## 1984-85 HOLIDAY SCHEDULE AND VACATION ALLOWANCE

The Appropriations Bill for fiscal year 1984-85 provides for those holidays specified in Article 4591, Vernon's Texas Civil Statutes, as amended. Article 4591, authorizes fourteen (14) holidays plus a holiday on each day on which a State-wide election is held. In fiscal year 1984-85, the total is fifteen (15) days including the day on which a State-wide election is held. The Appropriations Bill also provides for an additional three (3) days of special leave time, specifying the day following Thanksgiving and the day before and after Christmas.

During the 1984-85 fiscal year, four (4) of the specified holidays fall on either Saturday or Sunday and cannot, therefore, be observed. Also following our past practice, we are reallocating twelve (12) hours (1½ days) from holiday time to vacation time in lieu thereof. The balance available for holidays will, therefore, be reduced by a total of twelve (12) hours resulting in nine and one-half (9½) days, the observance of which can be adjusted in order to provide more effective work schedules (Article 4591.3, Vernon's Texas Civil Statutes). Added to these nine and one-half (9½) holidays are the three (3) days indicated in the preceding paragraph, namely November 23, December 24, and December 26, 1984, which are identified as special leave days.

The results of the foregoing action will provide in 1984-85 twelve and one-half (12½) holidays and special leave days, and a total of twelve (12) working days annual vacation leave for University employees with less than two (2) years service. Vacation accrual for each of the other categories of service will be accordingly increased by one and one-half (1½) days (12 hours). See the following schedule:

<u>Employees With Total State Employment Of:</u>	<u>U.T. System Administration Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward From One Fiscal Year To Next Fiscal Year</u>
0 but less than 2 years	8	168
2 but less than 5 years	9	192
5 but less than 10 years	10	216
10 but less than 15 years	11	240
15 but less than 20 years	13	288
20 and over years	15	336

Although all employees are encouraged to utilize vacation in the year which accrued, employees may carry forward unused vacation from one fiscal year to the next. The schedule presented above indicates maximum carry forward authorized by the Appropriations Bill (the one and one-half [1½] days for holidays converted to vacation time must be taken in the 1984-85 fiscal year).

\*Sufficient personnel must be present for the conduct of official public business in accordance with Article V, Section 7c of the Appropriations Bill. Personnel comprising the skeleton workforce will be granted compensatory time in lieu of the holiday.

 JUNE 14-15, 1984  
 HOGG FOUNDATION FOR MENTAL HEALTH  
 AND IMA HOGG FOUNDATION

Allocations were made from the Hogg Foundation for Mental Health and Ima Hogg Foundation to the following institutions and agencies:

1. American Red Cross of Wichita County,  
Wichita Falls, Texas

Informing and Motivating Parents and Adolescents to Communicate Together (I.M.P.A.C.T.) - \$877

The Hogg Foundation recommends for approval a one-time grant for the period April 1 to May 31, 1984. This grant is for support of a consultant, Dr. Marion Howard, who will meet with the Wichita Falls Mayor's Commission on the Status of Women and the staffs of approximately 30 participating agencies to help develop a preventive program for dealing with teenage pregnancy.

Mr. Ernie Myers is responsible for the administration of the program.

2. DePelchin Children's Center, Houston, Texas

Parent Preparation Program - \$38,000

The Ima Hogg Foundation recommends for approval a second-year grant for the period May 1, 1984 to April 30, 1985. The Foundation's challenge grant was matched by \$68,000 of support from the Houston Endowment, the Kennedy Foundation, and the United Way of Houston. The funding will be used to continue the implementation of the Parent Preparation Program for teenage mothers. The Foundation's funds will be used to support key program staff involved in the delivery of the services.

Mr. Robert Barker, the Executive Director of the Children's Center, will be responsible for the administration of the project.

3. Disciples Outreach to Mentally Ill (DOMI, Inc.)

"Continuum of Care" for Long-Term Mentally Ill Young Adults - \$500

The Hogg Foundation recommends for approval this grant to support travel expenses and an honorarium for Dr. William Woolbright of Community Re-Hope House, Inc. in Huntington Beach, California, to serve as a consultant to the Board of Directors of DOMI, Inc. on May 4, 1984. This group is seeking to establish a residential recovery center for the chronically mentally ill in Central Texas.

Mr. Rodney B. Coleman, Chairman of the Board of directors for DOMI, Inc., is responsible for the administration of this program.

## HOGG FOUNDATION FOR MENTAL HEALTH

AND IMA HOGG FOUNDATION  
(Continued)

## 4. Family Service Center of Galveston County

Parent Resource Center - \$24,400

The Executive Committee of the Hogg Foundation recommends for approval a one-year grant for the period June 1, 1984 to May 31, 1985. These funds will be used to pay the salary and benefits of one staff person who will coordinate the Parent Resource Center. The program is designed to identify needs of dysfunctional families. Because Galveston County has a severe lack of the types of services proposed, the project is an innovative one in the context of its location.

Mr. Craig Brestrup, Executive Director of Family Service Center of Galveston County, will be responsible for administration of the project.

## 5. Sand Dollar, Inc., Houston, Texas

Community-Based Youth and Family Counseling Service - \$30,000

The Ima Hogg Foundation recommends for approval a second-year grant for the period April 1, 1984 through March 31, 1985.

These funds will be used to support key staff providing services through the Family Works Satellite Center. The Center will continue to provide a wide array of services to runaway, cast-off, and homeless children, and their families in the Houston area.

Mr. Roger D. LaFollette, Executive Director of Sand Dollar, Inc., will be responsible for the administration of the project.

## 6. University of Houston, Department of Psychology

Children at Risk for Abuse and Neglect - \$16,845

The Hogg Foundation is recommending for approval a one-year grant for the period May 1, 1984 to April 30, 1985. These funds will be used to support a program of research into the relationship between maternal and infant characteristics and the development of "difficult" infant behavior. The goal of the investigation is to describe patterns of maternal and infant behavior which can be used to identify infants at risk for later abuse and neglect.

Dr. Thomas G. Power will be responsible for the administration of the project.

## 7. Volunteer Center, Dallas, Texas

Volunteer Connection Project - \$22,665

The Hogg Foundation recommends for approval an 18-month two-phase grant for the period May 1, 1984 through October 31, 1985. This grant is for support of an evaluation of a model volunteer recruitment project, the "Volunteer Connection" which is being undertaken by the Volunteer Center of Dallas County in conjunction with the Metropolitan Tarrant County Volunteer Center, Television Station KXAS and the Center for Organizational Studies and Evaluation Research at Texas Christian University. The "Volunteer Connection" is a year-long promotion effort, involving a substantial amount of prime time air space, designed to increase the number of people volunteering for service and to provide recognition for volunteers.

Mr. Michael W. King, Executive Director of the Volunteer Center in Dallas, is responsible for the administration of the project.

## HOGG FOUNDATION FOR MENTAL HEALTH

AND IMA HOGG FOUNDATION

## 8. U.T. Austin, Department of Home Economics

Nutrition Education for the Elderly - \$1,000

The Hogg Foundation Executive Committee is recommending for approval a one-time grant for the period May 1 to August 1, 1984. The funds will be used to help provide consultation aid from the H. J. Heinz and W. A. Kellogg Corporations to two researchers working on a program pertaining to the elderly and their mental health.

Dr. Margaret E. Briley of the Department of Home Economics will be responsible for administration of the project.  
(RBC H24)

## 9. U.T. Austin, Department of Educational Psychology

Understanding Evaluation: A Study of Mental Health Service Delivery in Texas - \$16,017

The Hogg Foundation recommends for approval a one-time grant for the period March 1, 1984 to August 31, 1984. This grant is for support of a study of program evaluation in Texas community mental health centers. Program evaluation is an important aspect of community mental health center programs, yet the role of evaluation within this service delivery system has been researched and understood only at a somewhat superficial level based on surveys.

Dr. Karen Kirkhart, Assistant Professor of Educational Psychology, is responsible for the administration of the program.  
(RBC H17)

10. U.T. Austin, LBJ School of Public Affairs,  
Mexico-United States Border Research Program

"New Views Across the Border" Project - \$3,500

The Hogg Foundation recommends for approval a one-time grant for the period April 1 through August 31, 1984. These funds will be used as honoraria for four distinguished scholars who will write essays dealing with psychology and health in the Border Region of Texas and Mexico. Dr. Manuel Ramirez of U.T. Austin will be preparing a major essay on psychology and culture of the Border; Dr. Guillermo Soberon, Secretary for Health in Mexico, will prepare one on current health issues in Mexico; and Dr. Gerald Rosenthal of Washington, D.C., will write on health within the United States. A critical analysis of the two health papers will be prepared by Dr. David Warner of U.T. Austin.

Dr. Stanley R. Ross, C. B. Smith, Sr. Centennial Chair in United States/Mexico Relations, is responsible for the administration of the project.  
(RBC H19)

## 11. U.T. Austin, School of Law

Interpretation of the Revised Mental Health Code - \$15,870

The Hogg Foundation Executive Committee recommends for approval a one-time grant for the period June 1, 1984 through December 31, 1984. This grant is in support of an in-depth analysis of the revised Texas Mental Health Code.

AND IMA HOGG FOUNDATION  
(Continued)

## 11. U.T. Austin, School of Law (Continued)

The Texas Mental Health Code underwent substantial revision involving almost all aspects of the process of commitment and the provision of mental health services during the 1983 legislative session. The most notable changes concern involuntary admission to inpatient units. Many other statutes are involved with the provision of mental health services, such as the Code of Criminal Procedure, the Penal Code, the Family Code and others. A new edition of INTERPRETATION OF THE MENTAL HEALTH CODE will be developed for dissemination to lay persons and professionals involved in the delivery of mental health services throughout the state.

