Office of the Chancellor
Austin

Office Copy

November 15, 1961

TO THE HONORABLE BOARD OF REGENTS
OF THE UNIVERSITY OF TEXAS

Gentlemen:

The budgetary dockets prepared by the component institutions listed below are herewith submitted, with my recommendation for approval, for consideration at the meeting of the Board of Regents in Austin on December 1-2, 1961.

Main University
Texas Western College
Medical Branch
Dental Branch

M. D. Anderson Hospital and
Tumor Institute
Southwestern Medical School

The Postgraduate School of Medicine has no budgetary items which require approval at this meeting.

The following changes affecting Central Administration budgetary operations are recommended for approval by the Board of Regents:

1. As of September 1, 1961, transfer \$1,000 from Account No. 57-0400-0520 Estate of Lila Belle Etter and establish an account for the Office of the Board of Regents to be entitled Special Operating Fund. B-5.2

2. DEBT SERVICE REQUIREMENTS, PERMANENT UNIVERSITY FUND BONDS, SERIES 1961. At the time of the preparation of the budget for 1961-62, estimates were given for the appropriations needed for interest and principal payments and paying agency fees for the subject issue for 1961-62, based on an assumed rate of interest of 3½%, and were so included in the budget. This is also the procedure that has been followed in past years.

Endowment Officer Stewart, with approval of Vice-Chancellor Dolley, recommends that the appropriations for the 1961 Series in the amount of \$6,000,000, as shown on page 23 of the Central Administration budget, be changed as shown below:

<u>Transfers to Interest and Sinking Fund</u>	<u>Original</u>	<u>Revised</u>
Nov. 5 - Interest	\$ 97,500	\$ 98,970
May 5 - Principal	240,000	240,000
May 5 - Interest	97,500	98,970
Total Transfers to Interest and Sinking Fund	\$ 435,000	\$ 437,940
<u>Paying Agency Fees</u>		
January 1	\$ 200	\$ 120
July 1	340	144
Total Paying Agency Fees	\$ 540	\$ 264
Total 1961 Series	<u>\$ 435,540</u>	<u>\$ 438,204</u>
GRAND TOTAL - ALL ISSUES	<u>\$1,536,179</u>	
GRAND TOTAL - ALL ISSUES will be changed to		<u>\$1,538,843</u>

Sincerely yours,

Harry Ransom

Dr. Harry Ransom, Chancellor
The University of Texas
Austin, Texas

Dear Chancellor Ransom:

The following changes in the Main University Budget are submitted for your approval and submission to the Board of Regents at its meeting in Austin on December 1 and 2, 1961:

Recommended Amendments to the 1961-62 Budget

Academic Personnel

(Salary rates are based on nine months, and the terminal date of appointment is May 31, 1962, unless otherwise shown. For docket purposes, dollar figures are used, cents omitted. The term "rate" for academic personnel is the full-time nine month base rate; the appointee receives the proportionate amount depending on the period of his appointment and the fraction of time for which he is appointed. Funds for appointments or salary increases are from Unallocated Salaries unless otherwise shown. Unused salaries are unfilled positions or positions vacated by resignations or transfers.)

In this area "Present Status" column gives the staff member's academic title and his teaching rate; the "Recommended Status" column reflects either his nomination to the project or a change in his government sponsored appointment to that set forth. All appointments are within the combined teaching and research load of fifty hours per week, the additional ten hours being permitted only when the teaching schedule is for at least half time. All stipends are from contract funds.

REPORT ON PERMANENT UNIVERSITY FUND INVESTMENTS FOR THE FISCAL YEAR ENDED AUGUST 31, 1961.--Under separate bound cover, the Land and Investment Committee presents a report on Permanent University Fund investments for the fiscal year ended August 31, 1961. During the year, the Committee made periodic reports of purchases, sales, calls, and exchanges made for the Fund, all of which transactions were duly approved by the Board of Regents. The present report is intended to summarize the investment transactions for the fiscal year and to indicate the status of the Fund's portfolio as of August 31, 1961.

PERMANENT UNIVERSITY FUND--LAND MATTERS.--

LEASES AND EASEMENTS.--The Land and Investment Committee has given consideration to the following applications for various leases and easements on University Lands. All are at the standard rates, unless otherwise stated, are on the University's standard forms, with grazing leases carrying provision for renewal for an additional five years at negotiated terms. Payments for easements and caliche permits have been received in advance. All have been approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer. Approval of the applications and execution of the instrument involved by the Chairman of the Board or the Endowment Officer is recommended.

PERMANENT UNIVERSITY FUND - LAND MATTERS.--

MINERAL LEASE NO. 1, BIG SPRING BRINE PRODUCERS, INC. - TERMINATION OF LEASE.--The Board of Regents at its meeting of January 23, 1960 approved Mineral Lease No. 1 to Salt Water Sales, Inc. covering 2.27 acres in the SW/4 of the SW/4 of Section 1, Block 35, Ector County for a 5-year period, February 1, 1960 through January 31, 1965 at a royalty of \$0.02 per barrel or 12-1/2% of price at loading dock, whichever is greater, plus a minimum royalty of \$100 per month. There was delay in getting the instruments prepared and signed and the effective date of the lease, as executed, was made March 1, 1960, and the name of the lessor changed to Big Spring Brine Producers, Inc., the latter being ratified by the Board at its meeting of May 14, 1960. Minimum royalty for March, 1960 in the amount of \$100 was received but no further remittances were sent and no drilling or production was carried out under the contract.

Amendment to the contract to defer until production payment of royalty set out above and assignment to still another company was requested in May, 1960 but after full consideration by the University staff, the lessee was advised the assignment could be recommended to the Board, but not the amendment to the contract. The lease has never been activated and after negotiations with the present owners of the Company it is recommended that the lease be terminated as of June 30, 1960 after payment of \$300 by the lessor, which sum has been received, making the total amount received under the lease the minimum royalty for the period March 1, 1960 through June 30, 1960.

PROPOSED REVISION OF VARIOUS FORMS USED IN THE ADMINISTRATION OF PERMANENT UNIVERSITY FUND LANDS.--For some months, the staff has been studying revision of various forms used in the administration of the Permanent University Fund Lands. The premise has been to incorporate the desirable provisions in the various types of instruments in as clear and concise a form as possible. Few changes in substance have been made. The following, the first group now ready for submission to the Board, are attached to this docket; as well as copies of the forms currently being used.

