THE UNIVERSITY OF TEXAS
Office of the Chancellor

February 2, 1966

TO THE HONORABLE BOARD OF REGENTS
OF THE UNIVERSITY OF TEXAS

Mrs. Johnson and Gentlemen:

The dockets prepared by the component institutions listed below are herewith submitted with my recommendation for ratification or approval, as appropriate, at the meeting of the Board of Regents in Austin on February 25 - 26, 1966.

Main University
Texas Western College
Arlington State College
Medical Branch
Dental Branch

M. D. Anderson Hospital and Tumor
Institute
South Texas Medical School
Southwestern Medical School
Graduate School of Biomedical Sciences--
Division of Continuing Education

The Graduate School of Biomedical Sciences does not have a docket for this meeting.

Listed below are Central Administration items which I recommend for the Board's ratification or approval.

GIFTS

The following gifts have been received. Approval of the Board of Regents is recommended

| <u>Donor</u> | <u>Terms and Conditions</u> | <u>Amount</u> |
|---|--|---------------|
| 1. Ida Fay Cowden Foundation c/o Mr. Wright E. Cowden Midland National Bank Bldg. Midland, Texas | Unrestricted | \$ 500.00 |
| 2. Joe M. Dealey The Dallas Morning News Young and Houston Streets Dallas, Texas | One-tenth of pledge to Chancellor's Council | 1,000.00 |
| 3. Honeywell Fund P. O. Box 524 Minneapolis, Minnesota | Unrestricted (to match gifts of employees) | 15.00 |
| 4. Richard Wade McKinney P. O. Box 8 Nacogdoches, Texas | Chancellor's Council | 10,000.00 |
| 5. The Petroleum Publishing Co. Tulsa, Oklahoma | Contribution to Chancellor's Council | 900.00 |

Gift items designated above as "Unrestricted" have been deposited to Account No. 55-0210-0900, Various Donors, Various Purposes. Gift items designated for "Chancellor's Council" have been deposited to Account No. 55-0210-0030.

RECOMMENDED AMENDMENTS TO THE 1965-66 CENTRAL ADMINISTRATION BUDGET:

Office of the Board of Regents

1. Transfer \$307 from Central Administration Unallocated Account to the Classified Personnel Salaries Account to provide funds for adjusting two secretarial salaries to the approved pay plan minimums for these positions. (RBC 64 and 66) ^X

OTHER FISCAL ITEMS

Lapses of Balances in Accounts at Southwestern Medical School *700*

1. Since construction has been completed on the Skillern Student Union Building at Southwestern Medical School, it is recommended that the balances in the construction and architectural fees accounts as given below be lapsed to Account No. 85-9401-0000 - Southwestern Medical School - Skillern Student Union Building Fund in order that the money may be used to purchase certain equipment for the building as authorized by the Board:

| | |
|---|------------|
| Account No. 85-9401-0100 - Southwestern Medical School - Skillern Student Union Building - Consulting Architect's Fees - Jessen, Jessen, Millhouse, and Greeven | \$ 74.73 |
| Account No. 85-9401-0110 - Southwestern Medical School - Skillern Student Union Building - Associate Architect's Fees - Fisher and Spillman | \$ 373.64 |
| Account No. 85-9401-0120 - Southwestern Medical School - Skillern Student Union Building - General Contract - Hyatt Cheek, Builders-Engineers Company | \$7,472.75 |

It is further recommended that the unused balances as shown below in the accounts for a Parking Lot near Skillern Student Union Building be lapsed back to the source from which the appropriation was made for the parking lot, namely, Current Restricted Funds of Southwestern Medical School:

| | |
|--|------------|
| Account No. 85-9403-0099 - Southwestern Medical School - Parking Lot - Skillern Student Union Building - Allotment Account | \$ 436.87 |
| Account No. 85-9403-0120 - Southwestern Medical School - Parking Lot - Skillern Student Union Building - Contract-Texas Bitulithic Company | \$1,000.00 |

Transfer of Funds Between Appropriations at Arlington State College *700*

2. During the construction of the Multi-Purpose Auditorium at Arlington State College, certain items of extra equipment and extra work were found to be desirable, and in order to provide funds needed to cover these extra items and Architect's Fees thereon, it is recommended that \$4,974.16 be transferred from Account No. 85-9747-0099 - Arlington State College - Multi-Purpose Auditorium - Allotment Account to the following accounts:

| | |
|---|------------|
| Account No. 85-9747-0182 - Arlington State College - Multi-Purpose Auditorium - Equipment - American Desk Manufacturing Company | \$1,241.47 |
| Account No. 85-9747-0183 - Arlington State College - Multi-Purpose Auditorium - Equipment - Stage Decoration and Supplies, Inc. | \$3,451.13 |
| Account No. 85-9747-0111 - Arlington State College - Multi-Purpose Auditorium - Architect's Fees - George L. Dahl, Inc. | \$ 281.56 |

