Since this building was substantially complete in November, it is now recommended that Mr. Griffin's resignation be accepted as at the close of business November 22, 1961, which includes allowable vacation time.

APPROPRIATION FROM THE AVAILABLE UNIVERSITY FUND TO UNIVERSITY LANDS - LEGAL AND SURVEYING

The Board of Regents on December 2 authorized additional surveying work on Blocks 4, 5, and 6, University Lands in Andrews, Martin, Gaines and Dawson Counties to be done by Mr. Jess Conklin. Estimated cost is \$8,000. So that this work may proceed, we wish to request that \$5,000 be appropriated from the Unappropriated Balance of the Available Fund to Account No. 63-208-0050, University Lands - Legal and Surveying - Maintenance and Operations.

TRANSFER FROM ETTER ESTATE FUNDS

To MAIN UNIVERSITY

Appropriate \$1,250 from Account No. 57-0400-0520, Estate of Lila Belle Etter, and transfer to Main University Account No. 30-0205-0025, President's Salary - Current Restricted Funds (Etter Fund).

This transfer reflects a change in source of funds for the \$1,500 "in lieu of house and utilities" appropriated in Senate Bill No. 1. On or about November 1, 1961, Dr. Smiley occupied the house provided by the University. The above \$1,250 represents the portion of the legislative appropriation applicable to the last ten months of the year, which is to be held for lapse to the General Revenue Fund as of August 31, 1962.

To CENTRAL ADMINISTRATION

The Chancellor has authorized addition of \$1,500 to Account No. 55-0630-1060, Etter Estate - Special Fund to come from Account No. 57-0400-0520, Estate of Lila Belle Etter. This fund was originally established by the Board of Regents to be used at the discretion of the Chancellor for administrative expenses.

Sincerely yours,

*Harry Ransom*  
Harry Ransom  
Chancellor

The following changes in the Main University Budget are submitted for your approval and submission to the Board of Regents at its meeting in Austin on February 2 and 3, 1962:

Recommended Amendments to the 1961-62 Budget

Academic Personnel

(Salary rates are based on nine months, and the terminal date of appointment is May 31, 1962, unless otherwise shown. For docket purposes, dollar figures are used, cents omitted. The term "rate" for academic personnel is the full-time nine month base rate; the appointee receives the proportionate amount depending on the period of his appointment and the fraction of time for which he is appointed. Funds for appointments or salary increases are from Unallocated Salaries unless otherwise shown. Unused salaries are unfilled positions or positions vacated by resignations or transfers.)

PERMANENT UNIVERSITY FUND - LAND MATTERS.--

WATER CONTRACT NO. 94, HUMBLE OIL & REFINING COMPANY, MCFARLAND (QUEEN) FIELD WATERFLOOD, ANDREWS COUNTY.--Humble Oil & Refining Company requests permission to drill water source wells in Sections 21, 28 and 29, Block 4, Andrews County and other wells in the same area if needed, to initiate a water injection program for waterflooding a portion of the McFarland (Queen) Field on University Lands. The water to be used would be non-potable water from the Santa Rosa, Chinle or deeper formations. The operators of University Leases, who will be parties to the cooperative program, will bear their pro rata share of the cost of the facilities. A plant site and pipe line easements that will be needed will be requested in due course and paid for at the University's then current rates. No cash consideration is involved in the water contract for which approval is recommended.

AMENDMENT TO EASEMENT NO. 186 TO UNITED STATES GOVERNMENT AND RIGHT OF ENTRY TO TEXAS HIGHWAY DEPARTMENT, WARD COUNTY.--In connection with the construction of Interstate Highway No. 20, Ward County, various water lines that were constructed under Easement No. 186 to the Federal Government for Pyote Air Base will have to be moved.

