CONTRACTS AND GRANTS FOR RESEARCH, DEVELOPMENT AND EDUCATIONAL SERVICES - FEDERAL  
BOARD OF REGENTS MEETING - JUNE 10-11, 1982

The following agreement has been awarded and is submitted for formal approval of the Board of Regents:

Office of Naval Research Basic Agreement N00014-79-H-0023

1. Revision #4 to Basic Agreement N00014-79-H-0023 between the Office of Naval Research, United States of America and The University of Texas System. This revises the Basic Agreement, originally effective January 1, 1979, to comply with the current requirements of the Defense Acquisition Regulations and to incorporate the required updated clauses to the Agreement. Individual contracts between the component institutions of The University of Texas System and the Department of Defense may be negotiated under this Basic Agreement.

HOGG FOUNDATION FOR MENTAL HEALTH ALLOCATIONS FOR PROGRAM SUPPORT

Allocation were made from the Hogg Foundation for Mental Health Trustee Approved Program Support account to the following institutions and agencies:

Settlement Club Home, Austin, Texas - \$10,000

1. The Hogg Foundation Executive Committee is recommending for approval a three-year grant in the amount of \$25,000 for the period of April, 1982 through April, 1985 to the Settlement Club Home. These funds will be granted at \$10,000 per year for the first two years and \$5,000 for the third year. The grant will be used to develop a demonstration project for a vocational placement program for emotionally disturbed children. The goal of the program is to provide vocational experience and career planning under careful supervision for emotionally disturbed youth without families to prepare them for independent living in the work world.

Bobbie Matthews, Executive Director of the Settlement Club Home, will be responsible for administration of the program. She will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period for the first year. Dr. Wayne H. Holtzman and Bert Kruger Smith will serve as liaisons for the Hogg Foundation on this project.

Central Texas Medical Foundation, Austin, Texas - \$7,900.00

2. The Hogg Foundation Executive Committee recommends for approval a one-year grant in the amount of \$7,900.00 for the period of May 1, 1982 to April 30, 1983 to the Central Texas Medical Foundation. This grant is for support of the Foundation's Psychiatric Liaison and Behavioral Medicine Education program at Brackenridge Hospital.

Noting that mental health care, particularly at the point of crisis, was lacking in Austin and that liaison for continuity of care has been generally nonexistent, this new program has the following general objectives: (1) provisions for direct care of patients with mental disorders at Brackenridge Hospital; (2) education of nonpsychiatric health care professionals to the psychological dimensions of illness as well as diagnosis, intervention and therapy; (3) liaison establishment among community agencies and organizations for consultation and continuity of care, and (4) application of a biopsychosocial model of patient care and education using a multidisciplinary team.

Dr. Deborah Peel, Director of Liaison Psychiatry and Ms. Marianne Foley, Education Coordinator, will be responsible for the administration of the program. They will submit a narrative evaluation of the project and a complete fiscal accounting report no later than May 15, 1983. Dr. Charles M. Bonjean will serve as Hogg Foundation liaison for this project.

San Antonio State Hospital, San Antonio, Texas - \$6,540.00

3. The Hogg Foundation Executive Committee recommends approval of a grant in the amount of \$6,540.00 to San Antonio State Hospital for the period of March 1, 1982 through July 31, 1982. These funds will be used to support a full-time research assistant to aid in a five-month follow-up study of Mexican American psychiatric patients. The Hogg Foundation made an earlier grant to the Bicultural Unit to evaluate their Bilingual/Bicultural Treatment Program, and the present study will provide a longitudinal perspective on the previous findings.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

Dr. Israel Cuellar, the Director of the Bicultural Unit, will be responsible for the administration of the project and will submit both a final fiscal accounting and narrative evaluation of the program at the close of the grant period. Dr. Terrence Tutchings and Dr. Ralph Culler will serve as liaison persons for the Hogg Foundation.

Mental Health Association in Texas, Austin, Texas - \$15,450.00

4. The Hogg Foundation Executive Committee recommends for approval a one-time grant in the amount of \$15,450.00 for the period of April 1, 1982 through December 31, 1982, to the Mental Health Association in Texas in the support of the Family and Individual Reliance project.

FAIR is a mutual support program relying on the skills of volunteers who work with persons who have experienced mental illness and the families of the mentally ill in Texas communities. Hogg Foundation funds will support primarily the salary of the project director during this transition period until the program is fully funded by the Mental Health Association budget. The Mental Health Association is contributing 50% of the project's support this year.

