AMENDMENT TO CONTRACT WITH BLUE CROSS/BLUE SHIELD

It is recommended that The University of Texas System contract with Blue Cross/Blue Shield be amended to change the rate schedule applicable to all components effective September 1, 1975, to provide for necessary premiums to meet the costs of insurance for the next contract year. For the contract period September 1, 1975, through August 31, 1976, overall rates will be increased by an average of 18% to meet those costs, and additional increases will provide for increased benefits necessary to give member employees adequate medical insurance protection.

The increased benefits are:

1. an increase in the Blue Cross room rate allowance from \$30 a day to an amount not to exceed the cost of an average semi-private room (for Plan 1 UT);
2. an increase in the Blue Cross room rate allowance from \$24 a day to \$30 a day (for Plan 2 UT);
3. an increase in the Blue Cross x-ray and lab benefit from a \$50 maximum to a \$100 maximum (for all three plans), and;
4. an increase in the Accidental Injury Supplement from a \$150 maximum to a \$300 maximum (for all three plans).

AMENDMENT TO GROUP LONG TERM DISABILITY CONTRACT

400  
D+F

It is recommended that The University of Texas System Group Long Term Disability Contract with Aetna Life and Casualty Company be amended effective March 1, 1974, to include the "Modified Governmental Benefits Freeze". This amendment will provide that Social Security cost-of-living and other governmental benefit increases will be taken into account as offsets under long term disability benefit payments only if the increase, together with other income benefits, exceeds 75% of the employee's monthly rate of basic earnings adjusted for the increase in the cost of living.

An administrative agreement providing this benefit improvement under the Aetna Life and Casualty Company contract has been in effect since March 1, 1974. At that time, the administrative agreement was all that was required. The Insurance Board has since established the requirement that there be a master contract rider. It is therefore recommended that the Board of Regents approve this change.

CONTRACTS AND AGREEMENTS (OTHER)

400

Lease Agreement between The University of Texas System and Gihls Properties, Inc. for approximately 225 square feet of space in the Permian Building in Midland, Texas. The term of the lease is for twelve (12) months commencing on September 1, 1975 with an option to renew for an additional twelve (12) month period at the same annual rental rate of \$1,944.00 payable in advance. The space is to be used as an additional office for University Lands - Geology.

APPROVAL OF INSTRUCTORS OF CREDITED COURSES OFFERED BY THE ASSOCIATION OF RELIGIOUS TEACHERS: In accord with our currently established procedures, the Biblical Studies Committee chaired by Professor W. O. S. Sutherland has recommended that Dr. W. Eugene March and Dr. J. F. Jansen be approved to teach on a regular basis for the Presbyterian Bible Chair. Mr. Michael McGarry is similarly nominated for the Catholic Chair.

1975-76 HOLIDAY SCHEDULE AND VACATION ALLOWANCE. With the prior approval of Mr. E. D. Walker, Deputy Chancellor, I recommend approval of the proposed holiday schedule and vacation allowance as they appear below:

Vernon's Revised Civil Statutes; Article 4591, provides for thirteen (13) specified holidays. During fiscal year 1975-76 one (1) of these specified holidays falls on Sunday and is not to be observed. In addition, the Appropriation Bill provides for two (2) additional working days at Christmas to be observed as holidays by employees of State agencies during fiscal year 1975-76. The resulting number of holidays to be observed by State employees for fiscal year 1975-76 is therefore fourteen (14).

The Appropriation Bill further provides that State institutions of higher education may rearrange holidays and reallocate any portion thereof to vacation allowance. Accordingly, in conformity with past practice and your approval of the holiday schedule submitted below, one and one-half (1 1/2) days of the State holidays provided will not be observed by the University, but will be reallocated to vacation allowance in lieu thereof.

The results of the foregoing action will provide in 1975-76 twelve and one-half (12 1/2) holidays and a total of twelve (12) working days annual vacation leave for University employees with less than two (2) years service. Vacation accrual will therefore continue to be one (1) day per month of employment for this category of employees which constitute a large portion of the work force. This is consistent with the practice observed for a number of years. Each of the other categories of service will be accordingly increased by one and one-half days (12 hours). See following schedule.

<u>Employees With Total State Employment Of:</u>	<u>UT System Administration Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward From One Fiscal Year to Next Fiscal Year</u>
0 but less than 2 years	8	168
2 but less than 5 years	9	168
5 but less than 10 years	10	168
10 but less than 15 years	11	240
15 but less than 20 years	13	240
20 and over years	15	336

Although all employees are encouraged to utilize vacation in the year which accrued, with proper approval, employees may carry forward unused vacation from one fiscal year to the next. The schedule presented above indicates maximum carry forward authorized by the Appropriation Bill.

\* Offices Open

\*\* Those employees who wish to observe a religious holiday in addition to those listed above may do so by working on April 16, 1976, or by taking a vacation day.

