendments to the 1970-71 and 1971-72 Budgets as indicated below for The University of Texas System Administration, The University of Texas at Austin, The University of Texas at El Paso, The University of Texas at Arlington, The University of Texas Southwestern Medical School at Dallas, The University of Texas Medical School at San Antonio, The University of Texas Medical Branch at Galveston, and The University of Texas Nursing School (System-wide), be approved (Pages 4 - 8):

	Amount of Transfer	\$ 670,000		<u>\$670,000</u>

A general description of the six projects listed above follows. Details of each project will be presented at a later date through the Office of Facilities Planning and Construction to the Buildings and Grounds Committee following standard procedures.

1. Remodeling Hoblitzelle Building - \$300,000

These funds will be needed for the first phase of replacing the airconditioning system in this building. The present airconditioning system is almost completely worn out, so much so that we could not cool the building last summer. This resulted in great discomfort to employees, as well as the loss of valuable research animals.

2. Ground Floor, Basic Science Research Building - \$50,000

This building is nearing completion, with the ground floor shelled in. We plan to use this space for service departments, such a Centrex telephone system, Post Office, police department, duplicating department, etc. Approximately \$200,000 is already available for the project and we estimate an additional \$50,000 will be required.

3. Re-caulk Windows, Hoblitzelle Building - \$40,000

The caulking around the windows in this building has deteriorated so badly that rainwater seeps through into the offices and laboratories. All the windows need re-caulking to correct this problem.

4.	<u>Landscaping and Recreational Facilities - \$130,000</u>			
	The students at this institution have no outside recreational facilities. We would like to construct some tennis and handball courts as well as a combination jogging-bicycle trail in conjunction with the first phase of landscaping the campus. The Office of Facilities Planning and Construction has developed a plan for phasing in these projects in areas outside the construction sites. The major landscaping project at this time would be around Harry Hines Boulevard and Inwood Road, parking lot #7, and the area along the road behind the Student Union Building.			
5.	<u>Special Equipment - \$100,000</u>			
	This appropriation is needed to purchase teaching equipment and office furnishings. We do not have an appropriation for special equipment and the equipment allocations for the new buildings are inadequate. These funds will assist in meeting some of the needs for additional equipment as we expand our facilities and programs.			
6.	<u>Roadway - \$50,000</u>			
	The campus master plan reflects a need for an additional road to connect Medical Center Drive with the new intersection at Inwood Road. This road would be along the property line near Callier Hearing and Speech Center and the TWU School of Nursing. Campus traffic problems indicate a need to proceed with this project at an early date.

REPORT OF THE ACADEMIC AND DEVELOPMENTAL AFFAIRS COMMITTEE (Pages 9 - 12). --Committee Chairman Kilgore reported that all actions of the Academic and Developmental Affairs Committee other than the exceptions to the Chancellor's Docket No. 53 were conducted in open session. These exceptions were referred to and adopted by the Committee of the Whole. Then Committee Chairman Kilgore moved the approval of the exceptions to the Docket and the actions of the Academic and Developmental Affairs Committee set out in the following report. This report was adopted by unanimous vote:

1. U. T. System: Chancellor's Docket No. 53. --Chancellor's Docket No. 53 was approved in the form distributed by the Secretary prior to the meeting. It is attached (Attachment No. 1 ) following Page 136 and made a part of these Minutes.
2. U. T. Austin: Membership in Texas System of Natural Laboratories Authorized for 1971-72 and 1972-73. --At present The University of Texas System holds membership in the Texas System of Natural Laboratories; however, authorization was given for only The University of Texas at Austin to continue its membership for 1971-72 and 1972-73. The membership fee is based on enrollment, and for 1971-72 the fee is \$789.05. President Spurr was directed to study thoroughly the benefits of this membership and to report to the Board of Regents prior to continuing membership for the 1973-74 academic year.

Chairman Peace commented that he shared President Spurr's reluctance in whether or not the University should be participating in this program. If it were not for the fact that President Spurr has not been here long enough to make an evaluation, the Chairman stated that he would be in favor of the University's withdrawing from this project.