Dr. Michael J. Churgin, Professor, School of Law at U.T. Austin, is the director.  
(RBC H18)

## 12. U.T. Austin, Institute of Human Development and Family Studies

Impact of Mexican Culture & Economic Stress Upon Mental and Physical Health: Phase II - \$4,905

The Hogg Foundation Executive Committee is requesting approval of a second grant for support of additional research and analysis of Dr. Manuel Rameriz's study of the impact of Mexican culture and economic stress upon physical and mental health among families in San Antonio and Monterrey. These funds will enable the collection of data on additional Mexican American subjects to strengthen the samples of Dr. Ramirez's previous work. The collection of intensive case studies on five families in each of the three cultural groups will also greatly enrich this analysis. A final report of this research is to be submitted to the Foundation upon completion of the work later this year.  
(RBC H20)

## 13. U.T. Austin, Measurement &amp; Evaluation Center

Post-Retirement Adjustment: Roles of Social Support and Cognitive Coping - \$4,840

The Hogg Foundation Executive Committee is recommending for approval a grant for the fiscal year ending August 31, 1984. This is a second year grant to allow Drs. Carole K. and Charles J. Holahan to do a follow-up study on the elderly sample of U.T. retirees obtained from their project entitled, "Life Stress, Efficacy, and Adjustment in Aging: A Longitudinal View." These funds will allow the hiring of assistants to be used in the interviewing, coding, and analysis of materials obtained during the follow-up interviews of the elderly subjects.

HOLIDAY SCHEDULE FOR SALARIED EMPLOYEES FOR 1984-1985 (continued)

March 22, 1985                      Friday                      \*\*Spring Break  
 July 4, 1985                        Thursday                    Independence Day  
 Those employees who wish to observe a religious holiday in addition to the ones cited above may do so by taking a vacation day or by observing some other religious holiday in lieu of the holidays cited above.

The Appropriation Bill provides ten and one-half (10-1/2) working days of basic vacation allowance for employees of the State to be accrued on the basis of seven (7) hours per month. All regular staff employees will accrue seven (7) hours of vacation leave for each month employed.

The Appropriation Bill also provides that State employees with long-term service shall accrue additional vacation leave in accordance with the following schedule:

<u>Employees With Total State Employment of</u>	<u>Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward from One Fiscal Year to Next Fiscal Year</u>
0 but less than 2 yrs.	7	168
2 but less than 5 yrs.	8	192
5 but less than 10 yrs.	9	216
10 but less than 15 yrs.	10	240
15 but less than 20 yrs.	12	288
20 and over yrs.	14	336

Although all employees are encouraged to utilize vacation in the year which accrued, employees may carry forward unused vacation from one fiscal year to the next. The schedule presented above indicates maximum carry forward authorized by the Appropriation Bill.

An employee will earn vacation entitlement beginning on the first day of employment with the State and terminating on the last day of duty. Credit for one month's accrual will be given for each month or fraction of a month of employment with the State. Vacation with pay may not be granted until the employee has had continuous employment with the State for six (6) months, although credit will be accrued during that period.

\*\*Skeleton work force will be on hand.

Bicycles MAY NOT be secured to any tree, shrub or plant, handicap ramp, stairway or walkway. Bicycle racks are placed at strategic points on campus.

Bicycles MAY NOT be left unattended on any sidewalk, street, driveway, loading zone, fire lane, building porch or patio, pedestrian walk. No bicycles are permitted in any building owned, operated or controlled by The University of Texas at Arlington.

Violations of these regulations will result in the bicycle being removed (impounded) to the University Police Department where the owner may retrieve it after showing proper owner identification.

All violations of campus bicycle regulations are considered traffic violations, and enforcement fees will be assessed accordingly.

8. BICYCLES, MOPEDS (MOTOR-ASSISTED BICYCLES) AND SKATES:  
Bicycles and mopeds must be operated in accordance with, and skaters must conform to, the ordinances of the City of Arlington, the specific applicable provisions of these regulations, all provisions of these regulations concerning parking restrictions and traffic control, and applicable State law. 12. PARKING IMPROPERLY: A vehicle shall not park where angle parking is required in a backed in position nor shall a vehicle be parked opposite the flow of traffic in the traffic lane where parallel parking is required. Parking wholly within the marked boundaries of the marked parking space is required at all times. Vehicles shall not park in a manner that obstructs walkways, driveways, ramps, loading docks, marked cross-walks or inflicts damage to shrubbery, trees, grass, grounds or structures. Additionally, no vehicle may park on any unmarked or unimproved ground area which has not been marked or designated for parking.
13. REGISTRATION OF MULTIPLE VEHICLES: An alternate vehicle up to three additional vehicles may be registered by paying the required additional fee, and providing proof of ownership of each additional vehicle. All vehicles must be owned by the same person or immediate family. No more than one of these vehicles may enter or park on campus at one time. (Section VI)
14. ENFORCEMENT AND IMPOUNDMENTS: Failure to abide by these regulations may be the basis for disciplinary action against students, and faculty/staff (Section VIII). Upon notice, violators may be subject to impoundment of their vehicle(s) pending payment of overdue charges (Section VIII). Vehicles may also be impounded for specific impound violations.

APPEAL OF CITATION: University parking and traffic citations may be appealed, within five working days from date of citation by filing a Citation Appeal Form with the Bursar's Office, (See Section IX for detailed procedures). Court Appearance citations are handled by the City of Arlington Municipal Court.

16. VISITOR PARKING: A visitor is defined as a person who is neither a student, an employee of the University, nor is he or she a person who uses campus parking facilities for the benefit of a student or employee. The vehicles of immediate family members are not visitor's vehicles and are required to have a decal unless the student or employee obtains a visitor pass prior to the vehicle parking on campus in accordance with the following guidelines:
- A. The immediate family of the student or employee must live outside a 50 mile radius of The University of Texas at Arlington campus, or
  - B. Be coming to campus for a special event or activity.

The student or employee is responsible for parking citation(s) issued to vehicles registered to their immediate family. Visitor parking lots are located throughout campus and include the paid parking lot. These lots are designated on the parking map and by posted signs. Visitors may, prior to parking on campus, call the Parking Office at 273-3907 to receive information on obtaining temporary decals which will enable them to park as a visitor in areas on campus other than the designated visitor parking lots. These decals must be properly displayed on the vehicle.

17. PEDESTRIAN RIGHTS AND DUTIES: Pedestrians must obey all traffic control devices. They have the right-of-way at marked crosswalks, in intersections and on sidewalks extending across a service drive, building entrance or driveway. Pedestrians crossing a street at any point other than within a crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles on said street. Pedestrians shall not leave the curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. Pedestrians may cross an intersection diagonally only where permitted by special pavement marking.
18. INOPERABLE VEHICLES: If a vehicle becomes inoperable, a telephone call shall be placed to the University Police Department at 273-3381. The police will either render assistance or authorize temporary parking. Temporary parking shall not exceed 24 hours and must not create an obstruction or hazard.

## II. GENERAL PROVISIONS

Pursuant to the authority granted by Sections 51.201 et seq.; 54.005, 54.503, 65.31 and 68.02 of Title 3 of The Texas Education Code, the Board of Regents of The University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of vehicle identification insignia (parking permit), and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any person who walks or drives and parks a motor vehicle or bicycle on the campus of The University of Texas at Arlington. These rules and regulations are supplementary to the ordinances of the City of Arlington and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles. These regulations are to insure the safety of all persons who use the campus to provide for optimum use of limited parking facilities.

The operation of a motor vehicle or bicycle on The University of Texas at Arlington campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who have motor vehicles in their possession or control for use, operation or parking on the University campus must register said vehicle with The University of Texas at Arlington Police Department Parking Office. Registration of a motor vehicle does not guarantee a parking place on campus.

The University is not responsible for fire, theft, damage to, or loss of any vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

THE PARKING AND TRAFFIC COMMITTEE is a committee appointed by the President of the University. The committee members review and recommend changes to the University Parking and Traffic Rules. The Chief of Police serves as non-voting advisor to the committee meetings.

THE PARKING AND TRAFFIC APPEALS PANEL consists of faculty, staff and student members appointed by the President of the University.

THE PARKING AND TRAFFIC ADMINISTRATION OFFICE is located in Room B-13 of Davis Hall under the supervision of the Chief of Police who is under the supervision of the Vice President for Business Affairs.

UNIVERSITY POLICE: The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue University citations or Court Appearance citations ENFORCEABLE IN COURT. (See Section VIII). On special occasions and emergencies, such parking limitations may be imposed by the Chief of University Police as are required by the conditions which prevail. When conditions warrant such action, the Chief may waive parking limitations.

The University reserves the right to enforce parking and traffic regulations:

1. through the issuance of University citations and the collection of administrative enforcement charges for offenses;
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or blocking a sidewalk, ramp, loading dock, cross-walk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;
3. by the suspension or revocation of permits;
4. by requiring either the vehicle owner or the person who has registered the vehicle with the University Parking Office, to appear in court or at a University hearing for non-payment of outstanding charges;

5. by barring the readmission and withholding the grade reports, diplomas, refunds and official transcripts of any student for non-payment of outstanding charges;
6. by disciplinary action against employees or students who fail to abide by these regulations;
7. by denying parking permits to those with overdue charges;
8. by the issuance of Court Appearance Citations requiring an appearance in the appropriate state or municipal court; and
9. by such other methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas at Arlington, shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of The University of Texas at Arlington, in violation of any provision of the Parking and Traffic Regulation of The University of Texas at Arlington, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Arlington parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit. However, if the vehicle does not bear a valid University of Texas at Arlington parking permit, proof that said vehicle at the date of the offense alleged, was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by said individual.