Transfer of Funds Between Appropriations at Arlington State College (continued)

file

3. During the installation of the Sound Systems in connection with the construction of the Multi-Purpose Auditorium at Arlington State College, certain revisions were found desirable, which added \$652.88 to the amount of the contract with Stromberg-Carlson for these systems. In order to provide funds needed to cover these revisions and Architect's Fees thereon, it is recommended that \$692.05 be transferred from Account No. 85-9747-0099 - Arlington State College - Multi-Purpose Auditorium - Allotment Account to the following Accounts:

| | |
|---|----------|
| Account No. 85-9747-0184 - Arlington State College - Multi-Purpose Auditorium - Equipment - Stromberg- Carlson | \$652.88 |
| Account No. 85-9747-0111 - Arlington State College - Multi-Purpose Auditorium - Architect's Fees - George L. Dahl, Inc. | \$ 39.17 |

Also, by letter dated October 29, 1965, a transfer of \$1,343.91 was made from the Equipment account for this project, which should have come from the Allotment Account; it is, therefore, recommended that \$1,343.91 be transferred from Account No. 85-9747-0099 - Arlington State College - Multi-Purpose Auditorium - Allotment Account to Account No. 85-9747-0180 - Arlington State College - Multi-Purpose Auditorium - Equipment.

Sincerely yours,

Harry Ransom
Chancellor

January 25, 1966

Chancellor Harry Ransom
The University of Texas
Austin, Texas

Dear Chancellor Ransom:

The following docket for the Main University is submitted for your approval and submission to the Board of Regents at its meeting in Austin on February 25 and 26, 1966:

RESEARCH AND OTHER ACADEMIC CONTRACTS: The following contracts, grants, and amendments have been signed by the appropriate official upon the recommendation of the respective technical directors, fiscal officers, and the Executive Director of the Office of Sponsored Projects.

Expenditures from these contracts and grants will be made in accordance with regular University operating procedures and contractual limitations. Personnel appointments and changes will be in accordance with University salary rates and approvals. Travel and purchasing will conform to established procedures.

I recommend your approval and ratification of signatures:

GOVERNMENT-SUPPORTED PROJECTS:

See Receipts

1. Modification No. 5, Supplemental Agreement to Contract AF 19(604)-7279, by which the Department of the Air Force, Air Force Systems Command, Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, establishes a final overhead rate of 38.7% of salaries and wages for the period September 1, 1962 through August 31, 1963 or the completion date of the contract, whichever is earlier. The research directed toward the development of basic techniques of forecasting the natural phenomena was performed in the Electrical Engineering Research Laboratory under the direction of Dr. A.W. Straiton, Ashbel Smith Professor of Electrical Engineering.
2. Modification No. 1 to Contract AF 19(604)-8036, by which the Department of the Air Force, Air Force Systems Command, Electronic Systems Division, Laurence G. Hanscom Field, Bedford, Massachusetts, establishes final overhead rates for the period March 1, 1961 through March 31, 1962. The solar observations at 3mm wavelength and study of microwave absorption line shapes were conducted in the Electrical Engineering Research Laboratory under the direction of Dr. A.W. Straiton, Ashbel Smith Professor of Electrical Engineering.
3. Contract No. AF30(602)-3991, by which the Department of the Air Force, Headquarters Rome Air Development Center, Griffiss Air Force Base, New York, provides \$77,582.00 for support of "Research in German-English Mechanical Translation." The contract is effective for the period January 7, 1966 through January 6, 1967, and the research will be performed under the direction of Dr. W.P. Lehmann, Ashbel Smith Professor of Germanic Languages and Linguistics.

4. Contract AF 33(608)-1346, by which the Department of the Air Force, Air Force Institute of Technology, Wright-Patterson Air Force Base, Ohio, provides \$9,775.00 for support of two graduate seminars on "Counseling in Human Factors" during the periods January 9, 1966 through February 3, 1966 and May 1, 1966 through May 26, 1966. The seminars will be conducted under the direction of Dr. Robert L. Sutherland, Hogg Professor of Sociology.

5. Blanket Supplemental Agreement by which the Department of the Air Force, Systems Engineering Group, Research and Technology Division, Wright-Patterson Air Force Base, Ohio, establishes final overhead rates for the following contracts:

Modification No. 3 to Contract AF 33(657)-7482, establishes a final overhead rate of 38.7% of salaries and wages for the period September 1, 1962 through September 30, 1963. The research on general relativity and other gravitational theories was conducted under the direction of Dr. Alfred Schild, Ashbel Smith Professor of Mathematics.

Modification No. 2 to Contract AF(657)-9904, establishes a final overhead rate of 38.7% of salaries and wages for the period September 1, 1962 through October 31, 1963. The research was conducted in the Military Physics Research Laboratory under the direction of A.E. Lockenvitz, Professor of Physics.

