**POLICY ON UTILIZATION OF
HISTORICALLY UNDERUTILIZED BUSINESSES (HUBs)**

Introduction

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Rule 20.281 of the Texas Administrative Code (TAC), The Board of Regents of the University of Texas System, acting through the Office of HUB Programs shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction services, including professional and consulting services; and commodities contracts. The HUB Rules promulgated by the Texas Comptroller of Public Accounts (the "Texas Comptroller"), set forth in 34 TAC Rules 20.281-20.298, encourage the use of HUBs by implementing these policies through race-, ethnic- and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting in accordance with UT System specific or statewide HUB goals as specified in TAC Rule 20.284:

- **11.2% for heavy construction other than building contracts;**
- **21.1% for all building construction, including general contractors and operative builders contracts;**
- **32.9% for all special trade construction contracts;**
- **23.7% for professional services contracts;**
- **26% for all other services contracts, and;**
- **21.1% for commodities contracts.**

The University of Texas System shall make a good faith effort to meet or exceed these goals and/or UT System specific goals to assist HUBs in receiving a portion of the total contract value of all contracts that U. T. System expects to award in a fiscal year. The University of Texas System may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F.

UT System Administration
Historically Underutilized Subcontracting Plans (HSP) for
Competitive Sealed Proposal (CSP)-21.1% of total contract
value

All Texas State agencies and institutions of higher education are required to make a good faith effort to include minority and/or women owned businesses in their procurement opportunities. The State of Texas uses the term Historically Underutilized Businesses (HUB) to distinguish State certified minority and/or women owned businesses.

Statement of Probability - Subcontracting Opportunities are probable in connection with this solicitation

Responses that do not include an HSP shall be rejected as a material failure to comply with advertised specifications in accordance with the request for qualifications.

Determination of Good Faith Effort in developing an HSP for a competitive sealed proposal construction contract includes but is not limited to the following:

1. Divide the contract work into reasonable lots or portions to the extent consistent with prudent industry practices.
2. Provide notice to a minimum of two (2) minority/women trade organizations or development centers of subcontracting opportunities to be disseminated to their membership. The notice shall include:
 - Scope of work
 - Information regarding locations to review plans and specifications
 - Bonding and insurance requirements (include any personal liability requirements)
 - Identify a contact person (including phone number and email address)

Notify minority/women organizations of contracting opportunities with reasonable time to disseminate information to members (no less than **seven (7)** working days from receipt of notice). Weekends and holidays do not count towards the 7 day notice.

3. Notify **three (3)** or more State of Texas certified HUBs for each subcontracting opportunity in writing. The notice shall include:
 - Scope of work
 - Information regarding locations to review plans and specifications
 - Bonding and insurance requirements (include personal liability requirements)
 - Identify a contact person (including phone number and email address)

Notify HUBs of subcontracting opportunities with reasonable time to respond (**no less than seven (7)** working days from receipt of notice). Weekends and holidays do not count towards the 7 day notice. The prime contractor **must** keep and provide official written documentation (i.e. fax transmittals, email, correspondence, electronic plan room information, etc. to demonstrate compliance).

4. The respondent shall use the State's Centralized Master Bidders List (CMBL), HUB Directory, Internet resources, and/or other directories as identified by the agency when searching for HUB subcontractors. Respondents may also rely on the services of minority/women and community organizations, contractor groups, local, state and federal business assistance offices in identifying qualified HUB subcontractors. Search the CMBL at: <https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do>.
5. Provide written justification of the selection process if a non HUB subcontractor is selected.
6. Encourage selected non-certified minority or woman owned business subcontractors to apply for HUB certification. If the minority or woman owned vendor is not a State certified HUB you may refer the firm to the HUB office for additional information on becoming HUB certified or the State HUB website <https://www.comptroller.texas.gov/purchasing/vendor/hub/certification-process.php>.

Complete the following sections of the HSP forms in the Exhibit H document:

1. Letter of Transmittal for CSP – pg. 5
2. Section 1 – Respondent and project Information. VID # refers to Tax ID number.
3. Section 2A – Yes, I will be subcontracting portions of the contract
4. Section 2B – List all the portions of work you will subcontract, and indicate the dollar amount of the contract you expect to award to HUB vendors and Non HUB vendors
5. Section 2C – No
6. Section 2D – No
7. Section 4 – Affirmation
8. Good Faith Effort (Attachment B) – Complete this attachment for each subcontracting opportunity – complete justification if selection is a non-HUB
9. Provide copies of backup documentation of good faith effort

Changes to the Plan

Once the HUB Plan has been submitted any changes to the HSP must be approved in writing by UT System OFPC Project Manager and HUB Coordinator **prior** contracting with the new subcontractor. Once the contract has been awarded the HSP is considered part of the contract. Violations to the HSP may be deemed as a breach of contract by UT System.

Reporting – After Award

All subcontracting will be reported to The University of Texas Contract Management System (UTCMS). A copy of reported expenditures will be attached to the State of Texas Prime Contractor Progress Assessment Report (PAR) and submitted with each request for payment. Identify all HUB and non-HUB 1st, 2nd, and 3rd tier subcontractor payments. **It is a condition of payment to report HUB subcontracting expenditures.** The UTCMS is located at: <https://utsystem.diversitycompliance.com/?TN=utsystem>

RE: Historically Underutilized Business Plan for (Project Title): _____

Project Number: _____ - _____

Dear

I am pleased to forward this HUB Subcontracting Plan as an integral part of our response in connection with your invitation for Request for Proposals referencing the above project.

I have read and understand The University of Texas System Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Procurement Goal according to 34 Texas Administrative Code Section 20.284, and the goal as stated in the Agency Special Instructions section of the HUB Subcontracting Plan, page 6.

Subcontractors	No. of Subcontractors	Total Subcontract \$ Value	Total Estimated Subcontracting	% Minority Owned	% Woman Owned	% Service Disabled Veteran
HUB			%	%	%	%
NON-HUB			%			
TOTAL			%			

I understand the above HUB percentages must represent Texas Comptroller HUB certification standards. For each of the listed HUB firms, I have attached a Texas Comptroller HUB Certification document.

During the course of this contract should we discover additional subcontractors claiming Historically Underutilized Business status or if for some reason a HUB is unable to fulfill its contractual obligation with us, we will notify you immediately in order to take the appropriate steps to amend this HUB subcontracting Plan.

Sincerely,

 (signature)

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

In accordance with 34 TAC §20.13(d)(1)(D)(iii), the goals below are the applicable goals for **The University of Texas System Administration only** effective January 1, 2018.

Building Construction – 21.1% See pages 3-4 for HSP completion instructions

- Respondents shall submit a completed HUB Subcontracting Plan (HSP) to be considered responsive. Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest to be considered Non-responsive.
- Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment as a condition of payment. A copy of the UT System Contract Management System (UTCMS) Compliance Report shall be attached to the State of Texas HUB PAR and shall be submitted with each request for payment as a condition of payment.
- Please note that phone logs are no longer acceptable documentation of Good Faith Effort. Only fax, email and certified letter are acceptable.

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity it (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code, §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.