1. Easement for Oil, Gas, and Water Pipe Lines.
2. Easement for Power, Telephone, and Telegraph Lines
3. Grazing Lease
4. Material Source Permit (Caliche, etc.)

It is recommended that, in line with past practice, these revised forms be approved by the Board of Regents.

REPORT ON TRUST AND SPECIAL FUNDS INVESTMENTS FOR THE FISCAL YEAR ENDED AUGUST 31, 1961.--Under separate bound cover, the Land and Investment Committee presents a report on Trust and Special Funds investments for the fiscal year ended August 31, 1961. During the year, the Committee made periodic reports of purchases, sales and other transactions for the various funds, all of which were duly approved by the Board of Regents. The present report is intended to provide a summary of the investments held for the various trust and special funds as of August 31, 1961.

TRUST AND SPECIAL FUNDS - REAL ESTATE MATTERS.--

M. D. ANDERSON HOSPITAL AND TUMOR INSTITUTE - GIFT FROM MRS. BLANCHE BENDER - RECOGNITION OF LEASE FROM MRS. BENDER ET AL TO SOCONY MOBIL OIL COMPANY, INC.--By deed dated February 25, 1950, Mrs. Blanche Bender of Houston conveyed to the M. D. Anderson Hospital and Tumor Institute 50 acres of land in Montgomery County, Texas, reserving all of the interest which she owned in the minerals during her lifetime. Mrs. Bender's interest in the minerals was an undivided one-fourth which will pass upon her death in fee simple to the Board of Regents for M. D. Anderson Hospital and Tumor Institute. In 1954, the Board of Regents ratified an oil, gas and other minerals lease made by Mrs. Bender covering this tract, acknowledging Mrs. Bender's right to receive during her lifetime all of the rents, royalties and bonuses under the lease. Mrs. Bender and her attorney have now requested that the Board of Regents recognize another lease dated September 26, 1961, from Mrs. Bender et al to Socony Mobil Oil Company, Inc. and acknowledge Mrs. Bender's rights to the rents, royalties and bonuses during her lifetime. It is requested that the Board of Regents so recognize this lease and authorize its Chairman to execute evidence of this recognition when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - REPORT OF ADVISORY COMMITTEE AND RECOMMENDATION REGARDING APPRAISALS.--The report of the Cotton Estate Advisory Committee, copies of which are being distributed to all members of the Board of Regents, is being studied by the staff, and recommendations as to action to be taken by the Board of Regents will be submitted in the near future. Meanwhile, in line with recommendations by the Advisory Committee for the sale of certain tracts in the Cotton Addition in El Paso, it is recommended that the staff be authorized to obtain a current appraisal of those certain tracts and also an appraisal of the grazing land in Hudspeth and Culberson Counties. Fees for the appraisals will be paid from Cotton Trust funds. *See Page 25*

HOGG FOUNDATION: VARNER PROPERTIES - RECOMMENDATION RE NOTE PAYABLE TO MISS IMA HOGG.--The principal consideration to be paid to Miss Ima Hogg by the Board of Regents as Trustee of the Hogg Foundation: W. C. Hogg Memorial Fund for her stock and notes of Varner Company acquired in 1952 was evidenced by a note in the amount of \$1,950,000 payable in semi-annual installments of \$50,000 each beginning January 1, 1953. The note bears no interest and does not provide for pre-payment. Present balance is \$1,050,000.

M-8110d

This is the only purchase money obligation still outstanding against the Varner properties and is responsible for the payment of Federal income taxes on unrelated business income from certain of the properties, depending on the leases in effect. From time to time, there has been discussion about the advisability of exploring with Miss Hogg the pre-payment of the entire note at a reasonable discount whenever cash might be available without liquidation of securities. With \$1,000,000 received just recently from the sale of the Walker Avenue property, it seems appropriate to bring the matter to the attention of the Board of Regents. It appears that Miss Hogg would prefer to leave the note to be paid according to its terms. The last payment would be made on January 1, 1972.

The Federal income taxes have been a significant factor in the past and amounted to \$23,412.24 for the fiscal year ended July 31, 1961. However, due in part to the sale of the Walker Avenue property, these taxes should decrease steadily during the remaining term of the note, and it is estimated that the total of such taxes from now until final payment on the note will be approximately \$76,500. If the note should be discounted at 5% for pre-payment in full, the amount to be paid to Miss Hogg would be approximately \$809,000.

It is recommended that the Board of Regents authorize the staff to make no efforts for pre-payment and to continue payment of the note according to its terms.

HOGG FOUNDATION: VARNER PROPERTIES - PROPOSAL FOR SUBROGATION OF LIEN ON PORTION OF PAPPAS BUILDING PROPERTY.--In 1954 the Board of Regents, as Trustee of the Hogg Foundation: Varner Properties, sold to Pappas Company, Inc. the property known as the Varner Building in Houston, fronting the entire block on Louisiana Street and extending back approximately 100 feet on Preston Avenue and on Prairie Avenue, for \$550,000, \$100,000 cash and \$450,000 payable in monthly installments over a term of 25 years with interest at 4% per annum for the first five years and 4½% per annum for the remaining 20 years. Monthly payments at \$2,376 for the first five years and \$2,478.67 for the remaining 20 years, including interest, are being made promptly. The present principal balance of the note is \$366,670.72.

M-8113

In 1959, Pappas Company, Inc., proposed that the Board of Regents subrogate its lien on the south part of the property amounting to about 10,200 square feet of ground and 22,000 square feet of floor space, out of total ground area of 26,000 square feet and floor area of 137,000 square feet, to enable them to finance the construction of a parking garage on this part of the property. It developed that the parking garage was not economically feasible, and the authorization given by the Board of Regents for subrogation was revoked on September 24, 1960.

The owners have done extensive remodeling on most of the property, except the south portion, at a cost of approximately \$300,000, according to their statements, and now have an 8-year lease proposal on the south portion for total gross rental of \$304,000. Cost of necessary improvements for the lease to be made will amount to approximately \$150,000, and Pappas Company, Inc., requests that the Board of Regents again authorize subrogation of its lien as to this portion of the property so that the improvements can be financed by means other than short-term bank loans. It is believed that the proposed improvements and occupancy will be of benefit to the entire property, and that the note held by the Board of Regents will be adequately secured after subrogation as to the south portion of the premises. Therefore, it is recommended that the Board of Regents authorize subrogation of its lien as to the south portion at the appropriate time when commitments for the lease and remodeling have been made.