The Texas Highway Department now requests that the Board of Regents grant it a right of entry in Section 34, Block 16 covering that part of the relocation of these lines that will lie within the new highway right-of-way, and that the Board of Regents grant to the United States Government a water line easement, also in Section 34, Block 16, to cover the relocation of lines to the area outside the highway right-of-way. The easement to the Government will be 20 feet in width covering a total area of 1.25 acres, and will be substituted for part of the water lines set out in Easement 186. There is no cash consideration from either the Federal Government or the State for these instruments, though the Highway Department will propose acquisition of the highway right-of-way from the Board of Regents at a later date and offer the appraised value. It is recommended that the amendment to Easement 186 and the right of entry be authorized with the appropriate instruments to be executed by the Chairman when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

AMENDMENT TO PIPE LINE EASEMENT NO. 1388, EL PASO NATURAL GAS COMPANY, CROCKETT COUNTY.--This easement was granted to El Paso Natural Gas Company for 1,403.606 rods of 4-1/2-inch line in Sections 1-5, inclusive, Block 29, Crockett County for a 10-year period, July 1, 1959 through June 30, 1969. Due to greater production than originally anticipated, the Company has requested permission to replace 141.636 rods with 8-5/8-inch line and 1,261.970 rods with 6-5/8-in. line and has forwarded \$386.31 as additional payment for the larger lines. The term of the easement will remain the same. Approval is recommended with execution of amendment when approved as to form by the University Attorney and as to content by the Endowment Officer.

ASSIGNMENT OF GRAZING LEASES NOS. 723 AND 731 FROM GEORGE BLACKSTONE & F. M. ELKINS, A PARTNERSHIP, TO F. M. ELKINS.--Approval is recommended of assignment of the following grazing leases from George Blackstone & F. M. Elkins, a Partnership, to F. M. Elkins:

Assignment fee of \$25 for each lease has been received.

CHARGES FOR GRAZING LEASES, PIPE LINE AND POWER LINE EASEMENTS AND DAMAGE SCHEDULE CURRENTLY IN EFFECT ON PERMANENT UNIVERSITY FUND LANDS.--At the December 1, 1961 meeting of the Land and Investment Committee, it was requested that a study be made of the charges currently in effect for grazing leases, pipe line and power line easements, as well as the damage schedule for geophysical and prospecting permittees and oil and gas lessees. This matter has been discussed by the administrative staff and in particular with the University Land Agent and Geologist-in-Charge who are located in West Texas and have first-hand information on these matters. Mr. E. J. Compton, University Land Agent, has indicated he is interested in securing additional information for a more comprehensive report and this will be done and presented at the next meeting of the Committee.

## TRUST AND SPECIAL FUNDS - GIFTS, REQUESTS AND ESTATES.--

M-8074

MAIN UNIVERSITY - WILLIAM STAMPS FARISH CHAIR IN GEOLOGY.--At the July, 1960, meeting of the Board of Regents, the establishment of this Chair was reported and accepted by gift from Mrs. Farish of securities in the approximate amount of \$100,000 with income reserved by Mrs. Farish during her life, after deduction of \$100 per year for the Chair. At that time it was anticipated that \$200,000 additional would be received in two annual gifts, making a total of \$300,000. It was further anticipated that \$12,000 per year would be received for the support of the Chair.

The University has now been advised by Mr. Hines H. Baker that changes in rulings by the Internal Revenue Service have made it impractical to carry out the original plan as to the remaining \$200,000, but Mrs. Farish is making provision in her will for a bequest to the University of \$200,000. Therefore, no further grants to the endowment fund are expected during Mrs. Farish's lifetime, though the \$12,000 annually is expected from the Farish Fund for use in maintaining the Chair.

## TRUST AND SPECIAL FUNDS - REAL ESTATE MATTERS.--

TEXAS WESTERN COLLEGE - RENEWAL OF FARMING LEASE TO JOHN T. BEAN ON COTTON ESTATE ACREAGE, EL PASO, TEXAS.--For a number of years the University has leased a tract of approximately 106 acres of Cotton Estate property in the Cotton Addition, El Paso, to Mr. John T. Bean for farming, recent leases being on a one-year basis. As rental, Mr. Bean pays 1/3 of the gross proceeds of all crops, with the University paying the cost of electricity for pumping water for irrigation as well as 1/3 of the cost of fertilizer. Receipts average around \$7,500 a year. T-130

Upon recommendation of President Ray and Chancellor Ransom, it is recommended that the lease be renewed on the terms outlined above for the calendar year 1962. Though decisions regarding possible other uses of this acreage are expected during the year, it is not anticipated that any arrangements for other use will be completed before the end of year.