Modification No. 11 to Contract AF 33(600)-42316, establishes a final overhead rate of 38.7% of salaries and wages for the period September 1, 1962 through August 30, 1963. The fabrication of an air-borne target simulator and support of a flight test program was carried on in the Military Physics Research Laboratory under the direction of A.E. Lockenvitz, Professor of Physics.

6. Contract AF 33(657)-15554, by which the Department of the Air Force, Air Force Systems Command, Wright-Patterson Air Force Base, Ohio, provides the sum of \$49,964.00. The contract is effective for the period October 13, 1965 through June 30, 1966; however, costs incurred in the performance of the contract from October 1, 1965 to October 13, 1965 are allowable up to \$4,600.00. The research will be performed in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

7. Modification No. 7, Supplemental Agreement to Contract AF 41(657)-382, by which the Department of the Air Force, Air Force Systems Command, Aerospace Medical Division, Brooks Air Force Base, Texas, incorporates into the contract a final overhead rate of 29% of direct salaries and wages for the period September 1, 1962 through April 30, 1963. The research and reports on effects of ionizing radiation on biological, physiological, and psychological functions of various species was conducted in the Radiobiological Laboratory under the direction of Dr. T.S. Painter, Professor of Zoology.

8. Grant AF-AFOSR-273-66, by which the Department of the Air Force, Air Force Office of Scientific Research, Office of Aerospace Research, Washington, D.C., provides \$32,257.00 for support of research entitled "Physics of Metastable Systems." The grant is effective for the period February 1, 1966 through January 31, 1967, and the research will be performed under the direction of Dr. W.W. Robertson, Professor of Physics.

9. Grant AF-AFOSR 560-66, by which the United States Department of the Air Force, Air Force Office of Scientific Research, Washington, D.C., provides \$20,253.00 for support of research entitled "Mechanism of Fatigue in Metallic Crystals." The grant is effective for the period January 1, 1966 through December 31, 1966, and the research will be performed under the direction of Dr. M.A. Wilkov, Associate Professor of Engineering Mechanics.

10. Modification No. 1, Supplemental Agreement to Contract DA 18-035-AMC-391(A), by which the United States Army Edgewood Arsenal, Edgewood Arsenal, Maryland, amends the contract to include certain items of equipment to be furnished the Contractor by the Government for use in the performance of contract services. The investigation of materials for protection and decontamination of skin against chemicals and/or toxic agents continues in the Drug Plastic Research Laboratory under the direction of Dr. John Aulian, Professor of Pharmacy.

11. Contract DA18-035-AMC-715(A), by which the United States Army Edgewood Arsenal, Edgewood Arsenal, Maryland, provides \$17,000.00 for support of research entitled "Fundamental Studies in Electrochemistry." The contract is effective for the period December 15, 1965 through December 14, 1966, and the research will be performed under the direction of Dr. Allen J. Bard, Associate Professor of Chemistry.

12. Modification No. 6 to Contract DA 18-064-AMC-118(A), by which the Department of the Army, United States Army Biological Laboratories, Fort Detrick, Frederick, Maryland, establishes a final overhead rate of 38.7% of direct salaries and wages for the period May 29, 1963 through August 31, 1964. The study of the requirements for the production of interferons from a genetic point of view was conducted under the direction of Dr. Royce A. Lockart, Associate Professor of Microbiology.

13. Modification No. 4, Supplemental Agreement to Contract DA-22-079-eng-393, by which the Department of the Army, Army Engineer Waterways Experiment Station, Vicksburg, Mississippi, establishes a final overhead rate of 38.7% of salaries and wages for the period October 1, 1963 through August 31, 1964 and a provisional overhead rate of 38.7% of salaries and wages for the period beginning September 1, 1964. The studies of materials and systems for the isolation of underground structures subjected to dynamic loads continues under the direction of J. Neils Thompson, Professor of Civil Engineering.

14. Modification No. 11, Supplemental Agreement to Contract DA-23-072-ORD-1564, by which the Department of the Army, Purchasing and Contracting Division, White Sands Missile Range, New Mexico, extends the due date of the final technical report from 30 to 60 days after expiration of the contract with delivery on or before February 14, 1966. The theoretical studies of the meteorological sensors, and analysis and interpretation of rocket data continues in the Electrical Engineering Research Laboratory under the direction of K.H. Jehn, Associate Professor of Meteorology.

15. Contract DA-44-009 AMC-1405(T), by which the Department of the Army, United States Army Engineer Research and Development Laboratories, Fort Belvoir, Virginia, provides \$74,985.00 for support of research entitled "Analytical and Experimental Study of Ion-Ion Hybrid Resonance Energy Transfer in a Plasma." The contract is effective for the period December 8, 1965 through October 30, 1968, and the research will be performed under the direction of Dr. D. Gary Swanson, Assistant Professor of Electrical Engineering.