Ms. Kathy Edwards, Acting Director of the Mental Health Association, and Ms. Dian Cox, FAIR project director, will be responsible for the administration of this project. They will submit a progress report in August, 1982 and a final evaluation and fiscal accounting no later than January 31, 1983. Hogg Foundation staff will be actively involved in working with the Mental Health Association personnel and the FAIR Advisory Board in evaluating the project for replication elsewhere. Drs. Terrence Tutchings and Ralph Culler will serve as Hogg Foundation liaisons to the FAIR program.

Capital Area Psychological Association, Austin, Texas - \$12,000.00

5. The Hogg Foundation Executive Committee is recommending for approval, a second-year grant to the Capital Area Psychological Association for the operation of its demonstration low-cost mental health clinic. This grant, in the amount of \$12,000.00, will cover the period of April 1, 1982 through March 31, 1983.

The clinic's purpose is to provide low-cost psychological services to those in the Austin community for whom such services are presently unavailable. Volunteer licensed psychologists contribute their services to clinic clients without reimbursement from the client or clinic. The clinic provides long and short-term psychotherapy, marriage counseling, crisis treatment, group treatment and evaluation services for adults who need these services and whose annual income is less than \$15,000. Hogg Foundation funds will be used to partially fund a half-time Director's salary.

Dr. Evelyn Hammond, Director of the Capital Area Mental Health Center, will serve as project administrator and will submit both a fiscal accounting and narrative evaluation of the project at the close of the grant period. Dr. Charles M. Bonjean will serve as liaison person for the Hogg Foundation for this project.

The DePelchin Faith Home, Houston, Texas - \$17,182.00

6. The Hogg Foundation Executive Committee recommends funding of a four-year grant in the amount of \$17,182.00 to The DePelchin Faith Home for the period of January 1, 1982 through December 31, 1982. In addition,

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

to the requested amount, there is a carry-over of \$4,708.00 from the past year of funding. These grant funds will be used for several purposes, including staffing of their diagnostic/acute unit and psychological and neurological evaluations for the children. The carry-over funds would be used to support the occupational therapy component of their program.

Mr. Robert Barker and Ms. Marsha Henderson, who are responsible for the administration of the project, will submit both a fiscal accounting and narrative evaluation of the program at the close of the grant period. Dr. Wayne H. Holtzman and Dr. Ralph E. Culler will continue to serve as liaison persons for the Ima Hogg Foundation.

Southwest Texas State University,

Visitation Program for the Institutionalized Elderly, San Marcos, Texas - \$10,852.00

7. The Hogg Foundation Executive Committee is recommending approval for a one-time grant in the amount of \$10,852.00 for the period of April 15, 1982 through July 15, 1983, to Southwest Texas State University.

Dr. Sheila Fling, Assistant Professor in the Department of Psychology, will be responsible for administration of the project. She will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period by July 15, 1983. A progress report will be sent by August 31, 1982.

Bert Kruger Smith and Adrian Fowler will serve as liaison persons for the Hogg Foundation for this project.

University of Houston,

Faculty Desegregation in Urban Schools: Impact of Teacher Burnout on Children, Houston, Texas - \$1,960.00

8. The Hogg Foundation Executive Committee is recommending for approval of an additional grant in the amount of \$1,960.00 in support of this research on teacher burnout as part of a larger program dealing with "Faculty Desegregation in Urban Public Schools." The period of this grant is to be extended to August 31, 1982.

These funds and the extension of time for the grant will enable Dr. Anthony Gray Dworkin's graduate assistant to continue working with him on collecting the additional data furnished with the cooperation of the local teachers' union and the University of Houston Center for Public Policy, which will enrich the potential results to such an extent that the eventual outcome of this investigation should be of even greater practical value than originally anticipated.

A final narrative report and fiscal accounting will be provided by Dr. Dworkin at the end of the grant period. Dr. Wayne Holtzman and Ms. Adrian Fowler will continue to serve as the liaison persons for the Hogg Foundation to this project.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)The University of Texas at Dallas Program in Psychology and Human Development,  
Dallas, Texas - \$7,751.00

9. The Hogg Foundation Executive Committee is recommending approval of a grant in the amount of \$7,751.00 for the period of June 1, 1982 through December 31, 1982, to The University of Texas at Dallas.