The University assumes no responsibility for any vehicle or any duty to protect any vehicle or its contents at anytime the vehicle is operated or parked on the campus.

The University may deem a motor vehicle including a motorcycle, or motor scooter, or moped or bicycle parked on the University campus for more than 48 hours to be abandoned and may dispose of such vehicle as provided in Section 10 of Chapter VII, Part Two of the Regents' Rules and Regulations, or by Article 6687-9 of Vernon Civil Statute or Sections 5.03 or 5.07 of Arlington City Traffic Code.

On University holidays, only those parking restrictions which regulate parking at all times shall remain in effect.

- A. Failure to abide by parking and traffic regulations may be the basis for disciplinary action against students and employees.

Students may be subjected to penalties ranging from disciplinary probation to expulsion from the institution as outlined in Section 3.13 of the Rules and Regulations of the Board of Regents of The University of Texas System, Chapter VI, Part One. Employees may be subjected to disciplinary penalties including termination of employment as outlined in Section 3-27 of the HANDBOOK OF OPERATING PROCEDURES. - E. Students, faculty or staff who pay the required fee for one vehicle may obtain multiple registration decals for other vehicles which they may own, provided no more than four vehicles are registered and proof of ownership is shown of all vehicles at time of registration. If you originally register one automobile and it becomes necessary to register an additional automobile, you may do so by turning in the remnants of your first decal, pay the additional fee of \$1.00, and providing proof of ownership of both automobiles. A Rider-Pool must consist of at least two nor can it exceed eight vehicles. All persons must bring proof of ownership of each vehicle to be registered. #### H. DISPLAY OF PERMITS:

1. A permit to park on campus will not be honored unless the decal has all the factory installed protective backing removed and is permanently affixed to the lower left-hand back glass of the vehicle to which the decal is issued, except convertibles, station wagons, vehicles equipped with rear window defrosters, or any other vehicle whose rear window is concealed. #### VIII. ENFORCEMENT

- A. Police officers of The University of Texas at Arlington are authorized to issue either two types of citations for violations of these traffic and parking regulations.
1. University citations which may be satisfied by payment of the stated enforcement fee to the Bursar's Office, subject to a right of appeal to the Traffic and Parking Appeals Committee.
  2. Court appearance citations which constitute a summons to appear in Arlington Municipal Court in the same manner as traffic tickets issued by the Arlington Police Department. Criminal penalties, as provided by law, may be imposed by the Court for violation of these regulations.
- B.
1. An enforcement and administration fee of \$5.00 will be assessed for each University citation for violators with decals. The student, staff, or faculty member who receives a citation must pay the \$5.00 enforcement fee at the Bursar's Office within five (5) school days from the date of the citation.
  2. An enforcement and administration fee of \$15.00 will be assessed for each University citation for violators improperly displaying the parking decal as outlined in Parking Decals or for displaying a forged or altered decal. The student, staff or faculty member who receives a citation may within five (5) school days from the date of the citation, have the \$15.00 enforcement fee reduced to \$5.00 by providing proof to Parking Office personnel that the problem with the decal has been corrected and that it is properly displayed. This reduction will not apply when a decal is displayed on a vehicle that is not registered.
  3. An enforcement and administration fee of \$24.00 will be assessed for each University citation issued to any vehicle not displaying a current University parking decal. The student, faculty or staff member will be given the opportunity to register their vehicle in lieu of the first no decal citation enforcement fee if the citation is brought to the University Parking Office within five (5) school days from the date of the citation.

4. If a student or faculty/staff member receives a citation for not displaying a current university parking decal on a second car that is family-owned, when he had previously registered a first vehicle, the enforcement fee of \$24.00 will be reduced to \$5.00 upon the showing of proof that the second vehicle was a family-owned vehicle. In addition to paying the \$5.00 enforcement fee, it will be permissible to register the first and second vehicles on a pool decal.

Examples:

- a. A student, faculty or staff member with a valid decal parks illegally on campus and receives a citation (except for improper display, forged, or altered decal), and enforcement fee of \$5.00 is assessed.
  - b. A student, faculty or staff member receives a citation for improper display or a forged or altered decal, an enforcement fee of \$15.00 is assessed (provided the student, or faculty/staff member does not meet the previously stated requirements for having an improperly displayed violation reduced).
- C. The enforcement fees assessed for violation of these regulations constitute an indebtedness to The University of Texas at Arlington. In the event that a person fails to pay such fees within the time prescribed herein, The University of Texas at Arlington will take any or all of the following actions:
1. Suspend the privilege of driving or parking on campus;
  2. Deny readmission to The University of Texas at Arlington;
  3. Withhold the individual's grade report and/or official transcript;
  4. Withhold any diploma to which the person may be entitled;
  5. Administer disciplinary procedures as outlined in Section V-A to University employees and students.
- D. In the event that the privilege to drive and park on the campus has been suspended, such privileges may be reinstated by payment to the Bursar's Office of all unpaid enforcement fees.
- E. A person who has failed to pay enforcement fees assessed hereunder shall not be eligible to receive a permit to drive or park a vehicle on campus.
- F. Handicap parking spaces are tow-away zones (at owner's expense) for vehicles not bearing a handicap decal.
- G. Parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has signed a financial responsibility agreement for parking violation which is on file with the Parking Office.

Other offenses are recorded in the name of the person driving said vehicle and in the name of the person who has registered it with the Parking Office or who maintains the vehicle. Non-payment of enforcement fees may result in the removal and impoundment of the vehicle. Prior to the vehicle being placed upon the impoundment list for failure to pay past due enforcement fees, the person involved will be notified by letter of the action to be taken if all past due enforcement fees have not been paid within ten school days after the date of the letter, and the procedure for appeal. If the records indicate the vehicle has not been registered with the Parking Office, the notification of unpaid enforcement fees will be sent to the address of such person as shown in the records of the Parking Office.

- H. All charges, including towing and storage, will be assessed to the owner/driver of any impounded vehicle. All assessment fees must be paid prior to the release of the vehicle.
- I. If a person desires to appeal a University citation, he/she shall comply with procedures outlined below within five working days after issuance of the citation.
- J. Requests for exceptions to the above-referenced working days will be considered on an individual basis, if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Chief of Police and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.
- K. Persons with unpaid charges recorded in their names shall be ineligible to receive parking permits while such charges remain unpaid. To obtain a permit, a person shall either pay the charge or timely request a University hearing.
- L. **IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHHOLDING OF GRADE REPORTS, DIPLOMAS, OFFICIAL TRANSCRIPTS AND REFUNDS:** When unpaid charges are recorded, the Parking Office shall send a return receipt letter to the last known address of the person in whose name the charges are recorded.
  1. Such letter shall state that unless (a) payment of all accumulated charges is made within ten calendar days after the date of such letter or (b) a written request is made within ten calendar days to appear before a University hearing committee concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grade reports, diplomas, official transcripts and refunds in the case of students as authorized in the Regents' Rules and Regulations, Part One, Chapter VI, Section 9 and state law, the appropriate enforcement action will take place without further notice.
  2. Such a hearing is not an appeal of the Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

3. At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.
4. If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the requested University impoundment hearing or has appeared and has failed to meet his or her burden of proof, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage charges, without further notice.
5. If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and has failed to meet his or her burden of proof, the student may be barred from readmission and grade reports, diplomas, official transcripts and refunds may be withheld, without further notice.

M. **SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS:** The loss of the privilege of driving or parking a motor vehicle on campus shall commence ten days after the (Parking and Traffic) Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such person's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the term of the suspension and will give notification of possible impoundment for parking offenses committed during the period of suspension and shall state the reason for such suspension.

1. Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; (d) provides false information to obtain a parking permit with knowledge thereof; or (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on the University campus for six (6) months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.
2. If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional citation. In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

3. A person receiving notice that his/her privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within ten calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provisions above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking Office.
- N. **DESTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants thereof to the Parking Office within twelve (12) days after date of such notice. Failure to do so shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
- O. **ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated, shall be ineligible to receive a parking permit of any type during the period of suspension.
- P. **TWO VEHICLES ON CAMPUS:** When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle Policy, the following shall apply:
1. **First Offense** - The Parking Office shall notify the permit holder that he/she has violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally, any citation(s) which may have been issued are due and payable.
  2. **Second Offense** - The Parking Office shall notify the permit holder that he/she has again violated these regulations. Such written notice will inform the permit holder that he/she must surrender the permit from the alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally, the permit holder shall not be able to register an alternate vehicle for the remainder of the current permit year. Failure to abide by this second notice will subject the permit holder to all enforcement sanctions.
- Q. **IMPOUNDMENT:** The term "impoundment" includes towing, removal, immobilization, and storage of the vehicle in question.

In addition to any charge that may be levied by the University for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an IMPOUND VIOLATION occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hookup, the following will apply:

1. the vehicle will not be impounded; and
2. the owner or driver will be expected to pay the wrecker a fee, in lieu of towing.

If the vehicle is impounded, the registered owner or permit holder will be sent notice at the address on file with the Parking Office.

#### IX. APPEALS

The Appeals Board is not a part of the University Police Department but information is included as a courtesy to inform all faculty, staff and students of the right to appeal and the procedure for appealing a University citation.