HOGG FOUNDATION: VARNER PROPERTIES - PROPOSAL BY T. J. BETTES COMPANY TO SUBLET SPACE TO PERCY FOREMAN AT 616 FANNIN STREET (MITCHELL PROPERTY), HOUSTON, TEXAS.--The lease to T. J. Bettes Company on most of the second floor of the building at Capitol and Fannin in Houston, expiring June 30, 1962, requires permission from the Board of Regents for subletting. T. J. Bettes Company has moved to another location and continues to pay rent in full at \$1550 per month under the terms of the lease but has been unable to find a tenant for the space after Texaco's temporary occupancy ended about June, 1960. In accordance with a request now received from T. J. Bettes Company, it is recommended that the Board of Regents authorize them to sublet about 1,500 square feet of the space to Mr. Percy Foreman from February 1, 1962, to June 30, 1962, for temporary law offices while Mr. Foreman's offices are being remodeled. Mr. Foreman will pay T. J. Bettes Company rental of \$300 per month. M-811

ARCHER M. HUNTINGTON MUSEUM FUND - RELEASE OF PART OF LANDS COVERED BY OIL, GAS AND MINERAL LEASE, BRITISH-AMERICAN OIL PRODUCING COMPANY.--The British-American Oil Producing Company and others now holding interests in the lease have, by instrument dated November 9, 1961, released 511 acres from their oil, gas, and mineral lease on part of the Huntington Lands in Galveston County which was authorized by the Board of Regents on December 10, 1960, and dated December 27, 1960. Approximately 400 acres of the released area is the west part of the leased area in the H. B. Littlefield Survey and the remainder is around the southern portion of Swan Lake. Delay rental of \$6,290 for the 12 months beginning December 27, 1961, at \$10 per acre, on the remainder of the acreage covered by the lease was received on December 1, 1961. This is reported for the information of the Board of Regents and requires no action. M-8151 1/2

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - TEXAS CITY STORM PROTECTION PLANS.--The staff has discussed with the Land and Investment Committee in the past the matter of affording protection to part of the Huntington Lands at Texas City in the proposed Texas City Seawall and Levee Extension which is a joint Federal and Galveston County project. Exploration of these possibilities with the Corps of Engineers and the County was dropped in 1960 after the University was notified that cost of including about 380 acres of the Huntington Land lying north and east of State Highway 146 would be around \$600,000 and would have to be borne by the University. Of course interest in this project has increased since Hurricane Carla, some Federal money has been appropriated, and it appears final plans will be completed in the next few months. Further inquiry has been made as to inclusion of the 380 acres with response from the County and the Corps of Engineers that this possibly can be done at cost of around \$100,000 which would have to be paid by the property owners benefited. About 150 acres owned by others would probably be protected. New

by this change in the route of the levee. It appears that these possibilities may be in a range that should be considered by the Board of Regents, and it is recommended that the staff be authorized to pursue the matter further with the authorities and with other owners involved and report in due course for a decision by the Board of Regents.

HOGG FOUNDATION: W. C. HOGG MEMORIAL FUND AND THOMAS E. HOGG ESTATE - OIL AND GAS LEASE TO FRANK J. LEWIS ON UNDIVIDED INTEREST IN 200 ACRES, A. GABLE SURVEY NO. 271, COLEMAN COUNTY, TEXAS.--The Board of Regents holds as Trustee of Hogg Foundation: W. C. Hogg Memorial Fund an undivided 3/16 of the minerals under 534 acres in Coleman County and has the remainder interest in another 3/64 interest under the Will of Thomas E. Hogg, the life interest being owned by Mrs. Margaret Wells Hogg. Leon M. Weaver of Coleman owns 1/2 of the minerals and he and Mrs. Margaret Hogg, Miss Ima Hogg, and Mrs. Hanszen have accepted a proposal from Frank J. Lewis of Coleman for a 5-year oil, gas, and mineral lease on the north 200 acres of the tract at 1/8 royalty, \$3.00 per acre bonus, and \$1.00 per acre annual rental. Bonus to be received by the Board of Regents for the W. C. Hogg Fund is \$37.50. Bonus on the Thomas E. Hogg Fund will be paid to Mrs. Margaret Hogg. It is recommended that the Board of Regents join in a lease as to its interests, and that the Chairman be authorized to execute the lease when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - OIL AND GAS LEASE TO ELMER G. HAMILTON ON APPROXIMATELY 2,000 ACRES, BLOCK 3, GC&SF SURVEY, HUDSPETH COUNTY, TEXAS.--Elmer G. Hamilton of Houston proposes an oil, gas, and mineral lease on Sections 33, 35, 37, 49 and 63, Block 3, GC&SF Survey, Hudspeth County, comprising approximately 2,000 acres out of the Cotton Trust lands for 10 years, 1/8 royalty, \$1.50 per acre bonus, and \$.50 per acre rental. Part of the land to be covered by the lease was included in a lease made on 16,000 acres of this land in Hudspeth County under the same terms as proposed here in 1951. That lease was assigned to Gulf Oil Corporation and dropped in 1957. There have been no other oil and gas lease inquiries in recent years. It is recommended that the Board of Regents accept Mr. Hamilton's proposal and authorize the execution of the lease by the Chairman when approved as to form by the Land and Trust Attorney and as to content by the Endowment Officer.