This project will undertake research dealing with "Depressive Cognition." It is the understanding of the Hogg Foundation that these funds will go into the support of a graduate research assistant. Dr. Bert Moore and this research assistant will be studying the mechanisms underlying memory processes in depression and the interpretation of evaluative feedback when dealing with feelings of depression among otherwise normal individuals. At the close of this pilot research period, Dr. Moore will have advanced sufficiently so that he may compete favorably for continued support at a higher level.

At the close of this grant period, Dr. Moore is to send the Hogg Foundation a fiscal accounting of expenditures, together with a general report of the research and its results. Dr. Wayne H. Holtzman is serving as the liaison person for the Foundation.

Texas Tech University Department of Psychology, Lubbock, Texas - \$375.00

10. The Hogg Foundation Executive Committee has recommended for approval a one-time grant in the amount of \$375.00 to the Department of Psychology at Texas Tech University. This grant is for partial support of a symposium on "Therapeutic Interventions with Black and Hispanic Clients" at the annual meetings of the Southwestern Psychological Association.

The Hogg Foundation funds will be used to cover transportation and lodging expenses for Dr. Anna Gonzales, whose participation should add considerably to the symposium.

Dr. Robert P. Anderson, Professor and Director of Counseling Psychology, will serve as the project administrator. He will submit a narrative evaluation and complete fiscal accounting statement no later than May 31, 1982. Dr. Charles M. Bonjean will serve as the Hogg Foundation liaison to the project.

The University of Texas Health Science Center at San Antonio, Department of  
Psychiatry, San Antonio, Texas - \$25,000.00

11. After carefully reviewing the progress report of the first five-year grant period, the Hogg Foundation Executive Committee is requesting approval of the first grant of a second five-year commitment for support of research in biological psychiatry at The University of Texas Health Science Center at San Antonio. Mrs. Mary Auler has agreed to provide funds through the Mary Yates Memorial Fund for this second five-year period at the rate of \$25,000.00 per year.

This grant, under the supervision of Dr. Charles Bowden, will be used primarily in support of the following five projects: (1) cerebral metabolic responses to electroshock (Alex Miller); (2) biochemical factors in children's mental disorders (Graham Rogness); (3) studies of effects of calmodulin of mouse and rat brain tissue and platelets of depressed patients (Marty Javors); (4) measurement of lithium effects on erythrocyte and platelet metabolism in depressed patients and control subjects (Charles Bowden); and (5) receptor specificity

of benzodiazepine inhibited calcium-calmodulin protein kinase system (Maharaj Ticku).

A report of activities undertaken during the coming year, together with fiscal accounting of this \$25,000 grant will be submitted to the Hogg Foundation in March, 1983. Dr. Wayne H. Holtzman will continue to serve as the liaison person to this project.

The University of Texas at Austin - Department of Educational Psychology  
Social Skills Training Program for Hyperactive Adolescents - \$1,166.00

12. The Hogg Foundation Executive Committee is recommending for approval a supplementary grant to the Department of Educational Psychology in the amount of \$1,166 for the period concluding on June 1, 1982. This amount is an amended budget for a project already approved. The additional amount is to cover the cost-of-living raise instituted in September for University personnel.

Dr. Kathleen J. Waddell, the person responsible for administration of the project, will submit both a fiscal accounting and a narrative evaluation at the close of the grant period in June of 1982.

Bert Kruger Smith will serve as liaison person for the Hogg Foundation for this project.

The University of Texas at Austin - School of Law  
Education Law Clinical Program - \$3,980.00

13. The Hogg Foundation Executive Committee wishes to recommend the approval of this \$3,980 grant to the School of Law in support of a new program in the Education Law Clinic for providing law students with an opportunity to represent handicapped children and their parents in education-related matters.

These funds will enable Professor Goode to obtain expert assistance in evaluating the nature of each child's handicapping condition over and above the amount available through services rendered by the local school district. The remainder of the grant will be earmarked for travel reimbursement of transportation costs incurred by law students obtaining practicum training within the Education Law Clinic. Most of the costs for this program are already covered by the U. T. Law School and this supplemental funding from the Hogg Foundation is not available elsewhere at this time.

This grant will run through the Fall 1982 academic term after which Professor Goode is to submit a fiscal and program report to the Hogg Foundation. Dr. Wayne H. Holtzman is serving as the Hogg Foundation liaison person to the project.