16. Modification No. 2, Supplemental Agreement to Contract DA 44-177-AMC-200(T), by which the Department of the Army, United States Army Aviation Materiel Laboratories, Fort Eustis, Virginia, adds the sum of \$3,707.00 to the contract funds and extends the period of the contract through May 31, 1966. The research on the analysis, design, fabrication, and testing of a modern airfoil section utilizing jet circulation control in both the leading and trailing edges of the airfoil continues under the direction of Dr. S.W. Yuan, Professor of Aerospace Engineering.
17. Modification No. 23, Change Order to Contract N60921-7002, by which the Department of the Navy, United States Naval Ordnance Laboratory, White Oak, Silver Spring, Maryland, extends the period of Task I under the contract through October 31, 1965 without additional funds. The research continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
18. Modification No. 24, Supplemental Agreement to Contract N60921-7002, by which the Department of the Navy, United States Naval Ordnance Laboratory, White Oak, Silver Spring, Maryland, extends the period of the contract through December 31, 1965 without additional funds. The research continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
19. Contract No. N60921-7233, in the sum of \$325,000.00, issued by the Department of the Navy, United States Naval Ordnance Laboratory, White Oak, Silver Spring, Maryland. Of the sum of \$325,000.00, only \$175,000.00 is now being appropriated for the performance of Task I for the period ending September 30, 1966, and \$50,000.00 is now being appropriated for the performance of Task II, for the same period. The contract is effective for the period October 1, 1965 through September 30, 1966, and the research will be performed in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
20. Contract N123-(62738)55231A(X), by which the Department of the Navy, United States Navy Purchasing Office, Los Angeles, California, provides \$201,000.00 for support of research entitled "Study of Data Collection Radar." The contract is effective for the period December 20, 1965 through December 19, 1966, and the research will be performed in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
21. Modification No. 1, Supplemental Agreement to Contract N123(62738)55231A(X), by which the Department of the Navy, United States Navy Purchasing Office, Los Angeles, California, adds an anticipatory cost clause authorizing reimbursement to the University for expenditures not in excess of \$15,000.00 for work performed after October 31, 1965 until acceptance of the contract in December 1965. The study of data collection radar continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
22. Modification No. 4, Change Order to Contract NObsr-93124, by which the Department of the Navy, Bureau of Ships, Washington, D.C., describes certain equipment to be furnished by the government for use under the contract. The psychophysical studies relating to sonar continue in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.
23. Modification No. 2, Change Order to Contract NObsr-93126, by which the Department of the Navy, Bureau of Ships, Washington, D.C., adds the sum of \$20,000.00 to the contract funds. The variable depth sonar system studies continue in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

24. Modification No. 1, Supplemental Agreement to Contract N0bsr-93163, by which the Department of the Navy, Bureau of Ships, Washington, D.C., extends the period of the contract through December 31, 1966. The study and analysis of signal processing theory and technique continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

25. Modification No. 1, Supplemental Agreement to Contract N0bsr-93173, by which the Department of the Navy, Bureau of Ships, Washington, D.C., adds the sum of \$228,000.00 to the contract funds and extends the period of the contract through December 31, 1966. The sonar experiments using FM pulses continue in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

26. Contract N00014-66-C0061, by which the Department of the Navy, Office of Naval Research, Washington, D.C., provides \$14,548.00 for support of research entitled "Spectroscopic and Radial Velocity Survey of Bright Galaxies." The contract is effective for the period December 1, 1965 through November 30, 1966, and the research will be performed under the direction of Dr. G.H. de Vaucouleurs, Professor of Astronomy.

27. Amendment No. 5 to Contract Nonr-3579(01), by which the Department of the Navy, Office of Naval Research, Washington, D.C., establishes a final overhead rate of 19% of salaries and wages for the period September 1, 1962 through August 31, 1964 and a provisional overhead rate of 19% of salaries and wages for the period beginning September 1, 1964. The underwater studies were conducted in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

28. Amendment No. 6 to Contract Nonr-3579(02), by which the Department of the Navy, Office of Naval Research, Washington, D.C., establishes a final overhead rate of 19% of salaries and wages for the period September 1, 1962 through August 31, 1964 and a provisional overhead rate of 19% of salaries and wages for the period beginning September 1, 1964. The research on solion transducers was conducted in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

29. Amendment No. 3 to Contract Nonr-3579(03), by which the Department of the Navy, Office of Naval Research, Washington, D.C., adds the sum of \$50,000.00 to the contract funds. The underwater ordnance studies continue in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

30. Amendment No. 4 to Contract Nonr-3579(03), by which the Department of the Navy, Office of Naval Research, Washington, D.C., establishes a final overhead rate of 19% of salaries and wages for the period February 1, 1964 through August 31, 1964 and a provisional overhead rate of 19% of salaries and wages for the period beginning September 1, 1964. The underwater ordnance studies continue in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