HOGG FOUNDATION: VARNER PROPERTIES - LEASE OF MITCHELL PROPERTY AT CAPITOL AND FANNIN, HOUSTON, TEXAS, TO HOUSTON FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION.--The authorization by the Board of Regents on July 22, 1961, for a lease to be effective January 1, 1963, to Houston First Federal Savings and Loan Association on the Mitchell Property at Capitol and Fannin in Houston for a primary term of 25 years and an option in favor of the lessee for another 25 years directed that the option must be exercised by the lessee during the last year of the primary term and prior to the procedure for appraisal and agreement as to rental for the second 25 years. Rental, to be not less than \$60,000 annually, which is the rental during the primary term, for the second 25 years was to be determined by the appraisal procedures "both as to value of the property and as to return on value". Due in part to the difficulties of drawing a provision in the lease as to the "return on value" and also to the fact that \$60,000 minimum annual rental will be set in the lease, it is recommended that the Board of Regents authorize the substitution of a provision for the rental for the second 25 years to be a net return of 6% on the value. This is the rate used in arriving at the rental for the primary term of the lease and is agreeable with the lessee.

MAIN UNIVERSITY - BRACKENRIDGE TRACT - PROPOSALS FROM THE CITY OF AUSTIN.--The City of Austin proposes that the Board of Regents dedicate, for street and road purposes, a strip of land comprising 2.15 acres out of the tract of approximately 88 acres of Brackenridge Land lying west of the Colorado River. The roadway will run approximately 1700 feet on the Brackenridge Land in the form of an arc, will be 60 feet in width for approximately one-half that distance, widening to a width of 140 feet for the remaining distance, and will connect Stratford Drive with Red Bud Trail. Construction of this street is not yet included in authorized bond funds. The urgency for the City is the need for laying a 24-inch water line down this roadway to serve areas west of the River and allow removal of a water line which crosses the River around Deep Eddy so that dredging of the River

M-8020K
(new)

M-8020

can be accomplished according to plans. There will be no cash consideration paid by the City, but it is believed the street and the water line will more than offset damage to the University from the dedication of the strip of land.

The City has been in touch with the University, first in September, 1960, regarding plans for dredging the Colorado River from the Low Water Bridge at Red Bud Trail to the Low Water Bridge recently constructed down the River at the new power plant. The City wishes to widen and deepen the Colorado River in the area of the Brackenridge Tract to provide approximately 8500 square feet of flow area, or an approximate average of 500-foot width and 17-foot depth. This will, in the opinion of the City and Lower Colorado River Authority, provide additional flood protection and at the same time provide a more useful and attractive body of water for the City. The City has arranged with H. B. Zachry Company for the dredging with the City to receive a royalty of 10¢ per yard on material removed from the bed of the River. In order to accomplish this work, the City proposes to enter into a boundary agreement with the University, together with related conditions and agreements as may be determined by the attorneys, under which the Brackenridge Tract on the east side of the River can be removed in the dredging operation in order to afford the desired width and depth of the River. Approximately 4,600 feet of the Brackenridge Tract river frontage will be dredged out or cut back to a depth of approximately 17 feet, or to rock or clay, ranging from 0 back to a maximum of 130 feet from water's edge. Most of the ground involved is low riverbottom. The City first proposed to retain the royalty on the dredged material from the University's land but now agrees that the royalty of 10¢ per yard will be paid to the University, or, in lieu of royalty, the University may be able to arrange for stockpiling some of the better dirt for its own use. No accurate estimate of total royalty to be received is presently available, but it appears it may run upwards of \$20,000.

~~It is recommended that the Board of Regents accept both proposals from the City of Austin and authorize its Chairman to execute the appropriate instruments when approved as to form by the Land and Trust Attorney and as to content by the Comptroller and the Endowment Officer.~~

MAIN UNIVERSITY - BRACKENRIDGE TRACT - APPROVAL OF ADDITIONAL IMPROVEMENTS TO BOAT TOWN FACILITIES.--The current lease running from July 1, 1959, to December 31, 1969, on the boat dock facilities on Lake Austin was made to W. W. Bennett and then assigned to Twin Star Industries and then to J. H. Frost, Jr., who is doing business as Boat Town of Texas, all with approval of the Board of Regents, and the lease provides that additional improvements or significant alterations will be approved by the Board of Regents. Mr. Frost now wishes to construct at his own expense additional shop space to consist of a pre-fabricated sheet metal building approximately 30 x 75 feet to contain a monorail with electric hoists. All of the improvements except for hoists and motors will remain on the property at the expiration of the lease. Cost will be approximately \$13,500 for the building and equipment. It is recommended that the Board of Regents approve this installation and authorize its Chairman to execute an appropriate instrument when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer. Further, certain improvements have been made in addition to those required or authorized in the lease, with approval of the University staff, part of which have been in lieu of some of the minor improvements required under the lease. It is recommended that appropriate approval of these improvements and repairs be included in the same instrument.

HOGG FOUNDATION: W. C. HOGG MEMORIAL FUND - RE CONVEYANCE OF CERTAIN INTERESTS IN WEST COLUMBIA FIELD TO MISS IMA HOGG TO CLEAR TITLE.-- In her deed dated February 26, 1958, to the Board of Regents as Trustee of the Hogg Foundation: W. C. Hogg Memorial Fund covering certain mineral and royalty interests in the West Columbia Field, Brazoria County, Miss Ima Hogg reserved her interest as to all minerals below the bases of the deepest subsurface strata then producing. By agreement dated March 16, 1960, the Board

M-8103

of Regents and Miss Hogg set out the deepest producing stratum, as of the effective date of the deed, as to each of the 13 tracts covered by the deed. That agreement recites, as had been determined by that time, that there was no production, at effective date of the deed, or since, on Tracts 11, 12, and 13. Two of these tracts comprise 5 acres each, and the other amounts to one-half acre. Mrs. Hanszen and Miss Hogg now have a lease proposal on one of these tracts, and it has been pointed out that it would be of advantage for the record if the Board of Regents would re-convey to Miss Hogg by appropriate instrument the interest in each of the three non-producing tracts included in the 1958 deed due to a misunderstanding as to the status of those tracts at that time. It is recommended that the Board of Regents authorize its Chairman to execute the appropriate instrument when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