FEES AND MISCELLANEOUS CHARGES

REVISED FEES FOR CATALOGS. I recommend approval of the following:

In 1974 the Board of Regents approved a charge of \$1.00 for the Graduate School catalog and \$.50 for all others. This charge has not since been raised in spite of increased costs for printing and postage. Therefore, I recommend the charge be increased to \$2.00 for the Graduate School catalog and \$1.00 for all others effective September 1, 1982. This is with the continued understanding that all entering students receive one free catalog for the school or college in which they will be enrolled and that each Texas high school library will receive one free set of catalogs per year.

REVISED LABORATORY/SPECIAL COURSE FEES. I recommend approval of the following:

	<u>From</u>	<u>To</u>	<u>Effective</u>
<u>College of Liberal Arts</u>

CATALOG CHANGES

FACULTY LEGISLATION. The following legislation has been passed by the University Council. I recommend approval.

The University Council on February 17, 1982, by the circularization procedure, adopted the Proposed Changes in the 1980-1982 School of Law Part of the Catalogue of The University of Texas at Austin, D&P 8566-8568.

PROPOSED CHANGES IN THE 1980-1982 SCHOOL OF LAW PART OF THE CATALOGUE OF THE UNIVERSITY OF TEXAS AT AUSTIN

CHANGE 1.

The present requirements for the Doctor of Jurisprudence Degree include a four-semester-hour first-year course entitled Civil Procedure. The Law School Faculty feels that this course is so important that the number of semester hours of credit for it should be increased to five.

CHANGE 2.

The present requirements for the Doctor of Jurisprudence Degree include a two-semester-hour advanced (third-year) course entitled Legal Profession. The Law School Faculty feels that the Legal Profession Course should be replaced by a three-semester-hour first-year course retitled Professional Responsibility so that students will give this important course more attention. Many law schools already have this course taught in the first year.

CHANGE 3.

The present requirements for the Doctor of Jurisprudence Degree include three six-semester-hour first-year courses entitled Contracts, Property, and Torts. Because of Changes 1 and 2, it is necessary to reduce the number of semester hours of credit for each of these three courses to five.

CHANGE 4.

Replacing the two-semester-hour advanced course entitled Legal Profession with the three-semester-hour first-year course entitled Professional Responsibility makes it necessary to increase the number of semester hours of credit required for the Doctor of Jurisprudence Degree from eighty-four to eighty-five.

CATALOGUE AMENDMENTS.

In order to accomplish the changes explained above, it will be necessary to amend the 1980-1982 School of Law Part of the U.T. Austin Catalogue as indicated below.

A. Requirement 3 for the Doctor of Jurisprudence Degree on page 40 would be amended to begin:

3. [~~Eighty-four~~ Eighty-five semester hours will be required for graduation.

THE UNIVERSITY OF TEXAS AT AUSTIN  
June 10-11, 1982

CATALOG CHANGES (Continued)

B. The REQUIRED COURSES section on page 43 would be amended as shown below:

First-Year Courses	Semester Hours
Brief Writing and Oral Advocacy -----	1
Civil Procedure -----	[4] 5
Constitutional Law -----	4
Contracts -----	[6] 5
Legal Research and Legal Writing -----	1
<u>Professional Responsibility</u> -----	3
Property -----	[6] 5
Torts -----	[6] 5
Advanced Courses	Semester Hours
A Criminal Law Course -----	2
Legal Profession* -----	2
Seminar -----	2

To avoid difficulty, all required work except the seminar should be completed before the final semester.

\*Required only for those who have not taken Law 385 (Professional Responsibility). Not open to students who have taken Law 385 (Professional Responsibility).

C. The second paragraph of the COURSE DESCRIPTIONS section on pages 43-44 would be amended as shown below:

Most courses offered in the long session are completed in one semester. The initial numeral in the number for each one-semester course indicates the class meetings per week and the credit given in semester hours. Credit for ~~six~~ five semester hours is given in the ~~three~~ four two-semester courses: Civil Procedure, Contracts, Property, and Torts [~~these classes meet three times weekly~~]. Credit given for summer courses varies from two to four semester hours for upper-class students during an eight-week term. Summer classes meet five times weekly for seventy minutes.

EFFECTIVE DATE.

These Catalogue changes would become effective May 24, 1982, so that the students who enter Law School in May, 1982, will be under the new program.