3. U. T. Austin: Appropriation for Library and 1972-73 Commitments. --Prior to acting on the recommendation of President Spurr for an additional appropriation to the library at The University of Texas at Austin, the Committee heard an oral presentation by President Spurr outlining his request for supplemental appropriations for the remainder of the year and citing major developments (Academic Center, Humanities Research Center and Sid Richardson Library) during the past 10 or 15 years in the U. T. Austin Library. They also received an oral presentation of the views of the University Library Committee from Dr. Alfred G. Dale, its chairman, and a presentation on the needs of the students from Miss Cathy Bonner, chairman of the Student Government Committee for Better Library Service.

Regent Erwin outlined the appropriations that have been made over and above the Legislative appropriations for the library of U. T. Austin emphasizing the fact that the Board of Regents is supporting the library, such appropriations having totaled more than \$14,000,000 in the past decade.

2-04-72

In the discussion that ensued, Committee Chairman Kilgore pointed out that the \$300,000 appropriation requested was not expected to provide an immediate solution to the problems of the library but to identify all of the problems, bring in top and middle management, and do everything to find permanent solutions to these problems.

Thereafter, an additional appropriation of \$300,000 was authorized from the Available University Fund for the remainder of the 1971-72 fiscal year for the General Library of The University of Texas at Austin with the understanding that these funds will be administered by the Office of the President.

Chancellor LeMaistre was directed to communicate to President Spurr that by the approval of this supplemental appropriation the following commitments were made:

- a. That the total budget for the U. T. Austin Library for 1971-72 is \$3,735,733 and for 1972-73 will be not more than \$3,950,733.
- b. That any increase in State appropriations for the General Library in 1972-73 will displace AUF moneys within the budget of \$3,950,733.
- c. That the basic support for the libraries should come from State appropriations; and the recent use of AUF moneys for general operations has been of an emergency nature, and is not an on-going pledge or commitment of such sources to the library in subsequent years.

Chairman Peace noted the great contributions of Chancellor Emeritus Ransom and the great advances that had been made to the library during his 10 years as Chancellor of the U. T. System.

4. U. T. Austin, U. T. El Paso and U. T. Arlington: Student Service Fee (a) Report from U. T. Austin and U. T. El Paso and (b) Modification at U. T. Arlington. --With respect to the Student Service Fee for 1972-73, a report was received from Chancellor LeMaistre to the effect:

- a. That President Spurr will submit a recommendation for the March 16 meeting for the Student Service Fee (required) and Student Activities Fee (optional) for The University of Texas at Austin for 1972-73.
- b. That President Smiley does not recommend for The University of Texas at El Paso any change for 1972-73 in the Student Service Fee. The current fee is \$26 per semester for students carrying 9 credit hours or more and is \$6 for those carrying 8 hours or less.

President Harrison analyzed his request for an increase in the Student Service Fee at The University of Texas at Arlington. A petition

was received from Mr. Courtney Roberts, President of the Student Congress, opposing the mandatory Student Service Fee and advocating the fee on a voluntary basis. Miss Mary Hardee, Editor of the student newspaper, also spoke in favor of the petition.

Committee Chairman Kilgore explained to Mr. Roberts and Miss Hardee that the proposal to change the Student Service Fee from a mandatory fee to a voluntary fee was never presented to President Harrison, had not been submitted through proper channels, and therefore, could not be considered by the Board.

Thereafter, the Board adopted the recommendation of President Harrison, concurred in by Chancellor LeMaistre, that the Student Service Fee at The University of Texas at Arlington for 1972-73 be changed to \$2 per credit hour for which a student is registered up to a maximum of \$30 per semester. The same rate will apply in the summer term registrations.

5. U. T. Austin and Public Health School: Dual Positions Pursuant to Article 6252-9a, Vernon's Texas Civil Statutes. --With respect to the individuals of The University of Texas at Austin and The University of Texas School of Public Health at Houston, the following resolution was adopted in connection with the service of each individual on each of the state or federal boards opposite his name. This resolution is pursuant to Article 6252-9a, Vernon's Texas Civil Statutes:

This will not involve any change in the program.