~~MAIN UNIVERSITY - PROPOSAL FOR SALE OF ROSWELL STANDISH NOTHWANG PROPERTY AT 1106 TAYLOR STREET, AUSTIN, TEXAS, AND RECOMMENDATION REGARDING USE OF THE FUND.--A report on the bequest to the University, "without stipulation of any kind", by the late Roswell Standish Nothwang of his residue estate and receipt of \$6,000 from the Executor was given the Board of Regents on July 22, and the Board authorized sale of the property at 1106 Taylor Street in Austin for not less than \$3,000. The property has been listed since that time with a responsible real estate agent in Austin who has devoted good efforts to obtaining \$3,000 or more for the property. Though there have been numerous inquiries and showings of the property, no offer in that range has been received. An offer of \$2,650 cash has now been received from R. B. Campbell, out of which commission of 6%, cost of title policy, and miscellaneous expenses will be paid by the University. Though an independent appraisal gave the property a value of \$3,300, it is believed that the market for this type of property is very limited and has been fully explored. The property has been vacant nearly 2 years. It is recommended that the Board of Regents accept Mr. Campbell's offer and authorize its Chairman to execute the contract of sale and later the deed when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.~~

~~Dr. Ransom suggests that the proceeds from the Nothwang Estate be invested in an endowment account with the income to be used to support the publication of creative writing by students in the Department of English, and it is recommended that the Board of Regents authorize this use.~~

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - ASSIGNMENT OF E.H. KNOPF LEASE TO UTILITY TRAILER SOUTHWEST SALES COMPANY.--Mr. E. H. Knopf of El Paso holds a lease from the Board of Regents for 20 years from June 1, 1952, to May 31, 1972, on approximately 1.987 acres of the Frank B. Cotton Trust property in the Cotton Addition in El Paso at rental of \$175 per month and wishes to assign the lease to Utility Trailer Southwest Sales Company. The lease requires that the Board of Regents approve any assignment of the lease and further provides that in the event of such an assignment Mr. Knopf will continue to be responsible for the lessee's obligations. It is recommended that the assignment be approved, and that the Chairman of the Board of Regents be authorized to execute the appropriate instrument when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - PROPOSAL FROM UNION CARBIDE CORPORATION FOR PURCHASE OF APPROXIMATELY 450 ACRES, H. B. LITTLEFIELD SURVEY, GALVESTON COUNTY, TEXAS.--The Archer M. Huntington Museum Fund was created by gift from Mr. Huntington in 1927 of approximately 4,300 acres of land in the H. B. Littlefield Survey and the S. C. Bundick League in Galveston County "for the use and benefits of a museum, which it is contemplated by said Board of Regents is to be established in connection with said University of Texas." Beginning in 1941, the Board of Regents has sold in 9 separate sales approximately 716 acres, at prices ranging from \$50 to \$2,000 per acre, depending on location and size of tracts, for a total of \$417,040. These sales proceeds, surface lease rentals, oil and gas lease bonuses and rentals, and income from investment of principal and income funds,

*new
M-8151
M-8152*

all in U. S. Treasury Bonds, account for present holdings of cash and bonds in the amount of \$837,000. The Board of Regents has appropriated \$671,400 from this Fund for the construction, in conjunction with the new Art Building, of the first unit of the Archer M. Huntington Museum. Of this amount, payments of \$26,500 have already been made, leaving a balance of \$644,900 yet to be transferred from the Fund.

The remaining acreage, though not surveyed on the ground, amounts to approximately 3,550 acres and is carried on the University's books at about \$23,000. This remaining acreage extends generally from the principal industrial area of Texas City south to Virginia Point in Galveston Bay, and practically all of it is now included in the corporate limits of Texas City.

The last sale was made in March, 1957. In November, 1958, the Land and Investment Committee considered an offer amounting to approximately \$760 an acre on 270 acres just south of the Texas City Industrial Barge Canal, but not adjoining the canal, and instructed the staff to notify the offering parties that the Board of Regents would accept \$2,000 per acre. This counter offer was declined. In considering that offer, the Land and Investment Committee expressed the opinion that future sales of the land should be made in comparatively large tracts to industrial users, and that sales of smaller tracts should be made only at prices considered definitely attractive.

Following earlier discussions with their representatives, the University has received by telephone on November 14, to be confirmed by letter, a proposal from Union Carbide Corporation for purchase of approximately 450 acres out of the H. B. Littlefield Survey at \$1,500 per acre for 200 acres held under lease by Carbide and \$600 per acre for an unsurveyed tract estimated to contain approximately 250 acres extending eastward to Galveston Bay from the leased tract. All minerals would be retained by the University, subject to some mutually satisfactory restriction of drilling sites. Total consideration, all cash, would be approximately \$450,000, depending on survey. The proposal includes the 270 acres, part at \$1,500 and part at \$600, on which offer was received from other parties and counter offer made in 1958.

The lease mentioned above to Union Carbide Corporation is for 50 years from July 1, 1952, at fixed annual rental of \$4,000 throughout the term. The purpose of residue deposit is recited, and contemplated use of the 200 acres in 10 separate tracts is outlined. As each tract is filled by residue to a height of 8 feet above sea level, from original elevations of 3 to 5 feet, it is to be topped with 1 foot of soil and released to the University without reduction in rental. The first of these tracts should be finished off and returned to the University within the next year. Thereafter, the tracts might be finished and returned to the University at the rate of one every 3 or 4 years.

A current appraisal shows a value for the entire 450 acres, surface only and without consideration of the lease held by Carbide, of \$800 per acre. The same appraiser gave a value of \$750 per acre in 1953. Three appraisers acting jointly gave a value of \$500 per acre in 1955.

The area not under Carbide's lease is largely coastal marsh land with maximum elevation of 2.5 to 3.5 feet. None of the 450 acres is on deep water or on the barge canal, but the tract is the nearest to these facilities of any of the Huntington land still owned by the University.

The acreage under consideration is covered by an oil, gas, and mineral lease dated December 27, 1960, and it appears that some reasonable drilling site agreement with the lessee, The British-American Oil Producing Company, would be necessary in order for a sale to be made to Union Carbide Corporation.