Distributed to members of the University Council on February 10, 1982.

PERMITS REQUIRED FOR ACCESS & PARKING: Only vehicles conspicuously displaying proper University permits (as specified in Section V, infra) may enter or park on the main campus (as shown by the boundaries on the map accompanying the regulations) Monday through Friday from 7:30 a.m. to 5:00 p.m. Motorcycles, mopeds (motor-assisted bicycles) and motor scooters may drive through the main campus only after these hours, but must park only in areas designated for such vehicles. Additionally, mopeds may park either in motorcycle areas or in bicycle racks/concrete parking blocks as specified in Section IV, infra.

PARKING PERMITS: Parking permits must be properly affixed to the vehicle(s) described in Section VI infra. Annual permits which are taped or fixed by unauthorized materials or displayed on a vehicle other than the vehicle to which issued will subject the holder to a University citation. Additionally, the permit will be confiscated and the holder will lose all parking privileges (Section VIII, infra).

CLASS "A" PERMITS: Holders of Class "A" permits may park in any Class "A" parking area except car pool areas on Monday through Friday from 7:30 a.m. to 5:00 p.m. and in Class "C" parking areas after 2:00 p.m. Holders may park in other parking areas at other times except when prohibited by posted signs or markings.

AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

**BICYCLES, MOPEDS (MOTOR-ASSISTED BICYCLES) AND SKATES:** Bicycles, mopeds must be operated in accordance with, and skaters must conform to the ordinances of the City of Austin and the specific provisions of these regulations as shown in Section IV.

**PARKING LOTS:** On occasion during the year, certain parking lots may be used upon recommendation by the Parking and Traffic Policies Committee, and approval by the President of the University.

**SPEED LIMIT:** The speed limit on all parts of the main campus, whether on streets or in parking areas, is 15 mph unless otherwise posted.

**POSTED SIGNS:** Posted signs take precedence over painted curbs and pavement markings.

**PARKING IMPROPERLY:** A vehicle may not be parked on a street where angle parking is required, with the back of the vehicle toward the curb. Parking wholly within the marked boundaries of the parking space is required at all times. Vehicles shall not park so as to obstruct walkways or to inflict damage to shrubbery, trees, grass, etc. Additionally, no vehicle may park on any unmarked and/or unimproved ground area which has not been designated for parking.

**NOTE:** Certain lots may have spaces or rows marked "Small Car Parking ONLY". These spaces will NOT accommodate full size cars within the lines. Small car spaces usually will be 7 feet wide and 15 feet long.

**REGISTRATION OF TWO VEHICLES:** An alternate vehicle may be registered by faculty and staff at no extra cost. Students may register one additional vehicle upon separate application and by paying the required additional fee. (Section VI, infra)

**NOTE:** If an alternate vehicle is registered, both vehicles shall not be parked on campus at the same time unless one is parked in a metered space. If both vehicles are found to be parked otherwise, then the permit may be revoked for the remainder of the permit year. (Section VIII, infra.)

**ENFORCEMENT AND IMPOUNDMENTS:** Failure to abide by these regulations may be the basis for disciplinary action against students, and faculty/staff (Section V, infra). Upon notice, violators may subject their vehicle(s) to impoundment pending payment of overdue charges (Section VIII, infra). Students may also be barred pending payment of overdue charges (Section II, infra). Vehicles may also be impounded for specific violations (Section VII, infra).

OFFICIAL VISITORS are those who conduct important business here or who render an important service to the University and who are not otherwise eligible for annual parking permits. Official Visitors may obtain temporary parking permits from the guards at the traffic control stations. These permits entitle the holder to park only in a space designated "Official Visitor". Permits must be displayed conspicuously on the driver's side of the vehicle. (Section VI, infra)

**PEDESTRIANS-RIGHTS AND DUTIES:** Pedestrians are subject to all official traffic control devices. They have the right-of-way at marked crosswalks, intersections and on sidewalks extending across a service drive, building entrance or driveway. Pedestrians crossing a street at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles on said street. Pedestrians shall not leave curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. They may cross an intersection diagonally only where permitted by special pavement marking.

**DISABLED OR INOPERABLE VEHICLES:** If a vehicle becomes disabled or inoperable, a telephone call shall be placed to the University Police Department (1-4441) who will either render assistance or authorize temporary parking. Such temporary parking shall not exceed 24 hours provided that such parking does not create an obstruction or hazard.