REPORT OF BUILDINGS AND GROUNDS COMMITTEE (Pages 13-30 ). -- Committee Chairman Erwin moved that the following actions of the Buildings and Grounds Committee, all of which were taken in open session, be approved. Vice-Chairman Ikard seconded the motion which was adopted by unanimous vote:

1. U. T. System: Approval of Revised Project Costs for Nine Biomedical Projects Listed on Schedule and Authorization for Refiling Health Facility Grant Applications. --The following resolution was adopted:

WHEREAS, In December 1971, notification was received from the Department of Health, Education and Welfare, National Institutes of Health, and Bureau of Health Manpower Education of the necessity of refiling nine health facility grant applications of The University of Texas System (listed on Pages 14 & 15). This action is required in order to comply with new legislation, P. L. 92-157, The Comprehensive Health Manpower Training Act of 1971;

BE IT RESOLVED, That the following recommendations of System Administration be approved as reflected on the Schedule on Pages 14 & 15:

- a. Approval of the January 1972 estimated total project costs for the nine biomedical projects.
- b. Authorization for including an escalation factor of approximately 1% per month from January 1972 to the anticipated bid date.
- c. Approval of the use of the new grant application project cost, based on anticipated bid date, for refiling each grant application. Approval of these project costs does not imply a corresponding adjustment in current contracts for Architect's fees.

Burleson Addition to the City of Waco, Texas). -- The Committee received a report from Associate Deputy Chancellor Shelton that Stanley Franklin Butler and Vera Hill Butler made a joint and mutual will on March 16, 1961, in which is stated the following:

It is our will and desire that the survivor of us, Stanley Franklin Butler and Vera Hill Butler, as the case may be, shall, with the rights and authority below given, have all the estate of every description, real, personal, or mixed, which either or both of us may own, at time of death, to be used, occupied, enjoyed, conveyed and expended by, and during the life of, such survivor, as such survivor shall desire, and that upon the death of such survivor, any of such estate then remaining shall be given to the M. D. Anderson Hospital of Houston, Texas, with no restrictions.

Mr. Butler died July 12, 1963. On March 8, 1965, Mrs. Vera Hill Butler executed a new will revoking all previous wills and leaving the residuary property, including a lot more particularly described

as a part of Lots 5 and 6, Block E of R. C. Burleson Addition to the City of Waco, Texas, to her sister. Mrs. Butler died in 1966, and this lot has been sold twice since her death. The present owner is Mr. Fred Becker, a Waco resident, whose attorneys consider that the 1961 will of Stanley F. Butler creates a cloud on the title. Mr. Becker has offered the University \$500 to execute a quitclaim deed to this lot, a residence thereon having been demolished.

It is authorized that the offer of Mr. Becker be accepted and that a quitclaim deed to the above described lot be executed.

### III. Other Matters

Report of Securities Transactions for Permanent University Fund and for Trust and Special Funds for the Months of October and November 1971. --The report of Securities Transactions for Permanent University Fund and for Trust and Special Funds for October and November 1971, as submitted by the Associate Deputy Chancellor for Investments, Trusts and Lands was approved. It is attached (Attachment No. 2) following Page N-2 of Attachment No. 1 and made a part of these Minutes.

REPORT OF BOARD FOR LEASE OF UNIVERSITY LANDS. --Regent Williams, a member of the Board for Lease of University Lands, presented the following report:

The Board for Lease of University Lands met yesterday afternoon (February 3, 1972) in the General Land Office to consider several matters which required action. Land Commissioner Bob Armstrong and Regent Williams were in attendance; Regent Garrett was absent.

Applications for five deep gas, one-section pooling units in Ward and Winkler Counties were approved. Only the deeper formations with gas potential were pooled. All five units carry drilling obligations to depths ranging from 16,000 to 20,000 feet. Operators requesting pooling were American Quasar, Chevron, Skelly, HNG, and B. T. A.

There are now six wells drilling on University Lands in the deep gas trend. This includes the deepest well in the world in Pecos County, bottomed at 28,500 feet and testing.

Many of these gas producers are paying the University \$500 per day or more in royalty, so they are very important to our program.

One deep gas drilling and development Unit in Ward County was terminated by the Board for Lease because the second well called for in the continuous drilling obligation was not spudded.