31. Amendment No. 3 to Contract Nonr-3579(04), by which the Department of the Navy, Office of Naval Research, Washington, D.C., establishes a final overhead rate of 19% of salaries and wages for the period May 1, 1964 through August 31, 1964 and a provisional overhead rate of 19% of salaries and wages for the period beginning September 1, 1964. The research in the physiological psychology of signal detection, both auditory and visual, continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

32. Amendment No. 1 to Contract Nonr-4690(00), by which the Department of the Navy, Office of Naval Research, Washington, D.C., adds the sum of \$17,705.00 to the contract funds, extends the period of the contract through August 31, 1966, and incorporates new General Provisions to the contract. The research on piezoelectric cermaics continues under the direction of Dr. Elmer L. Hixson, Associate Professor of Electrical Engineering.

33. Modification No. 3, Supplemental Agreement to Bailment Contract NOW-61-0743-b, by which the Department of the Navy, Bureau of Naval Weapons, Washington, D.C., agrees to furnish the Defense Research Laboratory with a Type C-47 aircraft for use in technical performance of research sponsored by the Department of Defense. The research and development work continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

34. Modification No. 8, Change Order to Contract NOW 62-0137-d, by which the Department of the Navy, Bureau of Naval Weapons, Washington, D.C., extends the period of the contract through January 31, 1966. The research in underwater acoustics related to specific ordnance devices continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

35. Contract NAS8-20321, by which the National Aeronautics and Space Administration, Marshall Space Flight Center, Huntsville, Alabama, provides \$20,089.00 for support of research entitled "Fluid Mechanics of Base Flow Regions of Multi-Nozzle Configurations." The contract is effective for the period December 30, 1965 through December 29, 1966, and the research will be performed under the direction of Dr. J. Parker Lamb, Assistant Professor of Mechanical Engineering.

36. Modification No. 11, Supplemental Agreement to Contract AT-(11-1)-490, by which the United States Atomic Energy Commission, Oak Ridge, Tennessee, adds the sum of \$40,000.00 to the contract funds and extends the period of the contract through September 30, 1966. The research on radioactive transport in Texas streams and estuaries, with increasing emphasis directed toward marine studies, continues under the direction of Dr. E.F. Gloyna, Professor of Civil Engineering.

37. Amendment No. 3 to Contract CGS-1198, by which the United States Department of Commerce, Coast and Geodetic Survey, Washington, D.C., extends the period of the contract through February 9, 1966 and establishes a provisional overhead rate of 19% of salaries and wages effective September 1, 1964. The research program on a solion seismic detection system continues in the Defense Research Laboratory under the direction of Dr. Chester M. McKinney, Jr.

38. Contract OE-6-10-171, by which the United States Department of Health, Education, and Welfare, Office of Education, Washington, D.C., provides \$8,033.00 for support of research entitled "The Development of New Supplementary Teaching Materials and an Analysis of their Potential Use in the High School Biology Curriculum." The contract is effective for the period September 1, 1965 through August 31, 1966, and the research will be performed under the direction of Dr. Addison E. Lee, Professor of Science Education and Biology, Department of Curriculum and Instruction.

39. Contract OE-6-10-194, by which the United States Department of Health, Education, and Welfare, Office of Education, provides \$5,160.00 for support of research entitled "A Study to Explore New Methods of Identifying and Measuring Musical Talent." The contract is effective for the period September 1, 1965 through May 31, 1966, and the research will be performed under the direction of Dr. Carson McGuire, Professor of Educational Psychology.

40. Grant AI04431-05, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$30,033.00 for support of research entitled "Role of Ribosomes in Molds Morphology." The grant is effective for the period January 1, 1966 through December 31, 1967, and the research will be performed under the direction of Dr. Roger L. Storck, Associate Professor of Microbiology.

41. Grant AI 06023-03, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$42,720.00 for support of research entitled "Studies of Airborne Algae, Fungi and Pollen." The grant is effective for the period January 1, 1966 through December 31, 1966, and the research will be performed under the direction of Dr. H.C. Bold, Professor of Botany and Education.

42. Grant AI 06447-02, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$17,428.00 for support of research entitled "Amino Acid Biosynthesis in Photosynthetic Bacteria." The grant is effective for the period January 1, 1966 through December 31, 1967, and the research will be performed under the direction of Dr. Derek S. Hoare, Assistant Professor of Microbiology.

43. Grant AM 09143-02, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$24,840.00 for support of research entitled "Factors Limiting in Vitro Protein Synthesis." The grant is effective for the period January 1, 1966 through December 31, 1967, and the research will be performed under the direction of Dr. Boyd A. Hardesty, Assistant Professor of Chemistry.

44. Grant GM 09326-05, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$63,583.00 for support of research entitled "Genetic and Chemical Studies of Protein Variations." The grant is effective for the period January 1, 1966 through December 31, 1966, and the research will be performed under the direction of Dr. H. Eldon Sutton, Professor of Zoology and Education.