- A. A person receiving a University citation who believes they have ample justification or mitigating circumstances leading to their receiving a citation should first request an interview with the Chief of Police or in his absence, the Captain. (The purpose for the interview with the Chief of Police is to review the citation for technical errors which may alleviate the person from any further inconvenience). If, after having an interview with the Chief of Police or Captain, the person has failed to receive satisfaction, it is at this time a person files for an appeal.
- B. A person receiving a University citation may appeal the citation to the Parking and Traffic Appeals Committee within five (5) school days from the date of receiving the citation by filing a Parking and Traffic Appeal Form which is available at the Bursar's Office. The reason should be given, either to dispute whether the violation occurred at all, or to claim that the action which resulted in the citation was justified by circumstances. When the hearing is scheduled, the person appealing will be notified of the time and place so that he may attend and will be allowed up to five minutes for a personal presentation. If the person appealing is not present, the appeal will be decided on the basis of the written statement of reasons on the Parking and Traffic Appeal Form. Appeals should not be made for the purpose of changing the rules, which are not made by the Appeals Committee, but by the University Parking Committee. The appealing party will be notified, in writing, of the decision.
- C. If the Appeals Committee finds in favor of the University and denies the appeal, the enforcement fees must be paid to the Bursar's Office within five (5) working days of the notice of the decision of the Appeals Committee.
- D. The decision of the University Appeals Panel shall be final.

#### X. SHUTTLE BUSES

A Shuttle Bus System will operate from Maverick Stadium and the Athletic Field on approximate five minute intervals. Persons riding the shuttle buses will be transported to the designated bus stop at the Library turnaround and at the northwest portion of campus between the hours of 7:30 a.m. and 2:00 p.m. Monday through Friday. Pickup for return trips will be from the designated bus stops at the Library turnaround and at the northwest portion of campus and will operate on the same intervals. Two buses will continue to run from 2:00 p.m. until 5:30 p.m. Mondays through Fridays.

Persons utilizing the shuttle buses may park at the Stadium and Athletic Park regardless of decal designation (open parking). The hours of operation for the shuttle buses may be altered to meet the needs of the campus community.

#### XI. TIME-FEE CONTROLLED PARKING

The Time-Fee Controlled parking area, Lot #8, will be available on a first-come, first-served basis to anyone willing to pay the fee for parking in accordance with the following rates when the lot is not reserved for specific functions.

Less than one hour.....	\$1.00
One hour to four hours.....	\$3.00
Four hours to twelve hours.....	\$5.00

After 12 hours - rates will start at the above rate schedule. This Time-Fee Controlled area will be utilized to provide reserved parking for specific functions when approval is obtained in advance of the function. Requests should be submitted to the Chief of Police at least ten days in advance of the function. The reservation fees are \$125.00 per day for half-the-area or \$250.00 per day for the entire lot.

Departments or organizations desiring reserve parking in the Time-Fee Controlled area should submit a request in writing, citing the number of spaces required and the length of time or days the spaces will be needed. The letter should state the Budget Account Number the fee should be charged against. The Inter-Departmental Transfer will be completed by the Parking Office on the day the lot or spaces are used.

Scheduled reservation parking takes precedence over hourly or individual parking for events that the University Police has no written notification or confirmation.

THE UNIVERSITY OF TEXAS AT AUSTIN  
U.T. Board of Regents' Meeting June 14-15, 1984

PROPOSED JOINT DEGREES PROGRAMS

The following summarizes the proposed Joint Degrees Program in the College of Liberal Arts and the School of Architecture leading to the award of the Doctor of Philosophy in Geography and the Master of Science in Community and Regional Planning, and the Joint Degrees Program in the School of Law and the LBJ School of Public Affairs leading to the award of the Doctor of Jurisprudence and the Master of Public Affairs. The proposals have been passed by the Graduate Assembly and the University Council (when applicable), approved by me, and approved by the Executive Vice Chancellor for Academic Affairs. The complete text of the first proposal can be found in the Documents and Proceedings of the Graduate Assembly, pages 1817m-1817u and of the second proposal in the Documents and Proceedings of the Graduate Assembly, pages 1817i-1817l, and the Documents and Proceedings of the University Council, pages 9415-9417.

These joint degrees programs do not constitute new degrees or new programs but rather afford cooperative ventures by which students may seek two degrees in at least partially parallel and interlocking curricula. Each individual degree has been approved already by the Board of Regents and the Coordinating Board.

JOINT DEGREES PROGRAM LEADING TO DEGREES OF  
DOCTOR OF PHILOSOPHY IN GEOGRAPHY

AND

MASTER OF SCIENCE IN COMMUNITY AND REGIONAL PLANNING

PROGRAM PURPOSE

The Joint Program in Geography and Community and Regional Planning is designed to develop the technical skills and substantive knowledge necessary to solve contemporary problems in urban, regional, and environmental planning and to stimulate research and advance understanding of contemporary development issues, particularly those involving cultural, spatial, social, and environmental dimensions of urban and regional growth. The interdisciplinary character of the Joint Program affords a novel and valuable approach to the effective analysis and resolution of these problems.

PROGRAM STRUCTURE

1. Interested students must apply for admission to either Geography or Community and Regional Planning graduate programs prior to applying for admission to the joint program. Except under exceptional circumstances, students admitted to the program will be expected to have scored 1200 on the GRE and maintained a 3.5 GPA on any prior graduate work. All applications to the joint program will be reviewed by a joint admissions committee comprised of at least one faculty member from each program who will make recommendations regarding admission to the graduate faculty in each department.

THE UNIVERSITY OF TEXAS AT AUSTIN  
 U.T. Board of Regents' Meeting June 14-15, 1984

PROPOSED JOINT DECREES PROGRAMS (Continued)

2. The program of study for the proposed joint degree shall include:
  - 24-30 hours in Community and Regional Planning (including core courses)
 

For students already admitted to Community and Regional Planning it is anticipated that a substantial portion of this requirement would already have been completed in the first year of graduate study prior to entering the joint program.
  - 18-24 hours in Geography, including GRG 391K and GRG 386
 

For students with no previous background in Geography it is anticipated that a full 24 hours will be required.
  - 12 hours of quantitative methods
 

Students may select from quantitative methods courses in either Community and Regional Planning or Geography.
  - 3-6 hours to satisfy Community and Regional Planning degree requirements for completion of thesis or professional project report

All course requirements for the Master of Science in Community and Regional Planning and the Ph.D. in Geography must be satisfied except that each department retains the option to waive any of its required courses with the approval of the appropriate Graduate Faculty.

In the first two years of the program the bulk of the student's course work will be in Community and Regional Planning and Geography. By the end of the second year a student should have completed all degree requirements for the Master of Science in Community and Regional Planning and begun course work in the selected area of concentration. The third year of study involves more advanced course work directed toward the preparation of a dissertation research proposal.

Students enrolled in the joint degree program will be strongly encouraged to attain proficiency in a foreign language wherever this is relevant to their thesis work and career goals.
3. For each student admitted to the joint program, an ad hoc supervisory committee will be appointed to work with the student in developing and approving a program of study. In addition, the ad hoc committee members will be responsible for ensuring satisfactory completion of all degree requirements, working with the student to develop an appropriate program of study that shall include an 18 hour area of concentration, and determining the format and conducting the advancement to candidacy examination.

PROPOSED JOINT DEGREES PROGRAMS (Continued)

4. After the satisfactory completion of all required course work, a student will be advanced to candidacy according to procedures and practices laid down by the Department of Geography for the award of the Ph.D. degree. The advancement to candidacy examination will involve both an evaluation of the student's research proposal and a rigorous in-depth written examination in two fields selected by the student and approved by the student's ad hoc supervisory committee. One of these fields will be in the student's area of concentration; the other will be selected from recognized subfields of research in geography or planning. Once the student has passed the advancement to candidacy examination, the Graduate Advisor in Geography forwards the request for Approval of Program of Work and the Request for Admission to Doctoral Candidacy to the Office of Graduate Studies. It is anticipated that the Dissertation Supervisory Committee appointed by the Graduate School will usually have the same membership as the ad hoc committee. It is also expected that most supervisory committees will have a joint chairmanship, with one chairperson from Geography and the other from Community and Regional Planning.

A student writes the dissertation under the supervision of the Dissertation Committee and orally defends the dissertation before the committee.

5. The degrees shall be awarded in sequence rather than simultaneously.

JOINT DEGREES PROGRAM LEADING TO DEGREES OF  
DOCTOR OF JURISPRUDENCE

AND

MASTER OF PUBLIC AFFAIRS

PROGRAM PURPOSE

The Joint Program in Law and Public Affairs is designed to train qualified law and public affairs students for careers at any level of government, and in government-related areas of the private sector or the legal profession.

PROGRAM STRUCTURE

1. Students admitted to the Joint Program can earn a Doctor of Jurisprudence degree and a Master of Public Affairs degree in four years rather than the five years the two degrees would otherwise require. The Joint Program student must spend this period as follows:

Year 1: Two full semesters in Law School; or  
Two full semesters in LBJ School.

PROPOSED JOINT DECREES PROGRAMS (Continued)

Year II: Enrollment in whichever school is not chosen during Year I, followed by a required summer internship with a governmental agency or other organization with substantial public orientation.

Year III: Courses in both schools.

Year IV: Courses in both schools.

2. In order to receive both the J.D. and the M.P.A. degrees through the Joint Program, the student must complete 108 hours. A minimum of sixty-nine of these hours must be accepted by the Law School as meeting Law School degree requirements. Thirty-nine hours (including a qualified summer internship) must be accepted by the LBJ School as meeting LBJ School degree requirements.

Students will be required to complete the normal complement of first-year courses in each school: 29 hours in the first year of the Law School and 29 hours in the first year of the School of Public Affairs.

3. Students must meet the separate admission criteria of both the Law School and the LBJ School in order to be considered for admission to the Joint Program. Selection for participation in the Joint Program is made by a committee of faculty members from both schools following the completion of the regular admissions process in each school. A student already in residence in either the Law School or LBJ School may apply for admission to the Joint Program prior to completion of his or her first year in either school. A student further advanced in either school is not eligible for joint program admission.
4. The degrees shall be awarded in sequence rather than simultaneously.