Recognizing that July 4, 1976, falls on a Sunday and recognizing that this date is the 200th anniversary of our nation around which ceremonial festivities will undoubtedly be scheduled by many segments of the nation, State, and community, it is recommended that we observe Friday, July 2, 1976 as a holiday. This holiday will contribute to The University's observance of the bicentennial and permit our employees to participate in July 4 festivities. This date is allocated from the total days available which do not include Sunday, July 4.

FACULTY LEGISLATION: The following legislation has been passed by The University Council and/or General Faculty. I recommend approval.

1. At its meeting on April 21, 1975, The University Council approved the Recommendations of the Calendar Committee for Calendars for 1976-77 and Proposed Principles for University Calendars (D&P 6215-6220), which had been approved earlier by the Calendar Committee.

**DOCUMENTS AND PROCEEDINGS OF THE UNIVERSITY COUNCIL**

RECOMMENDATIONS OF THE CALENDAR COMMITTEE FOR CALENDARS FOR 1976-1977  
AND PROPOSED PRINCIPLES FOR UNIVERSITY CALENDARS

Mr. Max Westbrook, Chairman of the 1974-75 Calendar Committee, has filed with the Secretary of the University Council the recommendations of the 1974-75 Calendar Committee for the 1976-1977 calendars and Proposed principles for University Calendars with an explanation of the proposed principles, on March 4, 1975.

Notice is hereby given that this legislation will be presented to the University Council for consideration at its meeting on March 17, 1975.

THE UNIVERSITY OF TEXAS AT AUSTIN

FACULTY LEGISLATION (Cont'd.):

EXPLANATION OF PROPOSED PRINCIPLES FOR UNIVERSITY CALENDARS

Attached are the recommendations of the 1974-1975 Calendar Committee. These recommendations consist of (1) a statement of principles for University calendars, (2) a proposed calendar for 1976-1977, and (3) the calendars for the School of Law. We would appreciate having a motion on the principles first and then a separate motion on the 1976-1977 calendars. Since the statement of principles is something new, a word of explanation is in order.

Essentially, the principles represent a proposal that we make decisions on the University calendar in the language of principles rather than in terms of isolated numbers and problems. Working without a language, we believe, is one of the reasons we have experienced late changes, short terms on occasions, and other problems causing undue difficulties for students, faculty, and staff.

By making calendar decisions in terms of principles, we would have a better chance (1) to avoid late changes, (2) to establish a more regular and standardized semester and holiday program for the benefit of all, (3) to keep within the guidelines established by the Coordinating Board, and (4) most important of all, to insure that the number of class days and the number of examination and study days are in keeping with educational needs.

As a test of the validity of the principles, the Registrar's Office did a trial draft of what the calendar would be, according to the proposed principles, for the next ten years. It should be emphasized that the principles do not represent an attempt to usurp the responsibilities of future Calendar Committees or the decision-making powers of future University Councils. The purpose, the intent, is to provide guidelines, a language for decision-making. With this distinction in mind, the advantages of working by principles, as shown in the ten-year trial run, may be illustrated: The number of class days is more regular and is larger in number than in recent years; the issue of dead-days is faced and resolved (use weekends to achieve two dead periods, first one three days; in tight years, there is a weekend, the last two days of classes, three days of exams, one dead day, then three more days of exams); there is a full week between graduation day (both May and August) and the beginning of the next semester (an enormous advantage for many reasons, allowing deans adequate time to determine questions of continuance and graduation, allow students to know in adequate time if they have graduated, if they may continue, and so on).

These and other advantages do not mean the Calendar Committee has "created" extra days but simply that there are advantages in planning long-range in terms of principles. One apparently small point, for example, proved to be important: By starting more semesters on Monday and ending more semesters on Saturday it is possible to take advantage of weekends and thus, in a sense, to use days that formerly were lost.

Two remarks in conclusion. First, we use the word "principles" rather than the word "rules" because there are necessary exceptions. Once or twice in each ten year period, a semester will be a day or two shorter than desired (though never below our proposed minimum). Since we are thinking in terms of guidelines, an unavoidable exception once or twice in ten years did not seem to us to be a problem. Second,

THE UNIVERSITY OF TEXAS AT AUSTIN  
September 12, 1975

FACULTY LEGISLATION (Cont'd.):

the proposed 1976-77 calendar was prepared in line with the proposed principles and serves, we feel, as a detailed example of the advantages indicated here in general.

The Law School's calendar requires seventy class days and ten days of examinations in each of the long term semesters. The summer calendar requires twenty-five class meetings of seventy minutes each and four days of examinations. The class day requirements are mandated by the American Bar Association Rules and the New York Bar Examination Rules, which are applicable to several of our students each year. By using part of the Registration Add-Drop week for classes in each of the long session semesters, the Law School Class schedule is compatible with the general calendar. However, in the summer it will be necessary to pick up four additional days. It is much more convenient for the administrative personnel in the Law School to add these four days to the beginning of the summer term rather than the end.

