SETTLEMENT OF CLAIMS

T. C. Bateson Construction Co. vs The State of Texas, et.al. (CD No. 202-76-S.A./GA). Natkin & Company and Todd-Ford, Inc. d/b/a Natkin/Todd Ford, a joint venture, and the State of Texas and the Board of Regents (acting through the Vice Chancellor and General Counsel) entered into a Mutual Covenant Not to Sue on April 23, 1979, with prior concurrence of appropriate authorities, under which the Board agreed to pay the joint venture parties the sum of \$675,000, and to refrain from suit against them and their subcontractors and hold them harmless from liability to plaintiff based on claims asserted by the University, and the joint venture parties agreed to dismiss their cross-action against the University, not to sue or press any claims against the University, to indemnify the University against any damages plaintiff recovers because of work done or claims made by them, and to waive any claims under the construction contract.

HOGG FOUNDATION FOR MENTAL HEALTH ALLOCATIONS FOR PROGRAM SUPPORT

Allocations were made from the Hogg Foundation for Mental Health Trustee Approved Program Support account to the following institutions and agencies:

CAN-DO-IT - Pilot Residential Treatment Program for Severely Emotionally Disturbed Children of Houston Texas - \$36,000.00

1. The Hogg Foundation Executive Committee is recommending for approval a grant in the amount of \$36,000.00 to CAN-DO-IT, which is an acronym for Children: Action Now Developing Options in Treatment. CAN-DO-IT is a "grass roots" organization to aid the Houston community in developing treatment programs for the severely emotionally disturbed child. These are youngsters with acute inability to attend or function in school, who suffer depression to the extent of suicide attempts, incorrigibles or those who have severe emotional attacks. These funds would be used to assist in their commitment to DePelchin Faith Home so that the two units could be redesigned and restaffed for emotionally disturbed children. This new residential treatment program promises to be a truly outstanding and unique enterprise for this part of the country.

This matching grant on a two or one basis is contingent upon the raising of \$18,000 in new money by CAN-DO-IT.

Mrs. Muriel Folloder, President of the Board of Directors of CAN-DO-IT will submit a report to the Hogg Foundation once the official transfer of these funds to the DePelchin Faith Home has taken place. Dr. Wayne H. Holtzman and Mrs. Bert Kruger are the liaison persons for the Hogg Foundation.

Tarrant Council on Alcoholism & Drug Abuse of Fort Worth, Texas - \$7,560.00

2. The Hogg Foundation Executive Committee is recommending approval of a grant in the amount of \$7,560.00 to the Tarrant Council on Alcoholism & Drug Abuse to aid in the establishing of a new service in the form of a decentralized drug abuse education, prevention, and referral service carried out by means of a van. This method of delivery is proposed as a cost-effective alternative to satellite clinics. Professional staff members and volunteers will present educational programs and prevention services in several target neighborhoods. The van itself also features a patch-in citizens band radio for on-site referral. The Hogg Foundation grant will make possible an in-depth formative and summative evaluation of this innovative service delivery system. 20% of the project director's time and two part-time research assistants are to be supported for the period April 1, 1979 through March 31, 1980.

Mr. Jay V. Harnish will serve as project director. A co-agency agreement between the Tarrant Council and The University of Texas at Arlington will provide the overall research direction from Professor Charles E. Ramsey, chairman of the Sociology Department. Mr. Harnish will submit a progress report and a final fiscal accounting in April, 1980.

Dr. Terrence R. Tutchings will serve as liaison person for the Hogg Foundation.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)The National Conference of Christians & Jews, Inc., South Texas Region of
San Antonio, Texas - \$500.00

3. The Hogg Foundation recommends for approval a one-time grant in the amount of \$500.00 for the period May 1, 1979 through December 31, 1979 to The National Conference of Christians & Jews, Inc., South Texas Region. The proposed youth program, "Alternatives to Delinquent Behavior," is a delinquency diversion program with an educational base that will serve as a demonstration project for the Austin Independent School District and the Austin Police Department. The goals of the project are to demonstrate the feasibility of a continuing criminal justice segment of public school curriculum and the viability of the program as a means for deterring pre-delinquents from criminal involvement. Hogg Foundation funds will support the stipend of a consultant and of a coordinator from the Austin Independent School District and the Austin Police Department, respectively. These two persons will be responsible for the planning, follow-up, and evaluation of the project.

