2. Interagency Cooperation Contract IAC (66-67)-195, with the Texas State Department of Public Welfare, signed by Dean W. P. Keeton of the School of Law, whereby the University through its Law Library will furnish facilities and essential materials required for the training of persons in specific skills in library work, the Department under Title V of the Economic Opportunity Act to provide financial assistance in the form of trainee grants. The terms of the contract are for an indefinite period beginning March 15, 1966, and will continue until the project termination date issued by the Department of Health, Education, and Welfare, or such date as either the University or the Texas State Department may determine that the need for such training program no longer exists.

3. Interagency Contract No. IAC (66-67)-200 with the Texas Education Agency, signed by Vice-Chancellor Norman Hackerman, whereby the University through its Hogg Foundation for Mental Health will cooperate with the Agency in the development and execution of a seminar dealing with the problems of educating children from culturally deprived environments. The contract will be in force from March 24, 1966 to October 31, 1966, inclusive, and the total budget is \$35,720, this amount to be paid by the Agency to the University.

4. Interagency Cooperative Contract No. IAC (66-67)-201 with the Texas State Department of Health, signed by Business Manager James H. Colvin, whereby the Texas State Department of Health will make available their laboratory facilities in furnishing Peace Corps workers assigned to the University of Texas a program in training in various fields of public health, including public health laboratory technology, and especially in performing laboratory tests as aids in the diagnosis and/or control of tuberculosis, parasitic and other diseases. The contract will be in force from April 5, 1966 through August 31, 1966, and the total amount to be paid to the Department of Health for such services is not to exceed \$15,000.

5. Memorandum of Agreement signed by the executive officers of the universities in the southern region and the Southern Regional Education Board which provides for a Regional Committee on Statistics. This memorandum constitutes a review of the agreement in force from the period 1961-65 and provides for a revision to be in effect for a new five year period, January 1, 1966 to December 31, 1970. The ultimate objective of the Southern Regional Education Board's continuing program of summer sessions in statistics has been and continues to be to meet both regional and national needs for increased competence in the important field of statistics. The Regional Graduate Summer Session supplements the advanced educational opportunities not generally available through individual graduate schools of higher institutions in the South during the summer months for advanced work in statistics.

FACULTY LEGISLATION: The following legislation has been passed by the General Faculty and/or Faculty Council. I recommend approval.

1. The Faculty Council on March 11, 1966, approved by the circularization procedure the proposed changes in wording for requirements for the Bachelor of Journalism Degree (D&P 3661-62).

These changes are minor and serve to bring the journalism degree requirements more in line with the typical Bachelor of Arts degree. The primary change is to rearrange the requirements into the customary major-minor arrangement. In the past, 18 semester hours of English have been required with 6 of those hours at the advanced level, thus automatically requiring a first minor in English. This legislation proposes 12 semester hours of English and gives the student greater freedom of choice in selecting the area which will actually become the first minor. While English can continue to be the minor with the required 12 hours plus 6 advanced, with the approval of the student's advisor, 12 hours, including at least 6 advanced, may be selected in another subject for a minor.

2. The General Faculty on March 14, 1966, approved by the circularization procedure the proposal to change classification of courses from "freshman, sophomore, junior, and senior" to "lower division" and "upper division" (G. F. M. 8730).

The separation of courses into five levels (including graduate) by use of class standing is unrealistic in terms of actual prerequisites needed for a course. Individual courses can still be protected for certain level students by use of specific prerequisites as is done at present. This was an extension of Arts and Sciences' legislation which specified the changes to become effective September 1967, and presumably this date will apply to the General Faculty legislation.

3. The Faculty Council on April 20, 1966, approved by the circularization procedure the proposal to change the School of Communication catalogue in regard to Radio-Television-Film (D&P 3696).

Thirty semester hours are still required for a major but two of the specified courses have been changed since two of the three required have been abolished. Art and music have been added to the list for minors since it is felt that they are especially valuable for students of Radio-Television-Film. These changes are to become effective September 1, 1966.