TEXAS WESTERN COLLEGE - FRANK B. COTTON TRUST - REPORT OF ADVISORY COMMITTEE.--For the information of the Board of Regents, the staff has proceeded with arrangements for obtaining the services of one or more appraisers to furnish current appraisals of those tracts in the Cotton Addition which the Advisory Committee recommended be sold to present tenants, after a current appraisal. The Board of Regents on December 2 authorized the staff to obtain these appraisals. It is hoped that these appraisals will be completed by the next meeting of the Board of Regents for submission to the Board with staff recommendations as to sale of these tracts and related recommendations for decisions that may be needed by that time as to the Cotton Trust properties.

HOGG FOUNDATION: VARNER PROPERTIES, W. C. HOGG FUND, AND THOS. E. HOGG ESTATE ACCOUNTING PROCEDURES.--In 1956 the Board of Regents made certain decisions by way of clarification of the acquisition in 1952 by the Board, as Trustee of the Hogg Foundation, of the Varner Properties and directed that the staff study questions of accounting for these properties and submit a recommendation to the Board. An analysis of pertinent records has been made and several staff conferences held. It is now recommended that accounting procedures followed to date be continued until the death of Mrs. Alice N. Hanszen, who was the surviving widow of Mike Hogg, that the Varner Properties account

comprising real estate still owned from that acquisition and proceeds from real estate sold be continued as one account with all income from the account, after payments on the note, balance of which is \$1,000,000, owed to Miss Ima Hogg, to be made available for appropriation for the Hogg Foundation for Mental Health; and that, upon the death of Mrs. Hanszen, the one-third of the Varner Properties account attributable to the Mike Hogg Estate be partitioned out into a separate account and the income from that account appropriated by the Board of Regents in line with the provisions of Mike Hogg's Will. It is further recommended that the note payable to Miss Ima Hogg be continued on the University's records as a liability against the Varner Properties account.

All oil and gas royalties, bonuses, and lease rentals in the W. C. Hogg Memorial Fund are credited to the endowment account, or principal, going back to 1939 when the Fund was received by the Board of Regents, and the same is followed as to the West Columbia interests obtained from Miss Ima Hogg. Also, there are a few small interests in Arkansas from the Thos. E. Hogg Estate, Mrs. Margaret Hogg's life interest having been obtained by exchange, on which the same accounting is followed. In view of the fact that the controlling instruments seem to allow the Board some discretion as to crediting part of these receipts to income and no earlier decision is recorded in the Minutes, it is recommended that this accounting practice as to these particular accounts be approved by the Board of Regents for continuation.

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - EXTENSION OF TIME ON COUNTER-PROPOSAL TO UNION CARBIDE CORPORATION ON PART OF ACREAGE IN GALVESTON COUNTY.--In response to a proposal from Union Carbide Corporation, the Board of Regents on December 1, 1961, offered to sell them the 200 acres which they have under lease at Texas City and the acreage between that tract and Galveston Bay, regardless of the amount of acreage in the latter tract, for \$550,000 cash, all minerals to be retained by the University. This proposal was subject to acceptance by the Corporation not later than December 20. In order to reach its decision, the Corporation of course has attempted to determine the amount of acreage on which the Board of Regents can convey good title; and its attorneys contend that most of the area between the leased tract and the Bay is under Bay water most of the time, and that this raises questions as to the title in the Board of Regents. In order to allow reasonable time to both parties to study all of this and perhaps arrive at some mutually satisfactory conclusion, it is recommended that the time allowed for acceptance by the Corporation of the Board's counter-proposal be extended to May 10, 1962. (See Page 23)