~~It is recommended that the offer of Union Carbide Corporation be declined to the extent that the Board agree to sell the 200-acre leased area to them at \$1,500 per acre and the unsurveyed tract of approximately 250 acres at \$800 per acre, subject to acceptance by Carbide on or before December 20, 1961.~~

GRANT FROM JOHN Q. GAINES FOUNDATION FOR CANCER RESEARCH

The John Q. Gaines Foundation for Cancer Research is a current restricted fund administered through Central Administration. The Chancellor has approved a grant of \$1,900 from this fund to support a research project to be conducted by Dr. A. Clark Griffin entitled, "Effect of Nucleic Acid Preparations in Modifying Behavior of Malignant Cells." This project has been approved by the M. D. Anderson Hospital and Tumor Institute research grant committee and is within the spirit of terms of the gift. The funds are to be used in connection with other current projects of Dr. Griffin's and may provide the basis for a major grant request from either the Public Health Service or the American Cancer Society. There is no time limit on the grant.

GIFTS

The following gifts have been received and accepted for the purposes noted:

1. Gift of George Barker Collection by Mr. Oscar Williams, 35 Water Street, New York 4, New York. This collection contains manuscripts, first editions, autographed editions, letters, a large oil painting of George Barker done in 1941 by Gene Derwood, whose paintings of Dylan Thomas are now at Harvard, Indiana State, and New York University, and other memorabilia. The collection is valued at approximately \$2,000 and will be added to the Main University's growing library on twentieth-century literature.
2. Gift from former Regent D. K. Woodward, Jr., 4315 Glenwood Avenue, Dallas 5, Texas, of twelve shares of common capital stock of Republic Natural Gas Company valued at \$534. The gift is unrestricted and is to be used for developmental purposes, supporting Development Board activities, at the discretion of the Chancellor. The stock is to be sold through the Endowment Office and the proceeds from the sale will be deposited in the "Various Donors-Variou Purposes" account of the Chancellor's Office.

Sincerely yours,

Harry Ransom
Chancellor

USE OF TEXTBOOKS WRITTEN BY FACULTY MEMBERS: I recommend approval of the use of the following textbooks written by members of the faculty:

1. Active German, First Semester, by W. P. Lehmann, Helmut Rehder, and G. Schulz-Behrend, published by Holt, which sells for \$4.00 with 17% royalty to authors. M-174
2. Active German Reader, by W. Winter, I. Winter, and L. Shaw, published by Holt, which sells for \$1.60 with 12% royalty to authors.
3. Review and Progress in German, by W. P. Lehmann, H. Rehder, L. R. Shaw, and S. N. Werbow, published by Holt, which sells for \$4.00 with 15% royalty to authors.

OUTSIDE DUTIES: I recommend that the staff members listed be permitted to undertake the outside duties outlined below, the work to be performed so as not to interfere with University assignments, and otherwise to conform to regulations of Regents. M-175

1. Mr. Kenneth H. Jehn, Associate Professor of Aero-Space Engineering (Meteorology), to continue consulting activities in his professional speciality, the time so spent not to exceed approximately ten hours per week.
2. Mr. Phil M. Ferguson, Professor of Civil Engineering, to assist engineers and industrial organizations in a consulting capacity, each individual project to be approved by the departmental chairman and the Dean of Engineering, and the fee to be in line with the professional practice of engineering.
3. Mr. J. Clifton Williams, Associate Professor of Music, to accept a fee, plus a per diem and hotel expenses, while touring with the San Antonio Symphony Orchestra in the dual capacity of Guest Conductor and French horn player.

MILITARY LEAVE: I recommend that military leave for Mr. Greer S. Garrett, Research Scientist IV, Military Physics Research Laboratory, be approved for the period September 3 - 17, 1961. (418)

RESEARCH CONTRACTS: The following contracts and amendments have been negotiated by the Office of Government Sponsored Research and have been signed by the Vice-President and/or President upon the recommendation of the appropriate Technical Director, the Director of the Office of Government Sponsored Research, and the Business Manager. I recommend your approval and ratification of signatures.

1. Modification No. 9, Change Order to Contract AF 33(616)-3985, by which the Department of the Air Force, Air Force Systems Command, Aeronautical Systems Division, substitutes a new security requirements check list. The research was performed in the Military Physics Research Laboratory under the direction of A. E. Lockenvitz, Professor of Physics.

2. Modification No. 4, Change Order to Contract AF 33(616)-6429, by which the Department of the Air Force, Air Force Systems Command, Aeronautical Systems Division, Wright-Patterson Air Force Base, Ohio, changes the security classification of certain technical reports produced under the contract. The dynamic testing of the MG-13 fire control system was performed in the Military Physics Research Laboratory under the direction of A. E. Lockenvitz, Professor of Physics.

M-307 g v

3. Modification No. 6, Supplemental Agreement to Contract DA 19-129-QM-1383, by which the Department of the Army, Quartermaster Research and Engineering Command, Quartermaster Research and Engineering Center, Natick, Massachusetts, adds the sum of \$37,867.50 to the contract funds and extends the period of the contract through September 30, 1962. The research on impact determinations continues in the Structural Mechanics Research Laboratory under the direction of J. Neils Thompson, Professor of Civil Engineering.

M-311h

4. Basic Contract Nonr-3579(00), by which the Department of the Navy, Office of Naval Research, Washington, D. C., has negotiated a set of General Provisions which may be incorporated in future contracts between the Office of Naval Research and the University. The contract is effective September 1, 1961.

M-346 v.2

5. Contract Nonr-3579(01), by which the Department of the Navy, Office of Naval Research, Washington, D. C., provides \$175,000.00 for certain underwater studies. The contract is effective for the period September 1, 1961 through October 31, 1962, and the research will be performed in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics.

6. Modification No. 6, Change Order to Contract NObs-77033, by which the Department of the Navy, Bureau of Ships, Washington, D. C., extends the period of the contract from September 30, 1961, until such time as all of the funds have been expended. The research and development of a prototype model of an acoustic attenuator continues in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics.

M-346m

7. Contract NObs-86165, by which the Department of the Navy, Bureau of Ships, Washington, D. C., provides \$63,000.00 for the development of acoustic filters for piping systems. The contract is effective for the period October 1, 1961 through September 30, 1962, and the research will be performed in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics.