SECTION II  
GENERAL PROVISIONS

In pursuant to the authority granted by Section 51.201 et seq, 54.005, and 67.21 or Title 3 of the Texas Education Code, the Board of Regents of the University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, provide for the issuance of vehicle identification insignia (parking permit), and provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any who would walk or drive and park a vehicle or bicycle on the main campus of The University of Texas at Austin. These rules and regulations are supplementary to the ordinances of the City of Austin and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

UNIVERSITY OF TEXAS AT AUSTIN

AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

operation of a motor vehicle or bicycle on the University of Texas at campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who own a motor vehicle in their possession or control for use, operation or storage on the University campus must register said vehicle with the Parking and Traffic Office. Registration of a motor vehicle does not guarantee a parking place on campus. However, owners of registered vehicles may receive a penalty for violations of certain University parking regulations (see Section VII).

The University is not responsible for fire, theft, damage to, or loss of a vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle of property owned, leased or otherwise controlled by the University.

The origin, administration and enforcement of the regulations contained in this booklet are as follows:

**PARKING AND TRAFFIC POLICIES COMMITTEE:** This committee is composed of faculty, staff and students and is responsible for formulating regulations for control of parking and traffic upon the campus in the form of recommendations to the Board of Regents, resident of the University. Within the limitations imposed by restricted resources and staff, it attempts to provide reasonable regulations for the control of the very high density of vehicular and pedestrian traffic on the campus of the University, toward the goal of optimum convenience and safety of all concerned. Suggestions for changes in these regulations, requests for consideration or any communications concerning these regulations should be directed to this committee.

**PARKING AND TRAFFIC APPEALS PANEL:** This panel is composed of faculty, staff and students and rules on appeals, from citations issued by University Police for violation of parking and traffic regulations. This panel also conducts hearings concerning impoundment or barring of readmission, withholding of transcripts and transcripts based on overdue charges. (See section VIII).

**PARKING AND TRAFFIC ADMINISTRATION:** This office is responsible for all administrative functions relating to the issuance of parking permits, the collection of charges for parking and traffic violations, the acceptance of fines from such violations and the issuance of refunds upon withdrawal from the University. Questions relating to these functions should be directed to the Parking and Traffic Administration, Service Building, Room One.

**UNIVERSITY POLICE:** The University Police has the responsibility and the authority for the enforcement of the parking and traffic regulations contained in this booklet. University police officers may issue TRAFFIC CITATIONS SUBJECT TO COURT in the same way as those issued by the Texas Highway Patrol (see Section VIII). On special occasions and emergencies, such parking regulations may be imposed by the Chief of the University Police as are required

conditions which prevail. When conditions warrant such action, he may  
 have parking limitations which are ordinarily imposed.

The University reserves the right to enforce parking and Traffic regulations,

through the issuance of citations and the collection of charges for  
 offenses,

through the impoundment of vehicles interfering with the movement of  
 vehicular or pedestrian traffic or involved in specified parking  
 offenses,

by the suspension or revocation of permits for repeated offenses,

by requiring either the vehicle owner or the person who has registered  
 the vehicle with the University Parking and Traffic Office, to  
 appear in court or at a University hearing for non-payment of outstanding  
 charges.

by withholding official transcripts or by barring the admission of  
 any student for non-payment of outstanding charges.

by requesting disciplinary action be taken against employees or  
 students who fail to abide by these regulations,

by denying parking permits to those with overdue charges, and

by such other methods as are commonly employed by City or State  
 police in control of traffic.

In the absence of the fact that any parking or traffic control device, sign,  
 meter, signal or marking was actually in place at any location on  
 the campus of The University of Texas at Austin, Austin, Texas shall constitute  
 prima facie evidence that the same is official and was installed under the  
 authority of the law.

When any person is charged with having stopped, parked and left standing  
 a vehicle on the campus of the University of Texas at Austin, Austin,  
 in violation of any provisions of the Parking and Traffic Regulations of  
 the University of Texas at Austin, proof that said vehicle was, at the date of  
 offense, bearing a valid University of Texas at Austin parking permit  
 shall constitute prima facie evidence that said vehicle was then and there  
 parked and left standing by said holder of the parking permit. However,  
 if a vehicle does not bear a valid University of Texas at Austin parking  
 permit, proof that said vehicle at the date of the offense alleged, was owned  
 by a person that said vehicle was then there stopped, parked and left standing  
 by the owner.