The Board for Lease also formulated plans for holding the 60th Sale of Oil and Gas Leases on University Lands. The sale date will be September 7, 1972, and the Board for Lease has tentatively scheduled a meeting for June 8, 1972, to approve the list of lands to be included in the sale.

REGENTS' RULES AND REGULATIONS, PART ONE: AMENDMENTS TO CHAPTER VI. --Amendments were adopted to the Regents' Rules and Regulations, Part One, Chapter VI as set out below:

1. The necessary rules were waived and Subsection 3.3 of Chapter VI of Part One of the Regents' Rules and Regulations was deleted and the following subsections (3.3a, 3.3b, 3.3c and 3.3d) were substituted in lieu thereof to be effective immediately:
  - 3.3a Gambling, immoral conduct, dishonesty, or the excessive use of intoxicating liquors renders the student subject to discipline.
  - 3.3b The dramatic increase in the illegal use, possession, and sale of drugs and narcotics by students enrolled in the several component institutions of The University of Texas System makes it imperative that insofar as possible such illegal users, possessors, and sellers of drugs and narcotics be identified and temporarily separated from the several student bodies so that the potential danger of their influencing other students to illegally use, possess, or sell drugs and narcotics will be minimized. Accordingly, with respect to any person who is placed on probation for or is finally convicted of the illegal use, possession, and/or sale of a drug or narcotic, if he is a student at a component institution of The University of Texas System at the time such probation is assessed or such conviction becomes final, he shall be automatically suspended from such institution and shall be ineligible to continue as or become a student at any component institution of The University of Texas System for a period of twenty-four consecutive months immediately following the date on which such probation is assessed or such conviction becomes final, and if he is not a student at a component institution of The University of Texas System at the time such probation is assessed or such conviction becomes final, he shall be ineligible to become a student at any component institution of The University of Texas System for a period of twenty-four consecutive months immediately following the date on which such probation is assessed or such conviction becomes final. The provisions of this paragraph shall apply regardless of whether the offense in question occurred on or off the campus of a component institution of The University of Texas System and regardless of whether the offense in question occurred while the offender was a student enrolled at a component institution of The University of Texas System; provided, however, that in order that the provisions of this paragraph will not have retroactive effect and in order that all persons may have fair notice hereof, the provisions of this paragraph shall not apply to any of the offenses described hereinabove which occur or occurred prior to March 1, 1972.
  - 3.3c With respect to the illegal use, possession, or sale of a drug or narcotic by a student enrolled in any component institution of The University of Texas System when such offense occurred after March 14, 1969, and prior to March 1, 1972, the following shall apply:

"Any student placed on probation for or finally convicted of illegal use, possession, or sale of a drug or narcotic shall be automatically expelled from school, regardless

2-04-72

of whether or not the illegal act that gave rise to the conviction was committed on the campus of one of the component institutions of The University of Texas System."

provided, however, that any person who, prior to March 1, 1972, commits or has committed an offense that would otherwise be governed by the provisions of this Subsection 3.3c, may elect in writing to have such offense governed by the provisions of the foregoing Subsection 3.3b and thereby reduce the penalty applicable to the offense from permanent expulsion to suspension for a period of twenty-four consecutive months immediately following the date on which his probation is assessed or his conviction becomes final; and, provided further that any person who has heretofore been permanently expelled from one of the component institutions of The University of Texas System on account of the illegal use, possession and/or sale of a drug or narcotic may elect in writing to have such penalty reduced from permanent expulsion to suspension for a period of twenty-four consecutive months immediately following the date on which his probation was assessed or his conviction became final.