HOGG FOUNDATION: W. C. HOGG MEMORIAL FUND - ATTORNEY'S FEE TO WM. B. FERGUSON OF HOUSTON.--Mr. Wm. B. Ferguson of Houston has submitted a statement in the amount of \$1,397.50, approved by the University staff, for legal services rendered during the period from April 1, 1958, to December 15, 1961, on various matters for the Hogg Foundation endowment. A total of \$735 of these charges are in connection with the Varner Plantation acreage received by the Board of Regents in trust from Miss Ima Hogg in 1961, which charges will be deducted from the first proceeds from this land before distribution to the Hogg Foundation endowment account and the two other beneficiary institutions. As a result, Hogg Foundation's actual share of the total statement of \$1,397.50 will work out to be \$907.50. Practically all of the other charges included in the statement cover pro rata share of fees for work on oil and gas interests and the like held jointly with Miss Ima Hogg, Mrs. Alice N. Hanszen, and Mrs. Margaret W. Hogg. It is recommended that the Board of Regents approve Mr. Ferguson's statement and authorize payment.

TRANSFER OF OFFICE OF ADVISER TO UNIVERSITY PUBLICATIONS FROM THE UNIVERSITY PRESS TO HUMANITIES RESEARCH CENTER: I concur in the recommendation of Mr. Frank H. Wardlaw, Director, University of Texas Press, and Mr. F. Warren Roberts, Director, Humanities Research Center, that the Office of Adviser to University Publications, established by the Board of Regents in 1952, be made a division of the Humanities Research Center instead of a part of the University Press. The following reasons have been submitted to support this recommendation:

1. The work of OAUP is now closely tied up with that of the Humanities Research Center. It produces the Texas Quarterly, and a wide variety of pamphlets, programs, books, etc. for the Center.
2. The work of OAUP is in no way connected with that of the University of Texas Press.
3. OAUP is situated in the Main Building and is physically a part of the Humanities Research Center now, whereas it is separated by nearly a mile from the Press.
4. The presence of OAUP funds in the appropriation for the Press tends to distort the Press's operating figures and financial statements.
5. OAUP will be even more closely connected with the Humanities Research Center after the new Academic Center is completed since Kim Taylor, the Adviser to University Publications, will be in charge of the new graphic arts program of the Center.
6. The Director of the Humanities Research Center is in a much better position to pass intelligently on budget requests and other details of the OAUP program than is the Director of the Press, who is far removed from these activities.

I further recommend that administrative responsibility under Humanities Research Center be established effective with approval by the Board of Regents, but that the budget for the Adviser's Office remain in Auxiliary Enterprises Budget for the remainder of the 1961-62 fiscal year, transferring it to General Budget in 1962-63. The OAUP is financed now from University general funds.

OUTSIDE DUTIES: I recommend that the staff members listed be permitted to undertake the outside duties outlined below, the work to be performed so as not to interfere with University assignments, and otherwise to conform to regulations of Regents.

1. Miss Josleen Lockhart, Associate Professor of Social Work, to act as consultant to the Texas Baptist Children's Home in Round Rock. The time would be approximately ten hours per week and Miss Lockhart feels it would be a means of enriching her teaching in courses in Social Casework and Dynamics of Human Behavior.
2. Mrs. Esther J. W. Hall, Associate Professor of Pharmacy, to act as consultant to Gosselin and Company, Dedham, Massachusetts, her duties being to supervise research in pharmacy administration. She would devote about four hours per month to this work.

SALE AND REMOVAL OF CAFETERIA ANNEX: The proposed expansion of Gregory Gymnasium necessitates the removal of the Cafeteria Annex Building at 21st and Speedway. Mr. G. W. Landrum, Business Manager, advises that the following bids were received in response to advertising on Tuesday, November 14, 1961:

<u>Name</u>	<u>Amount to Owner</u> <u>(University of Texas)</u>	<u>Amount to Contractor</u>

H. E. Stanley	188.00	
Billy Joe Fox		\$ 666.00
Wallace Luersen		1,150.00
Franks and Hobbs		1,450.00
Southwest Wrecking, Inc.		1,888.00

The non-business requirements and non-business electives for the B.B.A. degree are set at a minimum of 60 semester hours, six of which must be at an advanced level, and an average of one point per semester hour must be maintained on all work undertaken in the University and on all Business Administration courses undertaken (whether passed or failed).

The changes stipulate minimum and maximum hours of work for certain groups of students; require dean's approval for dropping courses; eliminate absence as a reason for dropping courses; and increase by three the number of hours required for graduation.