## SECTION II

### GENERAL PROVISIONS

Pursuant to the authority granted by Sections 51.201 et seq.; 54.005, 54.503, 65.31 and 69.02 of Title 3 of the Texas Education Code, the Board of Regents of The University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of vehicle identification insignia (parking permit), and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any person who walks or drives and parks a motor vehicle or bicycle on the campus of The University of Texas at El Paso. These rules and regulations are supplementary to the ordinances of the City of El Paso and the Statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on The University of Texas at El Paso campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who have motor vehicles in their possession or control for use, operation or parking in the University campus must register said vehicle with the Parking and Traffic Administration Office. Registration of a motor vehicle does not guarantee a parking place on campus.

The University is not responsible for fire, theft, damage to, or loss of vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

The University of Texas at El Paso  
 Parking and Traffic Regulations - Cont'd  
 Regents' Meeting June 14-15, 1984

**UNIVERSITY PARKING AND TRAFFIC COMMITTEE:** This committee is composed of faculty, staff and students and is responsible for formulating regulations for the control of parking and traffic upon the campus in the form of recommendations to the President of the University. Within the limitations imposed by restricted facilities and staff, it attempts to provide reasonable regulations for the control of the very high density of vehicular and pedestrian traffic on the campus, toward the goal of optimum convenience and safety of all concerned. Requests for individual consideration or any communications concerning these regulations should be directed to this committee.

**PARKING AND TRAFFIC ADMINISTRATION OFFICE:** This office is responsible for all administrative functions relating to the issuance of parking permits, the recording of parking and traffic violation charges, the acceptance of appeals from such violations and the collection, through it's representative in the Cashier's Office in the Bursar's Office in the Administration Building, of charges for parking and traffic violations. Questions relating to these functions should be directed to Parking and Traffic Administration in the University Police Building.

**STUDENT TRAFFIC COURT:** This panel is composed of three student justices appointed by the Student Association. Student Parking and traffic violation appeals may be directed to this panel upon application through the Parking and Traffic Administration. Appeals may be made in writing or in person, preferably in person. Appeals for moving traffic citations must be made in person. Decisions of the panel may be appealed further to the Student Supreme Court or the Dean of Students.

**PARKING AND TRAFFIC APPEALS BOARD:** This panel, appointed by the President of the University, is composed of 2 faculty members and 1 staff member and rules on appeals from citations issued to faculty and staff by University Police for violations of parking and traffic regulations.

**PARKING AND TRAFFIC REVIEW BOARD:** This board is composed of the members of the Parking and Traffic Appeals Board and the Student Traffic Court. It conducts limited hearings concerning impoundment, suspension of driving and parking privileges on the campus, and cases to allow an individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid parking and traffic charges.

**UNIVERSITY POLICE:** The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue University citations or Court appearance citations **ENFORCEABLE IN COURT**. (See Section VIII). On special occasions and emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, the Chief may waive parking limitations.

The University reserves the right to enforce parking and traffic regulations:

1. through the issuance of University citations and the collection of administrative enforcement charges for offenses;
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or blocking a sidewalk, ramp, loading dock, cross-walk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;

The University of Texas at El Paso  
 Parking and Traffic Regulations - Cont'd  
 Regents Meeting June 14-15, 1984

3. by the suspension or revocation of permits;
4. by requiring either the vehicle owner or the person who has registered the vehicle with the University Parking and Traffic Administration Office, to appear in court or at a University hearing for non-payment of outstanding charges;
5. by barring the readmission and withholding the grades, degrees, refunds and official transcripts of any student for non-payment of outstanding charges;
6. by disciplinary action against employees or students who fail to abide by these regulations;
7. by denying parking permits to those with overdue charges;
8. by the issuance of Court Appearance Citations requiring an appearance in the appropriate state or municipal court; and
9. by such other methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of the University of Texas at El Paso, shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of The University of Texas at El Paso, in violation of any provision of the Parking and Traffic Regulations of The University of Texas at El Paso, proof that such vehicle was, at the date of the offense, bearing a valid University of Texas at El Paso parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit. However, if the vehicle does not bear a valid University of Texas at El Paso parking permit, proof that said vehicle at the date of the offense alleged, was owned by an individual is prima facie evidence that said vehicle was then and there stopped, parked and left standing by said individual.

The University assumes no responsibility for any vehicle or any duty to protect any vehicle or it's contents at anytime the vehicle is operated or parked on the campus.

The University may deem a motor vehicle, including a motorcycle, or motor scooter, or moped or bicycle parked on the University campus for more than 48 hours to be abandoned and may dispose of such vehicle as provided in Article 6687-9, Texas Revised Civil Statutes.

#### ENFORCEMENT

- A. **PARKING AND TRAFFIC CITATIONS:** University Police are authorized to issue two types of citations for violation of University parking and traffic regulations:
1. **UNIVERSITY CITATIONS** - Those handled by the University, subject to University administrative enforcement charges and a right to appeal

The University of Texas at El Paso

 Regents' Meeting June 14-15, 1984

within the University (Paragraph E below).

2. COURT APPEARANCE (CA) CITATIONS - Those issued by the University Police constituting a summons to appear in either municipal court or a justice court.
- B. POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations at the University's option as follows:
1. for moving violations;
  2. for any violation when the individual's driving or parking privileges has been suspended (See Paragraph E below); or
  3. when an individual receives a University citation and all reasonable attempts at collection have failed.
- C. PROCEDURE FOR UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative enforcement charges are as shown. If the charge is not paid within 12 calendar days after issuance of the citation, a \$5.00 late charge will be assessed.

Every person receiving a University Citation shall remit the amount of the charge to the Cashier's Office in the Bursar's Office. Payment must be received within 12 calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with Paragraph E below within 12 calendar days after issuance of the citation.

Requests for exceptions to the above referenced calendar days, will be considered on an individual basis, if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Parking and Traffic Administration Office and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has registered the vehicle with the Parking and Traffic Administration Office.

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (such as moving violations) may be recorded in the name of the person who has registered it with the Parking and Traffic Administrative Office, or in the name of the registered owner.

When Court Appearance citations are issued, the University citations will be cancelled. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive parking permits while such charges remain unpaid. To obtain a permit, a person shall either pay the charge or timely request a University hearing.

 Regents' Meeting June 14-15, 1984

- D. IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHHOLDING OF GRADES, DEGREES OFFICIAL TRANSCRIPTS AND REFUNDS: When unpaid charges are recorded, the Parking and Traffic Administration Office shall send a return receipt letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is made within 12 calendar days after the date of such letter or (2) a written request is made within 12 calendar days to appear before a University hearing committee concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades, degree, official transcripts and refunds in the case of students as authorized in the Regent's Rules and Regulations, Part One, Chapter VI, Section 9 and state law, the appropriate enforcement action will take place without further notice.

Such a hearing is not an appeal of the Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

At such a hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the requested University impoundment hearing or has failed to meet his or her burden of proof, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage charges, without further notice.

If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and has failed to meet his or her burden of proof, the student may be barred from readmission and grades, degrees, official transcripts and refunds may be withheld, without further notice.

- E. APPEALS FROM UNIVERSITY CITATION(S): Any person who has received a University citation may file a request to have the citation reviewed. This appeal must be filed with the Parking and Traffic Administration Office no later than 12 calendar days after the citation was issued. If an appeal is not filed within this time the citation is deemed final.

Appeals shall be prepared in writing on the "Citation Appeal" form provided by the Parking and Traffic Administration Office. Appeals may be based solely on the written statement or the appealing party may also request a personal appearance. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the decision being rendered on the basis of the written statement (including any supporting material submitted) and the information as shown on the citation(s).

Each "Citation Appeal" form will be reviewed by the appropriate University Appeals Panel for a decision and the appealing party will be notified, in

The University of Texas at El Paso  
 Parking and Traffic Regulations - Cont'd  
 Regents' Meeting June 14-15, 1984

writing, of the decision. The Appeals Panel may order the payment of the administrative enforcement charge(s) in whole or in part or the cancellation of such charge(s). If the appeal is denied and the appealing party fails to pay the charge(s) or to request a review of the appeal (See Paragraph F below) within 12 calendar days after date of notification, a \$5.00 late charge will be assessed on the citation(s).

- F. REVIEW OF APPEAL FROM UNIVERSITY CITATION(S): Any person who has appealed a University citation(s) and who is not satisfied with the decision by the appropriate appeals panel, may have the decision reviewed by the Student Supreme Court or Dean of Students in case of students, Vice President of Academic Affairs in case of faculty or the Vice President of Business Affairs or Dean of Students in case of respective staff. Such request shall be submitted in writing to the Parking and Traffic Administrative Office within 12 calendar days from the date of the original decision.

This written request shall set forth the grounds on which the appealing party believes the decision was improper or inequitable. Such written request shall be submitted in an original plus 2 legible copies (reproduced copies are acceptable) and include the following:

1. citation number(s);
2. license number of vehicle(s);
3. date of notification of original decision;
4. date review requested; and
5. printed or typed name, address, and signature of person requesting the review.

Each review will be considered by the appropriate appeals authority. The authority may uphold the decision of the appropriate appeals panel or they may reverse the decision in whole or in part, as deemed appropriate.

The decision of the appropriate University Appeals Authority shall be final.

- G. SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS: The loss of the privilege of driving or parking a motor vehicle on campus shall commence 12 calendar days after the Parking and Traffic Administration Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such person's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the term of suspension and will give notification of possible impoundment for parking offenses committed during the period of suspension and shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; (d) provides false information to obtain a parking permit with knowledge thereof; or (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on the University campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a

 Regents' Meeting June 14-15, 1984

vehicle registered in the name of such person on campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional suspension. In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his/her privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal will be governed by the provisions of Part D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Administration Office.