M-346m.1

8. Modification No. 1, Change Order to Contract NObs-86165, by which the Department of the Navy, Bureau of Ships, Washington, D. C., adds to the Reimbursement Clause of the contract provision for the amortization of Building 11 at the Defense Research Laboratory. The change order also corrects the overhead figure from 35.5% to 31%. The 35.5% figure was erroneously inserted in the contract. The development of acoustic filters for piping systems continues in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics. *M-346m.1*
9. Modification No. 13, Supplemental Agreement to Contract NOrd-16498, by which the Department of the Navy, Bureau of Naval Weapons, Washington, D. C., extends the period of the contract through September 30, 1962, and adds \$509,000.00 to the contract funds. The studies related to missiles continue in the Defense Research Laboratory under the direction of Dr. C. P. Boner, Professor of Physics.
10. Modification No. 8, Supplemental Agreement to Contract AT-(40-1)-1649, by which the United States Atomic Energy Commission, Oak Ridge, Tennessee, adds \$7,000.00 to the contract funds and extends the period of the contract through September 30, 1962. The study of genetic and biochemical effects of radiation on bacteria continues under the direction of Dr. Orville Wyss, Professor of Bacteriology. *M-324e*
11. Modification No. 3, Supplemental Agreement to Contract AT-(40-1)-2458, by which the United States Atomic Energy Commission, Oak Ridge, Tennessee, adds the sum of \$10,498.00 to the contract funds and extends the period of the contract through September 14, 1962. The research on mass transfer in immiscible systems continues under the direction of Dr. David M. Himmelblau, Associate Professor of Chemical Engineering. *M-324j*
12. Grant NSF-G19668, by which the National Science Foundation, Washington, D. C., provides \$16,900.00 for support of research entitled "Histone Synthesis and Role of Histones in Cell Division and Cell Development." The grant is effective for the period November 1, 1961 through October 31, 1962, and the research will be performed under the direction of Dr. David P. Bloch, Associate Professor of Botany. *M-341x.18*
13. Grant NSF-G19893, by which the National Science Foundation, Washington, D. C., provides \$20,300.00 for support of research entitled "Surface Tension Gradients and the Dynamics of an Interface." The grant is effective for the period October 1, 1961 through September 30, 1964, and the research will be performed under the direction of Dr. Robert S. Schechter, Associate Professor of Chemical Engineering. *M-341x.19*
14. Grant NSF-G19898, by which the National Science Foundation, Washington, D. C., provides \$200,000.00 for the support of construction of research laboratories in engineering materials-science, under the direction of Dean Hagerty, College of Engineering. The grant, dated October 14, 1961, is effective for a period of approximately two years.
15. Grant NSF-G19979, by which the National Science Foundation, Washington, D. C., provides \$10,000.00 for support of research entitled "Design Study of a Large Millimeter Wave Antenna." The grant is effective for the period November 1, 1961 through October 31, 1962, and the research will be performed under the direction of Charles W. Tolbert, Electrical Engineering Research Laboratory. *M-341x.20*

CONTRACTS: The following contracts have been signed at Main University by the official indicated. I recommend approval and ratification of signature:

1. Contract AF 33(608)748 with the Institute of Technology, Air University, Wright-Patterson AFB, Ohio, signed by President J. R. Smiley, whereby the Hogg Foundation for Mental Health will give two graduate seminars on "Counseling in Human Factors" to a maximum of thirty students, all United States Air Force Chaplains, at each seminar. The first seminar will run from January 8 to February 2, 1962, the second from April 30 to May 25, 1962, and the total cost for both seminars will be \$9,085. M-3069
2. Interagency Contract No. 4413-610 with the Texas Department of Public Safety, signed by Vice-President and Provost Norman Hackerman, and Business Manager G. W. Landrum, whereby during the period October 11 - November 15, 1961, the University will conduct supervisory training courses and provide materials therefor for not to exceed 30 enrollees at a rate of \$7.50 per enrollee, the maximum payment not to exceed \$225. M-5896
3. Interagency Contract No. 4413-612 with Del Mar College, Corpus Christi, Texas, signed by President J. R. Smiley, whereby during the biennium 1961-63 Del Mar College will provide teachers for instruction in junior-year music courses offered by the University through its Extension Division, for which Del Mar will receive \$7.50 out of each \$10.00 per credit hour received in fees, total payment for the biennium not to exceed \$5,500. M-5880
4. Interagency Contract No. 4413-613 with East Texas State College, signed by Vice-President and Provost Norman Hackerman, whereby during the period October 3, 1961 - August 31, 1962, the University will furnish visual instructional films and other instructional aids, charges to be made in accordance with those set forth in University catalogue "Educational Motion Pictures" and publications by the Visual Instruction Bureau, the total amount of payments for the period not to exceed \$5,000. M-593
5. Interagency Contract No. 4413-614 with Texas Central Education Agency, signed by President J. R. Smiley and Business Manager G. W. Landrum, whereby the Agency through the Texas School for the Deaf will provide professional services to teach 2 three-hour classes each semester at the University and to serve as advisor to the cooperative program for the training of teachers of the deaf, the University to reimburse the Texas School for the Deaf through the Agency not to exceed the sum of \$1,900. The period of the contract is September 21, 1961 through June 1, 1962. M-598

EXCEPTIONS TO NEPOTISM REGULATIONS: The following action in regard to nepotism has been taken and is reported pursuant to the authorization of Sec. 5.34, Part One, Chapter III, Rules and Regulations of the Board of Regents:

1. By "no protest" procedure, the Administrative Council on October 24, 1961, approved the continued employment of Mrs. Elinor Warner Duff, and her husband, Mr. Bob Milton Duff. Mr. Duff is a Research Scientist V in the Defense Research Laboratory, in which laboratory he has been employed since September 19, 1952. Mrs. Duff is Assistant Professor of Music and has been so employed since February 1, 1961. Their marriage took place August 18, 1961, and both Captain Krick of the Defense Research Laboratory and Dean Doty of the Department of Music, recommended this exception. M-192

The following waiver is requested pursuant to Sec. 5.43, Part One, Chapter III, Rules and Regulations of the Board of Regents:

EXCEPTIONS TO NEPOTISM REGULATIONS (continued)

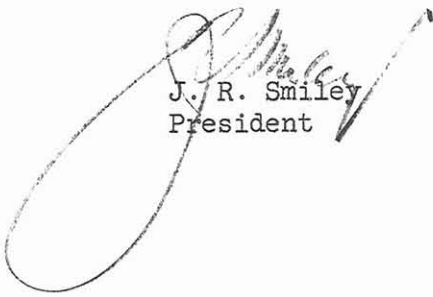

2. By "no-protest" procedure, the Administrative Council on October 24, 1961, approved the employment of Mrs. Patricia Lee Lunneborg as a one-third time Special Instructor in the Department of Psychology. Her husband is employed in the Testing and Counseling Bureau, two-thirds time, and in the Department of Psychology as Assistant Professor on a one-third time basis. Additional staff was needed in the Department of Psychology and Dr. Blodgett, Chairman, feels that Mrs. Lunneborg is better qualified to handle the assignment than anyone available among his present graduate students.

