PURCHASE OF PROPERTY FROM UNIVERSITY EMPLOYEES

Included in the total project cost for the U. T. El Paso University Library (Project No. 201-473 approved by the Board of Regents April 8, 1983) were funds designated for the acquisition of Art Work for the facility. U. T. El Paso has pursued a mixed acquisition plan which combines commissioned Art with Art purchased at exhibitions and galleries. Because the members of the U. T. El Paso Art faculty are ranked highly in their field, the University has included representative pieces of their work in the total acquisition. All prices are to be carefully negotiated to insure that they are both fair and reasonable. The budget for this part of the acquisition plan has been set at \$15,000 which is less than 10% of the approved total project cost designated for acquisition of Art Work. Additionally, the purchases from faculty will be limited to no more than one work of art from an individual faculty member.

The Regent's Rule at Part II, Chapter IV, Section 7, Purchases from Employees permits purchases from employees where "the cost is less than that from any known source". Because of the unique nature of individual works of Art, the "lowest conforming bid" approach contemplated by the Regent's Rule does not apply. The safeguards incorporated in Dr. Monroe's proposal do, however, conform to the fiscal purpose of the rule.

THE UNIVERSITY OF TEXAS AT EL PASO
 Revisions to Parking and Traffic Regulations
 Regents Meeting October 13-14, 1983

INTRODUCTION

Pursuant to the authority granted by Chapter 51, Sections 51.201 et. seq., 54.005, 54.503, 65.31, and 69.02 of the Texas Education Code, The Board of Regents of The University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, provide for the issuance of vehicle identification insignias (parking Permit), and provide for jurisdiction over offenses.

The general criminal laws of the State of Texas and all City of El Paso Ordinances which govern the use of vehicles are declared to be in full force and effect on the campus of The University of Texas at El Paso. The commissioned University Police Officers are empowered and authorized to enforce these laws and parking and traffic regulations.

The University of Texas at El Paso assumes no responsibility for the care and/or protection of any motor vehicle or it's contents at any time it is operated or parked on the campus. The operation of a motor vehicle on the campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. The University also reserves the right to impound any vehicle which is parked in a properly designated tow-away zone, (~~in violation of these regulations~~) or in such a manner as to create a hazard to pedestrians or vehicular traffic.

ARTICLE I - DEFINITIONS

- Section 1. University Campus: All property owned or under the control of The University of Texas at El Paso.
- Section 2. Central Control Zone: The Central Control Zone is that area enclosed by the manned traffic control points and any other barriers erected on access streets running into or through the University campus.
- Section 3. Parking area: Any area on campus which has been designated and marked for parking, whether on streets or in lots.
- Section 4. Designated Parking Space: That area outlined by white painted boundary lines on the pavement of any parking area. Areas not marked by boundary lines are not parking spaces.
- Section 5. No Parking Zone: In addition to zones marked by posted signs, any yellow-painted curbs or yellow-painted zones on pavements designated no parking at any time.
- Section 6. Tow-Away Zone: An area designated by an official posted sign which constitutes public notice that a vehicle parked in violation will be removed.
- Section 7. Loading Zone: A zone marked by posted signs and yellow-colored curbs or zones reserved for loading/unloading only.
- Section 8. Vehicle: Includes automobiles, buses, trucks, trailers, motorcycles, motor bikes, motor scooters, tractors or any other self-propelled vehicle.

- ~~(Section 12. The defined terms are in addition to the definitions and terms of the Texas Motor Vehicle Laws which are shall apply on campus.~~

ARTICLE II - GENERAL PROVISIONS

- Section 1. The purpose of these regulations is to facilitate the safe and orderly conduct of University business and to provide for the control of traffic and parking.

- Section 8. No person shall fail or refuse to comply with any lawful order or direction of any University Police Officer invested by law with the authority to direct, control and regulate traffic.
- Section 9. If any part of these parking and traffic regulations is held to be invalid, such invalidity shall not affect other provisions which can be given effect without the invalid provision, and to this end the provisions of these regulations are declared to be severable.

OTHER FISCAL ITEMS

RECOMMENDED ALLOCATION OF ENDOWMENT INCOME FROM ELLEN AND BILL
NOEL SCHOLARSHIP FUND

In accordance with the terms of the gift instrument establishing the Ellen and Bill Noel Scholarship Fund for The University of Texas of the Permian Basin and Odessa College, the W. D. Noel Scholarship Committee has recommended the scholarship recipients for the fiscal year 1983-84 and the distribution of income between U. T. Permian Basin and Odessa College. The recommended income distribution, based on the needs of the scholarship recipients, is that 60% of the income go to Odessa College and 40% to U. T. Permian Basin for the 1983-84 academic year. This distribution is the same as for previous years and is due to the preponderance of Beneficiaries of the First Class (priority scholarship recipients) being enrolled at Odessa College. Both institutions have agreed to this recommendation, President Leach recommends approval thereof, and System Administration has approved.