- H. **DESTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants thereof to the Parking and Traffic Administration Office within twelve days after date of such notice. Failure to do so shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
- I. **ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated, shall be ineligible to receive a parking permit of any type during the period of suspension.
- J. **TWO VEHICLES ON CAMPUS:** When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle Policy (Section VI, infra), the following shall apply:
1. **First Offense -** The Parking and Traffic Administration Office shall notify the permit holder that he/she has violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally any citation(s) which may have been issued are due and payable.
  2. **Second Offense -** The Parking and Traffic Administration Office shall notify the permit holder that he/she has again violated these regulations. Such written notice will inform the permit holder that he/she must surrender the permit from the alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally, the permit holder shall not be able to register an alternate vehicle for the remainder of the current permit year. Failure to abide by this second notice will subject the permit holder to all enforcement sanctions including those described in Section V.

Parking and Traffic Regulations - Cont'd  
Regents' Meeting June 14-15, 1984

- K. **IMPOUNDMENT:** The term "impoundment" includes towing, removal, immobilization, and storage of the vehicle in question.

In addition to any charge that may be levied by the University for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an IMPOUND VIOLATION and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hookup, the following will apply:

1. The vehicle will not be impounded; and
2. the owner or driver will be expected to pay the wrecker a fee, in lieu of towing.

If the vehicle is impounded, the registered owner or permit holder will be sent a notice at the address on file with the Parking and Traffic Administrative Office.

## FEES AND MISCELLANEOUS CHARGES

Approval is respectfully requested to increase the membership fees for the Recreation Center at the Houston Health Science Center effective September 1, 1984. This increase is directly related to anticipated increased operating costs associated with the opening of the new recreational facilities located on the 100 acres property. The proposed new membership fees include an additional category of membership for Alumni, and reflect a change in policy whereby spouses and/or children will be charged a separate fee. In the past years, both spouses and/or children were eligible for admission under a single membership. All fees paid on the annual basis will be discounted 16.67% as shown by the second column listed under "Annual Rate" below.

The proposed fee schedule is as follows:

<u>Classification</u>	<u>Quarterly</u>	<u>Annual Rate</u>	
		<u>Paid Quarterly</u>	<u>Paid Annually</u>
Faculty	\$30.00	\$120.00	\$100.00

JUNE 14-15, 1984

ABSENCES FROM USUAL AND REGULAR DUTIES, INCLUDING TRAVEL AND REASSIGNMENT OF DUTIESHOUSTON MEDICAL SCHOOL

1. John A. DeMoss, M.D., Professor and Chairman, Department of Biochemistry and Molecular Biology, to travel to Zurich, Switzerland for the period beginning September 1, 1984 through August 31, 1985. Dr. DeMoss has focused his research program over the past twenty years on the genetic control, structure, and assembly of multienzyme complexes in both procaryotic and eucaryotic organisms using well-defined enzyme complexes, both soluble and membrane-bound, as models for assembly of organized cellular components. Dr. DeMoss proposes to expand his research activities into new areas of molecular genetics. He will work with Professor Rolf Hutter at the Institute of Microbiology at the Eidgenossische Technische Hochschule in Zurich to carry out some new approaches for expanding the use of recombinant DNA techniques, well-characterized in yeast (*Saccharomyces*), to the closely related ascomycete, *Neurospora crassa*, an early model for the study of biochemical genetics. This period of uninterrupted study and reflection will add new energy, insights, and directions to Dr. DeMoss' research efforts and will, thereby, increase his effectiveness as an investigator, teacher and leader of his department. Dr. DeMoss will continue to receive one-half of his salary from State funds for the period of this reassignment. Additional expenses will be supported by the Fogarty International Center or will be borne by Dr. DeMoss.

2. E. Edmund Kim, M.D., Professor, Department of Radiology, to travel to Seoul, Korea for the period beginning August 24, 1984 through September 25, 1984. Dr. Kim received his M.D. degree, obtained his residency training in Preventive Medicine and earned a Master's Degree in Biostatistics all at the Seoul National University. He is internationally recognized for the introduction of the radioimmuno-detection of cancer and is considered as one of the pioneers in the use of radiolabeled antibodies for detection of tumors in man. To this end, he is an invited speaker of the Symposium on Nuclear Medicine in Oncology at the Third Asia and Oceania Congress of Nuclear Medicine in Seoul. Following the Congress proceedings, Dr. Kim will serve as Visiting Professor in the Department of Nuclear Medicine at the University from which he obtained his graduate training. This opportunity for scientific and intellectual interchange is indeed a personal honor for Dr. Kim, as well as a favorable reflection on our Medical School. These invitations will enhance his development as a nuclear radiologist and teacher, and this in turn, will contribute to the overall missions of this institution. Travel expenses associated with this trip will be paid from Designated funds.

HOUSTON MEDICAL SCHOOL (Continued)

3. Cheves McCord Smythe, Professor of Internal Medicine, to continue in his responsibilities as Dean of the Aga Khan Hospital and Medical College in Karachi, Pakistan for an additional six months beginning September 1, 1984 through February 28, 1985. In view of the fact that a major new program, designed to reform medical education in Pakistan, is about to be launched and a University Hospital is scheduled to open at the end of the year, continuity of leadership is felt to be crucial and essential at this time. The Aga Khan Medical College will continue to provide Dr. Smythe's salary, augmentation and fringe benefits, on a quarterly basis, for the duration of this reassignment.

4. Charles S. McHenry, Associate Professor of Biochemistry and Molecular Biology, to travel to Basel, Switzerland for the period beginning September 1, 1984 through August 31, 1985. Dr. McHenry proposes to carry out his studies with Professor Kasper Kirschner, a world authority on the physical chemistry of protein-protein interactions and the structure of multienzyme complexes. Dr. Kirschner's laboratory at the Biocenter of the University of Basel in Switzerland is one of the leading physical biochemistry groups in Europe. Dr. McHenry will acquire familiarity with Dr. Kirschner's techniques and apply them to his own system. He plans to develop additional approaches to the study of the DNA replication and learn some of the new physical methods for the study of multienzyme complexes. Specifically, he plans to employ energy transfer and other chemical techniques to the study of various subunits of DNA polymerase. Dr. McHenry will continue to receive his full salary during the period of this reassignment. He will receive one-half of his current state funded salary from State funds and the other one-half from Designated funds. The remainder of his salary will be from the American Cancer Society. Travel expenses associated with this trip will be paid from local funds.

5. Kathleen M. Rose, Ph.D., Associate Professor of Pharmacology, to travel to the Deutsches Krebsforschungszentrum, in Heidelberg, Federal Republic of Germany for the period beginning May 1, 1984 through August 31, 1984. Dr. Rose produced the first monoclonal antibodies to RNA polymerase I, has developed the only radioimmunoassay for this enzyme and was the first investigator to elucidate its post-translation control. She is the recipient of a National Cancer Institute Research Career Development Award which is intended to enable faculty members to develop fully their potential for research. Dr. Rose proposes to collaborate with Dr. Ulrich Scheer in the Department of Membrane Biology and Biochemistry at the German Cancer Research Center Institute of Cell and Tumor Biology in Heidelberg. Dr. Scheer is considered an expert on nucleolar structure and immunocytochemistry. Dr. Rose will gain knowledge relative to some of the newer technology in immunolocalization of transcription units at the electron microscopic level as well as localization of transcription complexes following microinjection of antibodies into living cells. She will also use this time to give several invited lectures at other institutions in Europe. This travel will add new insights and direction to Dr. Rose's research effort and will, thereby, enhance her development as an investigator and teacher. This in turn, will contribute to the educational and investigative missions of this Institution. Travel expenses associated with this trip will be paid from Designated funds.

6. Peggy Sullivan, Senior Research Associate, of the Program in Infectious Diseases and Clinical Microbiology to travel to Cairo, Egypt for a period of one (1) year beginning May 1, 1984 through April 30, 1985. She will help improve the efficiency of the Epidemiology Study Center located in Bilbeis, Egypt and the Diarrheal Disease Project both of which are activities of this faculty. Ms. Sullivan has worked as a field project manager and coordinated studies at three field sites in Mexico and has held her current position since 1980. This opportunity to work in Egypt will enhance her effectiveness as a research collaborator and consequently contribute to investigative efforts at this school. She also plans during this time to complete her thesis requirements for the Ph.D. degree at The University of Texas School of Public Health. Ms. Sullivan will continue to receive one-half of her current salary from private grant funds for the period of this reassignment. Travel expenses associated with her reassignment will also be paid from private grant funds.

Dr. Wood will have the opportunity to engage in advanced study with Professor Klaus Unsicker in the Department of Anatomy and Cell Biology at the Philipps University. Dr. Wood proposes to investigate adrenal medullary chromaffin cells in vivo and in tissue culture. He also plans to use this time to complete a monograph on the comparative aspects of adrenal medullary tissue in mammals. Dr. Unsicker and Philipps University have agreed to furnish Dr. Wood with office and laboratory space, instrumentation, experimental equipment and supplies for the duration of this reassignment. Dr. Wood will continue to receive his full salary for the first six months of his reassignment. He anticipates outside funding from a German or American foundation or federal agency for the second half of his reassignment. Other expenses, including travel, will be borne by Dr. Wood.