SPECIAL FIELD COURSE FEE: I recommend approval of the following fee requested by Miss Billye J. Brown, Associate Professor of Nursing:

A special field course fee for transportation in the amount of \$4.00 to be charged to students enrolled in the course Nursing 308 in the Second Semester of the 1961-62 Long Session. M-4002

According to Miss Brown, the course includes an average of eight field trips to various health facilities in the Austin area which are not reasonably accessible to the students through ordinary transportation facilities. An arrangement was worked out with Balcones Research Center during the past year for the use of a bus in transporting the students, and the collection of the requested fee will expedite future payments for transportation facilities.

Sincerely yours,

J. R. Smiley

Austin 12, Texas

Dear Dr. Ransom:

The following docket is submitted for your approval and presentation to the Board of Regents at its meeting in Austin on December 1-2, 1961:

SUSPENSION OF NEPOTISM RULE

Acting under authority granted in The Rules and Regulations of the Board of Regents for the Government of The University of Texas (Part One, Para. 5.43, Page 23) and upon the affirmative advice from the Administrative Council, I have suspended the regulations relating to the appointment of Jean Miculka, Instructor, one-half time, in the Department of Drama and Speech for the 1961 Fall Semester. She is the wife of Vladik A. Miculka, Assistant Professor in the Department of Mathematics and Physics. T-5b

BUSINESS CONTRACT ITEMS

The following contract has been executed on behalf of Texas Western College: A contract with C. and G. Roofing Company, 5431 Frutas Avenue, El Paso, Texas, to replace certain areas of the roofs on Magoffin Auditorium, Cotton Memorial Building, and the Student Union Building. Invitations to bid and specifications were furnished to four roofing contractors. All four submitted bids. C. and G. Roofing Company was low with a bid of \$2,690.00. Of this amount, \$1,790.00 will be paid from the Educational and General Budget and \$900.00 from the Auxiliary Enterprises Budget. I recommend ratification of this contract.

ANTARCTIC RESEARCH PROGRAM

Texas Western College was awarded a grant, effective August 1, 1961, of approximately \$125,000.00 by the National Science Foundation to carry out meteorological rocket probes of the upper atmosphere in the Antarctic. The program is under the general supervision of Professor Thomas G. Barnes, Director of the Schellenger Research Laboratory. Three members of the Schellenger Laboratory staff will leave El Paso on November 16, 1961, to spend from twelve to fifteen months in the Antarctic on "Operation Deep Freeze". Mr. James F. Bettel, Electrical Engineer, will be in charge of the operation. He will be accompanied by Raymond S. Briggs, Research Engineer, and Ralph A. Rotolante, Field Assistant.

GIFTS

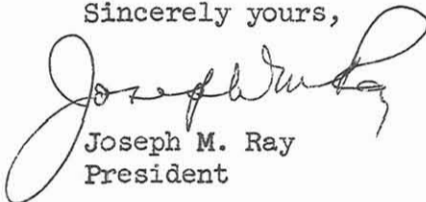

The following gifts have been received by Texas Western College. I recommend that the Board accept the gifts and that the thanks and appreciation of the Board be sent the donors by the secretary. In the case of scholarships where the recipient is designated, it has been determined that the donor is a public or charitable institution and that the donation does not constitute an evasion of taxes.

1. Standard Oil Company of Texas, Mr. M. P. Paret, Jr., 6501 Trowbridge, El Paso, Texas, has given a check for \$150.00 for a scholarship for the fiscal year 1961-62. The gift is a renewal of a scholarship previously docketed and may be used for a student majoring in Education to be selected by the Chairman of the Department of Education and approved by the Scholarship Committee of Texas Western College. Deposited to Current Restricted Funds Account 6540 - Standard Oil Company of Texas.

GIFTS (CONTINUED)

- ✓ 2. American Metal Climax Foundation, Mr. John Payne, Jr., Vice-President, 1270 Avenue of the Americas, New York 20, N. Y., has given a check for \$750.00 for the use of the Department of Mining and Metallurgy, without a time limitation. Deposited to Current Restricted Funds Account 5505 - American Metal Climax Foundation.
- ✓ 3. Food Mart, Inc., Mr. Gordon Foster, President, El Paso, Texas, has given a check for \$150.00 for a scholarship for the fiscal year 1961-62. This is a new gift to be used for a student majoring in Education to be selected by the Department of Education and approved by the Scholarship Committee of Texas Western College. Deposited to Current Restricted Funds Account 6205 - Food Mart, Inc.
4. Worthington Corporation, Mr. P. A. Alers, Manager, 303 North Oregon Street, El Paso, Texas, has given a M-40A Base-Mounted Compressor with constant pressure control and Multi-V-Drive to our Department of Mining and Metallurgy. This Compressor, which has an estimated value of \$3,340.00, will be added to our Mining and Metallurgy Department and become the permanent property of Texas Western College.