OUTSIDE EMPLOYMENT: I recommend that the persons listed below be permitted to undertake the outside duties specified for each, the work to be arranged so as not to interfere with University assignments and otherwise to conform to Chapter III, Sec. 13, of Part I of the Rules and Regulations of the Board of Regents for the Government of The University of Texas:

ESTABLISHMENT OF THE MOLLIE FITZHUGH THORNTON MUSIC SCHOLARSHIP

FUND: Mrs. Ann Caswell Allison has sent \$200 to establish the Mollie Fitzhugh Thornton Music Scholarship Fund. Mollie Fitzhugh was born in Covington, Kentucky, but came with her parents to Texas in 1860. She attended elementary and secondary schools in Austin, going to Baylor University for college work. She also studied music at the Chicago Conservatory and in New York City. She married Edwin C. Thornton in 1877 and lived in Indiana and Georgia. On the death of her husband in 1892, she returned to Austin and took up residence at 100 East 15 where she gave

lessons in piano and music theory until 1931. She died April 8, 1938, and is survived by her daughter Dorothy, who is still a resident of Austin. Mrs. Allison plans to augment the fund from time to time and wishes the scholarship to be paid out of income of the fund when sufficient in amount, or the money may be used as a loan fund, using both principal or income or both. The recipient or recipients of any such scholarship or loan shall be a worthy male or female student or students enrolled in the College of Fine Arts of The University of Texas and majoring in the study of piano. The Scholarship Committee of the Music Department of Fine Arts of the University is to designate the recipients.

Item No.	Explanation	Present Status	Proposed Status	Effective Dates
1.	William H. Carter Laboratory for Electronics and Related Science Research (U.S. Air Force Contract)	Research Engineer Assistant III (3/4 T.)	Research Engineer Assistant III (2/3 T.)	
	Salary Rate	\$ 6,468	\$ 6,468	
	Electrical Engineering		Instructor (1/3 T.)	
	Academic Rate	\$ 4,851 (equiv.)	\$ 8,000	1/16/66

Dr. Carter has already completed his Ph.D. We have asked him to delay leaving Austin and take this teaching appointment while doing some post doctoral work for Arwin Dougal.

The reason for the increase in salary is because of the fact that he has completed his Ph.D., he is staying at our request, and the present full-time rate for men of his stature is in excess of \$9,500. (RBC# 1615)

2.	L. Loyd Edmonds, Jr. Texas Student Publications	General Manager	General Manager	
	Salary Rate	\$11,000	\$11,000	
	Journalism (Stipend based on an academic rate of \$6,000 for 1/3 T. for one semester)		Instructor (1/3 T.) \$1,000	1/16-5/31

Due to the resignation of Bonner McLane, Mr. Edmonds was appointed on an emergency basis to teach one course in advertising during the Spring Semester. This assignment is in addition to his regular duties as General Manager of Texas Student Publications, Inc. (Minutes of February 14, 1966 meeting of TSP Board). (RBC# 1468)

3.	John I. Guion Classics	Teaching Assistant (2/3 T.)	Teaching Associate (F. I.)	
	Academic Rate	\$ 4,400	\$ 6,500	1/16/66

Mr. Guion is presently a teaching assistant, but he is doing work of such quality that the Budget Council of the Classics Department believes he would be better employed if he were taken on as a full-time teaching associate. It is our conviction that we must develop a permanent cadre of able full-time people in order to cope with the enormous burden of the beginning languages. Mr. Guion, in our opinion, ably fulfills our notion of such an appointment. (RBC# 1654)

Item No.	Explanation	Present Status	Proposed Status	Effective Dates
4.	Carole P. Hunt Psychology (NSF Contract)	Social Science Research Assistant I (3/8 T.)	Social Science Research Associate I (3/8 T.)	
	Salary Rate	\$ 3,072	\$ 4,200	2/1/66
	Miss Hunt was employed last semester as a Social Science Research Assistant I on a research grant in the Department of Psychology. At the end of the semester, she received her B.A. and has been admitted to graduate standing in the Department. (RBC# 1663)			
5.	James W. Jagger Research in Nuclear Physics Ressearch Scientist	Research Scientist Associate IV	Research Scientist	
	Salary Rate	\$13,800	\$17,000	4/1/66
	Mr. J.W. Jagger's promotion was approved by his <u>ad hoc</u> committee.			
	Due to the leaving of Mr. R.J. Helmer and our inability to replace him immediately, Mr. Jagger has been doing Helmer's work as well as his own. (RBC# 1726)			
6.	Howard L. Jones Curriculum and Instruction	Social Science Research Assoc. IV (Govt. Contract Funds)	Assistant Instructor (1/2 I.) (Gen. Budget Funds)	
	Academic Rate	\$ 5,085 (equiv.)	\$ 6,120	1/16-5/31
	Research and Development Center in Teacher Education (Govt. Contract Funds)		Training Specialist 1 (1/2 T.)	
	Salary Rate	\$ 6,780	\$ 8,160	1/16-5/31