Mr. Bill Pickle, Director of the South Texas Region, will be responsible for the overall administration of the program, and will submit a fiscal narrative and fiscal reports no later than December 31, 1979. Dr. Wayne H. Holtzman and Dr. Terrence R. Tutchings will serve as liaison persons from the Hogg Foundation.

Child and Family Service of Austin, Texas - \$5,000.00

4. The Hogg Foundation recommends for approval a grant in the amount of \$5,000.00 to Child and Family Service of Austin for the establishment of Consumer Credit Counseling.

The proposed Consumer Credit Counseling services are an important adjunct to the family counseling services presently provided by the agency. This would be one of the few programs to combine credit counseling and financial management assistance with other mental health services. The proposed Consumer Credit Counseling program will receive most of its budget support from the pledges of Austin creditors. The \$5,000.00 Hogg Foundation grant will provide for one-third of the salary of the coordinator/counselor, who will be responsible for new client intake, ongoing counseling, debt and budget management, and continuing creditor contact.

Second and third-year funding are tentatively committed contingent upon satisfactory completion of the first year's activity and with the understanding that second and third-year support by the Hogg Foundation should be considered an option to be used only if other support cannot be found.

A six-month evaluation report will be submitted to the Hogg Foundation in November, 1979, and a final fiscal accounting and narrative report will be submitted not later than May 31, 1980. Mr. J.B. Brannon, Executive Director of Child and Family Service, will be responsible for the administration of the project. Dr. Terrence Tutchings and Dr. Ralph Culler will serve as Hogg Foundation liaisons for this project.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

The University of Texas Health Science Center at San Antonio -
Department of Psychiatry

Biological Psychiatry Research Program - \$25,000.00

5. After careful review of the second year progress report submitted by Dr. Robert L. Leon, the Hogg Foundation Executive Committee is recommending approval of this third year grant in the amount of \$25,000.00.

It is the understanding of the Foundation that this grant will be used primarily for the support of David Ross' work on Ca-ATPase, Augustine de la Pena's research on the psychophysiology of sleep, and Charles Bowden's platelets of depressed patients.

A report on the currently proposed work late this year is to be submitted by Dr. Leon in anticipation of a fourth year of support from the Mary Yates Memorial Fund. Dr. Wayne H. Holtzman will continue to serve as the liaison person for this project. A site visit by Dr. Holtzman and Mrs. Mary Auler will probably take place later this spring.

When hearing is scheduled, the person appealing will be notified of the time and place so that he may attend and will be allowed up to five minutes for a personal presentation. If the person appealing is not present, the appeal will be decided on the basis of the written statement of reasons on the Parking and Traffic Appeal Form.

Appeals should not be made for the purpose of changing the rules, which are not made by the Appeals Committee, but by the University Parking Committee.

The reason for appeal should be given, either to dispute whether the violation occurred at all, or to claim that the action which resulted in the citation was justified by circumstances.

Appeal committees consist of faculty, staff, and student members. 2. EFFECTIVE DATE OF PERMITS. Parking permits, not temporary permits, are valid for twelve months, beginning September 1.
3. PARKING PERMITS must be affixed to the inside of the vehicles as described in Section VI of these regulations.. Annual permits which are taped or affixed by unauthorized materials or displayed on a vehicle other than the vehicle to which issued will subject the holder to a University citation. Temporary permits must be located so as to be readily seen from the outside of vehicle.
4. CLASS "F" PERMITS. Holders of Class "F" permits shall park only in areas designated on their permits. Class "F" Lots are reserved from 7:30 a.m. to 5:00 p.m. Mondays through Fridays. When no spaces are available or there is an urgent need, a temporary permit will be issued by the University Police or the Uniformed Officers in control stations.
5. CLASS "A" PERMITS. Holders of Class "A" permits may park in any Class "A" parking area except carpool areas on Monday through Friday from 7:30 a.m. to 5:00 p.m. and in Class "C" parking areas after 2:00 p.m. Holders may park in other parking areas at other times except when prohibited by posted signs or markings.