Sincerely yours,

Joseph M. Ray

Dr. Harry H. Ransom
Chancellor
The University of Texas
Austin 12, Texas

Dear Dr. Ransom:

The following docket is submitted for your approval and submission to the Board of Regents at its meeting in Austin on December 1-2, 1961:

THE JAMES W. MCLAUGHLIN FELLOWSHIP FUND: On recommendation of the Medical Branch McLaughlin Committee for the James W. McLaughlin Fellowship Fund, I recommend your approval of the following recommendations:

M-8180c

1. Extend Medical Student Fellowships to Seng K. Ooi, Ramiro A. Pena, and Clarence E. Skrovan, for the period September 15, 1961 through June 15, 1962, at a stipend (subject to income tax regulations) of \$2.50 per hour for a total of 50 hours per month maximum.
2. Award a Faculty Fellowship in the amount of \$2,451.00, for the period October 1, 1961 through December 31, 1961, to Dr. Mary Ellen Haggard, Associate Professor of Pediatrics. Dr. Haggard has been granted a leave of absence, for the period October 1, 1961 through December 31, 1961, without salary, in order that she may complete her studies at the Children's Medical Center in Boston under the direction of Dr. Louis Diamond, Professor of Pediatrics at Harvard Medical School. Dr. Diamond is a preeminent World Authority on blood dyscrasias of children.
3. Amend Article 16 of the Terms and Conditions of The James W. McLaughlin Fellowship Fund to include:

F. CLINICAL PART TIME RESEARCH FELLOWSHIPS. These fellowships shall be offered to physicians who are Residents at The University of Texas Medical Branch Hospitals, and who, in the opinion of their Sponsor and of the Committee, should be encouraged to pursue original research in infection and immunity because of their exceptional qualifications. The Sponsor shall be a full-time member of the Faculty of the Medical Branch, holding the rank of Assistant Professor or higher.

The duration of these fellowships shall be one year, subject to conditions stated below. Application for renewal will be considered annually for no more than two additional years. It is expected of the Fellow that he will devote one full day or the equivalent per week exclusively to research in infection and immunity. The stipend shall be one third of that awarded to full time Predoctoral Fellows, but shall include no allowances for dependents, travel or other expenses, except a modest award for supplies required in the course of the research when this is specifically requested at the time of application for a fellowship. In no case shall this award for supplies exceed forty percent of the stipend. The stipend shall not take the place of stipends normally paid the Resident, but shall be in addition thereto. Stipends are granted subject to the tax regulations that are applicable.

The Committee will regard favorably applications by Fellows and their Sponsors for reasonable allowances to cover travel expenses to scientific meetings for the purpose of presenting the results of the Fellows' research. No Fellow shall be eligible to receive more than one such travel award during the entire tenure of his fellowship.

In no fiscal year shall the combined expenses for stipends under this program exceed those for one full time predoctoral fellowship, exclusive of other allowances for which full time Fellows may be eligible. The Committee shall have the prerogative to recommend discontinuance of any fellowship at any time if, in its opinion, the aims of the program are not met. Failure to submit progress reports as required, or submission of unsatisfactory reports, or submission of reports indicating deficiencies in the progress or merits of the research of the Fellow, shall be considered sufficient cause for discontinuance of further support.

The policy with regard to progress reports in the case of these fellowships shall differ from that stated in the Terms and Conditions for other fellowship classifications, in that reports shall be required at six month intervals even when application for renewal is made. However, no report need accompany the application for renewal, and the new award shall not be activated until the appropriate progress report has been filed with and approved by the Committee. Reports may be brief, but should be a summation of all the significant research carried out by the Fellow, and should be presented in sufficient detail to permit the Committee to assess the progress and merits of the Fellow's research.

Applications for these fellowships may be made at any time, but in any case not later than three months before the requested date of activation of the fellowship. Applications shall follow the general form employed in applications for Postdoctoral Fellowships. They must include a description of planned research in sufficient detail to permit the Committee to assess its merits, and a statement regarding the length of time the Resident anticipates remaining at the Medical Branch in that capacity. The Committee shall, in consultation with the Sponsor where necessary, decide whether the available time is adequate for the proposed research project.

USE OF TEXTBOOKS WRITTEN BY FACULTY MEMBERS: Approval is requested to use the following textbooks, notebooks, manuals, and other similar material prepared by the faculty members for sale to the students during the year 1961-62, with no royalty to the authors unless indicated: MB-42

1. Laboratory Guides, written by members of the Department of Anatomy, mimeographed by the Department, which sells for \$4.00 (\$2.00 each semester).
2. Bacteriology and Medical Zoology Laboratory Guide, written by members of the Department of Microbiology, printed at the Medical Branch Print Shop, which sells for \$2.75.
3. Booklet of History and Examination Outlines, written by members of the Department of Neurology and Psychiatry, printed at The University of Texas, Printing Division, Austin, Texas, and furnished without charge to medical students.
4. Principles of Pathology, written by Howard C. Hopps, M.D., Professor and Chairman of the Department of Pathology, published by Appleton-Century-Crofts, Inc., which sells for \$6.75 with 10% royalty to the author.
5. Techniques Manual, written by members of the Department of Physiology, printed by the Medical Branch Print Shop, which sells for \$3.00.
6. Laboratory Manual of Medical Statistics, written by J. Allen Scott, Professor of the Department of Preventive Medicine and Public Health, mimeographed by members of the Department, and furnished without charge to medical students.
7. Radiology of the Heart and Great Vessels, written by Robert N. Cooley, M.D., Professor and Chairman of the Department of Radiology, and Robert D.

Sloan, M.D., published by The Williams and Wilkins Company, Baltimore, Maryland, which sells for \$12.00 with 10% royalty (of wholesale price) to the authors. This book is not on the required list of texts, but it is occasionally used by the students.

APPOINTMENTS FOR MEMBERSHIP TO THE MEDICAL STAFF OF THE UNIVERSITY OF TEXAS MEDICAL BRANCH HOSPITALS: On recommendation of the Executive Committee of the Medical Staff in accordance with Article II, Section 5, Paragraph (d), of the Bylaws of the Medical Staff, I recommend your approval of the following appointments:

1. Henry L. Burks, M.D., Associate Professor, Psychiatry, full-time, for Associate membership. MB-45
2. James J. Leonard, M.D., Associate Professor, Internal Medicine, full-time, for active membership.
3. William J. deGroot, M.D., Instructor, Internal Medicine, full-time, for associate membership.

SALE TO EMPLOYEE: I recommend that Mr. Ralph F. Pierce, Superintendent of Buildings and Grounds Maintenance, be given permission to purchase a 1957 Chevrolet Sedan, operated by the Department of Preventive Medicine and Public Health, for \$426.54. Of the five bids received, this was the highest.

GOVERNMENT CONTRACTS AND GRANTS: The following contracts and grants have been negotiated by the Business Manager and Comptroller of Hospitals, and have been signed by the Executive Dean and Director upon the recommendation of the academic director and the Business Manager and Comptroller of Hospitals, and approved by the Comptroller and Chancellor.