Principles for the Development of the Academic Calendar

1. Co-ordinating Board guidelines shall be followed in establishing the beginning dates, length of sessions, and ending dates of all sessions.
2. The committee considers a seventy-five day semester (comprised of forty-five Monday, Wednesday, and Friday meeting days and thirty Tuesday and Thursday meeting days) to be ideal in length. Realizing the impossibility of achieving this in the fall semester, the committee holds that there shall be a minimum of seventy class days in a semester (forty-two Monday, Wednesday, and Friday meeting days and twenty-eight Tuesday and Thursday meeting days). This minimum shall be reduced only after serious and prolonged deliberation.
3. In the fall the three day Thanksgiving holiday will be observed; Labor Day will be observed; and President Johnson's birthday will be observed. Any deviation from this should be regarded as an exception.
4. In the spring the University will recess for one week's vacation beginning with the end of the eighth week of classes. When Easter occurs at the end of the seventh or the ninth week of classes, the spring vacation shall occur during the week that includes Easter.
5. In the summer Independence Day (July 4) shall be observed if it falls on a weekday, unless for exceptional reasons relating to the final examination schedule this recess is not feasible.
6. Long-session semesters should begin on Monday whenever possible. Long-session graduation days should occur on Saturday, except when the fall graduation day would otherwise be on December 25, then Friday, December 24, will be designated graduation day.

THE UNIVERSITY OF TEXAS AT AUSTIN  
September 12, 1975

FACULTY LEGISLATION (Cont'd.):

7. The following pattern for setting final examination periods in the long session should be observed:

Friday (or Saturday) - last class meeting day  
Sunday  
Monday - no class day  
Tuesday - Exam day #1  
Wednesday - Exam day #2  
Thursday - Exam day #3  
Friday - Exam day #4  
Saturday  
Sunday  
Monday - Exam day #5  
Tuesday - Exam day #6  
Wednesday  
Thursday  
Friday  
Saturday - Graduation day

There will be years when it is necessary to depart from this pattern in the fall semester. On such occasions, the following pattern should be used:

Tuesday - last class meeting day  
Wednesday - no class day  
Thursday - Exam day #1  
Friday - Exam day #2  
Saturday - Exam day #3  
Sunday  
Monday - Exam day #4  
Tuesday - Exam day #5  
Wednesday - Exam day #6  
Thursday  
Friday  
Saturday - Graduation day

The committee recognizes the hardships involved in such a compressed schedule and will use it as a last resort.

8. There shall be one full week between commencement in the spring and the beginning of the summer session and one full week after graduation day in the summer and the beginning of the fall semester (fieldhouse registration).
9. The summer session shall be of eleven weeks duration, comprised of two five and one-half week terms (including registration, class days, and examination days). A schedule will also be provided for nine-week and whole-session courses. There will be a minimum of twenty-five class days in the first term and twenty-five class days in the second term. Second-term registration will run concurrent with first-term final examinations.
10. Two-day periods for examinations shall be provided for all summer terms and sessions.

College of Humanities

**RECOMMENDATIONS OF THE CHAIRMAN OF THE DEPARTMENT OF GERMANIC LANGUAGES**

That the statement of requirements for a major in Scandinavian appearing in the College of Humanities catalogue (p. 21) be changed as follows:

From: When the concentration is Scandinavian, twenty-seven hours of Scandinavian, including twenty-one hours of upper-division Scandinavian distributed as follows: (a) Six semester hours selected from Scandinavian 322, 358, (three topics offered); (b) six semester hours selected from Scandinavian 356 (two topics offered) or 369; and (c) nine semester hours selected from Scandinavian 327 (three topics offered), 361, 361M, 373 (two topics offered).

TO: SCANDINAVIAN

Major: 21 hours of upper-division Scandinavian, including:  
(a) 6 hours selected from the following courses (any topic acceptable): Scandinavian 323 (providing the student submits a paper written in a Scandinavian language), 356, and 369 (b) 6 hours selected from the following courses (any topic acceptable): Scandinavian 322 and 358; and (c) 9 hours selected from Scandinavian 327, 361, 361M, and 373 (any topic acceptable), Government 332M, and Sociology 378K when the topic is Norwegian Social Structure.

Reasons are: (1) to correct an editorial error in the number of hours required for the major, (2) to provide the student with the possibility of opting for a more area-oriented program by adding Scan 323, Soc. 378K, and Gov 332M. (3) The major in Scandinavian was approved by the Board of Regents and the Coordinating Board on January 18, 1974, but has not yet been included under its own heading in the published catalog.