## SECTION II GENERAL PROVISIONS

Pursuant to the authority granted by Sections 51.201 et seq.; 54.005, 54.503, 65.31 and 74.151 through 74.306 of Title 3 of the Texas Education Code, the Board of Regents of The University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of vehicle identification insignia (parking permit), and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any person who walks or drives and parks a motor vehicle or bicycle on the campus of the University of Texas Health Science Center at San Antonio. These rules and regulations are supplementary to the ordinances of the City of San Antonio and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on The University of Texas Health Science Center at San Antonio campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students and other persons assigned regular duties at the Health Science Center, who have motor vehicles in their possession or control for use, operation or parking on the University campus must register said vehicle with the University Police Traffic Administration Office. Registration of a motor vehicle does not guarantee a parking place on campus.

The University is not responsible for fire, theft, damage to, or loss of vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

- A. **Parking and Traffic Committee:** This committee is charged with recommending rules and regulations for traffic and parking, and to serve as an avenue of appeal in cases of dispute and exception. The committee Chairperson and all members are appointed by the University President. All members serve a two year term. The Chief of University Police serves as an Ex Officio member.
- B. **Traffic Administration Office:** A central office established by the Chief of University Police that has the administrative responsibilities of all University traffic and parking functions.

**UNIVERSITY POLICE:** The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue University citations and Court Appearance citations ENFORCEABLE IN COURT. (See Section VIII). Other University police personnel may issue University citations. On special occasions and emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, the Chief may waive parking limitations.

The University reserves the right to enforce parking and traffic regulations:

1. through the issuance of University citations and the collection of administrative enforcement charges for offenses;
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or blocking a sidewalk, ramp, loading dock, cross-walk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;
3. by the suspension or revocation of permits;
4. by requiring the vehicle owner or the person who has registered the vehicle with the University Police Traffic Administration Office, to appear in court or at a University hearing for non-payment of outstanding charges;
5. by barring the readmission and withholding the grades, degrees, refunds and official transcripts of any student for non-payment of outstanding charges;
6. by disciplinary action against employees or students who fail to abide by these regulations;
7. by denying parking permits to those with overdue charges;
8. by the issuance of Court Appearance Citations requiring an appearance in the appropriate Justice Court; and

9. by such methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas Health Science Center at San Antonio shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations. When any person is charged with having stopped, parked and left standing a vehicle on the campus of The University of Texas Health Science Center at San Antonio, in violation of any provision of the Parking and Traffic Regulations of The University of Texas Health Science Center at San Antonio, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas Health Science Center at San Antonio parking permit decal shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit decal. However, if the vehicle does not bear a valid University of Texas Health Science Center at San Antonio parking permit decal, proof that said vehicle at the date of the offense alleged was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by said individual.

The University assumes no responsibility for any vehicle or any duty to protect any vehicle or their contents at any time the vehicle is operated or parked on the campus.

The University may deem a motor vehicle including a motorcycle, or motor scooter, or moped or bicycle parked on the University campus more than 48 hours to be abandoned and may dispose of such vehicle as provided in Article 6687-9 of Texas Revised Civil Statutes.

2. POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue Court Appearance citations for any violation. It is the general policy of the University, however, to issue Court Appearance citations at the University's option as follows:
  - A. for moving violations;

  - C. when an individual receives a University citation and all reasonable attempts at collection have failed.
3. PROCEDURE FOR UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative enforcement charges are as shown. If the charge is not paid within 10 calendar days after issuance of the citation, a \$5.00 late charge will be assessed.

Every person receiving a University citation shall remit the amount of the charge to the University Accounting Office, Administration Building, second floor. Payment must be received within 10 calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with paragraph 5 below within 15 calendar days after issuance of the citation.

Requests for exceptions to the above referenced calendar days, will be considered on an individual basis, if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Chairperson, Parking and Traffic Committee and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has registered the vehicle with the University Police Department Traffic Administration Office.

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (such as moving violations) may be recorded in the name of the person driving said vehicle, in the name of the person who has registered it with

The University of Texas Health Science Center at San Antonio

the University Police Traffic Administration Office, or in the name of the registered owner.

When court appearance citations are issued, the University citations will be cancelled. Failure to discharge court appearance citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive parking permits while such charges remain unpaid. To obtain a permit, a person shall either pay the charge or timely request a University hearing.

4. **IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHOLDING OF GRADES, DEGREES, OFFICIAL TRANSCRIPTS AND REFUNDS:** When unpaid charges are recorded, the Traffic Administration Office shall send a return receipt letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is made within 10 calendar days after the date of such letter, or (2) a written request is made within 10 calendar days to appear before a University hearing committee concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades, degrees, official transcripts and refunds in the case of students as authorized in the Regents' Rules and Regulations, Part One, Chapter VI, Section 9 and state law, the appropriate enforcement action will take place without further notice.

Such a hearing is not an appeal of the Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the requested University impoundment hearing or has appeared and has failed to meet his or her burden of proof, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage charges, without further notice.

If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and has failed to meet his or her burden of proof, the student may be barred from readmission and grades, degrees, official transcripts and refunds may be withheld, without further notice. Additionally, the vehicle registered to the student may be subject to impoundment.

5. **APPEALS FROM UNIVERSITY CITATION(S):** Any person who has received a University citation may file a request to have the citation reviewed. This appeal must be filed with the University Police Traffic Administration Office no later than 15 calendar days after the citation was issued. If an appeal is not filed within this time the citation is deemed final.

Appeals shall be prepared in writing on the "Citation Appeal" form provided by the University Police Traffic Administration Office. Appeals may be

based solely on the written statement or the appealing party may also request a personal appearance. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the decision being rendered on the basis of the written statement (including any supporting material submitted) and the information as shown on the citation(s).

Each "Citation Appeal" form will be reviewed by the Chairperson, Parking and Traffic Committee, for a decision and the appealing party will be notified in writing of the decision. The Chairperson, Parking and Traffic Committee, may order the payment of the administrative enforcement charge(s) in whole or in part or the cancellation of such charge(s). If the appeal is denied and the appealing party fails to pay the charge(s) or to request a review of the appeal (see paragraph 6 below) within 10 calendar days after date of notification, a \$5.00 late charge will be assessed on the citation(s).

6. REVIEW OF APPEAL FROM UNIVERSITY CITATION(S): Any person who has appealed a University Citation(s) and who is not satisfied with the decision by the Chairperson, Parking and Traffic Committee, may have the decision reviewed by the University Parking and Traffic Committee at its next scheduled meeting. Such request shall be submitted in writing to the University Police Traffic Administration Office within 5 calendar days from the date of the original decision.

This written request shall set forth the grounds on which the appealing party believes the decision was improper or inequitable. Such written request (form is available at the University Police Traffic Administration Office) shall be submitted in an original plus two legible copies (reproduced copies are acceptable) and include the following:

- A. citation number(s)
- B. license number of vehicle(s)
- C. date of notification of original decision
- D. date review requested; and
- E. printed or typed name, address, and signature of person requesting the review.

Each review will be considered by the entire University Parking and Traffic Committee consisting of faculty, staff and student members. The panel may uphold the decision of the Chairperson, Parking and Traffic Committee, or they may reverse the decision in whole or in part, as deemed appropriate.

The decision of the University Parking and Traffic Committee shall be final.

7. SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS: The loss of the privilege of driving or parking a motor vehicle on campus shall commence 5 calendar days after the Traffic Administration Office MAILS a letter to the person, at the address of such person's records of that office, stating that such persons's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the term of suspension and will give notification of possible impoundment for parking offenses committed during the period of suspension and shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with

parking privileges he/she is not entitled to under these regulations; (d) provides false information to obtain a parking permit with knowledge thereof; or (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on the University campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional citation. In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his/her privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve (12) calendar days on the grounds that the imposition of such suspension is improper or will create a serious and substantial hardship. Such appeal shall be governed by the provisions of Paragraph 5 above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the the Traffic Administration Office.

8. **DESTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants, to include permit number, to the Traffic Administration Office within twelve (12) days after date of such notice. Failure to do so shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
9. **ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated, shall be ineligible to receive a parking permit of any type during the period of suspension.
10. **TWO VEHICLES ON CAMPUS:** When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle policy (Section VI, infra), the following shall apply:
  - A. **First Offense** - The Traffic Administration Office shall notify the permit holder that he/she has violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally, any citation(s) which may have been issued are due and payable.
  - B. **Second Offense** - The Traffic Administration Office shall notify the permit holder that he/she has again violated these regulations. Such written notice will inform the permit holder that he/she must surrender the permit from the alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally, the permit holder shall not be able to register an

alternate vehicle for the remainder of the current permit year. Failure to abide by this second notice will subject the permit holder to all enforcement sanctions including those described in Section V.

11. **IMPOUNDMENT:** The term "impoundment" includes towing, removal, immobilization, and storage of the vehicle in question.

In addition to any charge that may be levied by the University for any offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first twenty-four hours. When an IMPOUND VIOLATION occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hookup, the following will apply:

- A. The vehicle will not be impounded; and
- B. The owner or driver will be expected to pay the wrecker a fee, in lieu of towing.

If the vehicle is impounded, the registered owner or permit holder will be sent notice at the address on file with the Traffic Administration Office.

#### UTSA RECIPROCAL PARKING AGREEMENT

The purpose of this agreement is to provide limited, temporary parking for UTHSCSA faculty, staff and students at The University of Texas at San Antonio. Employees at either school must register their vehicles at their primary place of employment.

Parking at UTSA is primarily open parking except in areas restricted for reserved, handicapped, carpool and visitor parking.

Vehicles bearing UTHSCSA Class A or B parking permits may park in spaces marked "Reserved". Should the reserved spaces be full, the vehicle may be parked in any unrestricted parking space.

Vehicles bearing UTHSCSA Class C or D parking permits may park in any unrestricted parking space.

Motorcycle parking is available in Lot 3 (north campus) and Lot 6 (south campus) in designated areas.