- 3.3d For the purpose of the foregoing Subsection 3.3b and 3.3c, (1) the word 'drug' means 'dangerous drug' as defined in Section 2, Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 726d, Vernon's Texas Penal Code); and (2) the word 'narcotic' means 'narcotic drugs' as defined in Section 1, Chapter 169, Acts of the 45th Legislature, Regular Session, 1937, as amended (Article 725b, Vernon's Texas Penal Code).
2. The necessary rules were waived and Subsection 3.(19) of Chapter VI of Part One of the Regents' Rules and Regulations was amended by deleting the subsection to be effective immediately and 3.(20) was appropriately renumbered 3.(19).
3. The necessary rules were waived and Section 6 of Chapter VI of Part One of the Regents' Rules and Regulations was amended by striking Subsection 6.1 and its subdivisions and inserting in lieu thereof the following to be effective immediately:
- 6.1 The institutional head or his delegate has the responsibility of establishing regulations and procedures for the use of institutional buildings, grounds, and other facilities for purposes other than regular academic use. Such regulations and procedures shall be in accordance with the following:
- 6.11 As used in this section, the word "solicitation" means the sale or offer for sale of any property or service, whether for immediate or future delivery, and the receipt of or request for any gift or contribution.
- 6.12 No solicitation shall be conducted in any building or structure on the campus of any component institution of The University of Texas System, provided, however, that the following activities shall be deemed not to be solicitations prohibited by this subsection:
- (1) The sale or offer for sale of any newspaper, magazine, or other publications by means of a vending machine in an area designated in advance by the institutional head or his delegate for the conduct of such activity.

2-04-72

- (2) The sale or offer for sale of any food or drink item by means of a vending machine in an area designated in advance by the institutional head or his delegate for the conduct of such activity.
  - (3) The sale or offer for sale of any publication of the institution or of any book or other printed material to be used in the regular academic work of the institution.
  - (4) The operation by the institution or its subcontractor of any bookstore, specialty store, laundry mat, cafeteria, or other service facility maintained for the convenience of the students and/or faculty.
  - (5) The sale or offer for sale by the institution or its subcontractor of food and drink items and programs at athletic contests.
  - (6) The collection of tuition and fees in connection with enrollment of a student in any course or degree program.
- 6.13 No solicitation shall be conducted on the grounds, sidewalks, or streets on the campus of any component institution of The University of Texas System, except by the agents, servants, or employees of that institution acting in the course and scope of their agency or employment, or by the Students' Association of that institution, or by a registered student organization at that institution.
- (1) Solicitation made pursuant to the terms of Subsection 6.13 must be conducted in such a way (a) that it will not disturb or interfere with the regular academic or institutional programs being carried on in campus buildings, (b) that it will not interfere with the free and unimpeded flow of pedestrian and vehicular traffic on sidewalks and streets and at places of ingress and egress to and from campus buildings, and (c) that it will not harass, embarrass, or intimidate the person or persons being solicited. If, after such reasonable investigation as the institutional head shall deem appropriate (which investigation shall afford the accused organization every right guaranteed by the due process clauses of the United States and Texas Constitutions) the institutional head determines that a solicitation is being conducted in a manner violative of this subsection, the institutional head shall prohibit the offending organization from solicitation on the campus for such period or periods of time as he shall determine to be appropriate and in the case of repeated violations of these solicitation rules, the institutional head may cancel the registered status of the offending organization.
  - (2) The Students' Association and each registered student organization shall, within 30 days following the end of each academic semester or summer session, file with the institutional head or his delegate a sworn statement fully and fairly disclosing the sources and amounts of money which it obtained from solicitations (sales and contributions) on the campus during the preceding semester or summer session and fully and fairly disclosing the beneficiaries and amounts of the expenditures which it made during the preceding semester or summer session. A registered student organization which during a semester or summer session receives no money or thing of

value other than from its own members need file only a sworn statement to that effect. Any organization failing to comply with the provisions of this paragraph shall be prohibited from solicitation on the campus until such organization places itself in compliance.

The remaining subdivisions of Subsection 6.1 (Subdivision 6.13 through Subdivision 6.17) were renumbered 6.14 through 6.18.

4. The necessary rules were waived and Subdivision 6.14 (numbered 6.13 until the adoption of the foregoing amendment) was deleted and the following inserted in lieu thereof to be effective immediately:

- 6.14 Use of Physical Facilities of The University by Registered Student Organizations. --Registered student organizations may use an institution's buildings and/or grounds in compliance with reasonable and nondiscriminatory institutional regulations that shall specify the procedures under which such organizations may reserve the institution's buildings and/or grounds for their use. Groups of students who are not registered may not use the institution's buildings and/or grounds. Registered student organizations may not enter into joint sponsorship of any on-campus project or program with individuals, groups, or students that are not registered.