(See numbers 4 & 5 above).

8. **FACULTY/STAFF LOCATED OFF MAIN CAMPUS.** University faculty and staff employed at locations off the main campus are not eligible for parking permits under these regulations. These individuals should apply either to the University Police at Belmont Hall or to the guards in control stations for temporary permits.
9. **LOADING ZONE PERMITS & WHERE TO OBTAIN.** A passenger car or light pick-up may not use Loading Zone areas Monday through Friday from 7:30 a.m. to 5:00 p.m. without a **LOADING ZONE PERMIT**. When control stations are closed, permission to use a Loading Zone area may be obtained by a telephone call to 471-4441 or PAX 1031.
10. **VISITORS & WHERE TO OBTAIN PERMITS.** All visitors need permits to park on campus. Visitors who conduct important business with or render an important service to the University and who are not eligible for University permanent parking permits are classed as OFFICIAL VISITORS. Official Visitors may obtain temporary parking permits from either the guards at the control stations or from the University Police at Belmont Hall (stadium) Room 823. Permits entitle the holders to park only in spaces designated "Official Visitor."
NOTE: Temporary permits must be displayed while the vehicle is parked.
All other visitors may park only at the University Visitor Center, east of the LBJ Library (between 26th Street and Manor Rd.) or may only drive-through the campus. Faculty, staff and students are not normally eligible for Official Visitors permits. Violators may be cited.

13. **PARKING IMPROPERLY.** A vehicle may not be parked on a street where angle parking is required with the back of the vehicle toward the curb. Parking wholly within the marked boundaries of the parking space is required at all times. Vehicles shall not park so as to obstruct walkways or to inflict damage to shrubbery, trees, grass, etc.
14. **BICYCLES.** Bicycles must be operated in accordance with the ordinances of the City of Austin and according to specific provisions of these regulations shown in Section IV. II. INTRODUCTION

Under the provisions of Sections 51.202 et seq of the Texas Education Code, the Board of Regents of The University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, provide for the

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

issuance of vehicle identification insignia, (parking permit) and provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any who would walk or drive and park a motor vehicle or bicycle on the main campus of The University of Texas at Austin. They are supplementary to the rules and regulations of the City of Austin and the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on the University of Texas at Austin campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who have motor vehicles in their possession or control for use, operation or parking on the University campus are encouraged to register said vehicles with the Parking and Traffic Office. Registration of a motor vehicle does not guarantee a parking place on campus. However, owners of registered vehicles will receive a reduced penalty for violations of certain University parking regulations, (see Section VII).

The University is not responsible for fire, theft, damage to, or loss of such vehicles parked or operated on the University campus. No bailment is created by the granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

As used herein, "Campus" refers to all University owned or controlled property whether or not within the confines of the control stations of the Main Campus. With respect to permits, these regulations apply only to the Main Campus, which is all University-owned or controlled property within the boundaries shown on the map accompanying these regulations.

The origin, administration and enforcement of the regulations contained in this booklet are as follows:

Parking and Traffic Policy Committee. This committee is composed of faculty, staff and students and is responsible for formulating regulations for the control of parking and traffic upon the campus in the form of recommendations to the President of the University. Within the limitations imposed by restricted facilities and staff, it attempts to provide reasonable regulations for the control of the very high density of vehicular and pedestrian traffic upon the main campus of the University, toward the goal of optimum convenience and safety for all concerned. Suggestions for changes in these regulations, requests for individual consideration or any communications concerning unique problems arising from parking and traffic, or the regulations concerning them should be directed to this Committee.

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

Parking and Traffic Appeals Panel. This panel is composed of faculty, staff and students and rules on appeals from citations issued by University police for violation of parking and traffic regulations. This panel also conducts hearings concerning impoundment or barring of readmission, withholding of grades and transcripts based on overdue charges. (See Section VIII)

Parking and Traffic Administration. This office is responsible for all administrative functions relating to the issuance of parking permits, the collection of charges for parking and traffic violations, the acceptance of appeals from such violations and the issuance of refunds upon withdrawal from the University. Questions relating to these functions should be directed to Parking and Traffic Administration, Service Building 1.