Vehicles bearing UTHSCSA parking permit for the handicapped may park in "Handicapped" parking spaces. Handicapped parking areas are located in Lot 3 (north campus) and Lot 6 (south campus). Should the handicapped areas be full, the vehicle may be parked in any unrestricted parking space.

Employees or students of UTHSCSA whose members of their immediate family are employees or students at UTSA, and each use separate vehicles to park on their respective campuses, shall purchase separate parking permits at their respective institutions. The use of a second or additional vehicle registered at UTHSCSA is prohibited from parking at UTSA at the same time the first vehicle is parked at UTHSCSA.

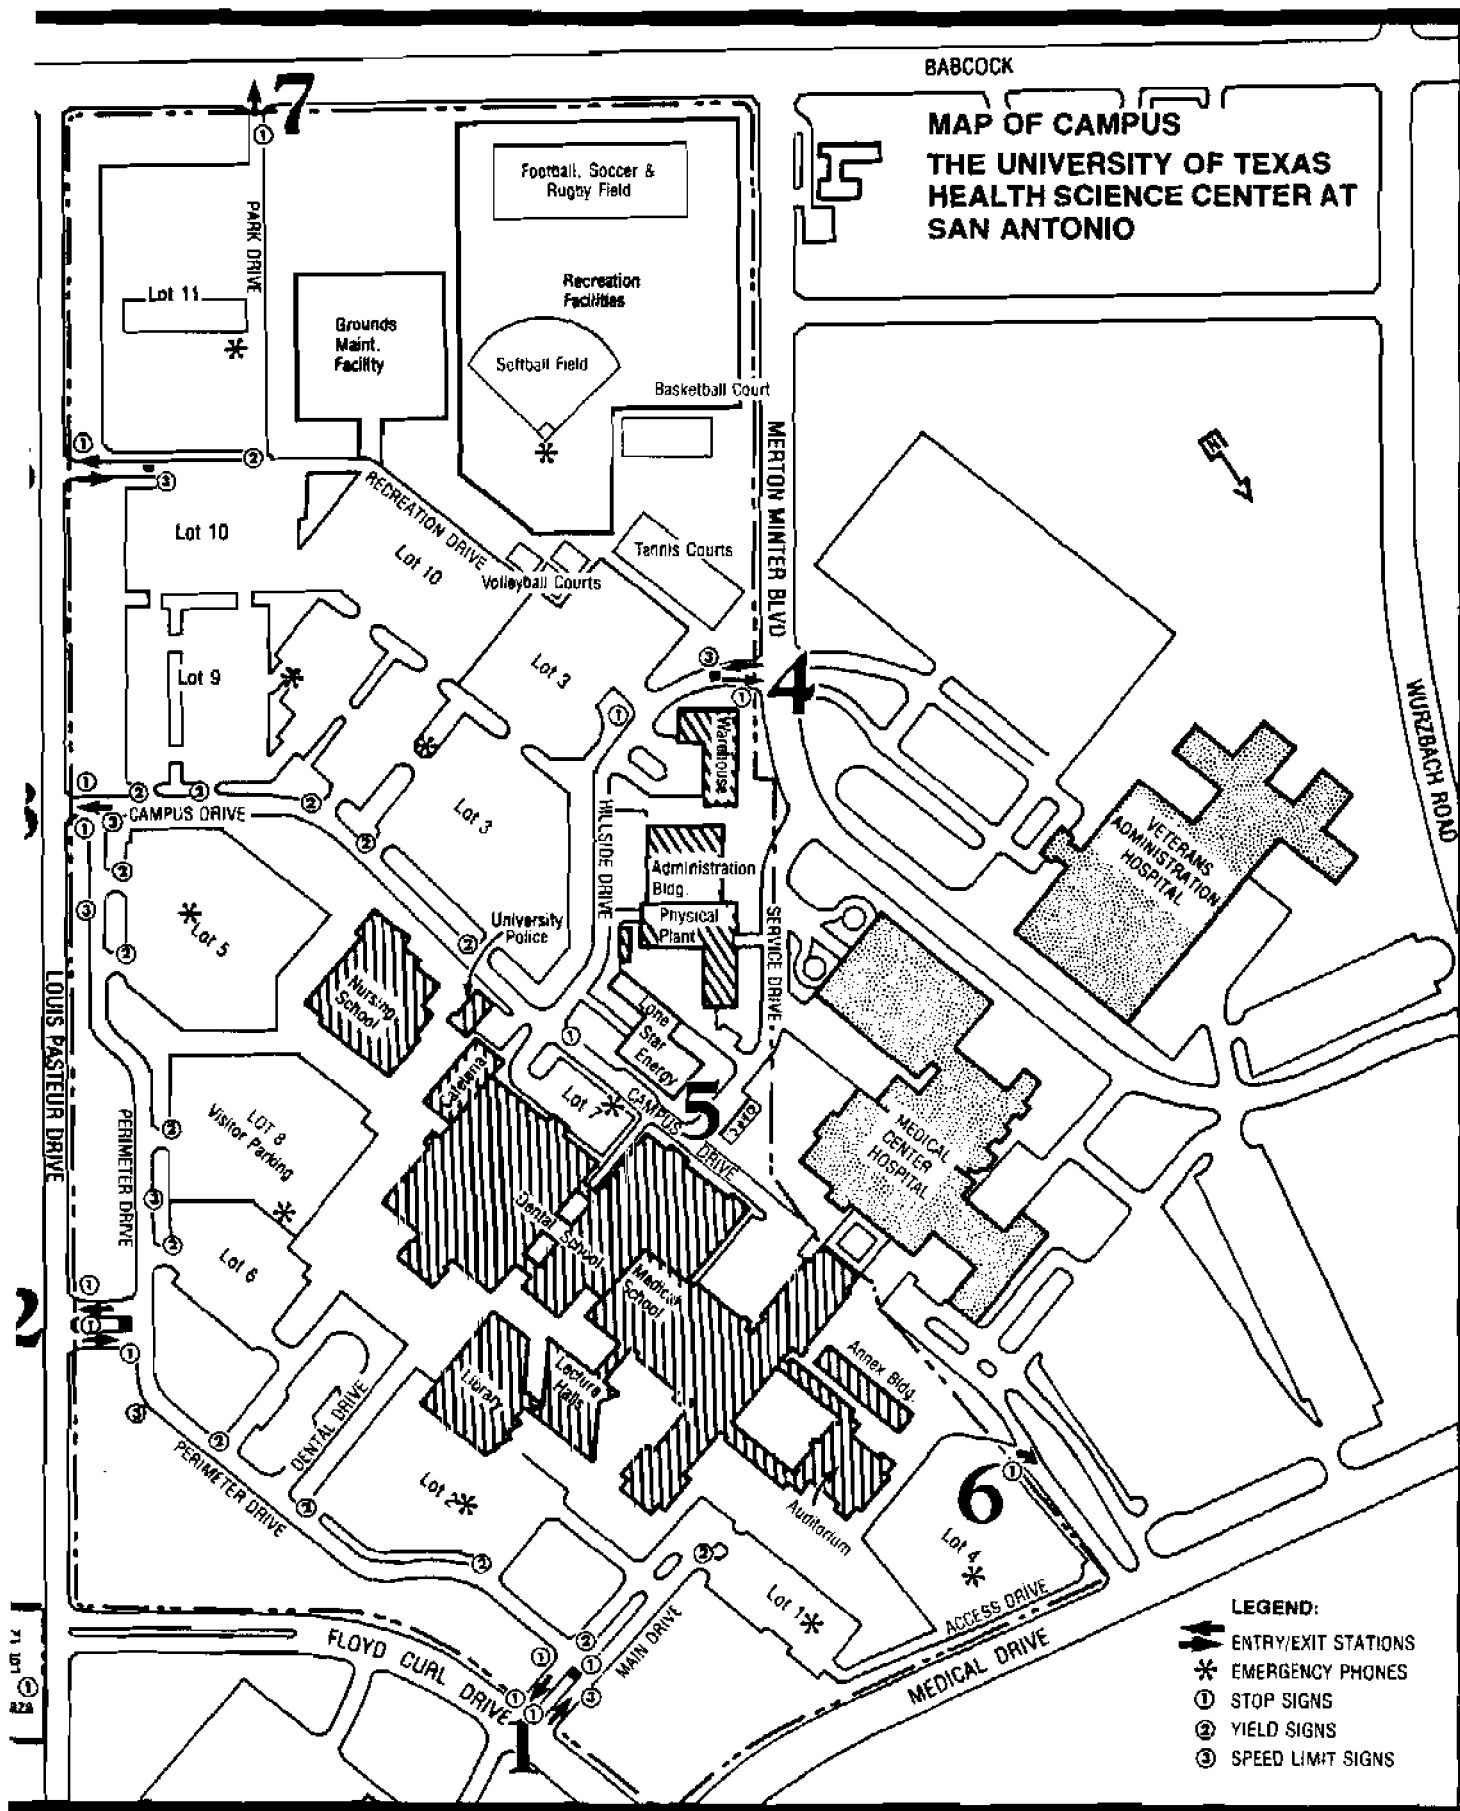

UTHSCSA employees who use their vehicle on University business and park at UTSA, may park in areas authorized above. Should such a vehicle display a carpool parking permit, the vehicle may be parked in any unrestricted parking space.

The University of Texas Health Science Center at San Antonio  
Parking and Traffic Regulations (continued)  
June 14-15, 1984 Meeting

A bar against readmission and the withholding of official grades, degree and transcript may be imposed on U. T. Health Science Center at San Antonio students for unpaid citations at either institution. UTHSCSA faculty and staff with unpaid U. T. San Antonio citations are subject to U. T.