Dr. Jones received his Ph.D. in January 1966. He presents unique qualifications for the position inasmuch as his excellent research competence is equally matched by his ability to work with children in public schools. The position for which Dr. Jones is to be appointed will require him to supervise the data analysis for the Science In-Service Project Network of nine Centers in the state of Texas. His competence in computer analysis has been illustrated by his handling of the statistical analysis of the Tab Science Test Project, a recently-completed USOE-funded project. In addition he will be involved not less than 12 hours per week doing demonstration teaching in the public schools of Austin.

The balance of his appointment will be an academic appointment. This assignment will include the supervision of students in Ed.C.967E. At the college level these students are being included in the experimental study of science in the elementary school. This will require Dr. Jones to work both in the college classroom and in the public schools in Austin.

7.	Marilynn M. Kash Personality Research Center (U.S.P.H.S. Contract)	Senior Secretary		
	Research and Development Center in Teacher Education		Administrative Assistant	
	Salary Rate	\$ 3,828	\$ 5,268	12/4/65
	Source of Funds: Office of Education Contract			

The promotion of Mrs. Marilyn Kash to the position of Administrative Assistant is in accord with the level of responsibility and skills she is exercising. She is an invaluable righthand aide in the total administration of both the Research and Development Center and the Personality Research Center. (RBC# 1632)

8.	Richard F. Leo Institute of Marine Science (Government Contract Funds)	Research Scientist Assistant I (27/40 T.)		
	Salary Rate	\$ 4,200		
	Chemistry		Teaching Assistant (1/2 T.)	
	Academic Rate (RBC# 1763)	\$ 3,150 (equiv.)	\$ 4,400	2/1/66

In justification of this increase, it should be pointed out that (1) the nature of the work which Mr. Leo performs is of a different nature than that performed at the Marine Science Institute and (2) his present salary is that normally paid to teaching assistants in this department. (RBC# 1763)

9.	Mary T. Navar University Research Institute - Psychology Research Project	Social Science Research Assistant I (3/10 T.)		
	Psychology (NSF Grant)		Social Science Research Associate I (1/4 T.)	
	Salary Rate	\$ 3,072	\$ 4,200	3/1/66

Miss Navar was employed last semester as a Social Science Research Assistant on a research grant in the Department of Psychology. At the end of the semester she received her B.A. and has been admitted to graduate standing in the Department. We wish to employ her during the current semester as a Social Science Research Associate I. (RBC# 1664)

10.	M. Salah Nosseir Structural Mechanics Research Laboratory	Research Engineer Assistant II (3/4 T.)	Research Engineer Associate IV (F.T.)	
	Salary Rate	\$ 5,268	\$ 8,880	2/1/66
	Source of Funds: U.S. Army Contract			
	Mr. Nosseir has completed all of the work required for the Ph.D. degree except final approval of his Ph.D. Thesis by his thesis committee. He will be employed as a full time Research Engineer Associate IV during the current semester and is registered for his thesis only. Mr. Nosseir will be employed to perform a theoretical study of the behavior and response of underground structures subjected to ground shock caused by nuclear blasts. (RBC# 1619)			
11.	JoAnn A. Rowell School of Law - Law Library	Clerk	Librarian I	
	Salary Rate	\$ 2,940	\$ 5,520	3/1/66
	Mrs. Rowell's new responsibilities in the Law Library are those of documents librarian supervising the ordering, cataloging, and processing of government documents both purchased by the Library and received as a depository for the U.S. Government. (RBC# 1652)			
12.	Don R. Schol Art	Teaching Assistant (1/4 T.)	Teaching Associate (1/2 T.)	
	Academic Rate	\$ 4,400	\$ 6,000	1/16/66
	Mr. Don Schol has been a teaching assistant in our Department for two semesters and is now nearing completion of his graduate work.			
	This semester, he is acting in Mr. Charles Umlauf's stead, and is carrying a portion of the load previously carried by Professor Umlauf, presently on leave in Italy.			
	We are therefore requesting that his salary base for this new assignment be increased commensurate with his greatly increased responsibilities. (RBC# 1561)			
13.	Julia Fu Shaw Computation Center	Technical Staff Assistant I (3/8 T.)		
	Civil Engineering - Meteorology (Government Contract Funds)		Computer Programmer I (11/20 T.)	
	Salary Rate	\$ 3,072	\$ 6,168	3/14/66