University Police. The University Police has the responsibility and the legal authority for the enforcement of the parking and traffic regulations listed in this booklet. University police officers may issue TRAFFIC CITATIONS ENFORCEABLE IN COURT in the same way as those issued by the Texas Highway Patrol (see Section VIII). On special occasions and in emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, he may also waive parking limitations which are ordinarily imposed.

The University reserves the right to enforce parking and traffic regulations (1) through the issuance of citations and the collection of charges for offenses, (2) through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or involved in specified parking offenses, (3) by the suspension or revocation of permits for repeated offenses, (4) by providing an option for either the vehicle owner or the person who has signed a financial responsibility agreement for parking violations to appear in court or at a University hearing for non-payment of charges, (5) by barring readmission of any student for non-payment of outstanding charges, (6) by withholding a student's grades and official transcript, (7) by denying parking permits to those with overdue charges, and (8) by such other methods as are commonly employed by City or State police in the control of traffic.

Proof of the fact that any parking or traffic control device, sign, signal or marking was actually in place at any location on the campus of the University of Texas at Austin, Austin, Texas shall constitute prima facie evidence that the same is official and was installed under the authority of the law.

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of the University of Texas at Austin, Austin, Texas in violation of any provision of the Parking and Traffic Regulations of the University of Texas at Austin, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Austin parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by said holder of the parking permit. However, if such vehicle does not bear a valid University of Texas at Austin parking permit, proof that said vehicle at the date of the offense alleged was owned by the person charged with the offense, shall constitute prima facie evidence that said vehicle was then there stopped, parked and left standing by said owner.

Any motor vehicle or bicycle parked on the University campus for a period of time in excess of 48 hours The University may deem, as authorized by law, the same to be abandoned and dispose of such vehicle as provided in Sections 10.4 and 10.6 of Chapter VII, Part Two of the Regents' Rules and Regulations.

IV. GENERAL

Only vehicles conspicuously displaying proper University permits may enter or park on the campus Monday through Thursday from 7:30 a.m. to 7:30 p.m., and Friday from 7:30 a.m. to 5:00 p.m., except that motorcycles and motor-assisted bicycles may only drive through the main campus after these hours, and must park only in areas designated for such vehicles. Permits are not required after these hours, nor on official University holidays, nor on days when no classes, final examinations or registration periods are scheduled, except where parking is restricted by posted signs. Official visitors and drivers of commercial vehicles may obtain temporary permits at traffic control stations. Metered parking spaces may be used by any vehicle, except motorcycles, motor-assisted bicycles and bicycles, at any time, except where their use is restricted by posted signs. These regulations apply to motor propelled vehicles and to bicycles, - all must honor the regulations listed in this booklet at all times.

V. PARKING REGULATIONS

The various classes of parking permits and their eligibility requirements, privileges and limitations are described in detail in the following section. Specific areas available for parking for each class of permit are indicated on the color-coded map. Metered spaces are open to all motor vehicles, except motorcycles, motor scooters and motor-assisted bicycles, at all times, except where their use is restricted by posted signs. Parking meters are in use from 7:30 a.m. to 5:00 p.m. Monday through Friday.

Parking is PROHIBITED AT ALL TIMES where indicated by signs, yellow-painted curbs or yellow-painted pavement markings. Parking adjacent to orange-painted curbs is restricted to AUTHORIZED VEHICLES ONLY from 7:30 a.m. to 5:00 p.m. weekdays. Parking at unpainted curbs is controlled by area parking signs. Posted parking signs must be honored at all times and take precedence over curb markings.

Other regulations concerning parking and driving on the Main Campus are shown in Section VII. DRIVING AND PARKING OFFENSES.

The absence of sufficient authorized parking space on the University campus during a particular period of time will not be considered by The University as a valid justification for violation of parking and traffic regulations. The mere fact that citations are not issued for any offense does not indicate that these regulations have been modified to exclude that offense.

On University holidays and on days when no classes, final examinations, nor registration periods are scheduled, only those parking restrictions which regulate parking at all times will remain in effect except that Official Visitor and Class "O" spaces located on Inner Campus Drive will be restricted as posted.