45. Grant GM 11749-03, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$9,492.00 for support of research entitled "Preferential Hydration of Proteins." The grant is effective for the period January 1, 1966 through December 31, 1966, and the research will be performed under the direction of Dr. David J. Cox, Assistant Professor of Chemistry.

46. Grant GM 11915-03, by which the United States Department of Health, Education, and Welfare, Public Health Service, provides \$14,808.00 for support of research entitled "The Chemical Properties of Fluoroalkylmercurials." The grant is effective for the period January 1, 1966 through December 31, 1966, and the research will be performed under the direction of Dr. J.J. Lagowski, Associate Professor of Chemistry.

47. Amendment No. 1 to Grant VRA 305-T-66, by which the United States Department of Health, Education, and Welfare, Vocational Rehabilitation Administration, Washington, D.C., makes a prior year's adjustment in the grant funds. The teaching grant and traineeships in mental retardation continue under the direction of Miss Anne Wilkens, Professor, Graduate School of Social Work.

48. ACADEMIC CONTRACTS: The following contracts have been executed at Main University by the official indicated. I recommend approval and ratification of signatures:

1. Contract No. AF 41(603)-3780 with the United States Air Force, signed by Business Manager James H. Colvin, whereby the University through its Division of Extension will provide instruction for not more than 20 students who are military personnel of the Air Force stationed at Biggs Air Force Base. The period of the contract is January 24, 1966 to April 28, 1966, and the total estimated amount is \$675.00.

2. Cooperation Contract with Del Mar College, signed by Business Manager James H. Colvin, whereby the University through its Extension Teaching and Field Service Bureau will purchase from Del Mar College certain instructional services in connection with junior-year music courses. The period of this contract is from September 1, 1965 through August 31, 1967, and the University will receive \$2.50 per student per credit hour out of the total fee paid by the student of \$12.50, with Del Mar College retaining \$10.00 per student per credit hour.

3. Interagency Contract No. IAC(66-67)-170 with Prairie View A & M College, signed by Business Manager James H. Colvin, whereby the University, through its Bureau of Business Research will furnish to Prairie View A & M College the services necessary to get data for the years 1850 and 1860 from Comptroller Archives in the Texas State Archives, Texas State Library. This contract shall be in force for the period December 1, 1965 through January 1, 1966, and reimbursement for the cost of such services shall be made at \$1.50 per hour.

4. Interagency Contract No. IAC (66-67)-177 with Angelo State College, signed by Business Manager James H. Colvin, whereby the University through its Visual Instruction Bureau will furnish Angelo College instructional films and other instructional aids for its academic program.

The period of the contract is January 10, 1966 through August 31, 1967, and reimbursement for services is not to exceed \$1,200.

5. Amendment No. 1 to sub-contract with National Association of Educational Broadcasters, signed by Vice-Chancellor Norman Hackerman, which allows for the production and preparation of the television teacher portion of Film #5 and establishes a new time schedule for completion of the films so that the latest date is September 20, 1966, rather than April 1, 1965, reported in the June 1964 minutes. An additional sum of \$5,479 is added to the total sub-contract. The contract to which this is a sub-contract is between the National Association of Educational Broadcasters and the U. S. Office of Education.

ESTABLISHMENT OF AN AGENCY ACCOUNT: Professor J. J. Villarreal of the Department of Speech has been appointed Editor of dsh Abstracts, a scholarly journal published cooperatively by the American Speech and Hearing Association and Gallaudet College. The Deafness Speech and Hearing Publications, Inc., will provide the services of a secretary, whom Professor Villarreal would like paid through University channels. Accordingly, he has requested that an agency account be set up into which six-month allotments in advance will be paid by Publications, Inc., and out of which the secretary will be paid on a monthly basis. I concur in the recommendation of Business Manager J. H. Colvin that this arrangement be approved.

FACULTY LEGISLATION: The following legislation has been passed by the General Faculty and/or Faculty Council. I recommend approval:

1. The Faculty Council at its meeting of November 15, 1965, approved the recommendation that the present admission requirements be continued for the period June, 1966 through May, 1967. The test score requirements on the Scholastic Aptitude Test of the College Entrance Examination Board would remain as follows:

| Standing in high-school graduating class | Minimum acceptable total score for admission |
|--|--|
| Texas residents: | |
| Upper half | 800 |
| Lower half | 1000 |
| Out-of-state applicants: | |
| Upper half | 1000 |

The recommendation was made by Mr. Byron Shipp, Registrar and Director of Admissions, since the Committee on Academic Advising, Admissions, and Registration had received no suggestions for a change in admission requirements.