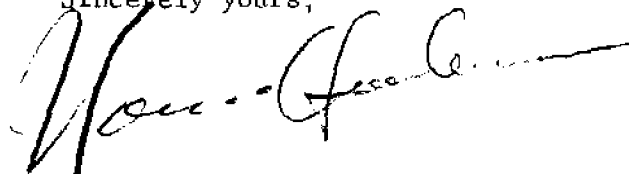

<u>Item No.</u>	<u>Explanation</u>	<u>Present Status</u>	<u>Proposed Status</u>	<u>Effective Dates</u>
13.	Julia Fu Shaw (continued)			
	Miss Shaw was employed by the Computation Center as a Technical Staff Assistant I. We carefully examined Miss Shaw's experience record, and Dr. Amos Eddy interviewed her to determine her suitability for programming work.			
	This work clearly warrants the employment of a person with the qualifications of a computer programmer, and we have established to our satisfaction that Miss Shaw has such qualifications. (RBC# 1762)			
14.	Michael P. Teter Physics of Metastable Systems	Research Scientist Assistant III (1/2 T.)	Research Scientist Associate IV (F.T.)	
	Salary Rate	\$ 6,468	\$ 8,880	4/15/66
	Source of Funds: U.S. Air Force Contract			
	This change in status is a result of the completion of the Ph.D. degree. Dr. Teter has two current job offers for \$14,500 that he could accept immediately. However, there are several research problems that Dr. Teter can probably finish by the end of the summer, and this position would make it possible for him to remain here for an extra four months without undue financial sacrifice. (RBC# 1889)			
15.	Geoffrey W. Torrence Astronomy (Current Restricted Funds)	Research Scientist Assistant I (1/2 T.)	Research Scientist Associate II (F.T.)	
	Salary Rate	\$ 4,392	\$ 7,440	4/25/66
	Mr. Geoffrey Torrence's duties will be in design phases of a major radio telescope array which the Department of Astronomy is planning, and will include direct responsibility for large areas of this work. This work is not a routine realization of standard techniques in the field, but involves advances of the state of the art in radio astronomy. Few people, whatever their background or experience, possess the imagination and creativity to carry this work through. Torrence does, and has impressively demonstrated his ability in extensive work he has done over the past two years. (RBC# 1890)			
16.	An-Chuan Wang Zoology (U.S.P.H.S. Contract Funds)	Research Scientist Assistant II (3/5 T.)	Research Scientist Associate IV (F.T.)	
	Salary Rate	\$ 5,028	\$ 8,880	6/1/66

Item No.	Explanation	Present Status	Proposed Status	Effective Dates
16.	An-Chuan Wang (continued)			
	The earlier salary was paid to Dr. Wang while he was a graduate student employed as a Research Scientist Assistant II. He has now completed his period of graduate study and will receive the Ph.D. at the forthcoming commencement. (RBC# 1888)			
17.	Una J. Winfrey News and Information Service	Clerk Typist (1/2 T.)		
	Personality Research Center (Government Contract Funds)		Social Science Research Associate I (23/40 T.)	
	Salary Rate	\$ 2,940	\$ 4,200	3/16-5/31

We are recommending the appointment of Miss Una Jacqueline Winfrey as Social Science Research Associate I on our Cross-National project of Children Coping Styles.

Her duties with the project would involve the supervision of clerical personnel as well as the preparation of detailed reports on the status of the massive incoming data from our seven co-investigators abroad. Furthermore, her experience in proof-reading and editing would be most valuable to us in our publication endeavors. Due to the great amount of data being collected in our project, it is expected that many articles and papers will be forthcoming.