VIII. ENFORCEMENT

A. Parking and Traffic Citations

University Police are authorized to issue two types of citations for violation of campus parking and traffic regulations:

- (1) University Citations - Those handled by the University of Texas Parking and Traffic Administration, subject to University charges and a right of appeal to the Parking and Traffic Appeals Panel.
- (2) Court Appearance (CA) Citations - Those issued by the University Police but constituting a summons to appear in either the municipal court or a justice court. Criminal penalties, as provided by law, may be imposed by either the municipal court or a justice court for violations of University parking and traffic regulations.

B. Policy with Respect to Court Appearance (CA) Citations

The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations only (1) for serious violations and (2) for excessive University citations as set forth in Paragraphs C and E below.

C. Policy with Respect to University Citations.

University citations are issued for offenses described in Section VII. The administrative charges are as shown. If not paid within twelve calendar days after issuance of the citation a \$5.00 late charge shall be assessed.

Every person receiving a University citation shall remit the amount of the charge to the Parking and Traffic Office, Room 1, Service Building within twelve calendar days after receipt of the citation, to avoid a late charge.

If a person desires to appeal, he/she shall comply with Paragraph D below within twelve calendar days after issuance of the citation.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency or in the name of the person who has registered the vehicle with the Parking

SPECIAL PARAGRAPHS

and Traffic Office. Unpaid charges for other offenses (e.g. moving violations) are reported in the name of the person driving said vehicle and in the name of the person who has registered it with the University Parking and Traffic Office or the registered owner.

If unpaid charges recorded in the name of any person equal or exceed the sum of \$25.00, the Parking and Traffic Administration will notify such person by letter sent to the address of such person as shown in the records of the Parking and Traffic Office. A copy of the letter also shall be sent to the registered owner if different from the person registering the vehicle with The University.

If, however, the records indicate that the vehicle has not been registered with the Parking and Traffic Office, the letter of notification will be sent only to the registered owner.

Such letter shall state that unless (1) payment of all accumulated charges is made within 12 calendar days after the date of such letter or (2) a written request is made within the same 12 days to appear before a University hearing for impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades and transcripts in case of students in accordance with the Regents' Rules and Regulations, Part One, Chapter VI, Section 9, the appropriate enforcement action will take place without further notice.

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and neither the registered owner nor the person who has registered the vehicle with The University has elected to appear at a University impoundment hearing, the vehicle may be impounded pending payment of all outstanding charges, without further notice.

If timely payment is not received from a student and the student has elected not to appear at a hearing, the student may, in addition to the impoundment of his/her vehicle, be barred from readmission and his/her grades and official transcripts may be withheld, without further notice.

When Court Appearance citations are issued, the University citations will be cancelled. Failure to discharge CA citations will result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

shall be ineligible to receive a parking permit while such charges remain unpaid. To obtain a permit, a person shall either pay these charges or request a University hearing.

D. Appeals from University Citation(s).

Any person who has received a University citation may elect one of the following:

- (1) file a request to have the University citation converted to a CA citation and appear in Court to contest the validity of the citation. Such request must be submitted in writing to the Parking and Traffic Office within 12 calendar days from the date of the citation, or,
- (2) file a request to have the University citation reviewed by the University Parking and Traffic Appeals Panel. Such request must be submitted in writing to the Parking and Traffic Office within 12 calendar days from the date of the citation.

If the person elects to request a review by the Parking and Traffic Appeals Panel, the written request must set forth the grounds on which the person believes the citation was improper or inequitable. The following information shall be included in the appeal:

- (1) citation number(s),
- (2) license number of vehicle,
- (3) local address and telephone number,
- (4) date of appeal,
- (5) signature, and
- (6) printed name of person appealing.

Each appeal will be considered by an appeals panel consisting of faculty, staff and student members.

The filing of an appeal constitutes certification by the individual who signs the same that the facts stated therein are true to the best of his/her belief. A person may file such supporting statements or materials as he/she deems appropriate.