2. The Faculty Council at its meeting of December 13, 1965, approved the naming of the new biological sciences building "J. T. Patterson Laboratories." Dr. Patterson was on the faculty at the University from 1908 through 1955. He began as Instructor, was promoted to Adjunct Professor in 1911, and to Professor in 1913, which title he retained until his retirement in 1955, when he was made Professor Emeritus. He became Distinguished Professor in 1937. He was also Director of Research in Zoology from 1947. He died December 4, 1960.

RECOMMENDED AMENDMENTS TO THE 1965-66 BUDGET

The term "rate" for academic personnel is the full-time nine-month base rate; for classified personnel it is the full-time twelve-month rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.

92. In the November 23-24 Docket, page M-85, item 334, a change of status for Associate Business Manager of Athletics Alfred R. Rochs was reported to reflect a correction of the 1965-66 Budget showing a salary rate change from \$8,560 to \$8,520. This was explained as "to place the salary rate on a Classified Pay Plan step."

An additional fact should be made a part of the record. In 1964-65, a footnote to the Budget read as follows:

"Will also be permitted to receive for solicitation of football program advertising not to exceed \$400 during his summer vacation for 1964; this amount to be paid him the 1964-65 school year."
 (p. 31, footnote a)

The 1965-66 Budget included the \$400 previously received as commission on football program advertising solicitation.

The net effect of this change in procedure increased the Intercollegiate Athletics budget by \$360 for Mr. Rochs.

J. Richard Ambler (Research Scientist Associate II, \$7,440 annual salary) is Executive Director, Texas Archeological Salvage Project, a project supported by the National Park Service. He was hired as a field supervisor last fall, but when Mr. Tunnell, the former Executive Director, left the University Mr. Ambler took over his position.

Mr. Ambler is performing the duties of Research Scientist Associate IV in this position and is qualified by training and experience. It should also be pointed out that he is filling this position very competently, and it would be difficult perhaps impossible to replace him. This reclassification is strongly urged.

Mr. Baker has had four years experience as an electronic computer operator. He has become a highly skilled and knowledgeable computer operator and has exhibited an ability to be an excellent leader. Mr. Baker has had experience in training computer operators and has handled all phases of our computer operations. He will replace Mr. Henry E. Stoppelbein, who will become a Systems Analyst and Programmer I.

Further justification is provided by the fact that Mr. Baker has been offered a job as Supervisor of Computer Operations by an Austin firm, at over \$7500 per year, and the fact that we cannot continue the present level of operations without the services of Mr. Baker. The computers now operate 24 hours per day for 7 days a week, and at present Mr. Baker is one of only two full-time, trained computer operators (a third trained operator resigned November 31, 1965). Part-time student help provides the balance of the operator staff. Additional full-time computer operators are being sought through the University Personnel Office. In the interim Mr. Stoppelbein will aid in the equipment operation.

It is imperative that we retain Mr. Baker, considering the planned installation of additional computers and computer equipment early next year. The increased number of computer operating functions brought about by the new equipment will require us to develop a team of operators which is reliable and efficient, and it is my opinion that Mr. Baker has demonstrated his ability to train and lead such a team.

Mr. Barrett, a student, had been interested in technician positions at less than full time and matching his qualifications. Accordingly, he accepted a position as TSA I in Electrical Engineering. Shortly afterward, our full-time technician, Mr. Julian Kinisky, resigned for personal reasons and returned to Canada.

Mr. Barrett heard about the vacancy and applied. We carefully examined his experience record (more than four years as an electronics technician in responsible positions), and his capabilities with respect to the vacated position. His qualification indicated Technical Staff Assistant IV and he was offered that position.

Dr. Villarreal has been appointed Editor of dsh Abstracts, a scholarly journal published cooperatively by the American Speech and Hearing Association and Gallaudet College.

In connection with this appointment, Deafness, Speech and Hearing Publications, Inc., will provide the services of a secretary. The candidate for this position is Mrs. Barbara Coley, currently employed as a secretary in the Department of Speech,

Mrs. Coley has indicated her preference that this appointment be handled through The University of Texas. The Board of Directors of Deafness Speech and Hearing Publications, Inc., has agreed to the conditions of this appointment and the amount of the salary will be paid to the University in advance in six-month allotments. A check to cover the amount of six months' salary is being mailed to Mr. Colvin today.

The dsh Abstracts is nationally and internationally recognized as an abstracts journal in the fields of deafness, speech and hearing.

During Mr. Frazer's employment at DRL since 15 February 1965, he has worked on a part-time basis while doing graduate work toward a Ph.D. in Physics at The University of Texas. He will have 21 hours of graduate work to his credit by 1 February 1966. He was awarded the B.S. degree in Mathematics and Physics from Northwestern State College, Alva, Oklahoma, in June 1964. DRL needs the services of Mr. Frazer on a full-time professional basis as a Research Scientist Associate I commencing 1 February 1966. Mr. J. H. Gaines will complete his Ph.D. dissertation during the 1966 spring term. Mr. Gaines is interested in seeking academic employment beginning next fall.