REGENTS' RULES AND REGULATIONS, PART TWO: AMENDMENT TO SECTION 6 OF CHAPTER III. --Subsection 6.11 of Section 6 of Chapter III of Part Two of the Regents' Rules and Regulations was deleted and the following substituted in lieu thereof:

- 6.11 The Chairman of the Board of Regents or his delegate or the Chief Administrative Officer or his delegate must approve all vouchers. One of these delegates shall be the Chief Business Officer who shall select the other delegates from his staff. Such approval is based upon satisfactory supporting documentation evidencing that goods or services were properly ordered, that the vendor has submitted invoice and certification, and that the goods or services have been received by the institution and are acceptable to the requisitioning department.

RATIFICATION OF BOARD OF REGENTS' OFFICIAL POSITION WITH RESPECT TO RECOMMENDATIONS OF SPECIAL NCAA COMMITTEE ON FINANCIAL AIDS. --At the meeting on December 2-3, 1971, the following resolution was adopted by unanimous vote. This item was not on the agenda for the December meeting and it was resubmitted and ratified:

1. We oppose a program of financial aid based on "need," because of the difficulty in the administration and enforcement of such a program. The definition of "hardship" cases, changes in family income, the identification of "emergency" situations, and loans to parents are only examples of administrative difficulties that would make equal enforcement almost impossible.
2. We oppose the numerical scholarship limitations that are proposed for football, basketball, baseball, and track. For example, the limitation on football scholarships should not be less than 45 new awards for a school participating in the university division.
3. We favor the establishment of a national candidate's declaration date for each sport in which an institution offers financial aid to prospective student athletes.
4. We favor the limiting of financial aid awards to one year, but we oppose the establishment of new or special "hearing" procedures for the student athlete who feels his award was not renewed for just cause, because there already exists an adequate opportunity for any student to appeal from any administrative decision by which he feels that he has been unfairly treated.
5. We oppose any limitation on the number of full-time and part-time coaches that may be employed. The employment of coaches should be an institutional decision; it is relatively unimportant from a budgetary standpoint; and any limitation would be extremely difficult to police effectively.
6. Finally, we feel that it is improper for all NCAA member schools, almost a third of whom do not field intercollegiate football teams, to have an equal voice and vote in determining rules and procedures which may unreasonably restrict a relatively small group of members in the conduct of their major football programs. The vote on matters affecting a particular sport or sports should be limited to those institutions that engage in intercollegiate competition in such sport or sports.

U. T. SYSTEM: 1972-73 BUDGET POLICIES AND LIMITATIONS FOR PREPARATION OF GENERAL OPERATING BUDGETS, AUXILIARY ENTERPRISES, CONTRACT AREAS, CURRENT RESTRICTED FUNDS, AND SERVICE AND REVOLVING FUND ACTIVITIES AND CALENDAR THEREFOR. --The following budget policies and limitations for preparation of General Operating Budgets, Auxiliary Enterprises, Contract Areas, Current Restricted Funds, and Service and Revolving Fund Activities for the fiscal year 1972-73 were approved. The institutional heads were instructed to write the "first" draft of their operating budgets conservatively in accordance with these policies and to follow the 1972-73 Budget Calendar set out on Page 52 for the preparation of the 1972-73 budgets:

1. Over-all budget totals, including reasonable reserves, must be limited to the funds available for the year from:
  - a. General Revenue Appropriations (based on estimates relating to appropriations passed by the Sixty-second Legislature which were subsequently vetoed by the Governor),
  - b. Revised estimates of local income, and
  - c. Limited use of institutional Unappropriated Balances.
2. Selective merit salary advances may be provided for the faculty and professional staff. In the case of faculty, merit advances are to be on the basis of teaching effectiveness. This policy relating to faculty salary increases applies to all fund sources; no across-the-board procedure is to be used in granting faculty salary increases.
3. Few, if any, new faculty positions are to be requested, and these are to be based on conservative estimates of enrollment increases. Total faculty staffing should be reviewed in terms of planned increases in work load.
4. Merit salary advances for classified personnel in accordance with the Personnel Pay Plan policies approved by the Board may be given only to individuals who will have been employed by the institution for at least 6 months as of August 31, 1972.
5. Few, if any, new classified positions are to be requested, and these only where increased work load justifies.
6. Maintenance, Operation, and Equipment items should be based only on such amounts as are needed, but increases are not to exceed 10% in total over amounts budgeted in 1971-72.