The University assumes no responsibility for the car and/or protection of  
 the car or its contents at anytime it is operated or parked on the campus.

On University holidays, only those parking restrictions which regulate parking at all times shall remain in effect.

Failure to abide by parking and traffic regulations may be the basis for disciplinary action against students and employees. Students may be subjected to penalties ranging from disciplinary probation to expulsion from the Institution outlined in Section 3.13 of the Rules and Regulations of the Board of Regents of the University of Texas System, Chapter VI, Part One. SECTION VIII  
ENFORCEMENT

PARKING AND TRAFFIC CITATIONS: University Police are authorized to issue two types of citations for violation of University parking and traffic regulations:

UNIVERSITY CITATIONS - Those handled by the University of Texas Parking and Traffic Administration, subject to University charges and a right to appeal to the Parking and Traffic Appeals Panel.

UNIVERSITY OF TEXAS AT AUSTIN  
 0-11, 1982

3 AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

- . COURT APPEARANCE (CA) CITATIONS - Those issued by the University Police but constituting a summons to appear in either municipal court or a justice court.

POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations as follows:

- . for moving violations
- . for any violation when the individual's driving or parking privileges has been suspended (see paragraph E below) .
- . When an individual receives a University citation and all reasonable attempts at collection have failed; provided further that the registered owner or operator of the vehicle has no affiliation with the University, e.g., employee or student.

POLICY WITH RESPECT TO UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative charges are as shown. If not paid within twelve calendar days after issuance of the citation, a \$2 late charge will be assessed.

Every person receiving a University citation shall remit the amount of the charge to the Parking and Traffic Office, within twelve calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with Paragraph D below within twelve calendar days after issuance of the citation.

Requests for exceptions to the above referenced twelve days, will be considered on an individual basis if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Parking and Traffic Administration and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has registered the vehicle with the Parking and Traffic Office.

UNIVERSITY OF TEXAS AT AUSTIN  
-11, 1982

AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (e.g. moving violations) are recorded in the name of the person driving said vehicle and in the name of the person who has registered it with the University Parking and Traffic Office and/or the registered owner.

When Court Appearance (CA) citations are issued, the University citations will be cancelled. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive a parking permit while such charges remain unpaid. To obtain a permit, a person shall either pay these charges or request a University hearing.

IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHHOLDING OF GRADES AND TRANSCRIPTS: When unpaid charges are recorded, the Parking and Traffic Administration Office shall send a letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is made within twelve calendar days after the date of such letter or (2) a written request is made within twelve calendar days to appear before a University hearing concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades and transcripts in case of students in accordance with the Regent's Rules and Regulations, Part One, Chapter 9, Section 9, the appropriate enforcement action will take place without further notice.

This hearing is not an appeal of Parking and Traffic citations but a limited hearing to allow the individual an opportunity to show that a vehicle in question was not owned, registered or used by the individual to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the requested University impoundment hearing, the vehicle may be impounded pending payment of all outstanding charges, without further notice.

UNIVERSITY OF TEXAS AT AUSTIN  
 10-11, 1982

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

If timely payment is not received from a student and the student has failed to appear at the requested hearing, the student may be barred from readmission and his/her transcripts may be withheld, without further notice. Additionally, the student's vehicle may be subject to impoundment.

**APPEALS FROM UNIVERSITY CITATION(S):** Any person who has received a university citation may file a request to have the citation reviewed by the University Parking and Traffic Appeals panel. Such request must be submitted in writing to the Parking and Traffic Office within twelve calendar days from the date of the citation.

The written request must set forth the grounds on which the person believes the citation was improper or inequitable. Such written statement shall be submitted in an original plus six copies (reproduced copies are acceptable) and include the following:

- . citation number(s)
- . license number of vehicle(s)
- . local address and telephone number
- . date of appeal
- . signature, and
- . printed name of person appealing.

Each appeal will be considered by an appeals panel consisting of faculty, staff and student members.

The filing of an appeal constitutes certification by the individual who signs the same that the facts stated therein are true to the best of his/her belief. A person may file such supporting statements or materials as he/she deems appropriate.