If the person filing an appeal desires to appear in person before a panel he/she shall request such personal appearance in the written statement. Failure to request a personal appearance will result in the Parking and Traffic Appeals Panel determining the appeal on the basis of the written statement of the person, the supporting materials submitted by the person and information supplied by the traffic officer issuing the citation. If a personal appearance is requested, the person appealing shall be permitted to participate in the hearing and present such testimony and information as he/she deems appropriate.

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

Such person shall also have the right to examine witnesses.

The panel may order the payment of the charge in whole or in part, or the cancellation of the citation(s), as deemed appropriate. A person filing an appeal will be notified in writing of the decision of the panel. The decision of the Appeals Panel shall be final. If an appeal is denied and the person fails to pay the charges within 12 calendar days after date of letter of notification, a \$5.00 late charge will be assessed.

E. Suspension of Privilege to Drive and Park on Campus.

Any person who within a period of twelve months commencing on September 1 of any year receives University citations with charges equal to or in excess of \$50.00 shall lose his/her privilege of driving or parking a motor vehicle on the Main Campus for the remainder of the permit year and may subject their vehicle to possible impoundment for parking offenses during the period of suspension; upon payment of all charges the suspension will be vacated. In addition, a faculty or staff member found to have more than one vehicle parked on campus at the same time (Sec. VI A) shall lose their privilege to drive and park on campus for the remainder of the permit year.

The loss of the privilege of driving or parking a motor vehicle on campus shall commence twelve days after the Parking and Traffic Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such person's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the date on which the suspension commences and the date on which the suspension ends and will give notification of possible impoundment for parking offenses committed during the period of suspension and additionally, shall state the reason for such suspension.

Any person who (a) forges or alters a permit, (b) uses a forged or altered permit, (c) transfers a permit, affixes a permit to a vehicle other than that for which it was issued, or fails to destroy a permit when required to do so by these regulations, with the intention of providing any person with parking privileges he/she is not entitled to under these regulations, or (d) provides false information to obtain a parking permit with knowledge thereof, or (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase,

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1979-80 (CONT'D)

or, (f) parks two vehicles on campus at the same time under the Alternate Permit Policy (Sec. VI), shall lose the privilege of driving or parking on the University campus for the remainder of the year. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

If a person whose privilege of driving or parking a vehicle on campus has been suspended is charged with any violation while on campus, a CA citation will be issued for such violation. If a University citation is issued to such person, a CA citation for such offenses will be served upon such person by a peace officer. Failure to discharge such CA citations will result in the issuance of a warrant for the arrest of such person. Upon the issuance of the CA citation, the University citation will be cancelled.

If a person whose privilege of driving or parking on the campus has been suspended receives a University or CA citation by reason of having a vehicle on the campus during the period of his/her suspension, the period of suspension shall be extended so that it expires 12 months from the date the person receives such additional CA or University citation. In addition, the vehicle may be impounded and the violation of the suspension may be reported to the Dean of Students for possible disciplinary action if the person is a student, or to the appropriate Dean, Director or Administrative official, if the person is a faculty or staff member.

A person receiving notice that his privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within 12 calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provision of Part D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Office.

F. Destruction of Permit When Suspended.

Every person receiving notice that his privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return remnants thereof to the Parking and Traffic Office within twelve calendar days after date of such notice. Failure to do so

may be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative official, if the person is a faculty or staff member.

G. Eligibility to Obtain New Permit During Period of Suspension

A person whose privilege of driving or parking on the campus is suspended and not reinstated shall be ineligible to receive a parking permit of any type during the period of suspension.

H. Impoundment.

The term "impounding" includes removal or immobilization of the vehicle in question.

In addition to any service charge that may be levied by the University for an offense, the owner of an impoundment vehicle must also pay a commercial wrecker service fee in the amount of \$20.00 and storage charges in the amount of \$3.00 per day after the first 24 hours. When an impounding violation occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker, and the wrecker driver has made a hook-up, the following will apply:

- (a) the vehicle will not be impounded;
- (b) and the owner or driver will be expected to pay the wrecker a fee, in lieu of towing, in the amount of \$10.00.

If the vehicle is impounded the registered owner/permit holder will be so notified at their address of record.