Justify all increases in Maintenance and Operation and Travel with performance-type data. Prior year expenditures are not to be considered as adequate justification.
7. Travel funds are to be shown as separate line items.
8. All requests for Special Equipment must be supported with detailed description and justification.
9. Unless specific prior approval of the Chancellor is obtained, with appeal to the Board of Regents by the institutional head permitted,

no increase in salary may be made for any faculty member or administrator while he is on research leave, on leave without pay, or on assignment outside the U. T. System institutions.

U. T. SYSTEM: 1972-73 PERSONNEL PAY PLAN. --Approval was given to the proposed amendments to the 1971-72 Personnel Pay Plan for each of the component units of The University of Texas System, effective September 1, 1972, as recommended by the Administration. The 1971-72 Personnel Pay Plan with these amendments incorporated becomes the 1972-73 Personnel Pay Plan for The University of Texas System. This plan is set out on Pages 53-122. The plans for the Lucher Center at San Antonio, Institute of Texan Cultures at San Antonio, U. T. San Antonio, U. T. S., Public Health School and Houston Medical School) are the same and are referred to as U. T. Houston.

In connection with the adoption of the 1972-73 Pay Plan, the following policies were adopted:

1. All new appointees to positions within the Personnel Pay Plan may be considered for a salary adjustment on the basis of meritorious service after the completion of six months' service.
2. All appointees to positions within the Personnel Pay Plan may be considered for selective merit salary advances in accordance with approved Budget policies.
3. When adjustments are made in the salary ranges of positions in the Personnel Pay Plan, consideration may be given for salary adjustments to maintain the same relative positions within a range on an individual basis to recognize experience and service with the institution.

STATEMENT BY CHANCELLOR LEMAISTRE WITH RESPECT TO OUTSIDE EMPLOYMENT. --Chancellor LeMaistre asked to present the following statement about outside employment:

Mr. Chairman: In recent years we have heard much about the loss of public confidence in the American university in part attributable to the alleged lack of faculty acceptance of their responsibilities. The record of The University of Texas System faculties clearly indicates that such a situation does not exist with them.

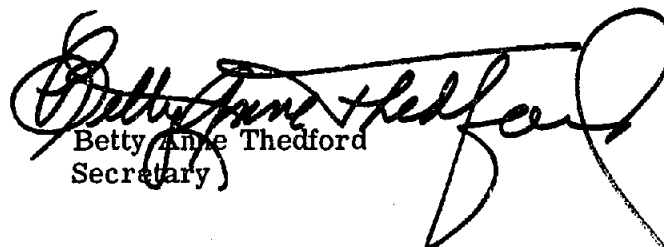

Change is never easy. In the last two years we have seen outstanding faculty leadership in the success of the three new colleges and one division that constitute arts and sciences, great faculty courage in the development and enforcement of an enrollment control plan, untold faculty labor in establishing the pre-registration process, and their abiding interest and demonstrated effort to improve teaching effectiveness at all levels.

Most recently, the chief administrative officer of each component has asked for acceptance by the faculty of responsibility for eliminating alleged abuses in faculty outside employment. The preliminary results indicate that although the alleged abuses are few in number, they are very complex and value judgments on the benefit derived by the University from these activities are currently being assessed. I am asking each of our chief administrative officers to request that the faculties continue their excellent study of this situation.

Based on the past responsible performance of our faculties on other problems, I have every expectation that they will be able to develop for our consideration guidelines which will eliminate abuses of the faculty privilege of outside employment. I anticipate that these guidelines will again demonstrate faculty acceptance for regulation through self-imposed and self-administered standards.

Therefore, I hope the Board will understand our delay in submitting recommendations on this matter of long-standing concern until we have had the full benefit of faculty input.

ADJOURNMENT. --At 5:35 p. m. , since there was no further business, the Chairman, upon motion, declared the meeting adjourned.