If the person filing an appeal desires to appear in person before a panel he/she shall request such personal appearance in the written statement. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the Parking and Traffic Appeals Panel deciding the appeal on the basis of the written statement of the person (including any supporting material submitted) and the information as shown on the citation(s). If a personal appearance is requested, the person appealing shall be permitted to participate in the hearing and present such testimony and information as he/she deems appropriate. Such person shall also have the right to arrange for the appearance of and the examination of witnesses.

The panel may order the payment of the charge in whole or in part, the cancellation of the citation(s), as deemed appropriate. The

DISCIPLINARY AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

Person filing the appeal will be notified in writing of the decision of the panel. The decision of the Appeals Panel shall be final. If an appeal is denied and the person fails to pay the charge(s) within twelve calendar days after date of notification, a \$2 late charge will be assessed on the citation(s).

**SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS:** The loss of the privilege of driving or parking a motor vehicle on campus shall commence twelve days after the Parking and Traffic Office mails a letter to the person, at the address of such person as shown in the records of that Office, stating that such persons' privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the date on which the suspension commences and the date on which the suspension ends and will give notification of possible impoundment for parking offenses committed during the period of suspension and additionally, shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; or (d) provides false information to obtain a parking permit with knowledge thereof; (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on the university campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional citation. In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director of Administrative Official or possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provisions of Part D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Office.

UNIVERSITY OF TEXAS AT AUSTIN

REGISTRATION AND TRAFFIC REGULATIONS AND INFORMATION FOR 1982-83 (CONT'D)

**INSTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants thereof to the Parking and Traffic Office within twelve days after date of such notice. Failure to do so may be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.

**ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated shall be ineligible to receive a parking permit of any type during the period of suspension.

**TWO VEHICLES ON CAMPUS:** When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle Policy (Section VI, infra), the following shall apply:

First offense - The Parking and Traffic Office shall notify the permit holder that they have violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally any citation(s) which may have been issued are due and payable.

Second offense - The Parking and Traffic Office shall notify the permit holder that they have again violated these regulations. Such written notice will inform the permit holder that they must surrender the permit from their alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally the permit holder shall not be able to register an alternate vehicle for the remainder of the current permit year.

**IMPOUNDMENT:** The term "impoundment" includes removal or immobilization of the vehicle in question.

In addition to any charge that may be levied by the University for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an impounding violation occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hook-up, the following will apply:

The vehicle will not be impounded;  
 and the owner or driver will be expected to pay the wrecker a fee,  
 in lieu of towing.

If the vehicle is impounded the registered owner/permit holder will be so notified at his/her address.

HOLIDAY SCHEDULE AND VACATION ALLOWANCE: The Appropriations Bill for fiscal year 1982-83 provides for those holiday specified in Article 4591, Vernon's Civil Statutes, as amended. Article 4591 authorized fourteen holidays plus a holiday on each day in which a statewide election is held. The Appropriations Bill also provides for an additional three days of special leave time, specifying the day following Thanksgiving and the day before and after Christmas Day.

During the 1982-83 fiscal year, four of the specified holidays fall on a Saturday or Sunday and, therefore, cannot be observed.

In conformity with past practice and your approval of the holiday schedule submitted below, 4½ days of State holidays provided will not be observed by the Medical Branch, but will be reallocated to vacation allowance.

Labor Day	Monday	September 6, 1982
Thanksgiving Day	Thursday	November 25, 1982
Thanksgiving Holiday	Friday	November 26, 1982
Christmas Holiday	Friday	December 24, 1982
Christmas Holiday	Monday	December 27, 1982
New Year's Holiday	Friday Afternoon	December 31, 1982
Easter Holiday	Friday	April 1, 1983
Memorial Day	Monday	May 30, 1983
Independence Day	Monday	July 4, 1983

The results of the foregoing action will provide in 1982-83, 8½ holidays and special leave days and a total of 15 working days annual vacation leave for Medical Branch employees with less than two years service. Vacation accrual will, therefore, continue to be 1½ days per month of employment for this category of employee which is consistent with the practice observed for a number of years.

Each of the other categories of service will be accordingly increased, using the following schedule:

<u>Employees with Total State Employment of:</u>	<u>Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward</u>
0 but less than 2 years	10	168
2 but less than 5 years	11	192

15 but less than 20 years	15	288

The above holiday schedule and vacation allowance is recommended for your approval to apply to all employees of The University of Texas Medical Branch for the 1982-83 fiscal year.