It would be to the advantage of the Department of Engineering Mechanics to ask Mr. Gaines to remain at The University of Texas for the spring semester as a full-time faculty member.

The request is justified because Mr. Gaines has essentially completed his doctoral work, because he is interested in academic work as a career, because the department needs his services a teacher for the spring term, and because he is already an experienced teacher with four years of part-time teaching experience in Engineering Mechanics. His teaching ability is such that he qualifies for the requested rank. (RBC# 1331)

Mr. Gaston was awarded the B.A. degree in Mathematics in August 1957 and the M.A. degree in Psychology in June 1964, both from The University of Texas. He has had approximately five years professional experience including three and one-half years service at Texas Instruments, Inc., as an Electronics Engineer at a salary of \$580 per month. DRL needs the services of Mr. Gaston on a full-time professional basis as a Research Scientist Associate II commencing 1 February 1966. On the basis of education and professional experience Mr. Gaston more than meets the requirements of this position. He will be employed in the Acoustics Division of DRL under a classified Department of Defense contract. (RBC# 1315)

8. George E. Grubb (continued)

During the past year, George Grubb effectively has been acting as Assistant Superintendent of McDonald Observatory. Grubb has filled this responsibility to my complete satisfaction. He is mature, reliable, energetic, capable, good humored, responsible, and an effective work supervisor. In addition he and his wife are both natives of the Fort Davis area (where Grubb's father is the high school science teacher), and hence are more likely to become life-time staff members than people brought in from the outside. On these grounds alone Grubb was in line, if not even overdue, for a major promotion in both rank and salary to make them more commensurate with his work and abilities, and to encourage him as a key man to remain with the Observatory.

Now, however, the change of Superintendent gives additional responsibility and work load to Grubb. There is currently an extended transition period during which Grubb must break in and train the new Superintendent in many of the complex details of the Observatory operation. But in addition, some division of McDonald responsibilities has become necessary over the last several years. The Superintendent's job must be made less totally time-demanding than Krebs found it. Toward this end Grubb should take over direct responsibility for certain jobs, particularly the details of maintenance of telescopes, buildings and grounds (of course under the general supervision of the new Superintendent).

In view of his proven abilities, his increased responsibilities, and his importance to us, George Grubb should be promoted to Technical Staff Assistant V. This promotion is an important step for the future of the Observatory, and one which should probably soon be followed by explicitly denoting Grubb as Foreman of the McDonald Observatory.

10. Jo Nell S. Hemby (continued)

Mrs. Hemby would be assisting in the Department by teaching a class in Educational Psychology 332S Behavioral Science Foundations of Secondary Education. She has had previous experience as a high school teacher of English in Gonzales, Texas High School. Her educational background includes a Bachelor of Arts degree from The University of Texas and a Master of Education degree also from The University of Texas. She has an excellent academic record, comes well recommended as a teacher and further meets all of the qualifications that are required for satisfactory discharge of the duties in this position. Mrs. Hemby is a graduate student in the University at the present time working toward an advanced degree. As a Teaching Assistant in the department she will be under the immediate supervision of Dr. Warren Bachelis who has served as coordinator for this multiple section course for the past few years, as well as under the general supervision of the department chairman.

This additional teaching time for undergraduate instruction is needed by the department during the spring semester particularly because of the loss of some of our faculty time to other areas of activity and research in the University.

Academic Rate \$ 5,600 \$ 6,600 9/1/65

Technically, an error exists in the original appointment paper which reflected Teaching Associate (F.T.) at a rate of \$4,950. This should have been 3/4 time at a rate of \$6,600, computing a stipend of \$4,950. His rate in 1964-65 was \$5,600.

Mr. Ljungdahl has held a part-time teaching appointment in this department since September 1963. During this period he has delivered a steady performance in his teaching assignments. He has completed four of five field examinations, fulfilled the language requirement, and at the end of this semester will need six hours during the summer to complete his course requirements. The increase is recommended in recognition of his change of status in the doctoral program and the sustained level of satisfactory performance in the classroom. (RBC# 1294)

TEXAS WESTERN COLLEGE
of The University of Texas
El Paso, Texas

February 1, 1966

Dr. Harry H. Ransom, Chancellor
The University of Texas
Austin, Texas

Dear Dr. Ransom:

The following docket is submitted for your approval and presentation to the Board of Regents at its meeting in Austin on February 25-26, 1966:

TRANSFER OF BALANCE OF VETERANS' VILLAGE

At the Board of Regents Meeting held on April 4-5, 1963, authorization was granted to raze the Veterans' Village housing units as they became vacant and as it became convenient for Texas Western College to have them removed. The last unit was removed in October, 1965. At that time the balance of this now non-existent auxiliary enterprise was \$52,938.02, one-half of which has been transferred to the Dormitories and Dining Room account and one-half to the Burges Hall and T.W.C. Village account, after your approval of the proposed disposition.
